Chapter	Particulars	Page
	PART I	
I	INTRODUCTION	1
	Importance of Intelligence Testing	3
	Uses of Intelligence Testing	5
	Survey of the Intelligence Testing	6
	Movement in India	6
	Intelligence Testing in Kashmir	7
	The Present Problems	8
II	TESTING OF INTELLIGENCE AND EDUCATIONAL ACHIEVEMENTS IN ANCIENT INDIA	11-14
	Prehistoric Ages	11
	The Rigvedic Age	12
	Upanisadic Age	13
	In the Epics	14
	Tests in Education before 1900 A.D.	21
	Psychological Measurement	22
	Age of the Experimental Psychology	23
	Measurement in the 20th Century	25
	The Work in the U.S.A.	28
	The Work in England	29
	The Work in India.	30
	Performance Tests of Intelligence	32
	References.	33
III	NATURE OF INTELLIGENCE AND THEORIES OF INTELLIGENCE	35-64
	Definitions of Intelligence	37
	Concept of Intelligence	39
	Different Theories	41
	Criticism of two factor Theory	46
	Guilford's conception about Intelligence - Structure of Intellect	49- 58
	Different Abilities	53
	Constancy of I.Q.	59
	Theories and the Present Experiment	61
	References.	62
	PART II	
IV.	CONSTRUCTION OF THE TEST ITEMS AND FORMING THE TEST.	66-92
	Introduction	66
	Areas of the Contents of the Items	68
	The Present Study	71
	Types of Items in Foreign & Indian Tests & their bases.	73
	Some Common Forms of Items	80
	Writing the Items of Various Types	81

	The Problem of Kashmiri Pupils	83
	Arrangement of Items.	84
	Discreet Method- Omnibus Method	84
	Abilities Measured	86
	Check up of the Language of the Test	87
	Description of the Sub-tests	87
	References.	92
V	FIRST TRY OUT OF THE TEST	94 - 118
	Objectives	94
	Procedure of the First Try Out	94
	Sample	94
	Procedure of the Administration	95
	Administering the First Try Out	95
	The Analysis of the Data	114
	Time Limit	116
	References	118
VI	THE SECOND TRY OUT OF THE TEST	119-147
	Introduction	119
	The Objectives of the Second Try Out	119
	Administering the Test	120
	Item Analysis	121
	The Two Methods	125
	Methods Used in the Present Work	126
	Details of Biserial 'R' Method	126
	Difficulty Levels of Items	128
	Doubts about Difficulty Values	129
	Methods of Scoring	130
	Study of the Tables	139
	The Pilot Test	140
	Introduction	141
	Administering the Test	142
	Time Limit for the Final Run	143
	Frequency of Time Limit	145
	Conclusions	146
	References	147
VII	FINAL RUN OF THE TEST	149-158
	Samples	150
	Size of the Sample	151
	Map	153
	Purpose	154
	Time Limit	154
	Directions	156
	Co-operation & Difficulties	156
	Scoring	156
	References	158
	PART III	
VIII	STANDARDIZATION	160-202
	The meaning of Standardization	160
	Adoption	160
	Direct Standardization	161
	Indirect Standardization	162

	Norms	163
	Types of Norms	164
	Calculation of Norms in the present Study.	168
	The Method of Correcting Norms	169
	Explanation of Table 15	176
	Graphical Representation	178
	Graphs	178-201
	References	202
IX	RELIABILITY	203-218
	Reliability in General	203
	Methods of Determining Reliability	204
	Reliability of Present Test	206
	Reliability by Split-Half Method	206
	Reliability of Test-Retest Method	211
	Reliability Coefficient of Some Well Known Tests.	215
	References	218
X	VALIDITY	219-228
	Factors of Validity	220
	Studies of the Validity of Some Allied Tests of Intelligence	222
	Validity of the Present Test	223
	Correlation of I.Qs. with	
	(i) Teachers Estimates	226
	(ii) Raven's Progressive Matrices	227
	References	228
XI	EVALUATION OF THE PRESENT TEST	230-236
	Characteristics of a Standardized Test	230
	Objectivity	230
	Scorability	231
	Discriminability	232
	Administrability	232
	Economy	233
	Reliability	234
	Validity	234
	Interpretation & comparability	235
	References	236
XII	SUMMARY AND OBSERVATIONS	237-242
APPENDICES		
A	FORMS OF THE TESTS	
	First Try Out	243
	Second Try Out	266
	Final Test Form in English	284
	Final Test Form in Urdu	284-304
B	LIST OF SCHOOLS DURING THE FINAL TEST	305
C	KEY OF THE TEST	307
BIBLIOGRAPHY		317-322
