CHAPTER - I	SYNTHESIS AND STRUCTURE ACTIVITY RELATIONSHIP OF INSECT JUVENILE HORMONES	..	1 - 46
	Abstract	..	1
	Introduction	..	2
	Synthetic approaches	..	5
	Structure activity relationship	..	13
	Biogenesis	..	34
	References	..	40
CHAPTER - II	SYNTHESIS OF *cis*-PERHYDROINDANE AND CYCLONONANE ANALOGUES OF *CECROPIA* JUVENILE HORMONE	..	47 -192
	Abstract	..	47
	Introduction	..	48
Section-I	*cis*-Perhydroindane analogues of *Cecropia* Juvenile Hormone (Part-I)	..	54-128
	Introduction	..	54
	Results and discussion	..	54
	Experimental	..	63

Page

Section -II cis-Perhydroindane Analogue of *Cecropia* Juvenile Hormone (Part-II) .. 129 - 143

Introduction .. 129

Results and discussion .. 129

Experimental .. 132

Section-III Cyclononane Analogue of *Cecropia* Juvenile Hormone .. 144 - 192

Introduction .. 144

Results and discussion .. 145

Experimental .. 150

References .. 189

CHAPTER - III BIOLOGICAL ACTIVITY .. 193 - 203

Abstract .. 193

Current methods of evaluating JH-activity .. 194

JH-activity of the synthesized compounds .. 200

References .. 203

ACKNOWLEDGEMENTS .. 204
