Table of contents

Acknowledgements *I-IV*

List of Figure and Tables *V-XI*

Abbreviations *XII-XIV*

Chapters

1. *Introduction* *1-31*
2. *Biocompatibility test of metal oxide nanoparticles and their cytotoxicity against chicken embryonic fibroblasts* *32-55*
3. *In ovo toxicity assessment and HET-CAM analysis of metal oxide nanoparticles* *56-81*
4. *Interaction of metal oxide nanoparticles with water, saline and egg albumen: A physicochemical study* *82-107*
5. *TiO_2 nanoparticles induced omphalocele in chicken embryo: Evidences on distruption of Wnt signaling pathway* *108-131*
6. *Iron oxide nanoparticles induced neurotoxicity in chicken embryo* *132-152*

Summary *153-159*

Bibliography *160-191*

Article reprint *192*
