C O N T E N T S

CHAPTER		PAGE
	INTRODUCTION	1
I.	Carbohydrate metabolism in relation to tail regeneration in the Gekkonid lizard, Hemidactylus flaviviridis: A seasonal evaluation.	19
	SUMMARY	36
II.	Protein metabolism in relation to tail regeneration in the Gekkonid lizard, Hemidactylus flaviviridis: A seasonal evaluation.	37
	SUMMARY	63
III.	Local and systemic alterations in phosphodiesterase activity during tail regeneration in the Gekkonid lizard, Hemidactylus flaviviridis.	64
	SUMMARY	75
IV.	Effect of chemical thyroidectomy and adrenocortical suppression on tail regeneration in the Gekkonid lizard, Hemidactylus flaviviridis.	76
	SUMMARY	89
V.	Serum T3 and T4 levels during tail regeneration in the Gekkonid lizard, Hemidactylus flaviviridis.	91
	SUMMARY	100
VI.	In loco and systemic electrophoretic protein profile, during tail regeneration in normal and hypothyroidic Gekkonid lizards, Hemidactylus flaviviridis.	102
	SUMMARY	125
VII.	Electrophoretic analysis of lactate dehydrogenase isozymes during tail regeneration in euthyroidic and hypothyroidic Gekkonid lizards, Hemidactylus flaviviridis.	127
	SUMMARY	144

CHAPTER		PAGE
VIII.	Alterations in tissue glycogen contents and blood glucose levels during tail regeneration in normal and adrenal suppressed Gekkonid lizards, *Hemidactylus flaviviridis*.	146
	SUMMARY	162
IX.	Local and systemic alterations in protein content and transaminases during tail regeneration in normal and adrenal suppressed Gekkonid lizards, *Hemidactylus flaviviridis*.	163
	SUMMARY	188
X.	Local and systemic alterations in ascorbic acid content during tail regeneration in normal and adrenal suppressed Gekkonid lizards, *Hemidatylus flaviviridis*.	189
	SUMMARY	202
XI.	Quantitative *in loco* and systemic alterations in LDH activity during tail regeneration in normal and adrenal suppressed lizards, *Hemidactylus flaviviridis*.	203
	SUMMARY	214
XII.	Histochemical alterations in lipids, LDH, BDH and SDH during tail regeneration in normal and adrenal suppressed Gekkonid lizards, *Hemidactylus flaviviridis*.	215
	SUMMARY	227
XIII.	Local and systemic alterations in cholinesterase activity during tail regeneration in normal and adrenal suppressed Gekkonid lizards, *Hemidatylus flaviviridis*.	229
	SUMMARY	241
	GENERAL CONSIDERATIONS	243
	BIBLIOGRAPHY	264
