List of Tables

Sr. No.	Table No.	Page No.
1.1	Kumbharwada study site divided into 9 sub-zones	33
1.2	Area of Newport Site divided into 6 sub-zones	34
2.1	Number of Lesser Flamingo at both the study sites from 2009-2012 (Non-breeding phase)	50
2.2	Percentage proportion of Juvenile Lesser Flamingos at both sites	56
2.3	Density of Lesser Flamingo in various habitat types at Kumbharwada site	57
2.4	Density of Lesser Flamingo in various habitat types at Newport site	58
2.5	Population estimates at other major congregation sites of Lesser Flamingo	59
2.6	Flock size of Lesser Flamingos at Kumbharwada site	62
2.7	Flock size of Lesser Flamingos at Newport site	62
3.1	Salinity at three different habitat types at Kumbharwada site	71
3.2	Salinity at three different habitat types at Newport site	74
3.3	Plant species recorded from study area	82
3.4	Year wise change in % of *Porteresia coarctata* grass cover at Kumbharwada site (2009-2012)	83
3.5	Cluster Centroids	94
3.6	Savage Index value (Wi) for each habitat type at the Newport site	99
4.1	Details of Lesser flamingo nests in 2009 breeding season at	111
	Surajbari	
4.2	Details of Lesser flamingo nests in 2010 breeding season at	112
	Surajbar	
4.3	Nesting area and density recorded during 2011 nesting season	114
4.4	Comparative statement showing nesting details of Lesser	114
	Flamingo at Surajbari nesting site	
4.5	Nest morphometry at Surajbari Nesting site (2009-11)	116
4.6	Nest soil texture analysis of Surajbari nesting site	118

Sr. No.	Table No.	Page No.
4.7	Flock size and time spent on courtship displays by Flamingos	160
5.1	Associated avifauna at study sites	161
5.2	Year wise increase in area under saltpans in GoKh	179
