Acknowledgement

I would like to express sense of gratitude towards Dr. Sanjiv I. Vaid for his constant encouragement and proficient guidance at all stages in carrying out this work. This work would have not been possible without his affection guidance in the research field which helped me in improving my observation on Gemstone enhancement and treatment

I am grateful to Prof. S. S. Merh, the founder Head of the department for creating conducive infrastructural facilities for research. I am also thankful to Prof. M. P. Patel for continuous encouragement. I would also thank to acknowledge Prof. Nikhil Desai, Head of Department of Geology for all the support and facilities made available during course of investigation.

I am deeply indebted to Prof. K. C. Tiwari for his continuous encouragement, help, valuable support for accommodation in hostel and inspiration at all stages of my research work.

I grab here an opportunity to my wife (Mrs. Nilofer Shaikh) who not only have helped and motivated for this work but also throughout my studied from kind garden level.

I express my gratitude to all those who are involved to help me direct or indirect In the successful completion of my work. I am also thankful to Star Gem Company Mumbai for providing me gemstone facilities during my research work as well as thank to IDI, Surat for providing help in Raman Spectroscopy.

I would like thanks my class mate Dr Naresh Mulchandani for his constant encouragement and help at all stages in of my work.

(Shaikh Mohammed Yusuf)
