Acknowledgements

I owe a sincere debt of gratitude to all the excellent people who helped me to accomplish my thesis. I want to start by expressing a heartfelt gratitude to my research supervisor ***Dr. Sonal Thakore***, Associate Professor at department of chemistry, faculty of science, The Maharaja Sayajirao University of Baroda. She has consistently inspired me and provided me with sound advice based on her vast expertise in the relevant research field. Her ongoing advice, talks, and time management abilities have helped me accomplish my objectives within the allotted time. She has helped me with research as well as several elements of professional development over the course of my PhD, and I will always be grateful for that. The outcome of this thesis is trivial dedication to her.

I am sincerely thankful to the Head, ***Prof. A. V. Bedekar*** and former Head, ***Prof. A. U. Patel,*** Department of Chemistry, Faculty of Science, The Maharaja Sayajirao University of Baroda for providing an opportunity to join the department to pursue research and providing necessary infrastructure facilities to conduct my research work.

I am extremely thankful to ***GSBTM***, ***Gandhinagar and SHODH fellowship, KCG-Gandhinagar*** for financial support throughout the course of Ph.D. work.

I would like to acknowledge ***DST-PURSE*** and ***DST-FIST*** funded single crystal X-ray diffractometer and 400 MHz NMR facilities at the Maharaja Sayajirao University, Baroda. I am thankful to ***Prof. S. R. Shah***, who gave me opportunity to learn and operate NMR instrument. I am also grateful to the research scholars of departmental instrumentation committee who extended their help for carrying out various analytical characterizations FTIR, fluorescence spectroscopy and UV-vis Spectroscopy.

I am thankful to Sophisticated Analytical Instrument Facility (SAIF), IIT Bombay and SAIF, Chandigarh for ESR and NMR analysis respectively. I am thankful to CSIR-CECRI karaikudi for CV analysis. I am also thankful to KRADLE facility, Charotar University of Science and Technology (CHARUSAT) for powder XRD analysis. I thank O_2H Discovery, Ahmedabad for providing Mass analysis. I would like to acknowledge ***Dr. Ranjitsinh Devkar,*** Department of Zoology, and ***Dr. Devarshi Gajjar,*** Department of Microbiology and Biotechnology Center, Faculty of Science, The Maharaja Sayajirao

University of Baroda, Vadodara, for in-vitro studies and antimicrobial activity respectively. I thank ***Dr. Sriram Seshadri*** and his team at the Institute of Science, Nirma University, Ahmedabad for in-vivo studies and ***Dr. Mrugesh Patel,*** K. C. Patel R&D centre, CHARUSAT, Changa for molecular docking studies.

I specially thank ***Mrs. Revathi Ganeshan***, Department of Chemistry, for her constant support through this tenure. I am thankful to all teaching and nonteaching staff of the department for helping me throughout my research work.

My special thanks to my present and former lab mates for their support and cooperation. It has been a fun filled learning experience while working in an enthusiastic lab environment with my lab-mates ***Falguni Shukla, Harshil Thakkar, Manita Das,*** and ***Monika Yadav.*** The technical discussions over a cup of tea with lab mates will be a great memory. I am lucky to have ***Jay Patel, Sudhir Katariya, Marut Adroja,*** and ***Rajdeep Pateliya*** as my best friends. I appreciate their inspiration, encouragement and motivation given to me throughout my research tenure and till date.

Most importantly, none of this would have been possible without the love and patience of my family. I express my special gratitude to my parents ***Jayantibhai*** and ***Kiranben***, who always believed in me and for being my strength all these years. I thank them for inculcating the values of education which, I think, makes me a better person and a better researcher. I am heartily thankful to my elder brother ***Bhautik*** and sister in law ***Kinjal*** for his constant support and encouragement throughout my research work. My sincere thanks and affection extended to an amazing woman in my life, my dearest fiancé ***Shraddha*** for her cooperation and selfless love.

I thank everybody else who knowingly or unknowingly helped me during the course of this research work; thereby making it a life time achievement for me.

Above all, I owe it all to Almighty God for granting me the wisdom, health and strength to undertake this research task and enabling me to its completion.

Nariya Pratik J.
