Table : 1	Classification of Quaternary and Tertiary sequence of Saurashtra [after Fedden, 1884]	10
Table : 2	Classification of Quaternary and Tertiary sequence of Saurashtra [after Sastri and Pant, 1959]	11
Table : 3	Stratigraphic sequence of Saurashtra [after Shrivastava, 1968]	12
Table : 4	Classification of Quaternary and Tertiary rock sequence of Saurashtra [after Mathur and Mehra, 1975]	13
Table : 5	Composite lithostratigraphic section of Quaternary rocks of Hiran River Valley, southern Saurashtra [after Marathe et al 1977]	15
Table : 6	Stratigraphic sequence - Piram Island, sedimentary facies and its depositional environments - Piram Island	32
Table : 7	Phosphate content in different samples	48
Table : 8	Distribution of vertebrate fossils in round pebble conglomerate [information based on Fedden, 1884' and Prasad, 1974]	54
Table : 9	Verbal Interpretation of textural parameters	65
Table : 10	Sediment characteristics of Piram Island	84
Table : 11	Showing weight percentage of light and heavy crops	85
Table : 12	Foraminifera and their morphotype percentage	99
Table : 13	Chronology of geomorphic events and cultural finds [after Baskaran et al, 1986]	145
Table : 14	Sediment characteristics of Diu Island	172
Table : 15	Showing weight percentage of light and heavy crops	183
Table : 16	Distribution of morphotype patterns in Diu sediments	195

Table : 17	Distribution of lithofacies in Bet Shankhodhar with characteristics of their physical and biogenic sedimentary structures	230
Table : 18	Textural characteristics of Bet Shankhodhar sediments	279
Table : 19	Showing weight percentage of light and heavy crops	290
Table : 20	Showing distribution of morphotypes in nearshore zone	298
Table : 21	Distribution of trace fossils in different lithofacies in Bet Shankhodhar	369
Table : 22	Ethologic, Ichnogeneric, Stratinomic, and phylogenetic classification of trace fossil in Bet Shankhodhar	370
Table : 23	Tidal elevation in Gulf of Kutch	375
Table : 24	Bet Shankhodhar Island : Tidal process response model [modified after Klein, G.V. 1971]	377
Table : 25	Comparison of three Island Zones	394
