क्रियाशक्त्या विना कापि ज्ञानशक्तिर्न दृश्यते ।
तेनेवं ज्ञानशक्त्यर्थं कृतं वेश्म क्रियामयम् ॥

There is nowhere seen the power of knowledge without having the power of action; therefore, for the attainment of power of knowledge, this action prone 'home' (in form of human body) is fashioned.

(No. 11763, *Mahasubhasitasangraha*, Vol VII, Ludwik Sternbach, VVRI, Hoshiarpur, 1999, pp. 3309-3310)

Shrimant Maharaja Sayajirao Gaekwad III

I do not mean education merely in the sense of book - learning. There are other ways which you well understand and upon which I need not enlarge. Education is one part of the temple of knowledge and it should be available for all without restriction of cast and creed. When this has been done intelligently, we may then be able to ascertain the extent of human progress.

(*Speeches & Addresses of His Highness Sayaji Rao III, Vol IV 1934-1938, Pub. in 1938 from Cambridge, page 773*)

H. H. Sir Pratapsinhrao Gaekwad (29th June 1908 – 19th July 1968)

His Highness Pratapsinhrao Gaekwad was an able administrator, who was properly trained in administration by His Highness Sir Sayajirao Gaekwad - III himself. He was consecrated on 7th February 1939. During his period, the New Constitution was approved in 1940. It was viewed for the welfare of both kingdom and subjects. In 1940, the Shantadevi Trust & the Padmavati Trust for Welfare of T.B. Patients were approved. The M.S. University of Baroda was established in 1949. He said at that time "experts are to be trained from our own people." He also signed the proposal of dissolution of private states.

Preface

The Maharaja Sayajirao University has its legacy as an ancient pioneer in education with a sprawl of 275 acres and 6 campuses. The University in its diversity nurtures an illustrious scholastic background with futuristic curriculum and teachers with an ardent passion for teaching. It is the only university in India that offers programme from kindergarten to PhD on the same campus.

Maharaja Sayajirao Gaekwad III was a great visionary who conceived a vision of college education for the state. The implementation of this dream was fulfilled by his Diwan Sir T. Madhav Rao in 1881 with an initiation of Baroda Arts and Science College. The 'Baroda College' as was popularly known attracted people from all walks of life in and across India, slowly bloomed as The Maharaja Sayajirao University. The great philosopher and Seer Shri Aurobindo was appointed to teach English plus French at Baroda College, who was also the Vice Principal. By 1885 College of Music (Gayan Shala) came into existence followed by Kalabhavan in 1890 which constituted 7 Schools.

Further educational growth was promoted and a frame for University was commissioned by 1909. This paved way to add new branches to the institute and thus in the span of 2 decades carrying the Baroda College to a University status by 1947 by Maharaja Pratasinhrao Gaekwad.

Government of Baroda decided on 21st February 1949 to start a residential University, the bill finally passed on 29th April 1949 and formerly The Maharaja Sayajirao University came into existence on 30th April 1949 with the Maharaja Pratasinhrao as its first Chancellor. He further established a philanthropic trust namely Sir Sayajirao Diamond jubilee and Memorial trust and handed over properties and possession to the trust which has been a part of University Senate composition ever since.

Smt. Hansa Mehta an education leader, visionary and social reformer of great repute was entrusted responsibility as Vice Chancellor to move further. With her audacity and vision she perceived and expanded the university from 1949-1958.

The University further grew from 6 faculties to 9 faculties and 90 departments with its administration and now consists of 15 faculties and 115 departments. It also covers three institutions as constituent college's viz., Polytechnic, Baroda, Sanskrit Mahavidhyalay and MK Amin Arts and Science College and College of Commerce at Padra. We have additional centers and institutes of repute for interdisciplinary research and social extension activities. The outreach includes mass literacy, health environmental education, sanitation, disaster relief measures etc. Women and children welfare, underprivileged sections, are also active components addressed by staff and students equally.

At present the University caters to educational needs of more than 35,000 students from all strata of our society and more than 1000 teachers who are well qualified and pillars of knowledge who carry out extensive R&D functions apart from mentoring the students. There are about 1500 admin staff who serves the University to its best. The Maharaja Sayajirao University has a renowned name in the World scenario with faculties of Fine Arts, Social Work, Performing Arts; Family Community Sciences with its outreach in the field of Education and Extension with large communities. The introduction of CBCS and ICT enabled education, has made interactive and integrative learning to cross over and explore new Arenas with holistic and interdisciplinary approach towards enhancing Education as a process of development.

The central facilities include Hansa Mehta Library with adjacent departmental libraries is a hub of rich learning resources. It is well automated with recent trends and technologies with LAN systems also provide e-learning resources and journals.

The Oriental Institute has a rich collection of more than 30,000 rare and old manuscripts. Department of History, Gujarati, Museology, Sanskrit Mahavidhyalay, Faculty of Fine Arts, Performing arts, Archeology, Geology etc have collection of such manuscripts and other archival materials.

The Halls of Residence houses approximately 4000 students on campus with 12 for Boys and 4 for Girls. There are 500 staff residences, well equipped computer center, health centre, printing press, auditorium, Seminar hall, sports complexes, Pavilion etc adds to the infrastructure. The intra-internet facilities are now advanced with Wi-Fi systems for 24hours access. This enables students and staff to remain connected at a global level, thus enhancing inclusive learning as a process.

From the Vice-chancellor's Desk...

गते शोको न कर्तव्यो

(चाणक्यनीति १३/२)

(One should not regret the past.
One should not worry about the future.
Wise men act by the present time.)

(Chanakyaniti 13/2)

Indeed it is very rightly said that living in the present, without any bondage of the past or worry of the future, yields better results. With this strong belief, we began working afresh on this year's Annual Report.

The preparation and presentation of the Annual Report of The Maharaja Sayajirao University of Baroda is the resultant outcome of critical reviews and reflections on academic, research, extension, curricular, co-curricular as well as social outreach, and various other activities of the university. It gives me great pleasure to present before the Senate the 67th Annual Report of the Maharaja Sayajirao University of Baroda, for the year 2015-2016 which has been prepared under thoroughly revamped format with multiple innovative features. It highlights the important developments & significant achievements of the 14 Faculties along with 03 Constituent Colleges, 07 Centers, 02 Institutes, 14 Constituent Libraries, 16 Hostels, Health Centre, Sports Pavilion, 05 Multipurpose Auditoriums, Sadhana Printing Press and Stationery Unit, Green Guest House of the University and various other academic and administrative units, spread across the 07 Campuses of our university. This year, for the very first time in the history of The Maharaja Sayajirao University of Baroda, entire data for the Annual Report has been collected and compiled online. By making this possible, we have added yet another feather in our cap.

The University has made substantial progress over the past one year. It gives me immense pleasure in sharing with you that The Maharaja Sayajirao University of Baroda was ranked at the 12th Position in The Fifth India Today-Nielsen Best Universities Surveyed, amongst over 170 Universities across India. It is our constant endeavor in terms of improving the quality of education to place the University among first five across country.

The Maharaja Sayajirao University of Baroda is renowned for its academic excellence both at home and abroad. Considering the academic stature of the University, the University Grants Commission allotted a grant of 24 Crores for the XII plan period. In addition, other funding agencies like DST, DBT, AICTE, DAE etc too have continued to provide financial assistance to several Departments of the University for Research Support. Forty-three new Research Projects in Science and Technology as well as in Social Sciences and Humanities amounting to Rs. 7.95 Crores have been funded by various National & International Funding Agencies during the year. The university had also received total grant of Rs. 12 Crores for infrastructure and under Rashtriya Uchchatar Shiksha Abhiyaan (RUSA).

Within a very short span, our university has achieved active academic collaborations and partnerships with some of the reputed top ranked academic institutions and universities around the world. Some of these academic exchange programs are funded by some of the well known and prestigious funding agencies like German Academic Exchange Service, British Council, European Union, Max Planck, and Fulbright to name a few. In a significant move, our university has been accorded the prestigious membership of the United Nations Academic Impact (UNAI).

The University has renovated the Smt. Hansa Mehta Library to Centrally Air Conditioned for students and users in 2015. The University Grants Commission (UGC) has also sanctioned grant of Rs 1 Crores under the Development of Sports Infrastructure and Equipment Scheme to build Gymnasium for promoting sports activities for our students and staff of the university.

I would like to express special thanks to our beloved Hon'ble Chancellor, Mrs. Shubhangini Devi Gaekwad, for her continual guidance to us. We also appreciate support and efforts of the Senate and Syndicate Members, Deans, Principals, Heads of Institutions, Directors of various Units

and Cells, Heads of Departments, Faculty Members, University Officials, Ministerial Staff, Alumni, and above all our beloved students and research scholars towards achieving the set goals. I also thank the Convener and members of the Annual Report Committee for their constant efforts to improve the quality and contents of the annual report.

Whether through providing equality education, research development or by providing the workforce with skilled employees, we play a distinctive role in furthering the state's as well as the nation's social, cultural, business and economic development. We embrace this obligation and are committed to ensure that our activities benefit the communities with which we serve and engage.

Dedicated to promote academic excellence and socially relevant education, the university has made all efforts to meet the national and global standards. The University has been progressively moving towards becoming a Centre of Excellence in the field of higher education thereby proving to be an ideal University to other universities not only in the state or the country but on the global front as well.

From the Convener's Desk...

It is my privilege to share some thoughts as the Convener of the 67th Annual Report. For me there is no greater joy than being among the learned. As the famous Sanskrit shloka teaches:

विध्या ददाति विनयं विनयध्याति पात्रताम ।
पात्रत्वाद्धनमाप्नोति धनाद्धर्म ततः सुखम् ॥

हितोपदेश १/६

(True/Complete Education Gives Humbleness, From Humbleness Comes Worthiness, From Worthiness One Gets Wealth, From Wealth One Does Good Deeds, From That Comes Joy.)

Hitopadesha 1/6

It is the virtue of the learned to remain humble and worthy and it is this humility and worthiness which brings wealth through which one is able to perform good deeds reaping joy.

*Every year, while preparing for the Annual Report we ponder upon all our virtues and good deeds which give us immense joy in knowing what greater heights we have achieved each year. This year, I thought it worthwhile to ponder over what the purpose for all this hard work has been, and how can we use it to make a difference to the society. It is said that progress is based on dreams and requires change. With this constant thought in mind, we have put in our best efforts in bringing out this 67th Annual Report. This year, the Annual Report highlights some of the prominent research and academic achievements, along with the other major administrative and educational activities carried out during the year 2015-2016. It provides an opportunity to reflect on the significance of academic researches, educational achievements and effective governance gained by The Maharaja Sayajirao University of Baroda and the contribution that The Maharaja Sayajirao University of Baroda makes in assisting the city's transformation into a knowledge-base. The Maharaja Sayajirao University of Baroda has always taken initiatives in the field of teaching and research, and has been in the limelight in areas of extension and co-curricular activities. The significant academic growth of our University is one of the indicators of the inherent effectiveness of this great institution and of the excellence of the human resources. At this juncture, I would really like to place on record that it was indeed a mammoth task to collect and compile the details and information of such a glorious and vast Institute. I deeply appreciate the efforts put in by the entire team constituted for preparing the Annual Report 2015-2016 especially **Mrs. Neeta Dhar**, who steered the proceedings and ensured that an accurate and complete report could be prepared. I also wish to express my gratitude to **Prof. Ranjan Sengupta**, Director, Internal Quality Assurance Cell and his entire team for their full-fledged support in compiling the enormous amount of information and greatly assisting in the final preparation of the report. I also would like to thank the entire team of coordinators at faculties, colleges and institutes who were instrumental in gathering data for the annual report. I also would like to thank Head, Computer Centre and University Press for their timely support.*

*Confidence is extremely important for progress. Openness is a sign of such self-confidence. The ability to accept, evaluate, adapt and adopt new ideas is very essential. Keeping this in mind, our University has put all efforts to generate ideas among students and teachers during the year. The University has received considerable grants during the year from various agencies for development and research activities. To enhance the teachers' and researchers' potential, various faculties and institutions have organized and conducted various regional, national and international seminars and conferences during the year. A good number of research projects have been approved with generous grants in each case. Many teachers from various faculties have been granted financial assistance for participation in conferences and seminars, abroad. During the year 2015-16, many of our faculties and institutions have done a remarkable effort and for the first time this year, under the able leadership of **Prof. (Dr.) Parimal Vyas**, Honourable Vice-Chancellor of our University, we have made an effort in collecting entire information for Annual Report online. The details about the decisions of Board of Studies and Faculty Boards, The Opinions, Suggestions and Feedback from Alumni, Parents and Students, the awards and felicitation of individual teachers, the PhD information and unique features of every academic institution have also been incorporated in the Annual Report as special phenomena. We have also made very important progress in the area of Alumni Cell with special emphasis on Alumni activities and their online registrations. We have been able to include one of the most important faculties, i.e. Faculty of Medicine, in our annual report. This year we have also added all Temporary Teaching staff and their research and extension activities in our Annual report, which will be very useful to all of us. Apart from managing students requirements, various Staff Development Programs have also been organized in the year 2015-16 for our Teaching as well as Non-teaching Staff. We also, continuously, keep on organizing intramural and extramural activities through various faculties and departments. National Service Scheme (NSS), National Cadet Corps (NCC), Department of Physical Education, various academic cells and institutions have incessantly worked for the benefit and overall development of the students of our University, throughout the year.*

In terms of infrastructural advances, a New Green Building has been successfully prepared and handed over to Faculty of Social Work under the BSW Program. Moreover, all the Halls of Residence for students and University Guest House have been renovated for facilitating the students and visiting guests. Faculty of Social Work was also awarded Dr B. R. Ambedkar Chair by Dr. B. R. Foundation under the Ministry of Social Justice and Empowerment, Government of India.

The vision and mission of Global Engagement of the University has enabled us to create international visibility. The University has signed several new Memorandums of Understanding (MOUs) with foreign universities. This has facilitated the students participation in the exchange programmes planned with foreign universities. Moreover, and MOU between Faculty of Management Studies, The Maharaja Sayajirao

University of Baroda and National Academy of Indian Railways (NAIR) has been signed for Management training of their staff in presence of Shri Suresh Prabhu, Hon'ble Minister of Railways, Government of India.

The students of the University showed their inclination of research and innovation, which is very well evident from 130 doctoral degrees awarded during the year 2015-16. A total of 259 Gold medals were awarded to meritorious students this year. To promote health and fitness and to encourage sports activities, the university always encourages and supports students' participation. Students of various faculties have participated in state and national level tournaments in various sports disciplines, individually and in teams. Career counselling centres for students have also been developed and all Students' activities have been positively emphasized by all faculties. The Institute of Leadership and Governance has organized various need-based educational programs for the benefit of the students at large.

Meeting with the industrial requirements, the students have also been trained to secure placement with various Government, Private and Multinational Companies. The Maharaja Sayajirao University of Baroda has also strengthened its ties with the various industries in and around the city of Vadodara as well as the state of Gujarat and the nation at large. The University also very actively participated in Vibrant Gujarat Summit and received greater leverage and position as a premiere academic institute.

The Hansa Mehta Library of The Maharaja Sayajirao University of Baroda has added 6883 books making the total collection of books to 8,48,775 during the year 2015-16.

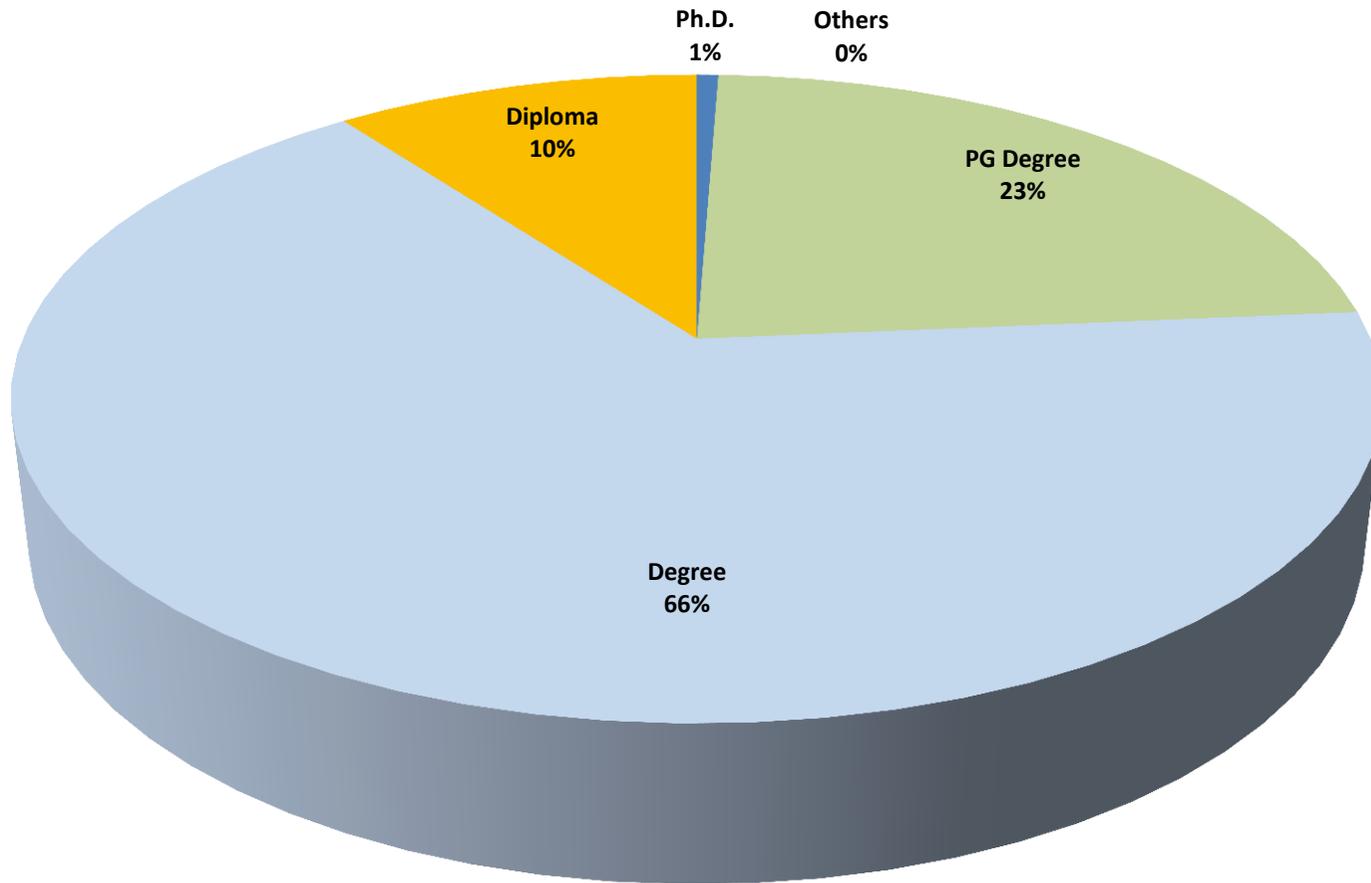

The University has introduced several progressive steps towards digitization of administrative processes and other technological advancements. We have efficiently managed students' cycle from admission to obtaining mark sheets in courses where they have sought admission.

I wish that The Maharaja Sayajirao University of Baroda reaches the pinnacle of excellence and proves to be an ideal University to other universities not only in the state or the country but on the global front as well.

Faculty of Arts

1 INTRODUCTION

A premier institution of teaching and research in languages, social sciences and the humanities, the Faculty of Arts, owes its genesis to The Baroda College, established in 1881 by H. H. Maharaja Sayajirao Gaekwad – III of the erstwhile Baroda State. The Faculty is sanctified by the name of the seer and philosopher, Sri Aurobindo Ghosh, who had been appointed by Sir Sayajirao to teach English and also as the Vice-Principal of the erstwhile Baroda College.

The alumni of the erstwhile Baroda College and the present Faculty of Arts included well-known personalities like Acharya Vinoba Bhave, Shri Rang Avadhoot, Shri Mota, Shri K. M. Munshi, Kakasaheb Kalelkar, Shri Rajendra Shah, Dr. M. N. Srinivas, Dr. B. Subbarao, Dr. I. G. Patel, Dr. V. Y. Kantak, Dr. Suresh Joshi, Dr. Sitanshu Yashashchandra and others.

The founding vision of the Faculty was charted, realized, and furthered by eminent academicians and stalwarts in different disciplines, and it remains committed, through its sustained efforts, to the enhancement of this rich tradition as well as the expectations and demands of the present day changing environment. Among other institutions in the region, the position of the Faculty of Arts is distinguished by the wide variety of disciplines in which it imparts training and knowledge.

The Faculty has always endeavoured to establish a network of intellectuals with a view to contributing to the cause of knowledge and imparting education, responsive to the changes taking place in the field of knowledge and technology, to encourage multi and interdisciplinary research, to introduce and develop courses, bringing them in line with contemporary theoretical developments and also relate them to societal concerns and issues. It also attempts at promoting and developing educational opportunities in tandem with the demands of social justice.

In an endeavour to bringing all its Programmes in line with the proposed uniform pattern all over the state and the country, with effect from the Academic Year (2011-2012), the Faculty of Arts introduced a Choice Based Credit System (CBCS), initiated by the National Knowledge Commission, University Grants Commission and the Association of Indian Universities.

Department of Archaeology and Ancient History

Since its founding in 1953, the Department of Archaeology and Ancient History has contributed extensively towards understanding the culture of Gujarat in particular and India in general. A large number of ancient settlements belonging to different periods of Prehistory and History have been studied by the Department through explorations and excavations. The outstanding achievements of the Department include excavations at Devnimori, Champaner, Zawar, Pazhayannur, Machad, Nageswar, Nagwada, Pavijetpur, Ambakut, Tarsang, Pithad, Bagasara and Shikharapur. During the last two field seasons, the Department excavated Vejalka, a small Chalcolithic settlement on the Lilka river. One of its pride collections includes the sacred relics of Lord Buddha. In recognition of its contribution the UGC sanctioned a UGC-SAP-DRS programme, which has moved to the third phase. The Department has four MoUs with institutions abroad and one with Archaeological Survey of India. Besides these, the staff members of the Department have several national and international collaborations. The department has a museum that is housed in two halls and also a storage space for keeping materials at the basement. It has laboratories for carrying out scientific investigations of archaeological ceramics, terracotta objects, metal objects and faunal remains. It also has laboratories for the conservation of artefacts. All faculty members are associated with field projects. Many of its staff and students do field work both in India and abroad. The Department also has a variety of field equipment and camp facility.

Department of Economics

Established in 1949 the Department of Economics was honored with the establishment of the I.P.C.L. Centre for studies in National and International Industrial Development in 1977 with an endowment fund of Rs.6 lakh. The Dept. was recognized as a Department for Special Assistance by the UGC in 1985 and was granted IVth Phase from 2002-03 to 2006-07. The Planning Commission's Centre for Research in Planning and Development was established in April 1995 with an endowment fund of Rs. 30 lakh. Under UGC Assistance for Strengthening of Infrastructure Humanities and Social Sciences (ASIHSS) Programme, 2005-06 to 2009-10, the Dept. received a fund of Rs. 45 lakhs.

Department of English

The Department of English is as old as the Maharaja Sayajirao University of Baroda (1949) and owes its genesis to

the Baroda College (1881). The Department is at the forefront of innovative and challenging courses in English Studies. An integral part of the Faculty of Arts, it occupies a key place in the undergraduate courses of not only other departments but also other faculties. While this is so, the Department utilizes its autonomy in the framing and teaching of its curricular programs at the undergraduate and post graduate levels as well as research. The Department offers courses at undergraduate and post graduate levels as well as a doctoral program. It has curriculum updated according to the UGC model. The Department also proposes to offer an M.Phil program once it gets requisite approvals.

The Department was awarded the prestigious Special Assistance Program (Departmental Research Scheme – Phase I) of the University Grants Commission for the research project 'Cultural Representations and the Question of Identity in the Western Region, 1960-2000' from 2007-2012. It has now been awarded SAP DRS – Phase II by UGC for the period from 2013-2018. The Department is at present working on 'Representing the Region: Literary Discourses, Social Movements and Cultural Forms in Western India, 1960-2000' under this SAP DRS Phase II.

The Department has a 'Literary Society' and 'Film Club' which actively involve the students. 'The Quill' gives platform to the creativity of the students of the university, reflected in the wallpaper it brings out and the competitions it organizes regularly. It has also been identified as one of the major centers in Western India for conducting Refresher Courses in English and has successfully conducted 3 Refresher Courses since 2002.

The Department organizes Seminars, Conferences, Workshops, and Symposia on a regular basis. It is also associated with inter-disciplinary intellectual activities with various faculties within the university. The teachers are actively involved in research and publication. They participate regularly in seminars, conferences and workshops at both national and the international levels and many of the teaching staff have been recipients of national and international awards.

Department of French

The Dept. of French has achieved much in terms of academic growth and development since its inception in the 1890s when His Highness Sir Sayajirao Gaekwad appointed Shri Aurobindo Ghose to teach French in the erstwhile Baroda College. Despite severe constraints the Department of French has achieved several milestones: started Self-Financed Courses in French in 1996; began French Major Courses and Post-Diploma in French in 2006; journals and books have been acquired under the UGC Plan as well as proposals for additional teaching staff has been put forward; organized cultural, academic events every year and held an UGC sponsored Conference in French Studies in January 2015.

Teaching of French Language, Literature, Linguistics, Translation, Civilisation and Culture are the strong academic points of the Department. Students not only from the city of Vadodara but from all over Gujarat and other parts of India enroll for various French courses. Many students from the Department have been placed as language executives in various companies in India and abroad and there is a constant demand for translators and teachers in institutions and companies. Students have been inducted as French teachers into important schools of the city. Regular seminars and talks are held for students and teachers. Both students and teachers have been recipients of French Government Awards, Scholarships and Exchange Programmes. The Dept. of French has strong ties with the French Embassy and its Cultural Institutions in the region. Constant and regular review of syllabi, methodologies and teaching practices for better and effective teaching and learning of French is done. The Department contributes to Extension work by teaching, designing syllabi and courses for various centers: the Center for Life-long Learning and Extension, the Faculty of Science, BBA, Fof Commerce and the Self-Financing Courses which are run by the Department in addition to French Courses run by various other Faculties and Institutions like the ITI, Tarsali, Gujarat Hotel Management Institute, etc.

Department of German

The Department of German, established in 1962, by the senate of the M.S.U., is a P.G. Department and offers full-time and part-time courses in German for students and general public. It is now established itself as one of the premier institutions of German Studies in India. It is the first university in India to use the concept of "DACHL" and pioneered in spreading it to the other universities. It has separate papers on Austrian, Swiss, Migrants Literature and also Depiction of India in German Literature in the curriculum and promotes European perspective of German Literature. At the Postgraduate Level department also includes papers on linguistics and didactics specializing in Teaching German as a Foreign Language. The teaching faculties of the Department and its students have been selected to visit the German speaking countries under fellowships and students exchange program. The department has been also inviting guest professors and lecturers from Indian Universities and also from the German speaking countries for specialized subjects. The department works closely with the German Universities and has academic partnership with universities and academic and culture institutes from all the three German speaking countries. Ever since its inception the department closely works and assists the German industries and multinational companies in

and around Vadodara through services of language expertise, translation, interpretation etc. Since few years the department has been playing a major role in providing language teachers at the international schools and other schools for teaching German as a foreign language.

Department of Gujarati

Faculty of Commerce

1 INTRODUCTION

The Faculty of Commerce was established in the year 1949 with the student strength of 362. In the year 2015-2016, the total number of students (Under-graduate and Post-graduate) has reached a huge figure of 14,361. The courses being offered by the Faculty of Commerce enjoy tremendous demand. The faculty also offers professional P.G. Diploma Courses in the areas of Business Management and Strategic Human Resource Management, Financial Management and Marketing Management. The restructuring of syllabus in B.Com. Programme has been progressively implemented year after year. The Faculty has also successfully implemented Semester System at UG and PG level and CBCS progressively at UG Level. All the Departments offer specialization in their individual disciplines

At present, the Faculty is spread over four administrative units: Main Building Campus, Higher Payment Unit, Girls' College and Deep Ashwinbhai Patel Centre for Post Graduate Studies, M.S. University of Baroda. The B.B.A. Programme is conducted in a separate building. The Faculty also imparts evening P.G. Diploma Courses. The Department of Accounting and Financial Management – one course, Commerce Including Business Administration, three courses and Banking and Insurance, one course. During the academic year, the faculty invited eminent speakers and scholars to deliver expert lectures and seminars from time to time. The faculty also organized a number of extra-curricular activities with the support of teachers and active participation of students. Several teachers of the Faculty of Commerce were also invited to conduct sessions as 'Resource Persons' in various Orientation and Refresher Courses. Some of the faculties rendered their honorary services as visiting faculties to well known institutions and universities. As a part of continuous improvement in academic achievement, faculties have also encouraged research students for the award of degree of Ph.D. in commerce.

During the year, Faculty of Commerce IQAC carried out several Orientation Programme for the Faculty of members as regards examination system, assessment patterns teaching, learning and evaluation skills. Teachers have been motivated to take up research project and carry out examination activities. For the purpose, teachers of the Faculty have been trained to use Information and Communication Technology.

Career and Cancellation Cell has made extensive efforts to enhance Career Scope of the Students.

Students Associations of different departments have carried out various activities such as plantation, Cleanliness awareness and Campus beautification.

Department of Accounting and Financial Management

The Department of Accounting and Financial Management is the biggest of the Faculty of Commerce, in terms of Size and enrollment, having a team of professionally qualified and young teachers engaged in promoting and imparting education to more than 13,000 students at UG and PG courses. The Department was established since the inception of the Faculty of Commerce and The Maharaja Sayajirao University of Baroda in 1949. It offers knowledge in the varied areas covering financial Accounting, Cost and Management Accounting, Direct and Indirect Taxes, Auditing, Financial Management, Capital Market, Investment Analysis as well as the Regulatory Framework related with the finance discipline at B.Com., M.Com and P.G. Diploma courses, Members of the Department keep participating in various State, National and International Level Seminars and Conferences and contribute by presenting papers in such conferences.

In recent years, the arena of accounting has caught the national importance. India is now converging with international Financial Reporting Standards. In such a scenario, the role of the department of Accounting and Financial Management turns out to be vital and of national importance. The transactions in Capital Markets are increasing by leaps and bounds and the regulatory framework is tightening up. Under these circumstances, the department equips the students with the foundations of the capital markets. Looking to the present needs of e-world, the department had introduced the paper of Basics of IT and e-accounting at UG as well as PG Diploma level.

The Subject of Accounting and financial management is an ever growing and contemporary discipline and in the light of the same, the department regularly revises the syllabi of its courses considering the contemporaneous changes. With the introduction of semester system as well as Choice Based Credit System at the faculty level, the department has taken initiative to update and upgrade the syllabi of various subjects dealing with the world of accounting and finance. Placement drives at UG and PG level is a feature at the department. The department takes measures for and is committed towards academic excellence.

The department also has a vibrant and active Accounting and Finance Students' Association (AFSA-UG and PG) which worked actively during the year. During the year motivational lectures have been organized.

Department of Banking and Insurance

Our Department courses are very popular amongst those who wish to pursue Banking and Insurance as a career and/or as a business opportunity. Department courses help employees in commercial banks, cooperative banks and Insurance companies in their career progression. In particular many Cooperative banks in Vadodara give one increment on passing one year P.G. Diploma course and two increments for passing our two years M.Com Degree course.

Department of Business Economics

The department is one of the oldest such department of its kind in India. It imparts teaching and learning in the of applied economics. It has faculties who are well qualified and educated

Department of Commerce and Business Management

The Department of Commerce & Business Management was established along with the Faculty in 1949. At present, the Department offers specialization at B. COM. and M COM. in the subjects of "Marketing Management" and or "Human Resource Management". We have launched the PG Diploma in Strategic HRM [PGDSHRM], with effect from Academic year 2011-2012. The Department has a very vibrant Management Students' Association [MSA] at PG & UG level respectively. It organizes various Academic, Co-curricular & Extension activities throughout the year. PG MSA had organized various activities such as Celebration of Teachers' Day; Industrial visits; Guest Lectures; Sports Week. It also organizes MAGWEEK as a regular annual event, in which Brain Storming Session; Presentation of Projects; Poster Presentation; General Awareness Test; Case Study Analysis & Group Discussions too are organized to enhance the knowledge of the students. The Department of Commerce & Business Management was provided financial assistance of Rs. 5 lakhs under 12th Five Year Plan that have been fully utilized by us before 31st March, 2013. 09 Research Scholars obtained Ph. D Degree during 2007-2014. Professor (Dr.) Parimal H. Vyas and Dr. Shamal Pradhan received financial Assistance under 'Major Research Project Scheme' from the UGC, New Delhi. Our Faculty Members have presented total number of 17 Conference Papers in National and 16 in International Seminars/Conferences. In all, we have been able to publish total number of 35 Publications in form of Research Papers/Articles in reputed National Journal and Research Papers/Articles in International Journals. The department faculty members have also published 06 Books during 2007 to 2014. Our faculty members are invited as a 'Resource persons' in the Orientation Programmes of the Academic Staff Colleges, and UGC's Refresher Courses. We have also implemented progressively the 'Semester System' at 'UG & PG' with effect from the Academic Year 2011-2012. We have also progressively implemented the 'CBCS System' at UG level [B COM & BBA] with effect from the Academic Year 2012-2013.

Department of Cooperative Management and Rural Studies

Department of Cooperative Management and Rural Studies was established in 1949 and since inception has been playing a vital role in providing education in areas of cooperatives and rural development.

It is the only university department in the state of Gujarat and perhaps one of the very few in the country, imparting education in the area of co-operatives. The department offers Post-Graduate Degree, Diploma Courses and Ph. D. programme.

From "Department of Cooperation" the department was renamed to "Department of Cooperative Management and Rural Studies" in 2009 to enlarge its scope from not only limiting itself to cooperative management but also the overall Rural sector.

5. Faculty of Education and Psychology

1 INTRODUCTION

The genesis of the Faculty can be traced back to 1935 when the then King of Baroda state His Highness Srimant Maharaja Sayajirao Gaekwad started the Secondary Teachers' Training College as a temporary institution to train the graduate and matriculate teachers of secondary schools. It was made a permanent institution in 1938, because of its good work and salutary influence on the secondary school system of the state. During the same year the college was provided with a permanent building and practicing school of its own. The institution was raised to the status of Faculty of Education and Psychology when the Maharaja Sayajirao University got formally established on 29th April, 1949.

The Faculty of Education and Psychology is one of the distinguished institutions and has the only of its kind Department i.e., the Center of Advanced Study in Education (CASE). The faculty has also the Department of Research Support (DRS) in its Dept. of Educational Administration since 1994 and now elevated to the status of Department of Special Assistant (DSA-I) since 2015. It has a total of three departments viz. Department of Education, Department of Educational Administration and Department of Psychology. It offers a number of courses viz. Bachelor of Education, Bachelor of Psychology, Master of Education, Master Degree in Psychology, Master in Educational Management, Post-Graduate Diploma in Educational Management, Post-Graduate diploma in Guidance and Counseling, Post-Graduate Diploma in Clinical and Community Psychology, Post-Graduate Diploma in Human Resource Development, M.Phil.in Education, Doctor of Philosophy (Education), and Doctor of Philosophy (Psychology). The Faculty of Education and Psychology organizes national and international conferences and seminars every year in the emerging areas of education and psychology. It provides facilities for teaching and research in various branches of Education and Psychology.

Department of Education

The Department of Education is well known as a Centre of Advanced Study in Education (CASE) since 1965. It provides academic leadership in the field of Education in the country. The Department of Education also has been raised to the status of IASE by MHRD, New Delhi. The Department has been organizing various need-based training programmes for the teachers of schools and faculty members of DIETs, PTC & B.Ed. Colleges. The Department is vibrant in organizing continuous academic programmes for undergraduate, postgraduate and research students. It also conducts state and national level Workshops/ Seminars and provides academic platform for educationist of India and abroad. The department has been offering academic services to support Gujarat State Government and also MHRD on various developmental projects in Education. The Department is also having a Study Centre of IGNOU and provides Counselling to B.Ed students of Distance Education. It monitors and supervises the National Project Sarva Shiksha Abhiyan in the State of Gujarat. Department of Education is presently focusing on area of Teacher Education, Educational Technology, ICT in Education, Guidance and Counselling, Value Education and Life Skills. Several externally funded research projects are being taken by most of the staff members for conducting research in these areas. Apart from this, the Department is also providing academic support to the local schools by organizing specialized training programmes and workshops for teachers on various aspects of teaching learning process. CASE also orients newly recruited lecturers of the M.S. University of Baroda in the Methodology Teaching and Evaluation. Post Graduate Diploma course in Guidance & Counseling is a self-finance course offered by the Dept. since one and half decade and is running very successfully. An important feature of the Department is the love and infinite care of its teachers and determination of its students. It is said the "Life itself does not give you joy, its up to you to will it, life gives you time and space, its up to you to fill it". It is because of this love, care, grit and determination that the students of this institution have made it to top schools in the city, state and country.

Report on Institute of Advanced Study in Education (IASE)

The Ministry of Human Resource Development for the promotion of research and development in the teacher education institutes provides special assistance and status to those institutes which have been working par excellence in the areas of teacher education and has potential for the same. The Institute of Advanced Studies in Education (IASE) is one such status given to one institute in every nine districts. Since Gujarat has twenty six districts there are two IASEs, one of which is the Department of Education of Faculty of Education and Psychology, the M.S.University of Baroda. Under IASE, we have received a grant of more than rupees seven lakh for research and training for up to the academic year 2011-2012. During this period a total of twelve workshops have been conducted on Research Methodology, Adolescent Education, Life Skills, Language Education, Science Education, Indo-German Reflections on role of Education in Globalised World, Research Writing, Yoga Education and Value Education Innovations in Education.

Research Studies on Life skill education, Special Education, Guidance and Counseling, Science Education, Peace Education, Chemistry Education, Environment Education, Mathematics Education and Language Education have been completed and the reports have also been submitted to GCERT, Gandhingar.

Department of Psychology

The Department of Psychology at the M. S. University of Baroda is one of the oldest and strongest departments in the Western India. The Psychology Department was started in 1952. Prior to this, STT college ran courses in Educational Psychology, Educational and Psychological Measurement, Experimental Psychology and Statistics. The STT college also had a laboratory of Experimental Psychology since 1935. With the establishment of the Maharaja Sayajirao University of Baroda on 29th April 1949, the STT college was incorporated into the University and the Faculty of Education and Psychology was established as one of the faculties of the University. However, in view of the progressive development as well as various specializations in courses and also increasing number of students interested in basic and other applied fields of Psychology, a separate department of Psychology was setup in 1952.

Since its inception, the department has grown tremendously both in the sphere of teaching as well as research. The department undertakes various functions of teaching as well as research and guidance. A separate guidance and counseling center catering to the needs of student community was attached within the department till 1965. Over a period of time the enrolment of students opting psychology has increased manifold, from 8 students in 1952 to 500 approximately in 2016, at undergraduate and post-graduate levels. Besides this, department also helps other disciplines such as Performing Arts, Fine Arts, and Medicine in teaching Psychology and research methodology. The number of students undertaking research at the post-graduate level as well as enrollment for Ph.D. has also increased considerably over a period of time.

Department of Educational Administration

The Department of Educational Administration was started in the M.S.University of Baroda in 1951. Prof. Parulekar an eminent educationist from Bombay University was invited by the Honorable Chancellor (the then King of Baroda) to formulate the details of the courses to be offered by the Dept. for preparing educational managers at primary and secondary school levels. It was further led to a Dept. of distinction under the leadership of Prof. S.N.Mukherjee, founder Head & the then Dean, Faculty of Education and Psychology. The vision of starting the unique Department was to produce qualified and trained educational administrators at all levels of education. The Department has been offering Professional Diploma in Educational Management and Master Degree in Educational Management on regular basis and has been instrumental in improving quality of education by providing trained educational managers. Realizing this, UGC has given Department of Research Support (DRS) Project to the Department since 1994. After completing the first phase of DRS in 2000, second phase of DRS in 2007 and third phase in 2012 successfully, the UGC has given DSA-I to the Department till 2019 with grants to strengthen research and teaching in the area of educational management. During the last two decades, the Department has conducted several national and international level seminars and workshops, short term training programmes for educational managers. Luminaries from national and international levels have been invited to deliver lecture on important topics in educational management. It has been doctoral program in education with the Dept. of Education and has produced many Ph.Ds. in Education. It has collaborated with many universities like University of New England, Australia, University of Minnesota, USA, Assumption University, Thailand, Commonwealth Secretariat, London, Commonwealth Council of Educational Management, Stockholm University, Institute of International Education, Sweden and many Indian universities and strives for excellence in Educational Management.

Vision of the Dept.:

The Vision of the Department of Educational Administration is to contribute towards Excellence in Educational Leadership through Education, Training, Research and Development

Mission of the Dept.:

The mission of the Department is as follows:

1. Strengthening infrastructural facilities in the Department.
2. Conducting rigorous and extensive research in the area of Educational Management at all levels of education.
3. Promoting International Networking for Research and Teaching.
4. Disseminating knowledge by publishing a Journal in Educational Management.
5. Developing a training programme and modules for Administrators in Higher Education.
6. Establishing a centre for Educational Leadership to conduct research and innovation in the area of Educational Leadership and organize regular training programmes for Educational Leaders at all level.

Objectives of the Dept.:

1. To conduct research and innovations in the area of educational management and disseminate the same at national and international levels.
2. To undertake national and international networking programmes for promoting teaching and research.
3. To integrate ICT for the promotion of research and teaching
4. To publish books and journal in the area of educational management.

5. To strengthen the infrastructural facilities in the Dept.

1 INTRODUCTION

His highness late maharaja Sayajirao Gaekwad has developed Vadodara as "Culture city". He founded "Baroda high school" to enhance education in the state. The ironman of India Shri Sardar Vallabhbhai Patel had also studied in this school. Then in 1951 A.D. this school was put under faculty of Education and Psychology, the Maharaja Sayajirao University of Baroda for teaching practice and experiments hence named as the Experimental School. At that time the school was upto the 11 standard. In each class only 35 students were given admission. The ratio of teacher was 2:5 per each class. In 1976 the science stream and commerce stream were started due to the new education policy of the government.

The students of this school have brought glory to this school by achieving the first rank to the tenth rank in Vadodara city as well as in the Board Examination. Today this school is one of the leading schools of the city. The students have also brought glory to the school in various fields like drawing, music, hobbies and sports. This school has given the society leading professional like doctors, lawyers, sportsmen, industrialists, engineers, musician, dancers and successful businessmen who are spreading fragrance of this institute in their fields.

Many leading prominent persons have graced the school with their presence. India's first prime minister Shri. Jawaharlal Nehru, India's president Dr. RadhaKrishnan, Dr.Zakir Hussain, The Governor of Bombay state Shri.Prakash, Mr.Yashwantrao Chauhan, The Education minister of India Shri.Saiyadeen, Expert Educationist of America Mrs. Dr.Rais, the Educationist who came to guide the Education Department of India Shri Gai Focus, the member of akhil hind secondary Education Council Shri Dr.K.L.Shrimali, Shri Dr.Harekrishna Mehta, Shri Dr.Deshmukh, the Agriculture Minister of India Mr.Prabhudasbhai Patel have visited the school.

The first term of the school started on the very date of June 9, 2015

Faculty of Fine Arts

1 INTRODUCTION

The Faculty of Fine Arts enjoys the distinction of being the foremost institution for Art in the academic landscape of India. Founded in June 1950, the faculty has offered full time graduate and post-graduate degree and diploma courses to aspiring artists since its inception. A vibrant, exciting and rigorous academic culture has enabled the institution to contribute significantly to the development of the art in India. Many of the finest painters, sculptors and printmakers of the country are alumni of this faculty and a sizeable number of significant artists have been associated with the faculty as teachers, well-wishers and visitors.

Inception of the Faculty in post independence India gave it a unique edge of being neither British Academic nor a traditional school but a forward looking Institution engaged in nation building with an eclectic attitude of using best of practices from the world over. Over the past six decades that tradition of incorporating the best practices and an equal emphasis on the local as well as the global along with a stress on inculcating a dynamic critical approach has made this place arguably the best institute of higher learning in the field of Visual Art in India.

The programme of study includes UG/Diploma, PG/Post-Diploma Courses and research leading to Ph.D. The college offers courses in: Painting, Sculpture, Graphic Arts, Applied Art, Art History and Museology.

A pleasant well maintained green campus, an active exhibition space, a well-stocked faculty library and smaller libraries in departments, a unique visual archive that is only of kind in south Asia and spacious well-equipped studios make for one of the best environments to nurture young creative minds. The culture of openness and freedom, flexibility of studio timing and access is aimed at giving maximum support to individual creative needs. The teaching involves lectures, demonstrations, workshops, seminars, group and individual critique sessions and feedbacks, assignments, development of visual aids are all aimed at every stage to nurture and develop individual potential of each student in the best possible way. The exhibitions, studio and museum visits, visiting artists/professionals offering talks, workshops, seminars, critiques throughout the year in formal as well as informal set up remain a coveted feature of stimulating students and exposing them to the professional world of art and design.

A rich tapestry of extra-curricular activities encourages the students to go beyond the studio and engage with the local culture and ethos. The Fine Arts Fair, held periodically, encourages and involves students and teachers to experiment and work with materials in innovative interdisciplinary ways to produce works of art, performance pieces, outdoor sculptures and installations along with a range of utilitarian objects such as toys, jewelry, textile, illustrated books, masks, puppets etc. to raise funds for the students' welfare. The students run their own Film Club (the oldest and the only one in the city) screening classics and contemporary art house films from leading directors. Annual study tours and excursions are very much a part of the academic experience of students.

The Faculty of Fine Arts not only enjoys the distinction of holding a prominent place in the art academia of the country but also has a reputation of being an institute of excellence in the world over and attracts students from all over the country as well as international students without any effort to publicize its achievements. Our students remain our best brand ambassadors.

Department of Applied Arts

Applied Art Department is a part of the Faculty of Fine Arts from its inception. This department is known for its contribution to the University and the city of Baroda, for providing design solutions at various levels. We provide Professional courses at graduate and post-graduate levels giving degree and diploma. Our courses have wide professional acceptance. The course teaches fundamental design and its aesthetic applications in visual communicative and advertising media.

Our endeavor is to bridge the gap between the conventional and the modern design practices.

Foundation class provides the basics of design, sensibility by initiating the students and laying a strong foundation. By the final year our students have an ability to present their work and match the currently requirements of the market in various formats.

The department trains its students to become a composite personality before stepping into the professional arena. As our Course encompasses a wide range of job opportunities, courses are improvised periodically to satisfy the demand of the market.

Department of Art History and Aesthetics

The Dept of Art History and Aesthetics has received the honor of being recognized by the UGC, New Delhi, for the Special Assistance Programme in 1987 consecutively for a two terms.

The UGC also recognized the Dept. as a Regional Documentation center to set up the first University level photo archives of Indian Architecture, Paintings and Sculptures along the lines of American Institute of Indian Studies, New

Delhi.

The thrust area of the Dept. for research, study and documentation has been the art and architecture of the Western Indian region, Indian Aesthetics and Modern Indian Art and Criticism.

Department of Graphic Arts

Since its beginning the department has gained a tremendous reputation of being a professional department of higher education & the development has played an important role in the contemporary Graphic Art scene worldwide. This department has one of the largest infrastructures in India and provides all the facilities for exploring the possibilities of graphic art as a creative means of expression. Our alumni are working and freelance print makers, teaching in many art schools and art centers across the country & making significant marks in the field of contemporary Graphic Arts.

Department of Museology

The M.S.University of Baroda, Vadodara was pioneer in instituting museum training at the Post-Graduate level in a university in 1952. Since then the Department of Museology, Faculty of Fine Arts has trained many persons who are working on different museum posts in museums in India and abroad. The training is recognized as a preservice professional qualification for employment in museums by the Government of India and state Governments. The department is conducting three courses: (1) M.A.(Fine) Museology (2) One Year In-service PG Diploma in Museology (3) Ph.D. programme.

The department has its own museum which functions as laboratory for the students of museology. The museum has magnificent collection of Saptamatrikas belongs to 9th cent. A.D.; scroll of coloured drawing showing war between Tipu Sultan and British army; miniature Malwa paintings depicting Ragmals; archaeological objects; arts and crafts; and botanical and zoological specimens.

Many events are scheduled by organizing temporary exhibitions, lectures, demonstration during academic terms. Department has its own reference library and conservation laboratory.

The Department also provides technical assistance to needy museums.

Department of Painting

One of the major departments of the Faculty of Fine Arts. The department of Painting has made a definitive mark in the field of Visual art and remained in the forefront of Art Education scenario in India since its inception in 1950.

The department has been nurtured by eminent Artist-teachers like Prof. N. S. Bendre, Prof. K. G. Subramanyan, Prof. Gulammahammed Sheikh, Prof. Jyoti Bhatt, Nasreen Mohamedi in the past. The present crop of teachers are all practicing artists of repute with considerable teaching experience.

Our strength remains teaching through a distinctive studio practice programme that emphasize researching both old and new media, synergising academic rigour and praxis with creative freedom and constant interaction with the larger professional world of Art.

We prepare students for a changing world that requires combination of creativity, innovation, conceptual and technical skills and a desire to break new grounds.

Department of Sculpture

The Department of Sculpture has played an important and dynamic role in the development of Contemporary Sculpture in the country since 1960s.It is evident from the number of alumni who are working and teaching in most of the art schools in India. The Department has well-lit studio space, foundry and well equipped workshop, basic tools and materials to be able to work with all known methods to contemporary sculptures.

This is evident through numerous Awards, Scholarships and various achievements awarded to the students during the academic year 2015-16.

*Faculty of Family
and
Community Sciences*

7. Faculty of Family and Community Science

1 INTRODUCTION

From humble beginnings in December 1948 the faculty has evolved into a premier institute encompassing dynamic fields of study. The faculty comprises along with a Composite Programmes eight major fields of specialization:

- Clothing and Textiles
- Foods and Nutrition
- Family and Community Resource Management
- Human Development and Family Studies, and
- Extension and Communication.
- Institute of Hotel Management and Catering Technology
- Institute of Fashion Technology
- Women's Studies Research Center

Over the past six decades since its inception (1950-51), the faculty has made conscious efforts toward redefining and broadening its view in response to the rapidly changing national and global scenarios. Grounded in the philosophy of ensuring individual, family and social well-being, the programmes offer a judicious mix basic and applied disciplines. Based on its unique disciplinary perspective, each department trains students to understand the interface between micro and macro level issues in their socio-political and technical environments.

The major objectives of the Faculty of Family and Community Sciences

1. To create a class of professionals in five major fields, which are clothing and textiles, Extension and Communication, Foods and Nutrition, Family and Community Resource Management, and Human Development and Family Studies, suitable for Government, Industries, and voluntary organizations and self employment.
2. To train the students and widen their horizons by exposing them to micro and macro level issues in the changing scenario of the social technical environment.

Benefits and Opportunities

Students are encouraged to develop their faculties through independent learning and research under the constant guidance of able and qualified teachers. At the end of the program students emerge out as well rounded personalities with a clear perspective and abilities to undertake their role as professional and entrepreneurs. In addition graduation in this faculty also opens up new avenues for professional development in various fields such as Social work, Hotel Management, Interior Design, Food Industries, Public Health and Dietetics, Textile and Fashion Industries, Communication, Journalism and Education.

Department of Clothing and Textile

The Department of Clothing and Textiles has an illustrious existence of 60 successful years and has earned research grant under UGS DRS SAP II. Ever since its inception in the year 1957 it has offered to the society an enlightened body of alumni who have been placed at various levels of the Clothing and Textile industry.

- A strong and updated interdisciplinary curriculum trains the students to develop proficiency to be designers, quality controllers, merchandisers, consultants, stylists, entrepreneurs and teachers. A fact that is reiterated with the knowledge that our alumni hold premier positions in many national and international academic institutes. The curriculum at UG and PG levels exposes student to field trials at research, lab, industry and grass root levels. The curriculum design incorporates a 'Hands on' learning approach in real life situations through 'on job training', 'internship' and 'field work' during each semester of the UG and PG programme.
- The department has well equipped Clothing, Textile and Design labs and is also proud of housing a "TEXTILE ART MUSEUM" under its roof. The laboratories are updated with instruments of industry standards as per the requirements of the modified curriculum. The faculty and students have a sound research background with most of the regular staff possessing a Doctorate degree and the Department has a grant of 10 fellowships for research.
- Academically inclined, conceptually strong and enthusiastic faculties of the department mould the students to contribute meaningfully to Academics, Research and Extension.

Department of Extension and Communication

The Department of Extension and communication is preparing students since 1956 in formal teaching at school and college level as well as in communication in rural and urban non formal education programmes. The rapid proliferation and progress of telecommunications and media technologies in recent years and their socio-cultural impact have

brought about profound changes in almost every sphere of human activity, and education is no exception. This led to the changes in the academic structure of the department. As a result, the curriculum in the department has been revised so as to make it more relevant to the today's information society. Now, it focuses on two major components "Extension" and "communication". The department offers courses that include experience and training in the theories and practices of the modern communication process with special reference to Extension.

The courses are offered to initiate the students into conceptualizing and developing various communication methods and materials for formal and non-formal educational set ups. The focus on extension programme planning, implementation and evaluation, make the students eligible for employment in community development programmes with government and non-government organizations. The graduate programmes of the department open up avenues for post graduate studies in the department along with other areas of specialized services in extension or social welfare agencies. The programme will benefit the country specially by providing communication and extension personnel for developmental projects.

The department has five laboratories each for media studies, non-formal education- Pragati, methods of teaching, audio visual projection and rural work. The reading cum documentation center exclusively for students in the department has theses, books, and journals for different courses offered at both the undergraduate and post graduate levels. A total of two scholarship, two gold medals and a prize are instituted for the achievers at the undergraduate and post graduate levels of the department.

Programmes offered:

1. B.Sc (Family & Community Sciences) – Degree Programme in Extension & Communication
2. Post graduate Diploma in Development Management
3. M.Sc (Family & community Sciences) – Degree Programme in Extension & Communication
4. Ph.D Degree Programme in Extension & Communication

Department of Family and Community Resource Management

The Department of Family & Community Resource Management offers educational programmes leading to B.Sc. (F.C.Sc.), M.Sc. (F.C.Sc.), M.Phil. & Ph.D. Degrees. The department has prepared itself to offer various courses under Honours Programme and choice based courses. The Department of F.C.R.M. train it's the students in Hospitality Management and Interior Design at undergraduate and postgraduate level through internship in relevant fields. In the academic year 2015-16 the department has launched its B.Sc. Honours Program in Interior Design. The course provides extensive knowledge in basic and advanced interior design. The pioneer batch has successfully launched its brand "Revelations", under which various products of aesthetic as well as utility value designed by the students were displayed. Apart from curricular activity the faculty members of the department have authored and co-authored papers that were published in the reputed refereed journals and edited volumes. Eighty percent of Faculty participated and presented papers at State/National/International level Seminars/Conferences.

Department of Foods and Nutrition

The Department of Foods and Nutrition is a premier institute in the country with recognition from the Union Ministry of Health and Family Welfare as Institute of Excellence for training programmes in Maternal and Child Health and in the Management of Non communicable Diseases. The department has UGC DSA SAP Program which in its third phase (2015 - 2020).

The department has shown phenomenal growth in terms of academics, research and development. The department offers three specializations at undergraduate level i.e. Dietetics, Public Health Nutrition and Food Science and Quality Control. At Masters level two specializations namely Dietetics and Public Health Nutrition is offered. There are 24 doctoral students in the department. The department has successfully initiated the higher payment programme of the B.Sc. (hons.) in Foods and Nutrition & P G Diploma in Food Service Management.

Staff and students have actively participated in various seminars and symposium and have won several awards. This year 18 awards have been won by the staff and students. 16 papers have been published in various national and international journals. Further 34 abstracts have appeared in various proceedings of the seminar/conferences.

The Department had the opportunity to send 2 students on an exchange program for PG and UG with a fellowship from Erasmus Mundus to Poland.

The staff has also generated funds by getting research funds from institutions like DBT, GUJCOST, UNICEF and GOG. The department collaborated with agencies and organized six seminars & academic activities namely ;

- 1) Whole Grain Oats & Metabolic Syndrome on 2/9/2015.
- 2) Nutrition in Gastric & Critical Care on 3/9/2015.

- 3) Safety of fats & oils in Daily life on 20/1/2016.
- 4) Nutrition awareness Programme on 23/1/2016.
- 5) Workshop on “Communication – Need for Inter Personal Counseling in Public Health Nutrition” on 21/3/16.
- 6) DIACON 2015 on 22-23 November, 2015

Lastly our staff are on various expert panel of Nutrition programmes like MDM, ICDS and collaborate with agencies like UNICEF, MI, NIPPCCD, GOG, Sports Authority of Gujarat etc.. Thus, overall the department had a fruitful year in terms of academics, research and extension activities.

Department of Human Development and Family Studies

Established in 1949, the Department of Human Development and Family Studies is a pioneer institution in the country. It is the first center for Advanced Study (CAS) since 2004, and currently it is in the 3rd phase of CAS from 2016-2021, recognized by the University Grants Commission (UGC), New Delhi. The discipline of ‘Human Development and Family Studies’ is an interdisciplinary social science, that contributes to the well being of individuals and families across the life course, by understanding the intricacies of human behavior and development. The major focus is to generate knowledge and conduct significant research on a range of critical areas affecting individuals and families in today’s society. Through innovative outreach efforts, the department extends knowledge to policymakers, employers and professionals. The department is committed to maintaining high academic standards with a focus on collective ethos and teamwork thereby providing scope for autonomy, innovations, and critical inward reflections.

Institute of Fashion Technology

The Institute of Fashion technology is the first of its kind in Baroda which includes multi disciplines under the same roof mainly to create educational, social and business opportunities for the fashion and technology industries. The Institute was created with the vision that fashion education needs to remain competitive and provide employment in the rapidly changing fashion industry . The various programs offered by the institute will run under the aegis of the premier departments in the field of Family and Community Sciences i.e Clothing and Textiles and Extension Communication.

The Institute is offering Three Degree Programmes in:

1. Textiles and Apparel Design
2. Garment Technology
3. Fashion Communication

It is also offering One year P.G.Diploma in Fashion Retailing and Merchandising

To achieve the goal of transmitting a broader range of competencies, the institute created its innovative curriculum that addresses the needs of fashion industry . The courses develop the creativity in students while also teaching key technical skills needed to succeed in this competitive industry. These programmes encourages and facilitates innovative design and production through creative exploration, applied research and collaborative enterprise. Our courses are developed to reflect current industry practices, extend students’ market knowledge and explore enterprise opportunities. Students will thus be developing a clear understanding of the collaborative and holistic nature of design projects.

The Institute also aims to impart professional education to students who are looking out for new specializations and emerging professions within the fashion field such as Image Consultants, Fashion Stylists, Fashion Photographers, Fashion merchandisers, Exhibition Designers, Fashion Designers.

1 INTRODUCTION

The Women's Studies Research Center (WSRC) at the Maharaja Sayajirao University of Baroda was established in the year 1990 and is the first such center in the Western region of India. WSRC acts as a link between academicians, activists, government functionaries, NGO personnel and media persons to mainstream women's and gender issues in the society. The WSRC is an integral part of the Maharaja Sayajirao University of Baroda.

The primary objective of WSRC is to open up windows to gender equality and equity. In order to develop, promote and disseminate knowledge about women's issues in the society, the Women's Studies Research Center undertakes research and documentation, conducts short term teaching programs and organizes seminars, workshops and conferences.

8. Faculty of Journalism and Communication

1 INTRODUCTION

The Faculty of Journalism and Communication (FJC) was set up in the M.S. University of Baroda vide Syndicate Resolution Number S.R.2 (4) dated 28.08.1993. It initially offered a one year post-graduate Bachelors in Journalism and Communication Programme (BCJ), which five years later, in 1997, replaced by a four-semester Masters in Communication Studies Programme. The nomenclature of this course has been recently changed to Master of Journalism and Mass Communication (MJMC).

Department of Journalism and Communication

The Faculty was established in 1992 and launched a two-year programme Master of Communication Studies in 1997, replacing the then existing one-year post graduate Bachelor's programme. The Faculty offers a two year (four semesters) MJMC programme which familiarises the students with Communication theories, intricacies of media-society relations, and basic cultural and contemporary media issues. The Faculty also strives to provide intensive theoretical instructions and practical training in journalism and allied areas like radio, television, new media, public relations, corporate communication, advertising, etc. With a thorough grounding in theory, research, and intensive practical training in different media, the students have a wide range of avenues open to them when they graduate from the Faculty and become practitioners in the field. From the academic year 2012, the Faculty upgraded and refreshed the syllabus content, and having changed from the marks to grades evaluation, now offers an 84 credits four semester comprehensive, contemporary, and interdisciplinary programme.

The Faculty of Management Studies was established in July, 1984 to make a distinct contribution to management education and research. In the decade that followed (1984-1994), through its two year MBA Program gained a reputation as a premier management education centre. During 2014, the Faculty, with the approval of AICTE, increased the intake from 40 to 80. Faculty also started a Three Year MBA Evening Program in January 1997 which is well received by the business and industry. Faculty has strong relationship with business and industries in and around Baroda for consultancy, training and placement. Besides, the Faculty has a strong placement program and in the year gone by the highest compensation was of the order of Rs. 6.2 lakhs per annum and median package 4.6 lakhs.

*Faculty of
Performing Arts*

1 INTRODUCTION

In 1884, Shrimant Sayajirao Gaekwad III founded a "Sangeet Shala" in Baroda. This became the college of Indian Music, Dance and Dramatics, part of the Faculty of Fine Arts, at the inception of the M.S. University in Baroda in 1949. Since 1986, it has been known as the Faculty of Performing Arts, one of the star institutions in India for in-depth study of the classical performing arts.

The erstwhile Baroda State had done pioneering work in many directions. The educational plan of the state included the study of fine arts and music as far back as 110 years ago. Sayajirao Gaekwad III was all for art education and to him goes the credit for creating the first school of music in India. For the first in this country, the University of Baroda put the seal of recognition on the teaching of fine arts at the University level.

It is a unique faculty of its kind in the entire western region, which imparts training at the university level in performing arts viz. Music, Dance and Drama offering courses up to Ph. D. in these disciplines. Over & above the Indian Students from different regions, it also attracts students from various foreign countries viz; U.K., U.S.A., Bangladesh, Nepal, Mauritius and Japan.

The goal is to train students to develop their creative and intuitive abilities whereby attaining a systemic understanding of the art and science of performing arts and its aesthetic applications.

The academic platform provides local, national & international interaction and development of individual ideas through an open and free exchange within the programme of study. Over last fifty years, a single number of top performers in the field are involved in building up reputation of the faculty as one of the principal centers of contribution to performing arts through education and research in music, dance & drama.

Many younger generations of artists from 80s & 90s are actively involved in the evolving face of contemporary performing arts. A number of alumni are working with developing and reputed institutions all over the country. Since 1961, a substantial number of alumni and students have pursued career in professional fields of music, dance, theatre, film & T.V.

Over and above the academic excellence the faculty has gained a very special reputation for its socio-cultural awareness and the commitment of its staff and student towards the social cause. This small faculty has contributed significantly to such purpose. The city of Baroda considers this faculty as the cultural hub of the city.

The faculty enjoys a status of unique Centre of Performing Arts in the entire western region. Its various activities like performing arts festival have provided to be eventful and fruitful.

Thrust area of Research and contact details of the Institution / Research:

Performing Arts cannot survive in isolation - it has to change with the times as the applications and implications of art keep changing. It is the endeavour of the faculty to form a bridge between the conventional and the most modern. Keeping close to this basic view, the faculty encourages research in various fields of interest and knowledge both at the students and the teachers' level.

Potential students are identified, encouraged and promoted to take up research projects and are supervised by a guiding teacher who has been recognised by the Council for Postgraduate Studies and research after considering his academic merit and performances.

Teachers are also encouraged continuously to participate in seminars, workshops and write research papers which is accommodated in terms of study leave and teaching schedule. The faculty facilitates visiting faculty lectures, workshops, seminars, demonstration and such interactive programme.

Many students and teachers are recipient of State and National Scholarships based on their academic merits, performances and research topics. Seminars, Workshops and projects aided by reputed agencies like State and Central Sangreeta Natak Academies, National School of Drama, West Zone Cultural Centre, The M. S. university etc. have been conducted in the last couple of years.

Brief overview about the Consultancy / Extension / Community Services provided by the Faculty

The Faculty organizes various lecture series inviting professionals and experts in Dance, Music, Drama viz. Extra Mural Lecture Series, Nayana Desai lecture series, Late. Vivek Shinde Memorial Lecture Series etc. The Faculty and its members are also actively involved in providing community services during the time of natural calamities like floods, earthquakes etc as also takes up Lecture demonstration, Workshops, and Judgment assignments in Schools, Colleges, Universities, Social and Cultural Organizations, NGO's, Government Agencies etc. The Faculty encourages and promotes youth festivals all over the State, lending a helping hand in exploring raw talent and latent potential in the young students. The extension and consultancy projects taken up by the faculty are predominating four fold, that is to say, in the fields of Dance, Drama, Vocal and Instrumental Music.

The Faculty encourages in-house programmes and performances through 'Sabha Gayan', 'Sabha Nritya' and 'Satur Theatre' with the aim of cultivating performance skill in the students by exposing them to an invited audience. It is our endeavour to set up a repertory company, so very essential for a Performing Arts Faculty like us.

Department of Dance

Established in July 1950, the Department of Dance became part of the College of Indian Music, Dance and Dramatics, M.S. University of Baroda. The Department uniquely amalgamates the traditional practice of art-dance teaching, i.e. the guru-shishya parampara, with the contemporary practice of art education. The best features of the guru-shishya parampara, and modern educational methods were interwoven to construct a comprehensive and professional course in Dance. It encouraged independent thought, bold experimentation and intense research activity.

The department puts equal emphasis on the theory and practice of dance. Students are groomed to be not only dancers but also accomplished teachers, critics, historians and artistes. Two dance styles Bharatanatyam and Kathak are taught in the department. The base of Bharatanatyam remains the Kalakshetra school as the pioneers, Late Mohan Khokar and Anjali Merh, trained there. Even the Tanjore school had been absorbed too. In Kathak, the training remains Jaipur Gharana as the course was started by Late Pandit Sunderlal Gangani and has been carried on by his family. Along with performances of Kathak and Bharatanatyam, the department also encourages training in and performances of folk and Modern creative dance.

The Department has in its list number of dance dramas like Shri Chandramauliswara Kuravanji, Ramayana, Ritu-Samhara, Bhumija, Shakuntal Chetana, Mukti and many more.

The stalwarts like Great Nattuvanar Guru Shri Kubernath Tanjorkar, Padmabhushan Prof. C.V. Chandrashekhar Guru Shri Sunderlal Gangani were the Strong Pillars of the Department. Guru Shri Kubernath Tanjorkar and Guru Shri Sunderlal Gangani both hailing from families with traditional links with music and dance, contributed greatly in creating a strong base of training in the department. The late Mohan Khokar, the first head of the department, laid a solid foundation for research and theory. Anjali Merh continued his work and took the department to glorious heights. Other teachers who remain unforgettable for their work in the department are Kundanlal Gangani, M.K. Saroja, Nargis Katpitia, Umadevi Dutta, Prafulla Oza, Pradeep Barua, Jyotsana Mehta, Prof. Dr. Parul Shah and N.R. Pillai. The present teaching staff offg HOD Dr. Jagdish Gangani, Shri Harish Gangani, Ms. Juthika Mahen, Smt. Narayani Shah, Dr. Smruti Vaghela, Dr. Ami Pandya, Ms. Preeti Damle and Ms. Jalpa Patel were all trained at the department.

Department of Dramatics

The Department of Dramatics is a foremost constituent of the Faculty of Performing Arts, the Maharaja Sayajirao University of Baroda, established in 1950. It is one of the pioneer theatre departments imparting training at the University level offering UG, PG Degree and Ph.D Programme in Dramatics as also a two year diploma in the subject. It has nurtured a number of aspiring artists wanting to pursue theatre arts as a profession. The potential training is towards creative performing artists, production/technical designers, academicians who are able to respond to changing times of the contemporary society. The course structure is designed to foster creative and intuitive abilities and the student is encouraged to experiment with different theatre techniques in Acting & Productions where by attaining a systematic understanding of the art and science of theatre.

The Department has also acted as a protagonist and catalyst in the societal commitments and development through its varied activities and programmes. The goal is to train students not only in the performing skills but also in their mental and intellectual activities so as to become aware of critical ideas and understand the philosophy of contemporary arts and life. Our endeavour is to form a bridge between the conventional and most modern, keeping close to the basics which evolved over centuries and connecting them to present day modern applications.

Department of Music (Indian Classical/Vocal)

The Vocal music department is the oldest and largest in India.

The department was started as "Gayana Shala" way back in 1886, led by Prof. Mawla Bux under the patronage of Shrimant Maharaja Sayajirao Gaekwad III. This was a historic move in the field of Institutionalized Music education in the history of India. Further it was led by Ut. Murtuza Khan till 1899 and then by a Russian Jew Mr. Fredlis. He was also the manager of the state band. The music school was later on expanded in other parts of the princely Baroda state. Some of the renowned musicians later on joined on the staff of the college were, Ut. Tasadduq Hussain Khan, Aftab e Mousiqui Ut. Faiyaz Hussain Khan 'Rangeele', Ut. Atta Hussain 'Ratanpiya', Ut. Nissar Hussain Khan of Rampur gharana and Gayanacharya Pt. Madhusudan Joshi.

The renowned Musicologist Pt. V. N. Bhatkhande was invited to restructure music education and evolved graded system for the first time.

In 1916, the department hosted historic first Music conference of United India led by Pt. Bhatkhande and patronized by Shrimant Sayajirao Gaekwad III, in which 400 stalwarts attended from all over India and neighboring countries. Ever since the revolution in Music education took place. A set of text books as written and prescribed by Pt. Bhatkhande was introduced under the Principalship of Shri Hirjibhai Doctor since 1928.

The degree course in Music was introduced in the department of music since 1950. Four more disciplines viz. Vocal, Tabla, Sitar, Violin and Dilruba were introduced in the department. The institute was called as "The college of Indian classical music, Dance & Dramatics". The institution was awarded the status of a separate faculty from 26/3/84, and

was named as Faculty of Performing Arts.

Department of Indian Classical Music (Vocal & Tabla) has 10 teaching staff and three accompanists, highest in India. The average strength of students in the department is 500 plus.

The department has enrolment of students across the states of India and abroad.

The department imparts courses in Diploma in Music (Vocal), Bachelor of Performing Arts (Music Vocal), Master of Performing Arts (Music Vocal) and PhD.

Department of Music(Instrument)

The Department of Instrumental Music relates with Historical background of Kalvant Karkhana established by Sir Sayajirao Gaekwad of Baroda, which was an ensemble of renowned artist of different Indian Classical Music. These artist were then shifted as instructor and teacher of Indian Classical Music in Gayan Shala, which was first school of Indian Classical Music. In 1949 The Department established as Department of Instrumental Music in the College of Indian Music, Dance & Drama under Faculty of Fine Arts. Since then the Department of Instrumental Music is a part of the Institute.

This is a prime department in western region of India impacting knowledge in Instrument like Sitar & Violin. The department is having its own system of teaching, i.e. Traditional & Institutional way simultaneously. Eminent teachers are also equally able in academics and traditions of Indian Classical Music. So many academicians & Well-known performing Artists were the student of this well-known department

Faculty of Pharmacy

1 INTRODUCTION

The Senate of The Maharaja Sayajirao University of Baroda approved the establishment of Faculty of Pharmacy, at its meeting held on 11th Sept. 2015 (vide Notification No. ADM/Senate/ 394 dated 3rd Dec. 2015). Prior to this, Pharmacy was a Department under Faculty of Technology and Engineering.

The Faculty is committed to provide a platform for excellence in Academics and Research in the field of Pharmaceutical Sciences.

Department of Pharmacy

The Department of Pharmacy runs B.Pharm and M. Pharm (in six different disciplines) courses. The admission to these courses is through ACPC.

Faculty of Science

1 INTRODUCTION

In 1926, the then Viceroy and Governor General of India, Sir Isaac Rufus laid the foundation stone of Sayajji Jubilee Institute under Baroda collage, which soon became a leading institution of higher education and research in science. With the establishment of the university in 1949, all the science departments of Baroda Collage were reconstituted and the Faculty of Science was established. Since 1949, the Faculty offers programmes leading to B.Sc., M.Sc. and Ph.D. degrees in Botany, Chemistry, Geography, Geology, Mathematics, Physics, Statistics, and Zoology. Thereafter the Faculty added four more departments, viz. Department of Biochemistry (1955), Department of Microbiology (1964), Department of Computer application (2013), and Department of Environment Studies (2014). Faculty is also offering master's degree in Biotechnology, Biostatistics and Petroleum Geology. The Faculty steadily made significant strides in various disciplines of science that attracted students from all over India and other countries and soon it developed into a cosmopolitan Centre of higher education in Science. Recognition came in the form of liberal grants for research from UGC under the special assistance programmes like DRS, DSA and COSIST to many departments and also from DST under FIST programme. ICMR established the population Research Centre in the faculty. Department of Biotechnology selected Microbiology Department to start M.Sc. Biotechnology as one of the first five centres in the country. Recently Faculty became one of the first institutions to have Genome Research Centre in India. Dr. Venkat Ramakrishnan an alumnus of the faculty was awarded Nobel Prize in Chemistry in 2009. The growth of the faculty has thus complemented the pioneering efforts of the great visionary, The Maharaja Sayajirao Gaekwad III, who had taken pains to improve science education and around Baroda.

Department of Biochemistry

Established in 1955, the Biochemistry Department is well known nationally and internationally for its quality postgraduate training, its intellectual rigor and quality research. The department attracts students from the best colleges from all over the country. The students who pass out from department get a very strong base in Biochemistry and all allied subjects. The courses offered by the department are Ph.D., M. Phil, M.Sc. (Biochemistry), Post Graduate Diploma in Applied Biochemistry (PGDAB) and M Sc. (Medical Biotechnology). The training that students get at the department helps them clear CSIR- NET and join premier institutes in India.

Department has completed two phases of level-I DST FIST program (2001-6; 2007-12). In the report year UGC, New Delhi has awarded the SAP-DRS Program (2012-17). In addition, faculty members have received grants from premier funding agencies like DBT, DST, CSIR, UGC, ICMR, GSBTM. Research interest of the faculty members can be broadly classified into areas like Cell and Molecular biology, Endocrinology, & Microbial Physiology. The research focuses on current areas like Genetic Polymorphism and Molecular basis of various diseases, Stem Cell research, Protein Folding, Bio-fuels and Bio-fertilizers, Hybrid Antibiotics, Pro-biotics etc.

Department of Botany

Department of Botany, one of the leading department in Faculty of Science has good potentials in terms Academics and Research. The teaching staff is diligent ,particular Department has BARO-HERBARIUM ARBORETUM, BOTANICAL GARDEN, MUSEUM, CENTRAL RESEARCH FACILITY, COMPUTER ROOM, LIBRARY, LECTURE THEATRE & DEDICATED RESEARCH LABS in terms of conducting theory and practical classes. The staff caters about 700 students in the department including Core II and Foundation courses. The strength of research activities of the department is reflected with project in various subjects. At present department is focusing on biodiversity and Climate Change due to which funds amounting to more than Rs. 3 crores has been received. This has made the department to spearhead towards the Centre of Excellence in Biodiversity. The department also has numbers of projects in the field of Plant Biotechnology with project grant of more than Rs. 1 crore. The department in the year 2015-16 has received research project from various funding agency viz.DST, UGC, ISRO, DRS, DBT, GBB, GSBTM amounting to Rs.6.3 Crore. Recently the department has received a DST – FIST from Government of India and Zero Gravity Project from United Nations Office of Outer Space Affairs (UNOOSA) which will give a baseline for developing Space Biology Laboratory in the department.

Department of Chemistry

Rising from a small Department of the then college to the status of UGC's Centre for Advanced studies in Chemistry shows the progression that the Department has achieved, thanks to the dedicated and pioneering efforts made by the teachers and the successive Heads of the Department. With its roots in the Baroda College, the Department of Chemistry came into existence as a full-fledged Department with the establishment of the University in 1949.

As a legacy from its Baroda college days, the Department has laid equal emphasis on teaching and research. In teaching, the students are ushered into the amazing realm of Chemistry through classroom lectures assisted by models and visual aids and in practical through constant hands-on experience under watchful guidance of teachers in

well equipped laboratories in both B.Sc. and M.Sc. classes. At present the Department offers four specializations in M. Sc. viz. Inorganic Chemistry, Organic Chemistry, Physical & Polymer Chemistry, and Analytical Chemistry. Ph. D. Programmes in diverse areas of chemistry are undertaken by the staff. The department has an excellent placement record. Research collaboration with many foreign universities in the past has also been a notable feature of the Department. Under the Departmental Research Support (DRS) scheme of UGC, research in thrust areas like Catalysis, Polymer Chemistry, Surface Chemistry, Bioorganic and Bioinorganic Chemistry were taken up. After successfully establishing itself as a leading center in these thrust areas, under various phases of DRS and DSA, now the Department is recognized as UGC's Centre for Advanced Studies in Chemistry.

The Department is also covered under the FIST programme (Phase II) of DST under which a grant of Rs.2,35,000.00/- has been allocated including for 400MHzNMR instrument, an essential for a chemistry department for its advancement. Another notable achievement of the Department is that Gujarat Council on science and Technology (GUJCOST) recognized it as Centre of Excellence in Material Science and Nonpolymeric Materials. Though such programmes and also through personal research projects of its staff members, the Department has established a very good instrumentation facility for research. Modernization of laboratories and classrooms has been carried out through financial support from industries and significant infrastructure grant from UGC.

Department of Computer Applications

Addressing the grave need of quality education in computer applications at undergraduate level in the Country in general and Gujarat in particular, Faculty of Science introduced 3 years undergraduate Programme leading to Bachelor of Computer Applications (BCA) degree in the year 2000. In 2010 the programme was restructured according to Choice Based Credit System (CBCS). Faculty of Science introduced M.Sc. In Software Technologies programme, in 2011, that is specially designed for the graduates in computer/IT discipline on a self financed basis.

In order to provide the platform to strengthen the existing academic program and to initiate and promote research activity in the field of Computer Applications, University established Department of Computer Application through a senate resolution in 2013. The aims and objectives of this newly formed department are as given below.

- The Proposed department will offer the two existing programmes specified above under one umbrella.
- The department aims to provide platform to strengthen the existing academic programmes and to start new programmes in the field of computer applications.
- The department also aims to undertake and promote research activities in computer application and related areas.
- The department also supports the education of computer science in the faculty as well as -University.

Department of Environmental Studies

There is increasing awareness and concern of society regarding environmental issues. The Swatchch Bharat Abhiyan and Namo Ganga Project to clean the River Ganges are recent programmes initiated by our beloved Prime Minister Shri Narendra Modi. Natural disasters like earthquake, which occurred in Kutch on 26th January 2001 and the rarest of the rare, a powerful earthquake and a devastative tsunami, led to a serious situation in Fukushima, Japan, on 11th March 2011 causing misery to thousands of people. Environmental planning and management can reduce the damage both to the material and human lives. Every industry today realizes the necessity to control the environmental pollution resulting from industrial processes. The need to generate a trained and knowledgeable work force, which can provide the necessary expertise in environmental issues and who have a basic understanding of the environment in its totality, is being widely felt. Conservation of natural resources like fossil fuels, water, soil and minerals and protecting biodiversity losses are to be better understood and practiced. Protection of forests is to be done on priority basis, which can make this planet a healthier place to live. Environmental Science is an interdisciplinary academic field that integrates physical and biological sciences (including but not limited to ecology, physics, chemistry, biology, soil science, geology, atmospheric science, oceanography and geography) to study the environment and the solution of environmental problems. We welcome change and drive students to expand their thinking and apply the foundations of the subject matter to solve environmental problems.

Courses offered: Master of Science in Environmental Science and Bachelor of Science in Environmental Science.

Department of Geography

The Department offers Bachelor of Arts as well as Bachelor of Science Degrees and M.Sc. and Ph.D. Degrees in Geography. Through the graduation and post-graduation level courses, the students are imparted in-depth knowledge on various branches of physical and human geography and regional and systematic geography. The basic aim of the course design of the Department is to train the students with the finer nuances of every branch of the discipline with the help of the modern methods and tools of teaching. The student is exposed to GIS and Remote Sensing tools and Computer Cartography at an early stage so as to enrich him/her to master the use of the tools at the end. From under graduation 1st Semester onwards, students are exposed to ground realities in both physical and human aspects by conducting intensive field surveys.

The Department offers guidance for doctoral research in Urban Geography, Regional Development Planning, Land Use Studies, Industrial Geography, Social Geography, Geography of Health, Resource Management and Geography of Environment.

The Department was established in 1952 by Prof. V. A. Janaki. Currently the faculty strength is four Professors, two Associate Professors, one Assistant Professor and five Temporary Teaching Assistants

Department of Geology

The Department of Geology was established in the year 1951 initially in the Faculty of Technology and Engineering with limited staff and equipment's for undergraduate teaching. The post graduate teaching was introduced in 1960. The full fledged department in the form of a new and an independent building with the support of the University Grants Commission (UGC) New Delhi came into existence in 1965 under the Faculty of Science. The further extension of this building was during 1987 with the support of UGC. At present there are 11 faculty members working in the department, of which eight are professors; and three are Associate Professors. Since its inception, the department offers courses at under-graduate and post graduate levels. So far 150 students have obtained doctoral degree and at present about 12 students are working for the same. During the academic year 2007-2008 the department introduced a self financed post graduate course in Petroleum Geology for which the state government has extended appreciable financial help for the development of infrastructure facilities. The department is well known for its research in the areas of Quaternary Geology, Igneous and Metamorphic Petrology, Hydrogeology, Environmental Geology, Geomorphology, Sedimentology, Paleontology and Remote Sensing. It has well equipped laboratories with sophisticated instruments, lecture rooms with audio –visual facilities and computer room connected with internet facilities for staff and students. The department has extensive fieldwork camping facilities with tents and field equipments. It has well equipped seminar room and library facilities also. The department has received grants for the infrastructure development in terms of major and minor research projects from various funding Agencies. The department has been awarded DRS and COSIST programmes of UGC and the FIST programme of DST. At present most of the faculty members are engaged in independent research projects funded by DST and MoES.

Department of Mathematics

DEPARTMENT OF MATHEMATICS

Established in 1949, the Department of Mathematics at Faculty of Science The Maharaja Sayajirao University of Baroda is actively engaged in researches in Analysis, Classical Harmonic Analysis, Special Functions, Topology and Classical General Relativity, Fluid Mechanics. Mathematics Department is well known for teaching, research and extension activities. Department offers B. Sc., M. Sc., M. Phil. , Ph. D. and B. A. (Honors) courses.

Researches in analysis began with the advent of Prof. U. N. Singh in January 1958 and since then many workers in the department have produced good amount of quality research work in the study of Fourier Series in general and lacunary Fourier Series in particular. While the work on general trigonometric Fourier Series, in connection with the convergence and summability problems, is noteworthy; in the area of lacunary Fourier Series, the department has put in significant research work regarding the problems of their absolute convergence, study of properties of Fourier coefficients and convergence and summability problems not only in the setting of circle group but currently in the setting of totally disconnected compact abelian groups as well.

Since, 1973 the department is actively engaged in the researches in the field of Special Functions also. The research work done and being done cover varied topics such as Hypergeometric functions and associated polynomial systems, multiple series and associated function viz, Lauricella functions, Appel's functions, H-functions, G-functions, of polynomial sets and their q-analogues.

It is now more than 21 years that the department is actively working towards researches in Topology. The work going on as the topology can broadly be classified into two areas: Dynamical systems and Compactifications and Projective objects. Interesting problems in the area of dynamical systems include studying the impact of robustly and persistently dynamical properties, like expansivity and shadowing, on compact invariant sets such as homoclinic classes, chain components and chain recurrent sets. Multidimensional dynamics including Chaos is another area of interest. Work is also being done in the area of G-spaces, Compactifications and Projective objects. Many staff members have collaborative research work with research workers at leading institutions in India and abroad.

The department has FIST programme of DST since 2009. Also department gets recurring library grant from the National Board for Higher Mathematics, DAE. The department has initiated infrastructure renovation programme with the support from UGC XI plan and DST – FIST support. Department now has a well equipped seminar room with capacity of 70 people with modern equipments and one new computer laboratory with latest configuration computers.

Department of Microbiology

The Microbiology Department was started in 1964, and since 1985-86, it also offers the DBT funded M.Sc. Biotechnology Course in addition to the M.Sc. in Microbiology and Ph.D. in Microbiology. M.Sc. Microbiology entrance exam conducted by the Department is open for students coming from all across the country. The Department has produced more than 100 Ph.Ds and a large number of research papers are regularly published in journals of international repute. The Department funded under DST-FIST-I program under which new equipments have been purchased and other infrastructure facilities were strengthened. Department has received support from UGC-DRS, UGC-DSA and COSIST programs. The Department has a strong base in Microbial technology and the main focus of the program is on Genetics, Molecular Biology, Industrial Microbiology, Immunology and other contemporary areas such as genomics and bioinformatics.

Department of Physics

The department of Physics at the Maharaja Sayajirao University of Baroda was established in 1949. Department is running U.G., P.G. and Ph.D. programmes. In M.Sc., students are offered Solid State Physics, Electronics and Communication, Nuclear Physics and Molecular Spectroscopy as specialization. The department is also equipped by two of the oldest and famous observatories:

(i) Astronomical Observatory and (ii) Meteorological observatory.

Students are being selected for higher studies in premier institutions of India and a sizable number is seeking admission abroad. All teaching staffs are equipped with personal Computer with net facility at their desk and research labs have work stations and other higher configured computers for advanced theoretical work.

The Department had been awarded University Grants Commission's Department Research Support (DRS) phases I, II & III, and COSIST programs and the Department of Science & Technology had been awarded DST-FIST programme in Condensed Matter Physics as thrust research area. University Grants Commission, New Delhi has awarded DSA Phase-I in the thrust areas of Condensed Matter Physics and Nuclear Physics. In addition to this, various funding agencies have granted over 3.00 cores for supporting ongoing research activities of the department, while department has obtained approximately Rs.6 Crores during last five years.

The research interests of department cover experimental and theoretical Condensed Matter Physics, Material Science, Experimental Nuclear Physics, and Spectroscopy, theoretical Particle Physics and Astrophysics are the fields being undertaken by many staff members as their research activities. The research laboratories are well equipped by TDPAC Set up, Mossbauer Spectrometer Set up, Thin Film Coating Unit, Conductivity and Hall-Effect, UV-VIS-NIR Spectrophotometer, Impedance Gain Phase Analyzer, X-ray Diffractometer, Closed Cycle Cryogenic systems (two) for Mossbauer and conductivity Measurement system, Keithly programmable constant current source, and Keithley Programmable Nano Voltmeter, L.C.R. meter (Agilent) E4980A, Digital single Pan Micro-Balance, Gamma Ray, Spectrometer system, 2.0" X 2.0" NaI Scintillation detector, FTIR-4100 Spectrometer, Thermal, Analysis(DSC), AFM, Workstations-4, Cluster Computing facility (Supercomputer).

Current research activities of the department is as follows:

(i) Theoretical condensed matter Physics: Model calculations on transport properties and ground state properties of graphene, a-b initio calculations on transport through atomic chains and wire optical properties of small clusters and atomic clusters. Results have been published in journals and presented at various national & international conferences.

The first principles calculations based on density functional theory are used to investigate the electronic, mechanical, optical and vibrational properties of variety of materials both at bulk and nanoscale levels including metal clusters, graphene and graphene like materials, semiconductor wires etc. The pressure or strain dependent studies on materials are interpreted in terms of their applications in nanodevices and seismic waves. These approaches are also being used to understand the interaction between the inorganic and biomolecules for their perspective uses in nanoelectronic devices.

(ii) Experimental solid state Physics: work on (a) Crystal growth, Thin film and their characterization (b) electrical, optical and spectroscopic properties of polymers and their composites, (c) conduction through ionic conductors, (d) Photo luminescence studies of nanomaterials for the application of making LEDs. Rare earth doped tungstate nanomaterials were explored for solid state lighting application (e) Study of conjugated polymers for low cost electronic and photovoltaic applications and (f) effect of SHI irradiation on polymer nano composites .

(iii) Particle Physics: Rare B-meson decays to two pseudoscalar nonets using factorization have been studied and the ranges of several parameters related to B-mesons have been narrowed down. Singlet axial-vector coupling constant of a nucleon has been calculated using QCD sum rules in which correlators of two axial-vector currents between one-nucleon states has been studied. Transition form factors of eta and eta-prime mesons is being investigated taking into account finite meson and quark masses and with few other changed parameters.

(iv) Nuclear Physics: The experimental Nuclear Physics activities are being carried out by using national facilities such as Pelletron of TIFR/BARC, Mumbai and IUAC, New Delhi and Variable Energy Cyclotron (VEC) of Kolkata. The study of fast neutron induced fission and reaction cross-section has been carried out for the advanced reactors

and Accelerator Driven subcritical systems (ADSS) applications. Secondly, the study has also been made to measure precise elastic scattering angular distributions, at near energies, for the weakly bound systems and two different energies for radioactive ion beams. Fission fragments angular and mass distributions of various systems in the actinide and rare earth region are also of prime interest of the research group.

Department of Statistics

The Deptt. of Statistics at The M.S. University of Baroda was established in 1949. The Deptt. has UG and PG teaching as well as research activities leading to Ph.D. students of the deptt. undertake projects, surveys and case studies during their post graduate studies. In early years departmental research was mainly in the areas of classical probability stochastic processes & modeling etc. Gradually the faculty members involved into the areas of Statistical Inference, Quality Control etc. The deptt. on an average publishes good number of papers every year. Minor-Major research projects funded by several funding agencies are undertaken by the staff members of the deptt. The staff members have participated in various conferences/ seminars, workshops etc. and are also serving on the editorial boards and as office bearers in various academic bodies / programmes. The deptt. is also providing consultancy services to various industries in and around Baroda city.

Departmental staff members have published more than 100 research papers in the journals of national/ international repute. Major research projects funded by DST/UGC have been completed during last five years. Projects funded by Govt. of Gujarat have also been taken up.

Department of Zoology

The Department of Zoology came into existence in 1951, only a couple of years after The Maharaja Sayajirao University itself was established in 1949. Since then, various faculties in Zoology, who excelled in teaching as well as diverse fields of research, have served the Department. A strong teaching and research programme has always been in place. So far over 1100 research papers have been published by members in reputed journals and nearly 200 Ph.D. degrees have been awarded. Much of the research carried out in the Department is of applied nature. This is reflected in the four specializations of applied nature offered in the M.Sc. Zoology course. These are Avian Biology and Wildlife Biology, Fisheries and Aquaculture, General and Applied Entomology, General and Applied Toxicology. Acknowledging the research output of the Department in several fields, UGC recognized the Department for DRS programme in 1984. In 1991 the Department was endowed with DSA programme, which continued till 2006. A major boost was given by the UGC when it granted the department the COSIST programme in 1996. In the year 2003, department was selected for FIST by Department of Science and Technology, New Delhi for infrastructural development. Subsequently in the year 2007 UGC recognized the Department of Zoology for financial assistance under BSR scheme. In 2010-11, the department was selected, along with other Life science departments of the university, by DBT, New Delhi, for infrastructure development. Under this scheme three laboratories in the department got refurbished. Apart from this, individual faculties could attract generous funding from various sources viz., UGC, DST-SERB, DBT, GSBTM, GBB, GUJCOST, MoES Government of India, Department of Forest Government of Gujarat etc.

19(B) ANY INNOVATIVE PROCESS ADOPTED BY THE DEPARTMENTS IN TEACHING AND LEARNING**Department of Botany**

Black Board Teaching, Power Point Presentations, Animations, Videos
Seminars, Dissertation, In-Field Teaching

Department of Geography

Teaching Is Imparted With The Use Of Overhead Projectors And Other Modern Gadgets.

Department of Microbiology

Using All Available Modern Aids For Teaching

Department of Statistics

Two High-End Servers Have Been Procured In 2016 As A Part Of Setting Up Virtual Desktop Environment (Vdi) In The Department.

These Servers Are Equipped With Vmware Horizon Software For Vdi.

The Re-Networking (Providing Gigabit Network) Of The Existing Computer Laboratory And The New Upcoming Laboratory Is Under The Process.

Department of Zoology

Innovation In Teaching Has Continued To Take Place. In Fact The Teaching Programmes At Both B. Sc. As Well As M. Sc. Levels Are Most Modern And In Total Conformity With The Cbcs Scheme. The Syllabi Are Constantly Revised To Include Frontier Subjects. To Set An Example And Lead The Way In Humane Treatment To Animals We Have Taken Steps To Reduce Unwanted Sacrifice Of Animals In Complete Compliance With Ugc And Cpcsea Norms. In Order To Keep Pace With The Rapid Developments In The Subject, Several Revisions Have Been Made In The Curriculum, Making It Very Different From Exam-Based Trend Of Student Evaluation. Seminars, Field Visits, Institutional Visit And Dissertation/Project Work Are Being Conducted At The Postgraduate Level. Research Students Are Encouraged To Participate In National And International Workshops/Conferences With The Broader Perspective To Get Acquainted With The Latest Research Techniques And Paper Writing Skills.

Such Models And Projects Are Also Created By The Students. By Working On Their Idea, They Make The Theme Presentable By Using Different Technologies And Also Make It Easy To Understand.	January 03, 2016	Faculty Of Science
Department of Physics				
1	National Conference On Material Characterization (Ncmc-16), 18-19 March, 2016:	Two Days Conference Is Very Much Suitable To The Present Status Of The National And International Research. Many Groups Of The Department Are Involved In Condensed Matter Research In The Maharaja Sayajirao University Of Baroda As Well As Nearby Universities. Therefore The Conference Immensely Useful To Teachers And Students To Understand The Intricacies And Methodology Used In Characterization Of Multi Functional Materials. The Conference Gives The Opportunity To Interact With Experts In The Field Of Experimental And Computational Physics	March 18, 2016	Department Of Physics
Department of Zoology				
1	International Tiger Day	The Awareness And Conservation Status Of Royal Bengal Tigers Of India Was The Prime Aim Of The Celebration. Graduate Students Took The Initiative For Celebrating The Same.	July 28, 2015	Department Of Zoology
2	Wild Life Week Celebrations	Wild Life Week Celebration Was Carried Out In The Department To Spread The Awareness Of Wildlife Species. Graduate Students As Well As The Postgraduate Students With The Help Of Teachers Took The Initiative To Conduct This.	October 02, 2015	Department Of Zoology

*Faculty of
Social Work*

1 INTRODUCTION

Faculty of Social Work at The Maharaja Sayajirao University of Baroda was founded in the post-independence era in 1950, 15th March. The Faculty of Social Work has followed a generic approach to Social Work Education, since its inception.

The Faculty was recognized for its work by the University Grants Commission, New Delhi, and was awarded the DRS and DSA programme. The institute has completed the 1st phase of DSA in Social Work with the theme of Poverty Alleviation and Social Development in the thrust area of Children, Women, Elderly, and SC/ST as well as ASIHSS Programme.

As a matter of pride, on the basis of the performance of the Faculty in the 1st Phase and 2nd Phase of DSA programme, the University Grants Commission, New Delhi, has granted 3rd Phase of DSA programme from April 2014 to March 2019 with total grant of Rs. 1.2 Crores.

The faculty has been actively engaged as an academic and research body closely working with the Government, Corporate and NGO Sector to enhance service delivery through technical assistance, policy formulation, programme implementation and outreach services.

The faculty as an institution has made rich contribution in state and national level planning of Women, Children, SC/ST, HIV/AIDS, Corporate Social Responsibility and other welfare programmes. The Faculty is recognized as the Nodal Agency for undertaking Need Assessment/ Impact Assessment studies by Government of Gujarat especially, the Department of Tribal Welfare. Faculty is also Nodal Agency for CHILDLINE, India.

The Faculty of Social Work is first in the country to start a CSR Cell with the help of Corporate to guide the corporate to provide support, guidance and consultancy to the corporate for conducting CSR activities.

In this view the faculty has earned and implemented following prestigious agencies and programs:

The Faculty of Social Work also has Equal Opportunity Cell, named "Sambhaav", which is located in the Faculty of Social Work premises. EOC was initiated in the XIth Plan Period. The main objectives of EOC are to promote inclusive growth of students belonging to diverse groups on the campus. EOC is actively involved in imparting remedial coaching classes for MSW students, awareness building on UGC Guidelines on ragging and Women Protection against sexual harassment at workplace are the major activities undertaken by EOC.

The Faculty of Social Work also has Office of Corporate Affairs as an active agency functioning within the premises

Technology and Engineering*

1 INTRODUCTION

The Faculty of Technology and Engineering as it stands today formed alongwith the establishment of the Maharaja Sayajirao University in 1949 is an outgrowth of what was popularly known as the "Kala Bhavan Technical Institute" (KBTI) established in June 1890 by his late Highness The Maharaja Sayajirao Gaekwad III of Baroda state. In May 1990, it completed 100 years of glorious services for the cause of Technical Education.

Department of Applied Chemistry

The Applied Chemistry Department was established in 1975 and has infrastructure for catering to the needs of different disciplines of Engineering and Technology. Situated in the chemical industrial belt of Gujarat, it offers a four semester Post-graduate course in M.Sc.(Applied Chemistry), and a two semester Post-graduate Diploma in Corrosion Technology. The department also offers a Ph.D. programme. The department staff is actively engaged in research in the areas such as liquid crystals and liquid crystal polymers, metal-incorporated polymers, pour-point depressants, organic synthesis including natural product chemistry, catalysis, inorganic micro- and meso-porous materials, and waste water treatment containing dyes/heavy chemicals. The staff of the department has achieved research grants from DST, AICTE, UGC, CSIR, BRNS and ONGC. The department has also instituted two gold medals for the students securing the highest aggregate marks in the four semesters in M.Sc. course. The department has an outstanding research record as reflected in the number of research papers published and the number of Ph.D. degrees awarded.

Advanced instrumental facilities like FT-IR, UV-VIS Spectrometer, TGA, GPC, Polarizing Microscope, SLS, Microwave synthesizer Labstation, Lyophilizer(Freeze-Drier) are also available in the department to undertake the quality research. The Department has close interactions with various surrounding industries such as RIL, GACL, GSFC, ERDA, GIPL, DACL, ONGC, SUD Chemie, SPARC etc. and many students are employed by these and other industries through Campus interviews.

The Department has also collaborative Ph.D. programme with Electrical Research and Development Association (ERDA), M/s Solvay Industries, M/s Intas Biopharma and these organizations are recognized by the University for Doctoral degree in Applied Chemistry.

The Department has been recognized for special support under the DST-FIST program of Department of Science and Technology, New Delhi for the duration 2004-2009 (Rs.23 Lakhs) and under level-I from 2010-2015 (Rs.35 Lakhs).

The Department has also been generously supported by University Grants Commission, New Delhi under the special assistance Program (SAP, DRS-I) (Rs.40 Lakhs).

Department of Applied Mathematics

Department of Applied Mathematics is one of the pioneering department in the field of Applied Mathematics. It has successfully completed several collaborative R & D Projects with industries like ONGC, ABB, Jyoti Ltd., Patwa Kinariwala Electronics Ltd., and ISRO. Department offers regular courses like M.Sc. in Industrial Mathematics, M.Sc. in Applied Mathematics & P. G. Diploma in Computer Applications. Department also offers Self finance courses like Part Time P G Diploma in Computer Applications from the year 2002, M. Sc. (Bio-informatics) from the year 2007, PG Diploma in Scientific Computing and Industrial Mathematics from the year 2007 and M.Sc in Financial Mathematics from year 2009.

Department of Applied Mechanics

The Department of Applied Mechanics and Structural Engineering was established in 1949 with undergraduate course. Post graduate courses started from 1962. Department has started Post graduate programs in Geotechnical engineering during 1962, than Structural Engineering in 1964. After that Post graduate course in Fracture mechanics started in 1986. Two Post Graduate courses: Post B Sc (Diploma) in Geotechnology and M Sc (Tech) Geotechnology started during 1984 and 1987 respectively. The department has dedicated faculty with total sanctioned strength of teaching staff as 31. The department has excellent research team and has identified thrust area of research in Structural engineering, Concrete technology and Geotechnical engineering.

Department has total 31 sanctioned teaching post out of which 7 Professors, 13 Associate Professors and, 11 Assistant Professors. Among them 10 staff members are holding Ph D degree and 1 staff member is pursuing doctoral research work. The growth of the department is largely due to its Post –graduate degree programmes in structural engineering, geotechnical engineering and fracture mechanics.

Department of Applied Physics

Since its establishment in 1973, the department has grown not only in conducting the undergraduate courses of

Physics to engineering students but has also developed its Postgraduate degree and diploma courses. The postgraduate course in applied physics is one of its kind which is offered in very few universities across the country. The department began with modest efforts in research and has over the time acquired research facilities in several areas of physics like condensed matter physics, applied optics and photonics, luminescence etc. Work is also being carried out in the fields of theoretical physics, nano-crystalline alloys, non-linear and applied optics, quantum well laser diodes, fluorescent and display materials etc. Various research groups in the department in the above areas have made contributions in their respective fields through publications in internationally acclaimed Journals.

The department has received major research funding from various Govt. of India funding agencies like UGC, DST, AICTE, DAE etc. in these areas to the tune of about three crore rupees. Through these research projects, many new state of the art equipment have been procured.

Department of Architecture

The Department of Architecture is one of the oldest departments of the Faculty of Technology & Engineering. The Degree Programme was started in 1954. The Kalabhavan

Technical Institute of erstwhile Baroda State conducted a Four year diploma in architecture in pre-independence days. With the formation of the M.S. University of Baroda in 1949, these courses were taken over by the University and Kalabhavan was transformed into the Faculty of Technology and Engineering. Architecture became one of its five departments at that time. Subsequently the diploma course was replaced by ten semester degree course which conforms with the recommendations of Council of Architecture.

The Department of Architecture offers a ten semester (five year) Under graduate course in Architecture leading to the degree of B. Arch. which conforms to the recommendations of the Council of Architecture (COA), and is recognized by both COA and the All India Council of Technical Education (AICTE). Major subjects of the course are Architectural Design and

Building Construction Technology supported by other technical and humanities subjects.

The Department also offers a self financed four semester (two year) Post graduate course in Urban and Regional Planning leading to the degree of MURP which conforms with the guidelines laid down by the Institute of Town Planners India (ITPI) and is recognized by ITPI and AICTE. The main subjects of the course are the Planning studios on Area Planning, Metropolitan Planning and Regional Planning supported by other subjects including Infrastructure and Governance.

The Department of Architecture has identified Urban Planning, Earthquake Resistant Architecture, Landscape and Sustainable Design Practices as its thrust areas.

Major Laboratories and Equipments Department has five well equipped drawing studios and one basic design studio.

Department of Chemical Engineering

The Chemical Engineering Department of The Maharaja Sayajirao University of Baroda, established in 1963, is the oldest Chemical Engineering department in the state of Gujarat. The department offers post graduate courses in Petrochemical Engineering and Polymer Technology. Till date our 1600 graduates, 400 post graduates and 19 PhDs have left their indelible mark on the profession all over the world. The department boasts of around 70% on campus placement of its undergraduate students.

In the more than five decades of its existence the department has received four P. C. Ray awards for best B. E. dissertation in Chemical Engineering from the Indian Institute of Chemical Engineers. It has also received seven ISTE-IPCL awards for best ME thesis. Teachers of this department have been honoured by various organizations.

Students graduating from this department have earned high reputation in the profession both in India and abroad. The department strives continuously to orient its academic resources to cater to the changing outlook of the profession. The integrity, dedication, aptitude and knowledge of the students make them among the best in the world.

The department has received funds of the order of 48 lakhs in the last decade from various funding agencies AICTE, UGC.

The department has a state of art Polymer Laboratory developed by M/S SABIC as per industry standards for polymer processing and testing. The department is supported by its alumni for refurbishing the existing laboratories and work on the same has been initiated.

Department of Civil Engineering

The department of Civil Engineering is one of the pioneer departments of the Faculty of Technology & Engineering. The department started its UG course in 1949 and PG courses in 1956. It offers a four year B. E. degree course in Civil Engineering and two year M.E. degree courses in Civil with specializations Environmental Engineering, Highway and Transportation Engineering and Hydraulic Structures. It also offers Ph.D. programme in Civil Engineering.

The department has identified few major thrust area as –(i) Environmental Management and Impact Assessment Studies (ii) Monitoring of Environmental Mediums (iii) Reservoir Performance and Flood Related Studies (iv) Hydroinformatics (v) Traffic flow analysis (vi) Transportation Infrastructure Planning and Appraisal (vii) Public Transport

Management

The department has successfully completed sponsored projects of various organizations. The department is recognized Schedule I Auditor for Industries. It offers consultancy services in area of civil engineering.

Department of Computer Science & Engineering

The Computer Science & Engineering Department Of The Maharaja Sayajirao University is one of the most renowned institutions in Gujarat, having produced a reservoir of world class computer professionals.

The Maharaja Sayajirao University of Baroda has always been pioneer in offering new courses and teaching / research facilities in emerging areas of higher education. Commensurate to this tradition the University was first in the State of Gujarat to offer a Bachelor of Engineering Course in Computer Science & Engineering in the year 1982 and a post graduate Maser of Computer Applications course in the year 1984.

The department has five well established laboratories. The department has been mainly focusing on strengthening research facilities, UG/PG teaching and improving the infrastructure, which has resulted in reaching high degree of acceptance of students by IT industry reflecting almost 100% placement through campus recruitment.

This department is one of the 14 institutions of our country to have been selected under the Project "IMPACT", initiated by the department of Electronics, WORLD BANK , & Switzerland government, which is aimed at improving the quality of Technical manpower being developed in India.

Department of Electrical Engineering

After the expansion of the long standing Kalabhavan Technical Institute into the Maharaja Sayajirao University of Baroda the Electrical engineering department of Faculty of Technology and Engineering, Baroda came into being. The Electrical and electronics engineering department of the Faculty of Technology and Engineering is one of the few institutions to achieve a ISO9002 certification. It started offering Bachelor in engineering (B.E.) degree in electrical engineering from 1949. This was later followed by the masters and part time degrees in other disciplines of the subject.

After the The Foundation Stone of the Faculty was laid by (late) Honorable Shri V. N.Gadgil in July, 1949 and the college started offering 3 and 1/2 years degree courses in Electrical Engineering during the same year.

1956 is an important year in the history of the Faculty, as Postgraduate courses were started in Electrical Engineering, another First in the Western region of the Country.

Over and above the development of new curriculum and courses to meet the expanding needs of a neo-technological Society, efforts have been made to improve the teaching-learning and the evaluation procedures at the faculty. These include implementation of a Semester System and continuous internal assessment in the department as a mode of examination reform which has also been implemented in other departments

The department also looks into the interests of the students thereby organizing regular industrial and other field visits. The department is in regular touch with various industries to enable the students to have a practical exposure. The united nations development programme (UNDP) played an important part in providing financial support. The aid provided was given to develop the Microprocessor applications of the department which has been done to the fullest .

The World Bank under the project IMPACT sanctioned grant for development of electronics labs. Later many AICTE and UGC grants were sanctions to this department. The department produces 120 students every year in Electrical and Electronic Engineering discipline.

Department of Mechanical Engineering

The department of Mechanical Engineering established in 1951 is one of the oldest departments in this Faculty. Over these years the department has grown academically through technology teaching and research work carried out at undergraduate and postgraduate level. The department has undertaken thirteen laboratory development programs in the last fifty years for the up-gradation of existing laboratories. In 2007-08, one modernization project under AICTE, MODROBS scheme completed for modernization of Machine Tools laboratory. We have been actively in association with the neighboring industrial houses through active consultancy and extending our existing testing facilities. A number of research, modernization and development of laboratories are undertaken. Quite a few projects (for research, modernization development of its laboratories) are funded by AICTE, UGC, GEDA, DAE etc. In 2009, department successfully completed a research project related to the development of nuclear safety code sponsored by BRNS, DAE. The project is extended & a comprehensive experimental test facility is being built up in the department for Reactor safety division, BARC, Mumbai. The "Siemens Centre of Excellence in Industrial Automation" has been set up in the department, with total outlay of Rs 102.00 Crores, one of the single largest investment to come to university in the history of The M.S.University of Baroda .

Department of Metallurgical and Materials Engineering

The Department offers UG, PG and Ph.D level programmes in the major field of Metallurgical & Materials Engineering. Besides the regular undergraduate programme, there are three M.E. Programme, namely M.E. (Materials Technology) M.E. (Industrial Metallurgy) and M.E. (Welding Technology). M.E. (Weld. Tech.) is a programme which is sponsored by Larsen & Toubro and other companies like voestalpine Bohler Welding India Pvt. Ltd.

The department is also engaged in interdisciplinary programme M.Sc. (Materials Science) (Nanotechnology) jointly with Applied Physics Department of Faculty of Tech. & Engineering. The department is also engaged in interdisciplinary programme on PG. Dip in Corrosion Tech. jointly with Applied Chemistry Department of Faculty of Tech. & Engineering. The Department has active liaison with professional organization like IIM, IIF, IIW, ISNT, etc. and also with the industries located in Gujarat. Eleven students have completed Ph.D and Ten students are working at present on Ph.D Programme in the Department. Metallurgical and Materials Engg. Dept. gets one Ministry of Steel Chair Professor and Five Scholarship (Rs 10,000/- pm) for the BE-III & B.E IV students (Five Each) from the Ministry of Steel, Govn of India from the year 2013-14 to 2017-18.

Department of Textile Chemistry

The Textile Chemistry Department is the oldest department of The "Kalabhavan" Technical institute which was started in the year 1890, by his Highness Late Maharaja Sayajirao Gaekwad III of Baroda, in the Faculty of Tech. & Engg. That time Textile Chemistry was popularly known as 'Rangshala', where artisan courses were conducted in Bleaching, Dyeing, Printing, Sizing etc. The first Head of the department was Prof. T. K. Gajjar when Kalabhavan was established in 1890.

In the late Nineteenth Century, Diploma in Textile Chemistry (Three years) Course was started; about hundred students were admitted and passed out from the department.

After independence, the year 1949, The Maharaja Sayajirao University of Baroda was established and department of Textile Chemistry was also commenced with the establishment of Faculty of Technology & Engineering. Since then, the department has kept moving from diploma courses to Ph.D. courses. The department presently offers M.E. (Textile Chemical Processing), Diploma in Textile Chemistry (DTC) and Ph.D (Textile Chemistry) courses. The thrust areas of the Department are Eco-friendly textile wet processing, Nano-Technology in textile processing, Natural dye applications, Chemical modification of textile fibres for improved performance etc.

Department of Textile Engineering

The Maharaja Sayajirao University of Baroda is one of the foremost universities of India and well known for its composite culture and academic freedom to the faculties and department. Department of Textile Engineering has the privilege of one of the founder unit of this oldest and reputed university. It was established in 1890 under the name of RANGSHALA and during that time artisan courses were offered in Bleaching, Dyeing and Sizing. Gradually the department began to provide complete Engineering courses. The First step was offering the Certificate course in Weaving (1897) and the Diploma in Weaving (1907). In 1949, The Maharaja Sayajirao University of Baroda was established and different faculties were made. The department is under the "Faculty of Technology & Engineering". In 1953, the First Degree Course in Textile Engineering and then in 1954 Textile Technology was started. Further in 1964, Master Degree in Textile Engineering was started and then in 1994 another Master Degree in Man Made Textiles was started. Besides these, there is also a facility for Doctoral Degree.

WREMI

In 1980s in Gujarat State a massive step to boost up the agricultural production was taken up by modernising existing irrigation projects and constructing a few new ones including Sardar Sarovar Narmada Project. A need arose for water management process and water management technology that ensures optimal use of water for maximizing crop production.

Looking forward to the need of the state, the Govt. of Gujarat motivated the idea and shown utmost willingness in 1982 to extend all possible help for establishing Water Technology and Management Centre to run a graduate course at The Maharaja Sayajirao University of Baroda. Thus in 1982, when Govt. of India entered into a bilateral agreement with the United States of America, Water Resources Management and Training Project of USAID became a reality. The institute was established under this project. From 1st April 1983 to 30th September 1992, Govt. of Gujarat invested Rs.2,36,55,000/- and the USAID provided US\$ 6,75,000/-, for establishing the Centre from 1984 to 1988. From 1988 to 1991 it was called as Irrigation Management and Training Institute. Upto that time Institute was a part of Civil Engineering Department of Faculty of Technology and Engineering.

This Institute is now christened as Water Resources Engineering and Management Institute (WREMI) headed by The Director vide M. S. University, Senate Resolution No. 8 and 10 dtd. 24/3/1991.

The Institute is a full fledged academic department under Faculty of Technology and Engineering of The Maharaja Sayajirao University of Baroda having a campus of 5 hectares near village Samiala, Taluka-Vadodara in Vadodara District. The Institute is 12 km away from Vadodara Railway Station on Vadodara-Padra Highway. It has six class rooms, requisite laboratories, computer rooms, conference room, seminar hall, library facilities, cafeteria, reprographic unit, administrative wings, display room, etc. Out of 5 ha of land about 3 ha is utilized for carrying out on field research work.

ANY INNOVATIVE PROCESS ADOPTED BY THE FACULTY /COLLEGE IN TEACHING AND LEARNING

- Virtual Lab To Be Introduced
- Planning For Video Recording Of Final Year Classes

19(B) ANY INNOVATIVE PROCESS ADOPTED BY THE DEPARTMENTS IN TEACHING AND LEARNING**Department of Applied Mathematics**

1. Remedial Mathematics Teaching For B.Pharm Students
2. Use Of Ict In Teaching

Department of Applied Mechanics

Ug And Pg Classes Are Being Taught Using Audio Visual Facilities. Pg Students Are Being Kept Abreast Of The Latest In The Technical Field By Augmenting Their Knowledge Through Site Visits.

Department of Applied Physics

Innovative Approach To Teach Experiments In Pg. Remedial Sessions In Problem Solving For Competitive Exams, Increasing Awareness Of Various Fields Of Physics Through Invited Talks/Seminars By Experts, Research Lab And Industrial Visits

Department of Architecture

*New Aspects Of Teaching At Department. – Internal Pin-Up Reviews And External Jury System As A Continuous Process Of Evaluation.

*Teaching With The Use Of Dips Enhances Visual Perception, An Important Component Of Architectural Learning. Students Exposed And Encouraged To Use Dip'S, Builds Confidence And Develops Communicative Skills.

*Interactive Teaching Through Discussions And Presentations.

Department of Chemical Engineering

It Is Mandatory For The Students Of Pre-Final Year To Undergo A Three Week Industrial Training To Different Industries In And Around Baroda. Post Training A Seminar Is Organized For The Students To Share Their Experiences In The Industry They Visited. This Activity Is In Addition To The Seminar And Project So That All The Students Get An Idea About The Details Of The Industries In And Around Baroda.

Department of Civil Engineering

Webinars & Virtual Labs Are Introduced

Department of Computer Science & Engineering

- Extensive Use Of Lcd Projectors In Classrooms And Labs.
- Project Based Learning In Majority Of Subjects
- Moodle Being Implemented For Lab Assignments
- Cbts Being Developed By Teachers In Their Respective Courses
- 'Earn While Learn' For About Six To Seven

Department of Textile Engineering

Digital Interactive Board,
Lcd Projector

WREMI

- Most Of The Classrooms Have Been Upgraded To Include Facilities For Making Classroom Teaching More Interactive And Effective.
- Facilities For Making Audio-Visual Presentation Through Lcd Projectors (Recently Installed) Have Been Provided.
- Tutorials Have Been Introduced To Provide Specialized And Remedial Learning To Students.
- Interaction With Experts In The Field; Real Time, As Well As Online Virtual Through Video Graphed Talks And Interviews Have Been Incorporated.
- The Library Has Been Equipped With More Than 60 Computers Which Facilitate Navigation, Searching And Downloading.
- New Software Have Been Produced To Provide Lectures Of Experts On-Line (Lan).
- Facilities For Conducting On-Line Examination Both Through Lan And Intra-Net Have Been Included For Enhancing Learning And Training.
- Placements Made Through On-Line Examination.

20 DETAILS OF INFRASTRUCTURAL DEVELOPMENT DURING THE YEAR

Department of Applied Mathematics

(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY

Added 20 New Hp Make Intel Core I5 Computers In Lab

(B) NEW LABORATORIES/SEMINAR/CONFERENCE ROOMS

Development Of Lab And Seminar Room In Progress

Department of Applied Mechanics

(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY

50 New Books Have Been Procured For The Departmental Library.

Department of Applied Physics

(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY

Universal Bench Die Bonder, Precision Lcr Meter, Ccd And Cmos Arrays, Optics

More Than 200 Books In Departmental Library

Department of Architecture

(B) NEW LABORATORIES/SEMINAR/CONFERENCE ROOMS

Refurbishing Of Audio-Visual Rooms.

Department of Chemical Engineering**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

New Equipments

1. Cooling Incubator With Stabilizer
2. 15 Computers(5)

Department of Civil Engineering**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

Arc Gis Software

Department of Computer Science & Engineering**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

- In-House Library Management System Developed And Implemented

Department of Mechanical Engineering**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

Tool Dynamometer

Department of Textile Chemistry**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

The Equipment Purchased During The Academic Year 2015-16 Are Digital Shaker Bath & Balances.

(B) NEW LABORATORIES/SEMINAR/CONFERENCE ROOMS

A New Laboratory For Contact Angle Measurement Is Created Under The Research Project Scheme(Rps) Of Aicte . Under This Project Surface Tensiometer - Contact Angle Measuring Equipment Is Procured.

WREMI**(A) NEW EQUIPMENT AND BOOKS IN THE DEPARTMENTAL LIBRARY**

New Books In The Departmental Library - 123 Worth Rs.82,370/-

*Baroda Sanskrit
Mahavidyalaya*

17. Baroda Sanskrit Mahavidyalay

Department of Baroda Sanskrit Mahavidyalay

Baroda Sanskrit Mahavidyalaya which has been an internationally reputed institution of the traditional Sanskrit studies, is the constituent body of the M.S.University of Baroda and fully recognized in the entire Gujarat State. It offers Under-Graduate, Graduate, Post-Graduate as well as Doctoral Degree Courses in numerous ancient Indian Shastras through the medium of Sanskrit, at the University level. B.S.M. in its long, glorious tradition has been highly acclaimed for producing generations of nationally renowned scholars in various profound Sanskrit disciplines.

Sanskrit Mahavidyalaya of the M.S.University of Baroda,formerly known as the Rajakiya Sanskrit Mahavidyalaya during the time of the erstwhile Baroda State, has completed a hundred years (1915-2016). A programme for preparing students through courses in the Vedic and the Shastric disciplines in a traditional approach is a special feature of its academic and professional side. These courses prepare the students leading to Certificates, Diplomas and Degrees. The main objective of the Institute is to train the students with a view to enabling them to accept various professions related to oriental studies and render valuable services to the community.

Recently, the institute has undertaken some educational experiments to modernize Sanskrit education and thereby to satisfy the cultural needs of the community at large, under the programme of popularization of Sanskrit learning. There is a good response from the community to these courses. These courses are being prescribed in view of the recommendations of various Education Committees and Commissions.

Dept. of Traditional Sanskrit Studies

In the year 1989 this institution was shifted to the D.N. Hall on the University campus, from the city area i.e. Mandvi. In the year 1996 the University had instituted a Dept. of Traditional Sanskrit Studies at the Baroda Sanskrit Mahavidyalaya. Now the Dept. has its own Board of Studies. Recently, the Dept. has also undertaken some educational experiments to modernize Sanskrit education and thereby to fulfill the cultural needs of the community at the large, under the programme of popularization of Indian Shastras, and the Vedic Studies. There are a large number of students studying in the institution coming from the city, the state and the outside. There is good response from the community to these courses.

18. M.K. Amin Arts & Science College and College of Commerce, Padra

1 INTRODUCTION

The M.K. Amin Arts & Science College and College of Commerce, Padra was established during July 1965. Shri M. K. Amin, a famous industrialist of Sejakuva, Padra Taluka has donated the building as well as huge arena of the college to the M. S. University of Baroda for imparting higher education to the rural population of Padra taluka and Vadodara district. Moreover students pursuing professional courses like CA, CS, CPT, etc are also admitted to B.Com degree course of this college. Students from elsewhere in Gujarat and outside from Gujarat state can also access University education here. This college is continuously putting efforts to produce illustrious leaders, academicians, heads of institutions, entrepreneurs, members of senates & syndicates. In B.Com Degree programme various core and interdisciplinary subjects are being incorporated. Since, 2012-13 CBCS (Choice Based Credit System) was introduced and progressively and successfully implemented in the B.Com degree programme. These B.Com students are offered with Accounting & Financial Management, Human Resource Management, Marketing Management, Banking and Business Finance, Business Economics, Co-operation & Rural Studies as special subjects. The College provides opportunities to the students in terms of organizing competitions (like quiz, drawing), seminars, workshops, field trips, projects, assignments & tutorials. The teaching staff utilizes the facilities for doctoral and post-doctoral studies, UG sponsored projects, seminars & exhibitions and students events. Under IQAC of the University students participate in various curricular and co-curricular activities. Department of Physical Education provides excellent sports guideline and facilities. Students also get opportunity to join any one of the three wings of NCC, namely Army Wing, Air Force Wing and Navel Wing.

Polytechnic

1 INTRODUCTION

Polytechnic is the constituent college of The Maharaja Sayajirao University of Baroda, emerged from erstwhile Kalabhavan which rendered services in technical education in the country for a period close to a century. The status of this Polytechnic is unique in the country, being the only Polytechnic attached to a University. The objective being to provide leadership in technical education with changing times. A strategy of our University has always been to rise to cater the changing aspirations of the society.

The institution named Polytechnic was established in the year 1957, by the Maharaja Sayajirao University of Baroda. The foundation stone of the Polytechnic was laid by (Late) Honourable First President of India, Shri Rajendra Prasad in 1957 & college continued to offer conventional courses of three years duration in Civil, Mechanical & Electrical Engineering.

The aims & objectives of this institution was to cater proper technical personnel to developing industries in and around Baroda city. In the year 1969, Model Diploma Courses in Oil & Gas, Plastics & Fertilizer (Petrochemicals) Technology, now of three years duration were started under indo-USSR agreement which have been a source of 'Model' to many in the country's academic & industrial field. Presently it is three years Diploma in Petrochemical Technology.

Polytechnic at present offers Diploma Courses, in conventional field like Civil, Mechanical, Electrical, Petrochemical Technology and Information Technology. In addition to these Diploma Courses, Diploma in Computer Engineering, Electronics & Communication Engineering and Diploma in Architectural Assistant ship are offered as Higher Payment Program.

As a part of our effort to fulfill social commitment, the Polytechnic, being academically a sister concern of the Faculty of Technology & Engineering. It has been possible to conduct continuing education programs for employed youths by having part-time Diploma courses in Civil, Mechanical & Electrical Engineering. The academic policies of Polytechnic are jointly decided by the Board of Studies of Faculty of Technology & Engineering of the Maharaja Sayajirao University of Baroda which has superior status in quality & content.

As per government resolution in 2013 the ITI Certificate holders are also admitted, directly to 1st Sem of Second Year diploma with an intake of 114 and 6 TFW.

Department of Applied Chemistry

The Department of Applied Chemistry was established in the year 1956 under the headship of Dr.(Prof.) J.M.Lohar. This department was started with the view that knowledge of chemistry is necessary for engineers. It was found that engineers without the knowledge of chemistry are not real technologists. So this subject is taught to all branches of diploma engineering.

Department of Applied Mathematics

Department of Applied Mathematics, Polytechnic, established in 1958. Our department offers Engineering Mathematics to diploma students in Civil, Mechanical, Electrical, Petrochemical, Information Technology, Computer Engineering and Electronics and Communication branches of Engineering. Offers Engineering Mathematics to extended diploma students in Civil, Mechanical and Electrical branches of Engineering. Our department is excellent in terms of teaching.

Department of Applied Mechanics

Department is involved in commercial testing of materials and structural design apart from teaching.

Department is not directly awarding Diploma.

Department is involved in teaching subject of :Engineering Mechanics to first year Diploma programme of civil, mechanical, electrical, petrochemical, IT

At second year diploma civil and mechanical it is involved in teaching subjects of Mechs. of Structure and Strength of Materials.

At second year diploma Arch. Astship. subject of structure I and II,

At final year diploma civil subject of Structure Design Drawing and Soil Engineering,

At final year Architectural assistantship. subject of structure III

Department of Applied Physics

The Physics Department's objective in the University's Polytechnic is to get the students acquainted with the fundamentals of Science. Knowledge of Pure Science is a stepping stone to all technical fields. The general goal of the department is to enable students to apply the Principles of Physics in various engineering applications.

Applied Physics laboratory is used by all diploma students in their first year training. Practical training involves

measurement and study of physical quantities and properties; this is very important in present day technology which gives enormous importance to exactness and involves interplay between diverse properties of technologically relevant material. Department is equipped with advance instruments like LASER Kit, Photocell, Reflecting Telescope (6 inch). Department has all qualified teachers with their academic qualification of Ph.D. level.

Department of Civil Engineering

Department of Civil Engineering is imparting knowledge in the Fields of Civil engineering like Irrigation and Water Management, Highway & Transportation Engineering, Environmental Engineering, estimating and Costing, Construction Planning and Management etc. with core subjects like Material Technology, Surveying, Civil Engineering Drawing, Building Construction Technology and Computer Applications in the field of Civil Engineering.

The Department of Civil Engineering is actively teaching Practical aspects of all the subjects of Civil Engineering in various well-established laboratories with latest instruments. The surveying Laboratory is well modernized with the advent of Latest Field-Survey instruments such as Total-Station, Auto-Levels and Digital Planimeter.

For the practical and on-site learning benefits of the students, Every year the Department is organizing, Study Tours and Field Cum Plant visits, and also inviting Technical sessions and seminars from Experts in the field of Civil Engineering and also other academic events along with the Regular Teaching of Curriculum.

Department of Electrical Engineering

Department of Electrical Engineering involves in following Diploma Courses:

1. Diploma in Electrical Engineering with the intake of 150 as Grant In Aid Course
2. Diploma in Information Technology with the intake of 30 as Grant In Aid Course
3. Diploma in Computer Engineering with the intake of 60 as Self Finance Course
4. Diploma in Electronics and Communication with the intake of 60 as Self Finance Course
5. Extended Diploma Course in Electrical Engineering with the intake of 65.

Department has full staff strength with rich experience in 9 different fields of Engineering.

Department has fully equipped laboratories for all the subjects related to Electrical, Electronics, Communication as well as Computer Engineering.

Department of Mechanical Engineering

The Department of Mechanical Engineering represents a broad-based discipline that prepares students for careers in a variety of industry, governmental, and educational positions. Department of Mechanical Engineering is having a rich heritage of having been with Polytechnic right from the date of inception of polytechnic which started in 1903 at Kalabhavan.

Department of Petrochemical Technology

□ The Department of Petrochemical Technology (Chemical Engineering) is academically part and partial of Chem. Engg. Deptt. at Faculty of Tech. & Engg. of The M.S. University of Baroda was established in the academic year 1969-70 under the Indo-USSR agreement.

□ The Laboratories of Petroleum Refining & four chemical engineering laboratories were re-established in the year 1990 after the building collapse due to cyclone in 1984.

□ The unique course is conducted with 45 intake capacity for the S.S.C. passed students.

□ The Four year Diploma PCT course was started in 1973 with oil & gas, Plastic & Fertilizer as a special subject then the course was modified to three year diploma in 1982 as per the national policy. The course has been revised in 1992, 2003, 2008, 2015 & implemented progressively.

□ Each year industrial visits & Expert Lectures are arranged for final year students. Passed students are employed in companies like Essar, L & T, Reliance, Dupont, Rubamin, and Tata Chemicals with starting salary of Rs 5000 to 10000 per month.

20B. Centre for Lifelong Learning and Extension

1 INTRODUCTION

The Centre for Life Long Learning and Extension (earlier Centre for Continuing / Adult Education and Community Services) started in the year 1972 with the objective of making the University resources available to the community. The Centre offers its educational resources to adult groups, community agencies and organizations, who are not regularly enrolled as full-time students and whose higher educational needs are not met by educational and other social institutions. The underlying objective of the Centre is to bring the community and the University closer by providing an opportunity to share the benefits and dividends of the University, its talent, research and resources. The Centre is the only educational institution in the city of Baroda to offer a wide range of inter-disciplinary courses. The Centre offers 20 short term and 22 long term courses.

20C. Computer Centre

1. INTRODUCTION

The Maharaja Sayajirao University Computer Center as a central facility started in 1980 with the assistance from the University Grant Commission(UGC), New Delhi and installation of IBM/360 system. During the past 25 years, with the development in technology, the Computer Centre had upgraded hardware and software from the grants received from the UGC and different Five Year Plan grants from the state government and other government funding agencies.

In 1999, the activities of the Computer Centre underwent a major reorganisation with the establishment of a branch in the University Office premises for the purpose of administrative convenience, which was meant to take care of the automation of various university operations of Exams, Accounts and Administration. The original premises at the D. N. Hall embarked upon a major developmental agenda involving the establishment of network facilities, providing internet connectivity, deployment of web based services and training of manpower and as facilitator for international academic interactions.

In September 1999, a central facility for internet surfing SURFLAND was started at Computer Center, with the financial support from alumni of the university under the banner of Technology Promotion Trust(TPT). Later on with the financial and technical support from the alumni the university had connected more than 2500 computers to the network that has fiber optic backbone of approximate 30 KMS. across various campuses of the university.

1 INTRODUCTION

The University Health Centre is a unique service centre of the M. S. University of Baroda providing health care to the M.S. University staff, their dependent family members, as well as the students on outdoor basis for over five decades now. The Centre addresses the medical as well as mental health needs to its clients. The mental health problems are attended through MARG Counselling centre working since 1989, directly under the auspices of the Health Center. Its counselling and guidance services are open not only to the University staff, their family members and the university students, but also for the general public including the school children and youth of Vadodara. The Health Centre has maintained its tradition of rendering efficient and good quality personal as well as family medical care over the years. Over and above giving outdoor treatment in day-to-day illnesses, the centre also provides facilities for indoor treatment on observation basis, management of injuries, casualties and medical emergencies and immunization services through its competent staff, modern medical equipments and a well-furnished laboratory. The laboratory is equipped with fully automatic biochemical and blood analysis, acquired only recently, for doing all the routine as well as specialized diagnostic and biochemical tests. During the current year, with the financial assistance allotted in the XIth plan, we have been able to acquire new laboratory equipments, as well as undertake the extension and renovation of the existing health centre building. The Centre has new extended wing to house the regular medical staff, visiting consultants the counseling services & drugs dispensing room. The centre has started a Physiotherapy unit under Dr. Charmi Doshi in July-2014. It offers facilities like wax bath, ultrasound and exercise training to patient having Orthopedic and Neurological problems. DIFFERENT OTHER ACTIVITIES

Research and Consultancy Cell had also undertaken various academic and faculty improvement programs during this year. Following were the activities and programs conducted by the Cell.

1. **Faculty Empowerment Program 'SAKSHAM'** by MICROSOFT has been conducted by R & C cell. This ICT (Internet and Communication Technology) training program **"SAKSHAM"** for higher education segment for the University, aligned with the objectives of NMEICT policy of MHRD, New Delhi was conducted for about **50 teachers** from different faculties and departments from **26th March 2015 to 1st April, 2015.**
2. **Training Program on Interactive Board**
The interactive boards have great potential as a tool to enhance pedagogical practices in the classroom and ultimately improve student achievement. Therefore, University had purchased these Interactive whiteboards more than couple of years back and distributed in the different Departments. It is observed that mostly these boards are lying unused because of the lack of proper training to the teachers. **Hence, Research and Consultancy Cell** had conducted training Program on interactive boards for teaching purpose for two days on 10th and 11th August, 2015. About **43** teachers from all over the University participated.
3. **Intellectual Property Rights (IPR)**
Research and Consultancy Cell, of The M.S. University of Baroda had conducted an **"Awareness programs on Intellectual Property Rights (IPR) i.e. Patents, Designs, & geographical Indications"** on 19th September, 2015 to create awareness amongst teachers about **50** teachers from University and from other universities of the State of Gujarat had attended.
4. **Talk of Dr. Anil Patel (Seattle, USA)**
Dr. Anil Patel (Seattle, USA) who is retired from the position as Vice President of Research for Surgical Products R&D at Alcon (USA) was invited for a talk on 18th December, 2015 at Deep Auditorium by Research and Consultancy Cell. He delivered two talk on
 - a. **Creativity, Problem solving and Innovation**
Modern Cataract Surgery revolution, LASIK eye Surgery for Myopia treatment, Intra -aortic baloon pump for heart attack, Photo therapy for treatment of jaundice in new born babies and computer Spirometry for measuring lung functions.
 - b. **Teaching Methods for Creativity, Problem solving and Innovation-**
This lecture will define - Out of Box or lateral thinking collaborative brain storming, how necessity can motivate to be innovative, needed qualification for teachers of this subject, how teaching methods and college level curriculum are available in USA and why it is needed to adapt to needs of India
5. **5 day Digital Innovation Program by MICROSOFT**
Faculty Empowerment 'DIGITAL INNOVATION' Program by Microsoft has designed this ICT (Internet and Communication Technology) training program **"DIGITAL INNOVATION"** for higher education segment for the University, aligned with the objectives of NMEICT policy of MHRD, New Delhi from **28th December 2015 to 1st January, 2016.** Technical material related to this program will be provided by Microsoft. Participants and will be given certificates by Microsoft after attending all five days of the training. For non-teaching staff and research students, training will be only for **one day. Training duration – 8 hours per day. 5 days training**
About 55 teachers, 40 Research Scholars, 50 non-teaching staff and about 30 officers & administrative staff of the University main office were trained.

6. Lecture on “RESEARCH FOR RESURGENCE” by Mr. Mukul Kanitkar

A lecture on “RESEARCH FOR RESURGENCE” was conducted at BBA Auditorium on 8th January, 2016 3 to 6 pm by Mr. Mukul Kanitkar, Secretary, Bhartiya Shikshan Mandal, Nagpur. He was facilitated by Hon’ble Vice Chancellor. A token of Rs. 5000/ and a University memento was given. He was also offered air fare of Rs. 15,806 from the Research and Consultancy Cell.

A number of measures are planned that are aimed at improving industrial research and consultancy in the M. S. University of Baroda. The overall strategy for developing sponsored research and industrial consulting activities at M .S Univ. is to vigorously identify new research projects of interest to industry.

- To encourage to increase the number of industry-driven projects
- To Encourage to increase the number of patents applied for
- To encourage to commercialize at least few research innovations annually
- To encourage “idea to product” activity involving teachers and students
- To encourage Publication in good journals and presentation at conference and seminars to early-career faculty members to whom the research projects have been sanctioned.
- To encourage output of their research projects by assessing periodically,
- To assist early-career faculty members in every way possible to enhance their productivity by providing them greater visibility through the University’s website and media projection if required.

20N. Office of Corporate Affairs

1. Introduction

The rapidly changing socio, economic and political dynamics of the world and its rising complexities have necessitated the need to create synergies between the academia and the corporate world. Even the emerging development and management paradigms suggest that the two must come closer to each other from their separate domains and work together not only for the betterment of society but also to avoid mismatch between the demand and supply of quality human power. Moreover, if the university's prime endeavors are to generate new knowledge by undertaking need based researches, equip students with the relevant knowledge, attitude and skills that will enable them to be effective citizens and provide them with employability in the industry and other organizations; it is important that the two constantly interact and build mutually benefiting relationship.

The Office of Corporate Affairs (OCA) of the Maharaja Sayajirao University of Baroda is established to strengthen the university – industry relationship. OCA wishes to work towards garnering active support from industries of the State facilitating their involvement in research, training and placements of students.

Vision

To strengthen university-industries interface and create synergies between the academia and corporate world.

Mission

To raise university's goodwill in industries and corporate ventures at the local, state and national level.

Objectives of OCA

- Develop initiatives across campus to build and strengthen linkages with the industries and corporate of the state.
- Recognize and sustain existing university-industry partnerships and programs and establish new ones.
- Facilitate cooperation and coordination among all the industries of the university having/needing ties with industrial and corporate houses.
- Strengthen collaborations and facilitate coordination with industries for curriculum development, research, training and consultancy services as well as students placements.
- Organize workshops, seminars, symposia, meetings and undertake projects on topics of mutual interest.
- Mobilize corporate funding and grant.

Report of Activities carried out by Office of Corporate Affairs (July 2015 to June 2016)

I) Placement drive

For the first time, placements were held at Faculty of Arts due to efforts of OCA by Texas based IT firm, E-Tech Solutions. Around 50 students from Bachelors and Masters course had appeared for the placements and 15 were shortlisted by the company.

II) Increasing Employability of Students

"You are your greatest asset. Put your time, effort and money into training, grooming, and encouraging your greatest asset."-Tom Hopkins.

The most obvious and best impression of an organization's image on the outer world stems off from the image presented by employees in that company. Hence it is important that a corporate professional should not just look presentable, but also should be able to communicate and behave in a professional manner.

To inculcate this practice among students, OCA had organized three workshops on "Grooming for Corporate" till now.

Workshop on Corporate Etiquettes

- A) Workshop was organized on Corporate Etiquettes by renowned corporate trainer **Ms. Avi Sabavala** for University students. Around 180 final year graduate/post graduate students representing twelve departments of nine faculties participated in the program in the year 2015.

X) Student Internship Program

In the Student Internship Program, The students from various faculties of our university were placed at OCA, total 21 students were placed as interns. They were given Assignment related to the upcoming CEO Conclave, moreover they had also participated in workshop on corporate grooming.

200. Office of Alumni Affairs

The following activities were carried out during the year 2015-2016 by the Office of Alumni Affairs

1. Compiling information about various alumni associations in the university.

There are various existing alumni associations in the university. Departments were requested to send details of the same.

2. Initiating monthly interaction sessions in various departments across the university

Under this initiative, any one alumni member of the department was invited to give a talk / presentation / carry out interaction for career guidance / mentoring etc by interacting with the students of the department for 1 hour once a month.

The Concept

Alumni members are the assets of the department as they are the connecting links between the department and the industry / field / profession. Their expertise / experience can play a vital role in shaping the future of the existing students.

In order to connect the alumni members with the department and encourage their participation in the development of the department, it is suggested to start a lecture series / interaction session of the existing students with alumni members.

As a part of this exercise, it is proposed to arrange one lecture / interaction session every month on a pre-identified day of any one alumni member with the final year students of the department. This will not only connect the alumni members once again with the department but also help in mentoring / grooming of the existing students in their journey of becoming professionals.

Benefits of the activity

- Connecting Alumni back to the department – giving them a sense of belonging
- Improving database of alumni contact
- Providing a link between existing students and alumni which can give an opportunity to our students to learn from the experiences of the alumni and thus improve placement scenario.
- Alumni can mentor students / assist in academic internships wherever applicable
- Improve placement scenario for students
- Incorporating suggestions of alumni in curriculum development and using their expertise for improvement

3. Coordinating for Reunions

The Office of Alumni Affairs tried to play a supporting role in arranging reunions / get-togethers at various departments / faculties.

4. Compiling contact details of alumni for the purpose of NAAC Committee interaction.

During its visit for accreditation of the university, the NAAC team will be interacting with a few alumni of the university. For this purpose, the contact details of 10-15 alumni members from all the departments were collected and compiled.

5. Collecting details of eminent alumni

In order to update the website, it was attempted to collect details of eminent alumni of various departments / faculties.

6. Collecting details of alumni donations

Many of the alumni have come forward and contributed in updating / creating new infrastructure in their department / faculty. The details of such contributions were collected.

7. Xplore MSU – A Heritage Walk initiated for the first time in the history of MSU

With the purpose of instilling a sense of pride as well as bringing awareness about the various elements of heritage value available within the university, the Office of Alumni Affairs decided to initiate a series of heritage walks within the university.

The entire university campus was divided into four routes for conducting the walk

1. All elements and structures located in the main campus consisting of Faculty of Arts, Commerce, Science, Education and Psychology, Experimental School, Baroda Sanskrit Mahavidyalaya, D.N.Hall, C.C.Mehta Auditorium, etc.
2. Faculty of Technology & Engineering (Kalabhavan) and Oriental Institute
3. Faculty of Performing Arts (Music College)

Faculty of Fine Arts, Chamelibaug, Gulab baug, Faculty of Family and Community Sciences, Sayaji Bhavan, etc.

The first walk was conducted for Route 1 in the main campus on 3rd January, 2016 on occasion of the Diamond Jubilee Day Celebration of Shrimant Maharaja Sayajirao Gaekwad - III with a unique exhibition on photographs of the then celebrations along with the display of the grandeur of MSU.

This walk sponsored by GAIL (India) commenced from The Premanand Hall and culminated at The Baroda Sanskrit Mahavidyalaya. It included a visit to various buildings and museums located in the main campus of MSU.

The event was witnessed by more than 500 visitors which included students, staff and alumni of MSU.

The event was honoured with the presence of Rajmata Shubhangini Raje Gaekwad, The Chancellor of The Maharaja Sayajirao University of Baroda and Smt.Avantika Singh Aulakh, Collector & District Magistrate of Vadodara as the guest of honour in presence of Prof Parimal Vyas, Hon. Vice Chancellor and Dr. Neerja Jaiswal, The Registrar OSD from the university. 21E National Service Scheme

In India, the idea of involving Youth in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society.

The students should do "something positive so that the life of the common people might be raised to a higher material and moral level" The post-independence era was marked by an urge for introducing social service for students, both as a measure of educational reform and as a means to improve the quality of educated manpower.

The University Grants Commission headed by Dr. Radhakrishnan recommended introduction of national service in the academic institutions on a voluntary basis with a view to developing healthy contacts between the students and teachers on the one hand and establishing a constructive linkage between the campus and the community on the other hand.

Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969. Aimed at developing student's personality through community service. NSS is a voluntary association of young people in Colleges, Universities and at +2 levels working for a campus-community linkage.

The cardinal principle of the NSS program is that it is organized by the students themselves, and both students and teachers through their combined participation in community service, get a sense of involvement in the tasks of nation building.

AIMS AND OBJECTIVES OF NSS

- Understand the community in which they work.
- Understand themselves in relation to their community.
- Identify the needs and problems in the community and the Solutions in which they can be involved.
- Develop among themselves a sense of social and civic responsibility.
- Apply their education in finding practical solutions to individual and community problems.
- Develop competencies required for group living and sharing responsibilities.

21F. Students' Common Room

There are three Common Rooms for University students. Two rooms are on the campus-one for boy students and the other for girl students. The third room generally known as Non-Resident Students' Centre, is near the Faculty of Technology and Engineering. The Women Students' Common Room and the Non-Resident Students' Centre, were built with financial assistance from the University Grants Commission and the State Government.

A cafeteria is attached to each of the three Common Rooms. There are facilities for indoor games such as carrom, draught, chess, table tennis etc. and for reading news-papers, periodicals and books. A committee, consisting of the members of the teaching staff, looks after the upkeep and arrangement of the rooms. The rooms are also used for meeting of Student's Associations, Socials, Indoor Games and Tournaments.

Shrimati Hansa Mehta Library

23. Shrimati Hansa Mehta Library

1 INTRODUCTION

Smt. Hansa Mehta Library- Knowledge Resource Centre is the Central Library governing the entire University Library System. It is the first Wi-Fi compatible Library in the State, catering to the educational/information needs of academic fraternity of The Maharaja Sayajirao University of Baroda, Universities and Institutes of Higher Learning in and around Baroda.

Our University Library being identified as a Document Delivery Centre with 22 Universities from among 700+ Universities in the country to provide Inter Library Loan service (ILL) is ranked 6th in the country. As per the statistics provided by INFLIBNET, on E-Resources usage point of view our library is on Rank No.17.

Our University has signed MOU with INFLIBNET for the “Shodhganga” project on 22nd August 2012. Till date we have uploaded all 3466 theses on Shodhganga and is on 8th rank (2016) among contributing Universities in the country and have access to 1,15,000+ E Theses of contributing Indian Universities.

Ranked 7th(only University Library) in top ten must visit libraries in India in a survey by India Today. (2016)

Library is known for its collection, well enriched with print and electronic resources. Library is having 1,00,000+ users (virtual and physical) per month. Library has played a significant role in enhancing research output of University having h-index of 66 (2016).

Peer team of NAAC members were quite impressed by the services rendered by the Library.

Oriental Institute

1 INTRODUCTION

The Oriental Institute is a post-graduate teaching and research Institute right from its very inception. Established in 1927 by Sir Sayajirao Gaekwad, III, is a constituent body of The M. S. University of Baroda. Enduring a glorious history, the Institute still commands respect among Sanskrit scholars all over the world because of its (a) Collection of invaluable manuscripts in Sanskrit language (now 30,295) (b) Its outstanding publications of Gaekwad Oriental Series (GOS started in 1916 with Rajasekhara's Kavyamimamsa) where 187 books are published so far, Critical Editions and Research Journals - Journal of Oriental Institute (in English) and Svadhyaya (in Gujarati) (c) Its Oriental Library which deposits many rare and extinct elsewhere publications in its collection. Thus the Institute has four departments.

Critical Edition's Wing

Critical Edition Section - Established as Ramayana Department specifically for the critical editing of Valmiki-Ramayana in 1951- which is now a land-mark identity of Oriental Institute in the world. Its other editions of Vishnupurana (in II Vols.) and Markandeyapurana (in three Vols.) are also acclaimed by the scholars. At present it is busy in preparing critical edition of Vayupurana. The writing of the vulgate of 112 Adhyayas is ready. The collation work of the manuscripts are ready for 112 Adhyayas. Critical Apparatus of Chapters 47 completed and 48 continued. Constituted text upto Chapter 60 is completed and 61 continued.

Manuscript Section

This section is the heart of the Institute. The scholars from all over the world come here to refer the manuscripts and can get the digitized copy of the required manuscript/s. The National Manuscripts Mission has started a Project of digitizing all the Manuscripts of Oriental Institute this year. In first phase, nearly 26000 manuscripts are digitized. These Manuscripts vary in subjects as well as in script which included Persian and Arabic also. The Manuscripts are written on Paper (mostly), Palm-leaf (nearly 2000), Birch-bark (few), Sanchipat etc.

This year we provided digitized copies of 66 Manuscripts to 34 scholars. Some of them personally came to collect them and to others, we sent them online on their request.

It was a very busy year for the manuscript section as it had 39 visits from the out-side world. Some were the scholars and some from the school-college students to have a peek into our old-tradition of writing.

The Section received a new Scanner (a book scanner which can scan A3 Size book); one new Digital Camera of 20 pixel.

Printed Section

Printed Section - Or the Library of the Institute is equally famous for its rich collection of books and Journals on Indology. The Library has a collection of 53,451 Books and bound Periodicals of 100 Journals which are received in exchange of Institute's Journal of Oriental Institute. Under UGC – XII Plan, a grant of Rs.5,00,000/- (to be utilized before 31st March 2017) has been received for Purchase of books.

NOTEWORTHY TITLES OF BOOKS ENTERED IN 2015-2016:

1. History of Sanskrit Poetics.
2. Vamana Purana: Sanskrit text & English Translation.
3. Mimamsadarshanam Vimarsha.
4. Baudhayan Sautrasutra.
5. Paninian treatment of Sanskrit indeclinables.
6. Kalatattva Kosha.
7. Srimadabhidhan Rajendra Kosha.
8. The Art of Painting.
9. Personality Development in Sanskrit Literature.
10. Mughal Chitrakala.
11. Srimad Devibhagavatam.
12. Bharatiya Puralekha.

We are also providing the Xerox and Digitized facility to users of the library on their demand. Library users are coming from all over India for their reference query.

Translation Branch

This section was established in 1912 to look after the vernacular publications of the Institute which are published under five Mala Series - Sri Sayaji Sahityamala for Adults, Sri Sayaji Balajnanamala for Juveniles, Sri Sayaji Gramavikasamala for rural uplift, Matusri Jamanabai Smaraka Granthamala for Women, Sri Sisujnanamala for Children. The languages are Gujarati, Marathi and Hindi. 695 books have been published in these Series.

Other than these publications and GOS, the Institute also publishes books under Maharaja Sayajirao Memorial Lecture Series, The M.S.University Oriental Series, M.S.University of Baroda Research Series.

This section has published one book 'Mahabharat Na Gudh Rahasyo' translated into Gujarati from Marathi by Vijayaben Lele.

Faculty of Pharmacy						
58	Shri Dube Brahmanand Rajendraprasad	Pharmacy	Formulation, Characterization and Evaluation of Nanoparticulate Therapeutic Systems for Targeting Brain Tumors	Dr. Krutika K. Sawant	495 09/10/2009	EX5/4550 25/02/2016
59	Shri Rathi Mohan Narayandas	Pharmacy	Development and Characterization of Functionalized Nanoconstructs for Effective Treatment of Lung Cancer	Prof. A. N. Misra	207 27/07/2010	EX5/4550 25/02/2016
60	Shri Premlal Santosh Meher	Pharmacy	Design and Synthesis of Some Quinazoline Derivatives as Potential Anticancer Agents	Prof. M. R. Yadav	287 31/07/2008	EX5/923 30/05/2016
Faculty of Science						
61	Shri Sumeet Kumar Pandey	Bio-Chemistry	Development of Escherichia coli probiotic strains for alleviation of metabolic syndrome in rats induced by dietary fructose and sucrose	Prof. G. Naresh Kumar	438 17/07/2012	EX5/1548 06/07/2015
62	Ms. Krishma Mukeshbhai Tailor	Bio-chemistry	Role of (p)ppGpp synthetase (relA) and 23S rRNA methyltransferase (rumA) in conferring low level of multiple antibiotic resistance in Escherichia coli	Dr. Jayashree Pohnerkar	416 09/07/2009	EX5/3098 20/10/2015
63	Ms. Bhairavi Navnitray Vajaria	Bio-Chemistry	Study Of Glycosylation Changes and Associated Molecular Markers in Oral Cancer	Dr. Prabhudas S. Patel - Guide Prof. Rasheedunnisa Begum - Co-guide	500 10/05/2010	EX5/3746 28/12/2015
64	Ms. Patel Kinjalben Ratilal	Bio-Chemistry	Molecular Pathogenesis of Oral Cancer in Relevance TO p53	Dr. Prabhudas S. Patel - Guide Prof. Rasheedunnisa Begum - Co-guide	362 31/08/2010	EX5/3746 28/12/2015

65	Shri Joshi Rushikesh Ghanashyambhai	Bio-Chemistry	Structural and Functional Characterizations of the Degradation Determinant Signals of Ornithine Decarboxylase (ODC)	Prof. C. Ratna Prabha	439 24/08/2009	EX5/4550 25/02/2016
66	Shri Ashish Kumar Singh	Bio-Chemistry	Exploring the Potential of Probiotic Escherichia Coli in Ameliorating Ethanol Induced Metabolic Disorder and Oxidative Damage in Rats	Prof. G. Naresh Kumar	430 16/07/2012	EX5/4550 25/02/2016
67	Ms. Muskaan Anil Belani	Bio-Chemistry	Exploring the Role of Cadmium, an Endocrine Disruptor and Insulin Resistance: Mechanism and Implications on Ovarian Cells	Prof. Sarita Gupta	369 27/08/2010	EX5/24 04/04/2016
68	Ms. Muskaan Anil Belani	Bio-Chemistry	Exploring the Role of Cadmium, an Endocrine Disruptor and Insulin Resistance: Mechanism and Implications on Ovarian Cells	Prof. Sarita Gupta	369 27/08/2010	EX5/24 04/04/2016
69	Shri Trivedi Ujwalkumar	Bio-Chemistry	Functional Characterization of XisA Protein of Anabaena sp. PCC 7120	Prof. G. Naresh Kumar	1833 19/10/2012	EX5/923 30/05/2016
70	Ms. Malhi Ramandeep Kaur Manjitsingh	Botany	Optical and Microwave Remote Sensing In Agricultural Land Studies	Prof. Garge Sandhya Kiran	438 25/08/2009	EX5/2292 13/08/2015
71	Ms. Alpana V. Revdandekar	Botany	Ecologically Sustainable Development Plan for Pavagadh Forest Area Using Satellite Data	Prof. Garge Sandhya Kiran	16 18/01/2008	EX5/3098 20/10/2015
72	Ms. Gagandeep Kaur Pramjitsingh Bhambra	Botany	Phytochemical and Pharmacological Characterization of Two Endemic Tephrosia Pers. Species from Western India	Dr. P. S. Nagar	421 19/04/2012	EX5/3098 20/10/2015
73	Ms. Shreestuti Purnendu Tattu	Botany	Study on the Coastal Vegetation and Land-Use Changes of the Coastal Talukas of Bharuch District	Dr. Dharmendra Shah	354 07/07/2010	EX5/923 30/05/2016
74	Ms. Pandya Bhavika Kiritkumar	Botany	Enhancement of Bio-Pulping by Xylanase-Laccase Concoction Derived through Co-Culture Strategy	Prof. Susy Albert	113 19/10/2011	EX5/923 30/05/2016
75	Ms. Bhadouria Arti Rajkumarsingh	Chemistry	Solution Behavior of Surfactants: Synthesis and Clouding Behavior	Dr. Sanjeev Kumar	494 22/07/2010	EX5/1975 29/07/2015
76	Ms. Solanki Ankitaben Pravinsinh	Chemistry	Studies on Metal Complexes with Pyrazole Based Ligands: Synthesis, Characterization, Crystal Structure and Biological Activities	Dr. S. B. Kumar	425 27/06/2012	EX5/2731 21/09/2015
77	Ms. Namrata Dixit	Chemistry	Template Directed Synthesis, Characterization and Applications of II-VI Semiconductor Nanoparticles	Dr. Hemant P. Soni	462 23/03/2009	EX5/2731 21/09/2015

78	Shri Jadav Pradipsinh Arjunsinh	Chemistry	Design, Synthesis and Biological Evaluation of Novel and Selective DPP-IV Inhibitors for the Treatment of Type-2 Diabetes	Dr. S. R. Shah	406 05/06/2009	EX5/2731 21/09/2015
79	Shri Sanjay Kumar Verma	Chemistry	Metal Complexes Bearing N, O or S Binding Ligands: Synthesis, Characterization and Properties	Dr. Vinay Kumar Singh	596 12/01/2011	EX5/2731 21/09/2015
80	Shri Mande Hemant Malhari	Chemistry	Designing and Studies on Molecular Materials	Prof. Prasanna Ghalsasi	431 06/08/2009	EX5/2731 21/09/2015
81	Ms. Ageetha S.	Chemistry	Synthesis, Characterization and Applications of Biopolymer Composites	Prof. Padmaja Sudhakar	455 27/02/2009	EX5/3098 20/10/2015
82	Ms. Patel Harsha Vasantkumar	Chemistry	Studies on Solution Behavior of Surfactants in Presence of Additives	Dr. Sanjeev Kumar	461 23/03/2009	EX5/3098 20/10/2015
83	Shri Puran Singh Rathore	Chemistry	Studies on Nanoparticle Assisted Organic Transformations	Dr. Sonal Thakore	492 27/07/2010	EX5/3098 20/10/2015
84	Shri Shardul Bharatkumar Bhatt	Chemistry	Synthesis and Study of Transition Metal Complexes with Optically Active Betti Base and Its Derivatives	Dr. Bhavna M. Trivedi	5908 19/12/2008	EX5/4550 25/02/2016
85	Ms. Ruchita Rajendra Thakore	Chemistry	Design, Synthesis and Study of C3 Symmetric Compounds	Prof. S. R. Shah	496 23/07/2010	EX5/4550 25/02/2016
86	Shri Nilesh Jain	Chemistry	Application of Biocatalysts to Access Useful Chiral Molecules	Prof. A . V. Bedekar	495 15/07/2010	EX5/4550 25/02/2016
87	Shri Kamlesh Kumar Vishwakarma	Chemistry	Biotic and Abiotic Degradation of Imidacloprid in Soil and Water	Dr. Prakash B. Samnani	135 13/05/2008	EX5/24 04/04/2016
88	Ms. Krupa Navinbhai Patel	Chemistry	Synthesis, Characterization and Study of Highly Conjugated Organic Molecules	Prof. Ashutosh V. Bedekar	335 24/06/2010	EX5/514 06/05/2016
89	Shri Joseph V.A.	Chemistry	Synthesis, Characterization, Crystal Structure and Biological Evaluation of Schiff Bases and their Metal Complexes	Dr. R. N. Jadeja	316 06/12/2010	EX5/923 30/05/2016
90	Shri Zaware Pandurang Gangadhar	Chemistry	Design, Synthesis and Biological Evaluation of Novel Ppar Agonists as Antihyperglycemic and Antihyperlipidemic Agents	Dr. Rajesh Bahekar – Co Guide Prof. S. R. Shah – Guide	443 27/08/2009	EX5/1317 30/06/2016

Statement showing Student-Teachers Ratio for the Last Five Years

The staff and students ratio is calculated on the basis of students enrolled divided by the number of Teachers (excluding Faculty of Medicine). The table below shows the staff student ratio for the last five years.

Year	No. of University Teachers	Students Enrolment	Staff-Student ratio
2011-2012	1,112	36,407	1: 32.74
2012-2013	1,063	37,058	1: 34.86

Financial Assistance sanctioned to Teachers for Participation in Conferences and Seminars etc. in India during the year 2015-2016

Sr. No.	Name of the Teacher, Designation, Department & Faculty/Institution	Name, Date and Place of Conference / Seminar etc.
FACULTY OF COMMERCE		
1	Dr. Gynanesh Desai Associate Professor Department of Accounting & Financial Management	To present paper on "Role of Accounting and the Nation" at All India Accounting Association held at Punjab University, Chandigarh during 5th - 6th December 2015
2	Shri Janak M. Shah Department of Accounting & Financial Management	To attend "Accountancy & Commerce Education Summit" organised by The Institute of Chartered Accountants of India at Chennai on 30 th April 2015
FACULTY OF TECHNOLOGY & ENGINEERING		
3	Mr. Pankaj Prajapati Associate Professor Department of Civil Engg.	To present paper entitled "Progress towards Sustainable Transportation System - A Case Study for Vadodara City" in National Conference on "Sustainable & Smart Cities (SSC-15) held at SVNIT, Surat during 10th & 11th April 2015
4	Dr. Suvarna D. Shah Associate Professor Department of Civil Engg.	To attend Monsoon School on "Urban Floods" held at IISC, Bangalore during 24th to 29th August 2015
5	Mr. Pankaj S. Prajapati Associate Professor Department of Civil Engg.	To present paper on "Identification of hazardous road locations for vulnerable road users using kernel density" and "Comparison of fatal accidents in urban area and its hinterland" in International Symposium on Transportation Planning & Safety, held at IIT Delhi,
6	Dr. Jagdishkumar M. Prajapati Associate Professor Department of Mechanical Engg.	To present paper on "Kinematic Design Optimization of Planer-Link Mechanism based Manipulator" in International Conference on 1st International Conference on Advancement and Recent Innovations in Mechanical, production and Industrial Engineering (ARIMPIE-2015) held at ITS Engineering College, Greater Noida, UP during 10th & 11th April 2015
7	Dr. S. Brintha Lakshmi Associate Professor Department of Architecture	To attend Workshop on COA Minimum Standards and Online Institution management System (IMS) at Mumbai on 30th October 2015
8	Ms. Punita J. Mehta Associate Professor Department of Architecture	To attend Workshop on COA Minimum Standards and Online Institution management System (IMS) at Mumbai on 30th October 2015
9	Ms. Avani Thakkar Technical Assistant Department of Architecture	To attend Workshop on COA Minimum Standards and Online Institution management System (IMS) at Mumbai on 30th October 2015

10	Prof. Shishir Rawal Professor Department of Architecture	To present paper on "Water as a Socio-Cultural Attribute" at 11th ISOLA Annual Conference held at ISOLA Bangalore, Chapter, Allahabad during 21st to 24th January 2016
11	Dr. Viral V. Kapadia Assistant Professor Department of Computer Science	To present paper on "Fizzy based Prediction of % BOD Removal in Activated Sludge Process" in International Conference on 'Electrical, Electronics and Computer Science Engineering (ICEECSE-2015) IRD India' held at Pune during 29th August 2015
12	Mr. Samir R. Thakkar Assistant Professor Department of Computer Applications	To present paper on "E-Learning Systems - A Review" at 7th IEEE International Conference on Technology for Education held at Warangal, Telangana during 10th to 12th December 2015
13	Dr. Mamta C. Padole Associate Professor Department of Computer Science & Engineering	To present paper on "Distributed Approach to Pattern Matching in Genomics" at UPCON 2015 held at Indian Institute of Information Technology, Allahabad during 4th to 6th December 2015
14	Prof. P. T. Deota Professor Department of Applied Chemistry	To attend Indian Science Congress 2016 held at Mysore, Karnataka during 3rd to 7th January 2016
15	Dr. Ran Bahadur Assistant Professor Department of Applied Chemistry	To present paper on "Removal of Cu ²⁺ and Ni ²⁺ Ions by using Chelating Ion Exchanger" at International Conference on Energy, Environment and Engineering held at Coimbatore Institute of Technology, Coimbatore during 29th February to 2nd March 2016
16	Dr. Purnima Pandit Assistant Professor Department of Applied Mathematics	To present paper on "Computing Greeks for European Option with Fuzzy Stock Price" at International Conference on Current Trends in PDEs: Theory & Computation held at South Asian University, New Delhi during 28th to 30th December 2015
17	Prof. Satishkumar Joshi Professor Department of Electrical Engg.	To present paper on "Trace most sensitive power transaction for optimized value of available transfer capability with combined approach of artificial intelligent techniques and statistical model analysis" at 6th IEEE International Conference on Power
18	Dr. Bipin J. Agrawal Associate Professor Department of Textile Chemistry	To present paper on "Ayurveda - Herbal fabrics designed for healing" at 6th World Congress on Biotechnology held OMICS Publishing Group, USA at New Delhi during 5th to 7th October 2015
19	Dr. Jignesh R. Mehta, Assistant Professor Department of Mechanical Engg.	To present paper on "Performance Prediction of a small size parabolic trough solar collector for water heating application" at Nirma University International Conference of Engineering (NUICONE 2015) at Ahmedabad during 26th to 28th November 2015

20	Dr. C. J. Panchal Associate Professor Department of Applied Physics	To present paper on "Optimization of Ultrasonic and Thermosonic Wire-Bonding Parameters on Au/Ni plated PCB Substrate" in DAE-BRNS National Laser Symposium NLS-24 during 2nd to 5th December 2015
21	Dr. Arun Pratap Professor Department of Applied Physics	To present paper on "Recent Advances in Thermo Analytical Techniques for identification of phase transformations and for evaluation of thermodynamic quantities of novel material" at IIT, BHU, Varanasi during 21st to 23rd January 2016
22	Dr. N. D. Chavda Assistant Professor Department of Applied Physics	To present paper on "Statistical Properties of Finite Interacting Boson Systems With F-spin" at CDS 2016 Symposium held at National Institute of Technology, Durgapur, West Bengal during 15th to 17th February 2016
23	Dr. Chetan K. Modi Associate Professor Department of Applied Chemistry	To present paper on "Entrapment of metallo-pyrazole complexes inside the nanovoids of zeolite-y as heterogeneous catalysts" at International Conference on Materials Science & Technology (ICEMTech-2016) held at Conference Centre, University of Delhi, New Delhi during 1st to 4th
24	Mr. Hemangkumar Tailor Associate Professor Department of Electronic Engg.	To present paper on "CO2 A Challenge to SF6 in Medium Voltage Switchgear Applications" at 9th international Conference on Switchgear & Controlgear Technology SWICON 2015 organized by IEEMA at Mumbai during 25th to 27th November 2015
25	Dr. Charul Jain Assistant Professor Department of English	To present paper on "Integrating Authentic Materials into Eap Classroom" in 10th International & 46th National Annual ELTAI Conference on Learning and Teaching English in India: Setting Standards Organized by RKG Institute of Technology for women
FACULTY OF SCIENCE		
26	Dr. Arunkumar L. Patel Assistant Professor Department of Chemistry	To present paper on "Synthesis and Characterization of a new series of 2,4,5-trisubstituted oxazole and their in-vitro cytotoxicity studies against MCF-7 and A549 human Cancer cell lines" at 10th Mid-year, Chemical Research Society of India (CSIR), held at NIT, Tiruchirapalli on 23rd to 25th July 2015
27	Dr. Rajendrasinh N. Jadeja Assistant Professor Department of Chemistry	To present paper on "Synthesis, Crystal Structure and Anil Cancer Studies on Pyrazolone Incorporating Bipyridylmetalointercalators" at Modern Trends in Inorganic Chemistry XVI, MTIC-SVI at Jadavpur University, Kolkata during 3rd to 5th December 2015

28	Dr. Rakesh Srivastava Professor Department of Statistics	To present paper on "Celebratin Statistical Innovation and Impact in a World of Big & Small Data" at Department of Statistics, Savitribai Phule Pune University, Pune during 20th to 24th December 2015
29	Dr. Muralidharan Professor Department of Statistics	To deliver invited talk in the International Conference on "Celebrating Statistical Innnovation and Impact in a World of Big & Small Data" at Department of Statistics, Savitribai Phule Pune University, Pune during 20th to 24th December 2015
30	Dr. Pruthviraj H. Soni Assistant Professor Department of Physics	To present paper on "Effect of Quenching on Sn0.2Bi1.8Te3 Single Crystal Hardness" at 20th National Seminar on Crystal Growth and application held at BARC Mumbai during 19th to 21st January 2016
31	Dr. Ami Rawal Associate Professor Department of Geography	To present paper on "Flood Susceptibility and risk area delineation of Vadodara City" at XXXV INCA International Congress held at Jawaharlal Nehru University, New Delhi during 15th to 17th December 2015
32	Dr. Bhikha Lila Ghodara Assistant Professor Department of Mathematics	To present paper on "Absolute Convergence of Multiple Fourier Series of Functions of $\emptyset (\lambda^1, \dots, \lambda^N)$ bounded variation" held at Visvesvaraya National Institute of Technology, Nagpur during 27th to 30th
33	Prof. Haribhai kataria Professor Department of Mathematics	To present paper on "Soret and heat Generation effects on MHD flow of radiating and chemically reactive Nano Fluid past an oscillating vertical plate with ramped wall temperature and surface concentration through porous medium" at ICEMS-2016 conference held at Jaipur Natinal Univesity,
34	Prof. Rolee Kanchan Professor Department of Geography	To present paper on "A Space Based Glacier Inventory of Bhutan Himalayas" at 9th International Geographical Union Conference held at Shaheed Bhagat Singh College, University of Delhi, New Delhi during 18th to 20th March 2016
35	Dr. Vinay M. Raole Professor Department of Botany	To present paper on "Diversity behind Uniformity: Synflorescence Architecture in Tribe Androogoneae (Family Poaceae)" in 25th Annual Conference of IAAT at Calicut University, Calicut during 17th to 23rd November 2015

FACULTY OF FAMILY & COMMUNITY SCIENCES		
36	Dr. Vanisha Nambiar Associate Professor Department of Foods & Nutrition	To present paper on "Antioxidant Profile and Potential of agro waste Pomegranate peels in health and disease" at 11th International Food Data Conference held at National Institute of Nutrition, Hyderabad during 3rd to 5th November 2015
37	Dr. Suneeta S. Chandorkar Assistant Professor Department of Foods & Nutrition	To present paper on "Is Sodium and Potassium Content of Commonly Consumed Processed Packaged Food a Cause of Concern?" in 11th International Foods Data Conference held at National Institute of Nutrition, Hyderabad during 3rd to 5th November
38	Dr. Mini Sheth Associate Professor Department of Foods & Nutrition	To attend Third Biennial Conference of Probiotic Association of India held at NISER, Bhubaneswar during 11th to 13th March 2016
39	Dr. Rameshwari Pandya, Professor Department of Extension & Communication	To present paper on "Identification and analysis of Extension Programmes in Gender Mainstreaming in Agricultural Sector" at Lifelong Learning and Skill Development held at 61st All India Adult Education Conference in Gandhigram, Tamilnadu during 28th to 30th December 2015
40	Dr. Avani Maniar Assistant Professor Department of Extension & Communication	To present paper on "Role of Media in Lifelong Education" in All India Media Educators Conference - 2015 held at Jaipur during 2nd to 4th April 2015
FACULTY OF ARTS		
41	Prof. Mandakini V. Jha Associate Professor Department of Sociology	To present paper on "Weber and Nature" at 18th International Conference of Forum of contemporary theory held at Ravenshaw University at Cuttack, Odhisha during 20th to 23rd December 2015
42	Dr. Dipendrasinh Jadeja Assistant Professor Department of Hindi	To present paper on "Hindi Ke Baal Sahitya Mein Lauri aur Shishugeet" at World Hindi Conference held at Government of India at Bhopal on 10th to 12th September 2015
43	Ms. Mdhurita Choudhary Professor Department of English	To present paper on "Enriching Language and Art the Metaphor of Translation in Adrienne Rich's works" at International Conference held at Veer Narmad South Gujarat University, Surat during 9th to 10th February 2016
