CONTENTS

	Page No.
CHAPTER-1 INTRODUCTION	1 - 6
CHAPTER 2 HISTORY OF GEMSTONE ENHANCEMENT	7 - 15
CHAPTER - 3 COLOUR IN GEMSTONE	16 - 36
THE CRYSTAL FIELD THEORY	16
• Absorption in ruby	17
• Transition ion impurities	18
THE MOLECULAR ORBITAL THEORY	20
Charge Transfer	21
• Interaction between ion of a deffrent metallic elements:	22
Colour center	23
• Electron color centers	23
• Hole color centers	24
THE BAND THEORY	25
1. Intrinsic semiconductors	26
2. 2. Extrinsic semiconductors	26
a). N- Type semiconductor	27
b) P- Type semiconductor	27
THE PHYSICAL PROPERTIES THEORY	27
Major Optical Phenomena in Gemstones	27
• Iridescence	28
• Labradorescence	30
• Play of color	31
• Adularescence	32
• Chatoyancy	34

- The cat's eye effect 34
- Asterism 35
- Color change 36

CHAPTER 4 **HEAT TREATMENT OF GEMSTONES** 37 - 57

HEAT – TREATMENT CONDITIONS 38

EFFECTS OF HEAT TREATMENT ON CLARITY AND COLOR 38

Clarity enhancement 38

Colour Enhancement 39

- Corundum 39
- Development of blue colour in corundum / Blue sapphire 40
- List of all Possible changes in corundum by heat treatment 41

IDENTIFICATION OF HEATED GEMSTONE UNDER MICROSCOPE 42

UV Fluorescence Features 46

- Features in UV-Visible range spectral analysis 47
- Features in Raman spectroscopic analysis 47

Removal of Silk / Clarity enhancement in corundum 48

DIFFUSION METHOD 49

HEAT TREATMENT IN BERYL, CHALCEDONY, QUARTZ, TOPAZ, DIAMOND & TOURMALINE 53

CHAPTER 5 IRRADIATION COLOR ENHANCEMENTS 58 - 69

RADIUM – TREATED DIAMONDS 63

ELECTRON BEAM ENHANCEMENT OF COLORLESS TOPAZ 65

COLORS OF RADIATION TREATED TOPAZ 65

Coloring factors in Topaz 66
TYPE OF IRRADIATION METHODS 67
Radioactivity in topaz 68
IDENTIFICATION OF IRRADIATED GEMSTONE 69

CHAPTER 6 COATINGS ON GEMSTONES 70 - 80

COLORED COATINGS AND IMPREGNATIONS 70

HIGH-TEMPERATURE, HIGH-PRESSURE TREATMENT 74

Identification of CVD diamonds 76
Inclusion in CVD Diamond 78
Colour Zoning 79
UV Fluorescence 79

CHAPTER 7 CLARITY ENHANCEMENTS 81 - 89

LASER DRILLING 81

FRACTURE FILLING 83

- Emerald 84
- Diamonds 85
- Lead Glass Filled / Repaired Rubies 85
- Identification of glass filled ruby 87

DYEING 88

- Quartz 89
- Chalcedony 89

CHAPTER 8 CONCLUSION 90 - 91

REFERENCES
