Sir,

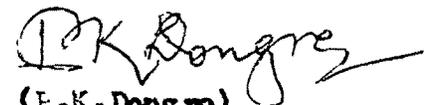

Mr. Md. Tajuddin is a student from Bangladesh, doing his Ph.D. in this University and the title of his Thesis is "A Study of Primary Teachers' Training Programme in Bangladesh". As a part of research programme, he is directed by his guide to collect some educational data from some Primary Training Institutes which are under the control of Directorate of Primary Education.

I, therefore, request you to kindly help him issuing a suitable authority letter to the Superintendents of respective Primary Training Institutes to supply him relevant data which will be used only for research purpose and will be kept as confidential.
