

ACKNOWLEDGMENTS

I acknowledge with gratitude the help and support rendered to me by Dr.(miss) Jyoti Christian, Reader in Education, without whom this work would never have seen completion, and thank her for having been so patient, encouraging and helpful throughout, and for having spared much time for my work.

I owe my gratitude to the deans, principals ,Deans of the students, for the kind and considerate co-operation they extended to me during my data collection there, in their universities.

I also owe a deep debt of attitude to my parents for their generosity and constant encouragements given to me at various stages in this work.

I shall not embarrass my close friends SMRUTI DESAI. SARLA SANTWANI, SNEHA HIRYU,HEMADE RAIJADA and GANESH NAIK, by thanking them for what they have done for me during this trying period of this work was done in love and not in return for anything, gratitude or otherwise.

I must not forget to thank Mrs. Sarojini Padhge, the Librarian of the CASE, who was ever ready to extend a helping hand with all her affections.

And last but not the least,I thank all the members of the MEAGABYTE COMPUTER ACADEMY (BARODA) for doing an excellent speedy job for typing this thesis with all their love and affection.

BARODA
