Shrimant Maharaja Sayajirao Gaekwad III

The purpose of all education is to fit men to play their parts on the stage of the world with efficiency; and indeed if they have no parts to play, the efficiency with which their education has endowed them is likely to become atrophied. But in days of change, of social and political enfranchisement, we especially need in our universities to study to build up in our young men a character which will enable them to cultivate restraint in word and deed. For there can be no rights, no privileges, no genuine freedom, without corresponding duties, obligations and self-restraint.

H. H. Sir Pratapsinhrao Gaekwad (29th June 1908 – 19th July 1968)

His Highness Pratapsinhrao Gaekwad was an able administrator, who was properly trained in administration by His Highness Sir Sayajirao Gaekwad-III himself. He was consecrated on 7th February 1939. During his period, the New Constitution was approved in 1940. It was viewed for the welfare of both kingdom and subjects. In 1940, the Shantadevi Trust & the Padmavati Trust for welfare of T.B. Patients were approved. The Maharaja Sayajirao University of Baroda was established in 1949. He said at that time "experts are to be trained from our own people." He also signed the proposal of dissolution of private states.

From the Vice-Chancellor's desk...

Each year, preparation and presentation of the Annual Report of the Maharaja Sayajirao University of Baroda is the resultant outcome of critical review and reflections on academic, research, extension, curricular, co-curricular as well as social outreach, and various other activities of the university. It gives me great pleasure to present before the Senate the 66th Annual Report of the Maharaja Sayajirao University of Baroda, for the year 2014-2015 which has been prepared under thoroughly revamped format with multiple innovative features. It highlights the important developments & significant achievements of the 14 Faculties along with 03 Constituent Colleges, 07 Centres, 02 Institutes, 09 Constituent Libraries, 16 Hostels, Health Centre, Sports Pavilion, 05 Multipurpose Auditoria, Sadhana Printing Press and Stationery Unit, Green Guest

House of the University and various other academic and administrative units, spread across the 07 Campuses of our university. The university has inherited many majestic, spacious heritage buildings from the erstwhile Baroda College. To this, many new buildings, with most modern amenities have been added to better meet the requirements of the ever-increasing number of students coupled with launch of new and diverse academic programmes. The achievements of the University in teaching & learning, research, sports, cultural and other co-curricular activities have been commendable, and all the fraternity of the university has shown extension acceleration of efforts towards the infrastructure, curriculum development, research and other extension activities in order to keep pace with the global changes and developments. We have put efforts to continually advance and enhance the infrastructural facilities, laboratory facilities and other academic resources of our university.

The annual report documents statistical information regarding various academic programmes being offered by the university; Students' strength; outcome of research activities; scholarship sanctioned; fellowship awarded; projects implemented and it also portray an annual status report of the university.

During the year 2014-2015, thrust was given to the automation, digitization and use of ICT for imparting education and strengthening e-Governance and academic administration of the university. Our university is now fully automated in terms of students' life cycle right from application for admission to the award of graduate as well as post-graduate degree or diploma certificates. Also, the university administration has been substantially automated with implementation of fully online work flow management system for improving transparency and digitization resultant into quick decision with effective and efficient database management. Computerized processing and electronic tracking of office and work files has become a reality. Our library system too has procured several important e-resources and e-data bases to help the researchers and teachers of the university.

Knowledge liberates the mind and only a society that is able to devise mediums, methods and strategies to propagate knowledge and educate its every single member can hope to provide its present and future generations an environment of growth, dignity, respect and constructive development. Sustainable development and inclusiveness are our main mottos.

We have been continually updating our courses and syllabi, keeping in view the changing needs of different professions, industries and society. The academic structure of our academic programmes and courses offered therein is truly student-centric, flexible, open and is the ones that provides realistic opportunity to the students to choose academic courses from diverse disciplines offered as foundation courses as well as elective, core elective,

open elective and interdisciplinary courses that are entirely offered under the semester system and largely under Choice Based Credit System [CBCS] in some of the faculties for raising skill development opportunities of students of our university. Our career counseling training and placement team through various development programs have enabled our students to develop his or her all-round personality. We have put efforts to build up a positive learning environment in the university with provision of basic amenities and diverse infrastructural facilities for our students, teaching and non-teaching staff members and also for various other key stakeholders. Our Faculty members are continuously engaged with research and co-curricular activities to lead us on the path of innovations.

To illustrate, Faculty of Science, Faculty of Technology & Engineering, Faculty of Social Work, Faculty of Management Studies, Faculty of Performing Arts, Faculty of Fine Arts as well as Faculty of Family and Community Sciences are those ones who have performed exceedingly well in academic, research, placement and other academic activities. This year the amount of Rs 308 Lacs, is sanctioned under the Departmental Research Grants under UGC's Special Assistance Programme in order to promote the young research scholars and teachers to bring out the better quality research. The University has also strengthened linkages with industries, Government departments, funding agencies, organizations and institutions. Office of Alumni Affairs has put conscientious efforts to create and build strong linkages with alumni to mobilize resources and improve infrastructural and academic support to our students and also for improving their placement activities.

We continue to seek ways to add vitality to the students' experience and fulfil our ambition to enhance the vibrancy of our campuses through consolidating infrastructure, integrating learning and research facilities for our students, teaching as well as administrative staff.

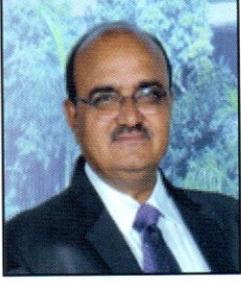

I would like to express special thanks to our beloved Hon'ble Chancellor, Mrs. Shubhangini Devi Gaekwad, for her continual guidance to us. We also appreciate support and efforts of the Senate and Syndicate Members, Deans, Principals, Heads of Institutions, Directors of various Units and Cells, Heads of Departments, Faculty Members, University Officials, Ministerial Staff, Alumni, and above all our beloved students and research scholars towards achieving the set goals. I also thank the Convener and members of the Annual Report Committee for their constant efforts to improve the quality and contents of the annual report.

Annual Report is the outcome of the collective efforts of the faculty members and administrative staff of the entire university. This Annual Report has given us an opportunity to know our strength and limitations so that we could further strengthen our quest for Quality. It is indeed a matter of privilege for the entire fraternity of the Maharaja Sayajirao University of Baroda to put forth their efforts & achievements in comprehensive Annual Report. The University recognises that its achievements are entirely due to the passion and commitment of our staff, the calibre of our students and alumni, and the support of our friends and benefactors. We will continue to engage with our communities to build on our record of achievement as we strengthen our international and national standing and reputation for excellence.

Professor PARIMAL VYAS
Vice-Chancellor

From the Convener's desk...

It is my privilege to share some thoughts as the Convener of the 66th Annual Report. For me there is no greater joy than being among the learned. I am reminded of a Sanskrit shloka that glorifies the educated person:

स्वगृहे पूज्यते ज्येष्ठ, स्वग्रामे पूज्यते प्रभुः।
स्वदेशे पूज्यते राजा, विद्वान् सर्वत्र पूज्यते ॥

(The eldest is respected in his house, the headman in his village.
A king is respected in his country, but the learned everywhere.)

While preparing for the Annual Report, this year, I thought it worthwhile to ponder over what the purpose for all this hard work has been, and how can we use it to make a difference to the society. It is said that progress is based on dreams and requires change. With this constant thought in mind, we have put in our best efforts in bringing out this 66th Annual Report. This year, the Annual Report highlights some of the prominent research and academic achievements, along with the other major administrative and educational activities carried out during the year 2014-2015. It provides an opportunity to reflect on the significance of academic researches, educational achievements and effective governance gained by The Maharaja Sayajirao University of Baroda and the contribution that The Maharaja Sayajirao University of Baroda makes in assisting the city's transformation into a knowledge-base. The Maharaja Sayajirao University of Baroda has always taken initiatives in the field of teaching and research, and has been in the limelight in areas of extension and co-curricular activities. The significant academic growth of our University is an indicator of the inherent effectiveness of this great institution and of the excellence of the human resources.

Confidence is extremely important for progress. Openness is a sign of such self-confidence. The ability to accept, evaluate, adapt and adopt new ideas is very essential (Murthy). Keeping this in mind, our University has put all efforts to generate ideas among students and teachers during the year. The University has received considerable grants during the year from various agencies for development and research activities. To enhance the teachers' and researchers' potential, various faculties and institutions have organized and conducted various regional, national and international seminars and conferences during the year. A good number of research projects have been approved with generous grants in each case. Many teachers from various faculties have been granted financial assistance for participation in conferences and seminars, abroad. During the year 2014-15, many of our faculties and institutions have done a remarkable job. For the first time this year, under the able leadership of Prof. (Dr.) Parimal Vyas, Honourable Vice-Chancellor of our University, we have made an effort in including the details about the decisions of Board of Studies and Faculty Boards. We have also made very important progress in the area of Alumni Cell with special emphasis on Alumni activities and their online registrations. The opinions, suggestions and feedback from Alumni, Parents and Students, the awards and felicitation of individual teachers, the PhD information and unique features of every academic institution have also been incorporated in the Annual Report as special phenomena. We have been able to include one of the most important faculties, Faculty of Medicine, in our annual report. This year we have also added all Temporary Teaching staff and their research and extension activities in our report, which will be very useful to all of us. We also, continuously, keep on organizing intramural and extramural activities through various faculties and departments. National Service Scheme (NSS), various academic cells and institutions have incessantly worked for the benefit and overall development of the students of our University, throughout the year.

The vision and mission of Global Engagement of the University has enabled us to create international visibility. The University has signed several new Memorandums of Understanding (MOUs) with foreign universities. This has facilitated the students participation in the exchange programmes planned with foreign universities.

The students of the University showed their inclination of research and innovation, which is very well evident from 134 doctoral degrees awarded during the year 2014-15. A total of 258 Gold medals were awarded to meritorious students this year. To promote health and fitness and to encourage sports activities, the university always encourages and supports students' participation. Students of various faculties have participated in state and national level tournaments in various sports disciplines, individually and in teams.

The Hansa Mehta Library of The Maharaja Sayajirao University of Baroda has added 6,168 books making the total collection of books to 8,41,892 during the year 2014-15.

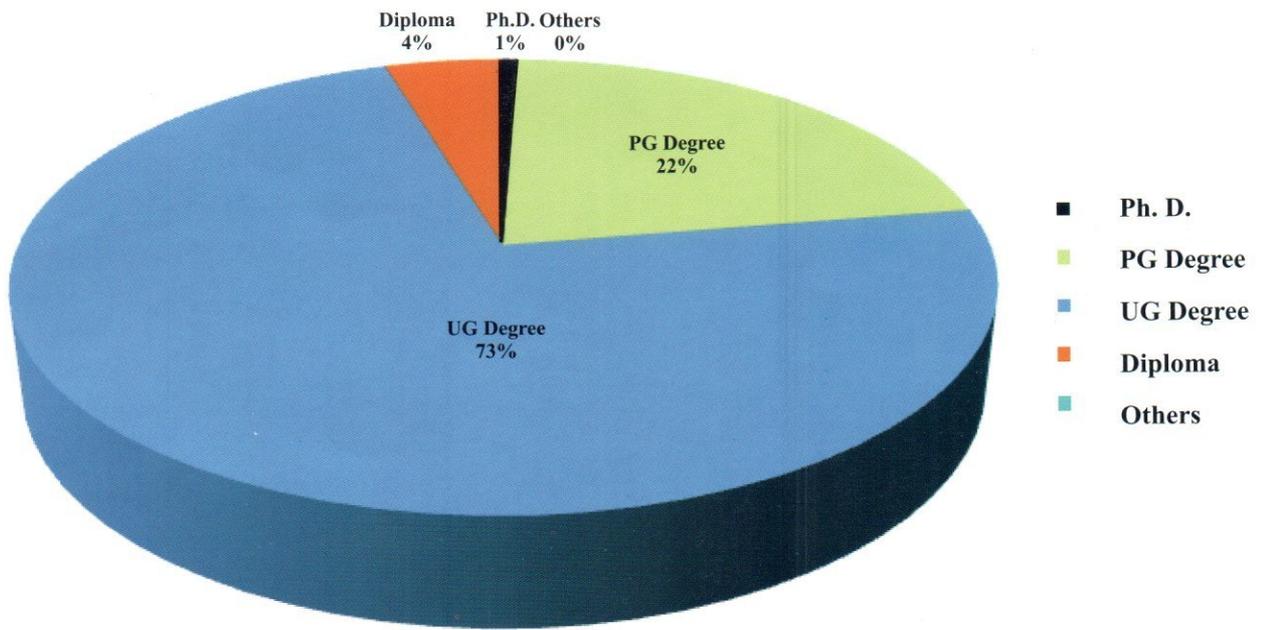

The University has introduced several progressive steps towards digitization of administrative processes and other technological advancements. We have efficiently managed students' cycle from admission to obtaining mark sheets in courses where they have sought admission.

I wish that The Maharaja Sayajirao University of Baroda reaches the pinnacle of excellence and proves to be an ideal University to other universities not only in the state or the country but on the global front as well.

17. Baroda Sanskrit Mahavidyalaya

1 INTRODUCTION

Baroda Sanskrit Mahavidyalaya is an internationally reputed institution of the traditional Sanskrit studies and is the constituent body of the M.S. University of Baroda and fully recognized in the entire Gujarat State which offers all the Under-Graduate, Graduate and Post- Graduate as well as Doctoral Degree Courses in numerous ancient Indian Shastras through the medium of Sanskrit at the University level. The B.S.M. in its long, glorious tradition has been highly acclaimed for producing generations of nationally renowned scholars in various profound Sanskrit disciplines.

Baroda Sanskrit Mahavidyalaya formerly known as the Rajkiya Sanskrit Mahavidyalaya during the time of the erstwhile Baroda State has completed 100 years. The main objective of the institute is to train the students with a view to enabling them to accept various professions related to oriental studies and render valuable services to the community.

18. M.K. Amin Arts & Science College and College of Commerce, Padra

1 INTRODUCTION

The M.K. Amin Arts & Science College and College of Commerce, Padra was established in July 1965. Shri M. K. Amin, a famous industrialist of Sejakuva, Padra Taluka has donated the building as well as a huge campus of the college to the M. S. University of Baroda for imparting higher education to the rural population of Padra taluka and Vadodara district. Moreover students pursuing professional courses like CA, CS, CPT, etc are also admitted to B.Com degree course of this college.

This college is continuously putting efforts to produce illustrious leaders, academicians, heads of institutions, entrepreneurs. In B.Com Degree programme various core and interdisciplinary subjects are being incorporated. Since, 2012-13 CBCS (Choice Based Credit System) was introduced and progressively and successfully implemented in the B.Com degree programme. These B.Com students are offered with Accounting & Financial Management, Human Resource Management, Marketing Management, Banking and Business Finance, Business Economics, Co-operation & Rural Studies as Core Elective & Interdisciplinary subjects.

The College provides opportunities to the students in terms of organizing competitions (like quiz, drawing), seminars, workshops, field trips, projects, assignments & tutorials. The teaching staff utilizes the facilities for doctoral and post-doctoral studies, UG sponsored projects, seminars & exhibitions and students events. Under IQAC of the University students participate in various curricular and co-curricular activities. Department of Physical Education provides excellent sports guideline and facilities. Students also get opportunity to join any one of the three wings of NCC, namely Army Wing, Air Force Wing and Navel Wing.

Polytechnic

19. Polytechnic

1 INTRODUCTION

Polytechnic is the constituent college of The Maharaja Sayajirao University of Baroda, emerged from erstwhile Kalabhavan which rendered services in technical education in the country for a period close to a century. The status of this Polytechnic is unique in the country, being the only Polytechnic attached to a University. The objective being to provide leadership in technical education with changing times. A strategy of our University has always been to rise to cater the changing aspirations of the society. In view of tremendous industrial growth in and around Baroda, it is essential to modernize and diversify the various programmes to train manpower in the relevant technical fields. The need of the present time is, therefore to restructure the various courses so as to cope with increasing demands of society.

The institution named Polytechnic was established in the year 1957, by the Maharaja Sayajirao University of Baroda, as an expansion of a long standing institute popularly known as Kalabhavan Technical Institute which was started in the year 1890 by his Highness (Late) Maharaja Sir Sayajirao Gaekwad III of Baroda. The foundation stone of the expanded Kalabhavan known as Polytechnic was laid by (Late) Honourable First President of India, Shri Rajendra Prasad in 1957 & college continued to offer conventional courses of three years duration in Civil, Mechanical & Electrical Engineering.

The aims & objectives of this institution was to cater proper technical personnel to developing industries in and around Baroda city. In the year 1969, Model Diploma Courses in Oil & Gas, Plastics & Fertilizer (Petrochemicals) Technology, now of three years duration were started under Indo-USSR agreement which have been a source of 'Model' to many in the country's academic & industrial field. Presently it is three years Diploma in Petrochemical Technology.

Polytechnic at present offers Diploma Courses, in conventional fields like Civil, Mechanical, Electrical, Petrochemicals Technology and Information Technology. In addition to these Diploma courses, Diploma in Computer Engineering, Electronic & Communication Engineering and Diploma in Architectural Assistantship are offered as Self Financed Courses.

As a part of our effort to fulfill social commitment, the Polytechnic, being academically a sister concern of the Faculty of Technology & Engineering. It has been possible to conduct continuing education programmes for employed youths by having part-time Diploma courses in Civil, Mechanical & Electrical Engineering. The academic policies of Polytechnic are jointly decided by the Board of Studies of Faculty of Technology & Engineering of The Maharaja Sayajirao University of Baroda which has superior status in quality & content.

As per government resolution in 2013 the ITI Certificate holders are also admitted, directly to 1st Sem of Second Year diploma with an intake of 114 and 6 TFW.

DEPARTMENT OF APPLIED CHEMISTRY

The Department of Applied Chemistry was established in the year 1956 under the headship of Dr.(Prof.)J.M.Lohar.

This department was started with the view that knowledge of chemistry is necessary for engineers. It was found that engineers without the knowledge of chemistry are not real technologists. So this subject is taught to all branches of diploma engineering. The Department of Applied Chemistry is academically part and parcel of engineering departments.

DEPARTMENT OF APPLIED MATHEMATICS

The Department of Applied Mathematics at Polytechnic, Possesses experienced well qualified faculties who have been striving for imparting knowledge of Applied Mathematics along with the understanding of its application in the respective Diploma branches. Moreover, the departmental library provides the study material useful to students of all branches. Also, all the faculties are uplifting themselves by attending various academic programmes and one of the faculties is pursuing Ph.D. The department had conducted an ISTE sponsored state-level one-day workshop on "Ramanujan Mathematics Awareness Programme" in the year 2013.

DEPARTMENT OF APPLIED MECHANICS

Applied Mechanics Department is involved in teaching at second year and final year of Civil Engg, discipline and teaching at first year level of Civil, Mechanical, Electrical and Petrochemical and IT. discipline.

Applied Mechanics Department has been involved in Commercial Testing of Materials and group consultancy of structural design and drawing.

DEPARTMENT OF APPLIED PHYSICS

The Physics Department's objective in the University's Polytechnic is to get the students acquainted with the fundamentals of Science. Knowledge of Pure Science is a stepping stone to all technical fields. The general goal of the department is to enable students to apply the Principles of Physics in various engineering applications.

Applied Physics laboratory is used by all diploma students in their first year training. Practical training involves measurement and study of physical quantities and properties; this is very important in present day technology which gives enormous importance to exactness and involves interplay between diverse properties of technologically relevant material. Department is equipped with advance instruments like LASER Kit, Photocell, Reflecting Telescope (6 inch). Department has all qualified teachers with their academic qualification of Ph.D. level.

DEPARTMENT OF CIVIL ENGINEERING

The department of Civil Engineering is imparting the latest knowledge to the students in various subjects of Civil Engineering and Architectural Assistantship; and thus maintaining higher standards of education.

The Teaching faculties of the department are well-qualified and well-experienced. The department is equipped with well established classrooms, Drawing halls and laboratories with latest equipment and a separate computer laboratory with interactive White Board and a mounted Overhead LCD Projector. Also to state that one of the laboratories and classrooms is also equipped with the facilities of Mounted Overhead LCD Projector.

The department is also organizing field and construction site visits, field based survey projects, educational tours to places of engineering importance such as Sardar Sarovar Dam, Water and Wastewater Treatment Plants, Places of Archaeological and Architectural importance such as Kirti Mandir, Champaner etc.

DEPARTMENT OF ELECTRICAL ENGINEERING

The department was established in 1957 under the headship of Prof. S.K. Roy. Also part-time diploma course was started so that working people can also upgrade their qualification.

Now, total intake in Diploma Electrical Engineering is of 150 students. Also now course of Diploma in Information Technology was started in the year 2000 with intake of 30. In the Academic Year 2006-2007 new courses of Diploma in Computer Engineering & Diploma in Electronics & Communication are started with an intake of 60 students.

- The Department has received MODROB grant of Rs.11,00,000/- from AICTE, which was utilized in the development of Electronics Laboratory so that the students will get a knowledge of latest trend going on. With the instruments purchased the department can provide facility of calibration of industrial as well as laboratory instruments.
- Servilink Ltd. donated AC drives of around 28,000/- to modernize the laboratory.
- Smt. Jayaben Thakkar (MP) has donated 1,00,000/- for purchasing computers for Information Technology branch.

Aim of our department is to provide facility to the students so that they will get admission for higher studies and get easy and highly paid employment and to aware them with the latest technology.

DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering Department of Polytechnic was established in 1956. The Mechanical Engineering Department is equipped with latest instrument in various laboratories. Department has various models & charts of different subjects in various laboratories for better understanding of the concept of mechanical engineering. The department is also equipped with multi-media projectors. Every year industrial visit are organized by the Teaching faculties of department for better understanding of practical & industrial aspects of theory for the student. Also short term courses are organized for the up gradation of knowledge of students and faculty.

Keeping in mind the diversities amongst students with respect to their learning abilities and personal attributes faculties in our department employs typical Classroom teaching with interactive and participatory approach. For that they assist their teaching using models, activity, assignment and projector.

DEPARTMENT OF PETROCHEMICAL TECHNOLOGY

- The department of Petrochemical Technology (Chemical Engineering) is a academically part and partial of Chem. Engg. Deptt. at Faculty of Tech. & Engg. of the M.S. University of Baroda was established in the academic year 1969-70 under the Indo-USSR agreement.
- The Laboratories of Petroleum Refining & four chemical engineering laboratories were re-established in the year 1990 after the building collapse due to cyclone in 1984.

- The unique course is offered with an intake capacity of 45 and 2 TFW for the S.S.C. pass students. As per government resolution in 2013 the ITI Certificate holders are also admitted directly to 1st Sem of Second Year diploma with an intake of 9 and 1 TFW.
- The Four Year Diploma PCT course was started in 1973 with oil & gas, Plastic & Fertilizer as a special subject then the course was modified to three year diploma in 1982 as per the national policy. The course has been revised in 1992, 2003 & 2008 & 2015 implemented progressively.
- Each year industrial visits & Expert Lectures are arranged for final year students. Passed students are employed in companies like Linde Engineering, LNG Shell, Essar Oil Ltd., L & T, Reliance, Dupont, Rubamin, Tata Chemicals with starting salary of Rs. 10000 to 30000 per month. Every year 20% of the students passing in Final year join Degree Chemical Engineering Course.

19 **ANY INNOVATIVE PROCESSES ADOPTED BY THE FACULTY/COLLEGE/DEPARTMENT IN TEACHING AND LEARNING**

Department of Applied Mechanics

Teaching supported by power point presentation

Department of Civil Engineering

The teaching staff have adopted Innovative Teaching processes such as presentations, video and animations, internet based assignment, use of Interactive White Board etc. and students presentations based on various subject related topics.

Department of Electrical Engineering

1. Use of Multimedia, Projector
2. Study tour related to subjects
3. Assignments and case studies

Department of English

Department of English inculcates various teaching methods including – Direct method, Oral Presentation, Group Discussions, Pair Work, Assignment etc.

Department of Mechanical Engineering

Mechanical Engineering Departmental syllabus is designed in such a way so as to cater both basic and applied knowledge amongst students of diverse background. Teachers of our department employ experimental methods, classical classroom teaching, LCD, OHP, Charts & smart board with interactive and participatory approach to generate basic and applied knowledge within students

Department of Petrochemical Technology (PCT)

Following teaching and learning methodology were adopted by the department

- 1) Lecture:
 - To present the contents in direct & Logical manner.
 - Share the experience to give inspiration
- 2) Lecture with discussion
 - Intercommunication with students to make session interactive and effective

The Maharaja Sayajirao University of Baroda

- 3) Brainstorming
 - To increase congeniality skill and creativity
 - Allow the students to think about new ideas & creativity
- 4) Group discussion with students
- 5) Visual Teaching methodology
 - By using LCD projector and overhead projector

20A. All India & Central Service Training Centre

All India & Central Training Centre conducts training for aspirant IAS candidates and prepare them for all the three category of Civil Services Examinations (Preliminary Examination, Mains and Final Interview).

The Centre conducts written test as well as interview short listing the aspirant candidates. During year 2014-15, 112 students registered for the entrance test conducted on 31st August, 2014 of which 106 candidates appeared for written examination. Out of which 90 students were interviewed and 60 students were selected for 2014-15 batch.

Training Programme for 2014-15 batches were initiated from September, 2014 AICS Centre organised lectures (88), special lectures on various subjects' experts as well as from persons with wide experience in UPSC/GPSC examinations. Centre organised group discussions on ongoing relevant issues, The Centre evaluates students through internal tests in both General Studies and Optional Subjects.

The five students from AICS TC could pass preliminary exam conducted by UPSC in August, 2014. Five students appeared in Mains examination & one student qualifies Interview.

20B. Centre for Lifelong Learning and Extension

1 INTRODUCTION

Centre for Life Long Learning and Extension (earlier The Centre for Continuing / Adult Education and Community Services) started in the year 1972 with the objective of making the University resources available to the community. The Centre offers its educational resources to adult groups, community agencies and organizations, who are not regularly enrolled as full-time students and whose higher educational needs are not met by educational and other social institutions. The underlying objective of the Centre is to bring the community and the University closer by providing an opportunity to share the benefits and dividends of the University, its talent, research and resources. The Centre is the only educational institution in the city of Baroda to offer a wide range of inter-disciplinary courses. The Centre offers 40 short term and 25 long term courses.

20C. Computer Centre

The Computer Center of The M S University of Baroda was established in 1979. In its early days, the computer centre was a data processing centre & major data processing jobs were executed for many corporate firms in the vicinity of Vadodara like Jyoti Ltd., ONGC, Alembic Chemicals, IPCL etc. The Payroll System of the Maharaja Sayajirao University of Baroda was computerized as early as in 1981-82. Subsequently, the Examination Result Processing System was also developed, which is still in use. The Computer Centre has been the hub of the computer related activities of the University since its inception.

Computer center has continued to provide the facility to arrange Global Virtual Classroom with East Carolina University (ECU), North Carolina, U.S.A. . Students of Faculty of Journalism and Mass Communication and of the Faculty of Family and Community Sciences benefited from this project over the years. This project is about communication among students of different countries of the world belonging to different disciplines. The Computer Centre has facilitated the semester-long programs by providing the video conferencing and chatting facilities to the class.

The Computer Centre has been managing and administrating the University Network which includes wired and wireless. In this year we have established the Wi-Fi networks in the following campuses:

- Faculty of Technology
- Faculty of Science
- Faculty of Family and Community Sciences
- University Office
- Halls of Residences

The Surfland Cyber Café facility at the Computer Center has continued to provide various internet and computer related services to the University community. With the University becoming a participant of the National knowledge Network, a bandwidth of 1 GBPS (which includes 150 MBPS of internet bandwidth and the remaining intranet bandwidth among participating institutions) is available for the University networks.

The Maharaja Sayajirao University of Baroda

Surfland Cyber Café under the Computer Center has been a favorite place for University fraternity of all ages for accessing e-resources using internet and intranet. Our University network has access to the electronic journals both from the UGC-InfoNet program and the Indest Consortium of AICTE. Due to the state-of-the-art computer network of the University, these priceless electronics resources including hundreds of Electronics Journals of the highest quality are accessible from every computer connected to our network. The University community has been utilizing the bandwidth provided and the electronic journals accessible to the fullest possible extent. The INFLIBNET as well as 'Indest' organization have been highly appreciative of this effective utilization.

With co-ordination with Exam Section Student life cycle system from Maharashtra knowledge Corporation Limited was implemented in last year. This year we have streamlined that process and system is running very smoothly. Wherein all functions from enrolment of the student to the issue of final degree in annual convocation are computerized has been developed with the help of an outside software agency and is being currently used for Examination processing by all the faculties.

This year we have continued the registration of online admission process for all the programs except those programs for which the admission process has been conducted by central admission committee of Govt. of Gujarat. But this year we have carried out this process by providing one form where as in last year we have provide two forms. That means we have carried out this process in simpler way then the last year. This facility was customized in MKCL portal and it was integrated with University website so that students get the information about the whole admission process from University website.

Computer Center has been maintaining Web Server(www.msubaroda.ac.in) and Email Server (mail.msubaroda.ac.in) those are hosted on the servers of the Computer Center and are being actively used for publishing exam results, merit lists, annual reports, event advertisement etc. This is also being used as the testing platform for various network based applications being developed in-house.

Last year we have signed the MoU to shift our email server on the Gmail. This year we have shifted our email server mail.msubaroda.ac.in to the world known gmail.com. This reduces the breakdown of our email server. We have created the email ids of all staff members of our University as per the information provided by faculties and Institutions. We have circulated the information about email ids along with password to all the concern faculties and institutions. We have created the email id for all the members of board of studies as per requirement of Academic section. Due to that the examination section is able to delivering the appointment letters to examiners, paper-setter and Chairmen

This year we have implemented VoIP solution (IP Telephony) in our campus wide network. With the use of this solution all the faculties, institutions and offices of the university now in a position to make the free calls in the whole university. It uses our existing campus Internet network and provides enhanced voice quality over traditional telephony system.

As a part of office automation, we have initiated to generate a software application for the Pharmaceutical store at our University health centre. The application with the name MSUHealth has been delivered to the Health centre and it is successfully used by the respective staff members. The application provides the following features like: Manage Inventory stock, Receipt of stock, Issue of stock, Vendor details etc. It helps to generate various reports from User perspective as well as from Audit perspective.

The branch office of the Computer Center at the University office has been efficiently handling all the existing systems for administrative work (Payroll System, PF System etc.) and Examinations Result Processing.

The Computer Center looks forward to effective networking and computerization of all the functions of the University in the coming years.

20E. University Health Centre

1 INTRODUCTION

The University Health Centre is a unique service centre of the M. S. University of Baroda providing health care to the M.S. University staff, their dependent family members, as well as the students on outdoor basis for over five decades now. The Centre addresses to the medical as well as mental health needs to its clients. The mental health problems are attended through MARG Counselling centre working since 1989, directly under the auspices of the Health Center. Its counselling and guidance services are open not only to the University staff, their family members and the university students, but also for the general public including the school children and youth of Vadodara. The Health Centre has maintained its tradition of rendering efficient and good quality personal as well as family medical care over the years. Over and above giving outdoor treatment in day-to-day illnesses, the centre also provides facilities for indoor treatment on observation basis, management of injuries, casualties and medical emergencies and immunization services through its competent staff, modern medical equipments and a well-furnished laboratory. The laboratory is equipped with fully automatic biochemical and blood analysis, acquired only recently, for doing all the routine as well as specialized diagnostic and biochemical tests. During the current year, with the financial assistance allotted in the XIth plan, we have been able to acquire new laboratory equipments, as well as undertake the extension and renovation of the existing health centre building. The Centre has now a new extended wing to house the regular medical staff, visiting consultants, the counselling services and a small meeting-cum-conference room. The centre has started a **Physiotherapy** unit under **Dr. Charmi Doshi** in July-2014. 20L Equal Opportunity Cell

1 Introduction

Setting up equal opportunities cell in universities has been declared as one of the items under 100 days agenda of government of India, ministry of HRD. Thus UGC has formulated a scheme of Equal Opportunity Cell during Xith Plan period which aimed at effective implementation of policies and programmes for the disadvantaged group.

Adhoc grant of Rs.1,75,000/-was made available to eligible university/institutions. According to the UGC guidelines the job of EOC is emphasizing the learning of the deprived groups and creating space for them to mainstream themselves by enhancing their employability and success.

Besides encouraging different faculties of M.S University to implement Remedial Coaching Schemes for scheduled castes, scheduled tribes, OBC (non creamy layer) and minorities .The Merged scheme also had provisions for Coaching Scheme for Entry into Public Services, National/ State Eligibility for Lecturership and the likes.

1. To ensure equity and equal opportunity to the community at large in the college and bring about social inclusion.
2. To enhance the diversity among the students, teaching and non teaching staff population and at the same time eliminate the perception of discrimination.
3. To create a socially congenial atmosphere for academic interaction and for the growth of healthy interpersonal relationships among the students coming from various social backgrounds.
4. To make efforts to sensitize the academic community regarding the problems associated with social exclusion as well as aspirations of the marginalized communities.
5. To help individuals or a group of students belonging to the disadvantaged section of the society to contain the problems related to discrimination.
6. To look into the grievances of the weaker section of society and suggest amicable solution to their problems.
7. To disseminate the information related to schemes and programmes for the welfare of the socially weaker section as well as notifications/ memoranda, office orders of the government or other related agencies/ organizations issued from time to time
8. To prepare barrier free formalities/ procedures for admission/ registration of students belonging to the disadvantaged groups of society.
9. To establish co ordination with the government and other agencies/ other organizations to mobilize academic and financial resources to provide assistance students of the disadvantaged groups.
10. To organize periodic meetings to monitor the progress of different schemes.
11. To adopt measures to ensure due share of utilization by SC/ST in admissions, recruitments (teaching and non teaching posts) and to improve their performances.
12. To sensitize the college on the problems of SC/ST and other disadvantaged groups

Activities and Achievements

In the second phase of EOC the **Remedial Coaching** for eligible students needing special/additional coaching was continued. It included

- Orientation programme to freshers regarding EOC,
- Subjects related theory teaching,
- Enhancing language proficiency and personality development,
- Skill building and legal awareness activities.
- Pre-exam preparation sessions were also taken up by the EOC coordinator Dr Leena Mehta.

21E National Service Scheme

In India, the idea of involving Youth in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society.

The students should do "something positive so that the life of the common people might be raised to a higher material and moral level" The post-independence era was marked by an urge for introducing social service for students, both as a measure of educational reform and as a means to improve the quality of educated manpower.

The University Grants Commission headed by Dr. Radhakrishnan recommended introduction of national service in the academic institutions on a voluntary basis with a view to developing healthy contacts between the students and teachers on the one hand and establishing a constructive linkage between the campus and the community on the other hand.

Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969. Aimed at developing student's personality through community service. NSS is a voluntary association of young people in Colleges, Universities and at +2 levels working for a campus-community linkage.

The Maharaja Sayajirao University of Baroda

The cardinal principle of the NSS program is that it is organized by the students themselves, and both students and teachers through their combined participation in community service, get a sense of involvement in the tasks of nation building.

AIMS AND OBJECTIVES OF NSS

- Understand the community in which they work.
- Understand themselves in relation to their community.
- Identify the needs and problems in the community and the Solutions in which they can be involved.
- Develop among themselves a sense of social and civic responsibility.
- Apply their education in finding practical solutions to individual and community problems.
- Develop competencies required for group living and sharing responsibilities.
- Gain skills in mobilising community participation.
- Acquire leadership qualities and democratic attitudes.
- Develop capacity to meet emergencies and natural disasters.

21F. Students' Common Room

There are three Common Rooms for University students. Two rooms are on the campus-one for boy students and the other for girl students. The third room generally known as Non-Resident Students' Centre, is near the Faculty of Technology and Engineering. The Women Students' Common Room and the Non-Resident Students' Centre, were built with financial assistance from the University Grants Commission and the State Government.

A cafeteria is attached to each of the three Common Rooms. There are facilities for indoor games such as carrom, draught, chess, table tennis etc. and for reading news-papers, periodicals and books. A committee, consisting of the members of the teaching staff, looks after the upkeep and arrangement of the rooms. The rooms are also used for meeting of Student's Associations, Socials, Indoor Games and Tournaments.

1 INTRODUCTION

Smt. Hansa Mehta Library- Knowledge Resource Centre is the Central Library governing the entire University Library System. It is the first Wi-Fi compatible Library in the State, catering to the educational/information needs of academic fraternity of The Maharaja Sayajirao University of Baroda, Universities and Institutes of Higher Learning in and around Baroda.

Our University Library being identified as a Document Delivery Centre with 22 Universities from among 300+ Universities in the country to provide Inter Library Loan service (ILL) is ranked 6th in the country. As per the statistics provided by INFLIBNET, on E-Resources usage point of view our library is on Rank No.17. During the year, 801 pages scanned from journals and have been sent through e-mail against 93 requests received from other Universities. Our University has signed MOU with INFLIBNET for the "Shodhganga" project on August 22, 2012. Till date we have uploaded 339 theses on Shodhganga and is on 24th rank.

Library System is successfully running eight libraries on a single server. It is a matter of great pleasure that we have been able to purchase New Server i.e. blade server and transformed the whole Data on newer version of software i.e. SOUL 2.0., which enable us to retrieve the information in a faster way.

Highlights

A five day training programme INFLIBNET's Regional Training Programme in Library Automation (IRTPLA) was organized jointly with INFLIBNET, Gandhinagar from June 17-21, 2014.

User awareness programme on e-resources was organized from September 8-12, 2014 in Senate Hall, University Office. Publishers like Springerlink, Scifinder, Cambridge, Informatics India Ltd, EBSCO, Oxford, SWETS, Total IT Solutions, Proquest, Sage Publications, Elsevier and Balani Infotech had agreed to demonstrate their e-resources and e-products.

Another one day user awareness programme was organized on October 10, 2014 jointly with EBSCO Publishing and Gujarat Science Academy. Topics covered were Anti plagiarism softwares, viz. Turnitin and iThenticate and users were explained how to upload the research paper by using them. EBSCO Discovery services and difference between Discovery service against Federated Search Engines. Academic Performance Index (API) was explained by Prof Arun Pratap, covering issues like Impact factor of journals, how to calculate impact factor, role of ISBN and ISSN, issues to be considered for calculating impact factor which was explained with examples, and how to increase API.

24. Oriental Institute

1. INTRODUCTION

The Oriental Institute is a post-graduate teaching and research Institute right from its very inception. Established in 1927 by Sir Sayajirao Gaekwad, III, it is a constituent body of The M. S. University of Baroda. Enduring a glorious history, the Institute still commands respect among Sanskrit scholars all over the world because of its (a) Collection of invaluable manuscripts in Sanskrit language (now 30,296) (b) Its outstanding publications of Gaekwad Oriental Series (GOS started in 1916 with Rajasekhara's Kavyamimamsa) where 187 books are published so far, Critical Editions and Research Journals - Journal of Oriental Institute (in English) and Svadhyaya (in Gujarati) (c) Its Oriental Library which deposits many rare and extinct elsewhere publications in its collection. Thus the Institute has four departments

MANUSCRIPT SECTION

The heart of the Oriental Institute is manuscript section. Officially started with 13,166 manuscripts in 1927, the section has now 30,296 manuscripts. These manuscripts vary in subjects as well as in scripts which include Persian and Arabic also. The manuscripts are written on Paper (mostly), Palm-leaf (nearly 2000), Birch-bark (few), Sanchipat etc. The scholars from all over the world come here to refer the manuscripts and can get the digitized copy of the required manuscript/s. The national Manuscripts Mission has started a Project of digitizing all the Manuscripts of Oriental Institute this year. In first phase, nearly 26000 manuscripts are digitized.

Digitization Project : This year National Manuscript Mission Delhi had accepted our project of digitizing all 30,296 manuscripts of Oriental Institute. The project was to be followed in multiple phases. Thus started on 11th November 2014, in first phase 26,000 manuscripts were digitized. The second phase yet to start, is very important as all Palm leaf manuscripts have to be digitized which need special care in handling.

Before this project, the Shree Samasta Jain Sangha of Vadodara, has come forward to digitize all Jain manuscripts of Oriental Institute at free of cost. They digitized 6000 Jain manuscripts of Oriental Institute and provided one soft copy of all digitized manuscripts. The project was started in May 2013 and completed in September 2014.

Visitors at Manuscript Section: This year we had 22 visitors who came to see the manuscript tradition kept alive in the section. Many important persons just paid the visit to relive the past. To name a few Mr. Urdhva Raval and Jainam Shah from New York, Dr. Bhaskar P. Joshi -Advisor I. P. University, Delhi, Sunil Sanatan Mohanty of Ahmedabad Mirror, Mr. Jayesh Patel of Dharmaj, Hemant Kumar Gupta -Manager, Central Bank of India, Shri Arvind Sitaraman and wife Somya from Bengaluru. Some groups of students from schools and colleges also paid a visit to the section - 16 students from Sardar Patel University, Vallabh Vidyanagar, 22 students from Tejas Vidyalaya, Vadodara, 25 students from Kelwani Trust Vidyalaya, Akota, 9 students from Dept. of Journalism, The M.S.University of Baroda, 15 Vedapathis from all over India assembled at Chandod visited in a group, 28 students from Shri Haribapa Arts & Commerce College, Jasdai- Rajkot, 4 person from Sabarmati's Gandhi Ashram working on Gandhi Heritage Project visited as a team.

Digitized Copies supplied to : This year digitized copies of 56 Manuscripts were supplied to 19 scholars from different parts of India and abroad.

Extra Activities of Institute : The Institute encouraged other departments and programmes to organized at Oriental Institute. Baroda Sanskrit Mahavidyalaya, The M.S.University, organized their one day national Seminar on Sanskrit Literature of 21st Century on 26.11.14 at Oriental Institute.
