ACKNOWLEDGEMENT

I take this opportunity to acknowledge the guidance, the help and the assistance that I have been privileged to have from number of persons but for whom the study should not have been a reality, I consider it my good fortune to have Prof. D.B. Desai, Professor of the Faculty of Education and Psychology, M.S. University of Baroda, Baroda, as my guide.

With pleasurable memories I owe my grateful thanks to many professors, principals of schools, teachers, students and friends who helped me directly or indirectly during the research period and showed their genuine interest and encouragement in the research.

Last but not the least due credit goes to my husband and my children who have provided me with every facility and help in this successful pursuit. With immense pleasure I pay my affectionate, ineffable thanks to them.
