SMT. HANSA MEHTA LIBRARY
The M. S. University of Baroda

ACKNOWLEDGEMENTS

I take this opportunity to express my feelings of gratitude to all those who helped me during the course of this research work.

My sincere thanks to my research guide **Prof. Animesh K. Rakshit**, for his invaluable guidance, expert suggestions, immense patience and kindness to guide and supervise my work through out the course. He has been a person to instill in me a sense of commitment, dedication and optimism and I am grateful to him for his stimulating criticism and exhortation rendered through out the research. I also thank him for his encouragement to carry out this work with great ease and precision.

University Grants Commission-Department of Atomic Energy (UGC-DAE) Consortium for Scientific Research (Formerly: Inter University Consortium-for Department of Atomic Energy (IUC-DAE) Facilities), Government of India, Bhabha Atomic Research Centre (BARC), Mumbai, are gratefully acknowledged for financial support.

I would like to express my deepest thanks to:

- **Prof. Surekha G. Devi**, Head, Department of Chemistry, Faculty of Science, The M. S. University of Baroda, Vadodara, for providing necessary infrastructure facilities for this research work.

- **Dr. Prem S. Goyal**, Center Director, University Grants Commission-Department of Atomic Energy (UGC-DAE) Consortium for Scientific Research, Bhabha Atomic Research Centre (BARC), Mumbai, for SANS experimental help and discussion.

- **Dr. Vinod K. Aswal**, Solid State Physics Division (SSPD), BARC, Mumbai for his SANS experimental help, data analysis, valuable suggestions and help through out my work at BARC, Mumbai.

- **Prof. S. Bhattacharya**, Head, Organic Chemistry Division, Indian Institute of Science, Bangalore, India is acknowledged for providing gemini surfactants as a gift.

- **Dr. Tulsi Mukerjee**, Head, Radiation Chemistry and Chemical Dynamics Division, BARC, Trombay, Mumbai for providing the necessary facility to carry out fluorescence measurements.

-**Dr. P. A. Hassan**, Scientist E, Novel Materials and Structural Chemistry Division, BARC, Trombay, Mumbai for Dynamic Light Scattering experimental help, data analysis and valuable suggestions.

- Thanks to Authorities of Bhabha Atomic Research Centre, Trombay, Mumbai, for SANS, DLS, and Fluorescence Experiments and staying during the measurements especially **Mr. Jayant V. Joshi** (UGC-DAE) and **Ms. Ekta Sheth** (SSPD, BARC).

- **Dr. V. K. Kansal**, former Vice President, R & D Alembic Limited, Vadodara for ^{1}H NMR measurements.

-**Dr. S. Bhowmik**, General Manager, R & D, Formulation Division, Sun Pharmaceutical Applied Research Center (SPARC), Baroda for financial support and for fluorescence measurements.

- **Prof. H. S. Rama, Prof. B. V. Kamath, Prof. A. C. Shah, Dr. S. S. Madhavrao, Dr. S. S. Soman** and all the teachers of Chemistry Department for their timely help and suggestions.

- **Dr. R. V. Jasra**, Dy. Director, Central Salt and Marine Chemical Research Institute (CSMCRI), Bhavnagar for providing NMR facilities.

- My colleagues **Mr. Sandeep Patil, Mr. Keyur Somani, Dr. Shukla, Dr. Dutta, Dr. Mathakiya**, for their cooperation and support during the course of this research.

-**Dr. D. P. Bharambe**, Warden, Dr. Vikram Sarabhai Hall, for taking care during my stay in hall and all friends for their timely help.

- My friends **Mr. Dinesh Nair, Mr. Vikas Sharma, Mr. Hari Reddy, Mr. Yadav, Mr. Niken Desai, Mr. Mitesh Patel, Mr. Sachin joshi, Mr. Munjal, Mr. Halim** for their support and encouragement.

- **Mr Bhavsar, Mr. Rane, Mr. Ninad Mehta** and **Mrs. Revathi** and other members of Chemistry department for their help during the course of this work

My deepest heartful gratitude and indebtedness belong to my parents who showered blessing, affection and encouragement and make it possible to complete this work. I also owe my brother **Shri. Ashwani K. Sharma** and other family members for their inspiration, love and encouragement.

Everyone else that I have forgotten to thank, Thank You!

Shivaji 18/10/04

K. Shivaji Sharma

October 2004

The thesis is based on the following nine papers,

Paper I **Sharma, K. S.**; Rodgers, C.; Palepu, R.M.; Rakshit, A. K.
Studies of Mixed Surfactant Solution of Cationic Dimeric (Gemini) Surfactant with Nonionic surfactant $C_{12}E_6$ in Aqueous Medium.
J. Colloid and Interface Sci., 482, 268, **2003**.

Paper II **Sharma, K. S.**; Hassan, P. A.; Rakshit, A. K.
Studies of Binary Surfactant Solution of Cationic Dimeric (gemini) Surfactant with Nonionic Surfactant, $C_{12}E_6$ and Triton X-100- II
J. Colloid and Interface Sci.(Submitted)

Paper III **Sharma, K. S.**; Patil, S. R.; Rakshit, A, K,; Glenn, K.; Doiron, M.; Palepu, R.M.; Hassan, P. A.
Self-Aggregation of Cationic-Nonionic Surfactant Mixture in Aqueous Media: Tensiometric, Conductometric, Density, Light Scattering, Potentiometer and Fluorometric Studies
J. Phys. Chem. B 12804, 108, **2004**

Paper IV **Sharma, K. S.**; Rakshit, A. K.
Effect of *p*H on Thermodynamics of Micellization and Interfacial Adsorption of Polyoxyethylene (10) lauryl Ether $C_{12}E_{10}$ in Water.
Indian J. Chem. 265, 43 A, **2004**.

Paper V **Sharma, K. S.**, Patil, S. R., Rakshit, A. K. "Study of the Cloud Point of $C_{12}E_n$ Nonionic Surfactants: Effect of Additives",
Colloids Surf. A, 67, 219, **2003**.

Paper VI **Sharma, K. S.**; Rakshit, A. K.
Investigation of Properties of Decaoxyethylene n-Dodecyl Ether: $C_{12}E_{10}$ in Aqueous Sugars-rich Region.
J. Surfactant & Detergents 305, 7, **2004**.

Paper VII **Sharma, K. S.**; Joshi, J. V.; Aswal, V.K.; Goyal, P.S.; Rakshit, A. K.
Studies of Nonionic Surfactant in Presence of Sugars: SANS Measurements.
Pramana, Journal of Physics. 297, 63, **2004**.

Paper VIII **Sharma, K. S.**; Rakshit, A. K.
Investigation of Properties of Polyoxyethylene (10) lauryl Ether: $C_{12}E_{10}$ in Aqueous Alcohols-rich Region.
Bull. Chem. Soc. Jpn.. (Submitted)

...cont

Paper IX **Sharma, K. S.**; Aswal, V.K.; Hassan, P. A.; Goyal, P.S. Rakshit, A. K. Physicochemical and Microstructural Changes in Nonaoxyethylene n-Dodecyl Ether in Aqueous-Amino acids Region: Tensiometric, Small Angle Neutron Scattering, Dynamic Light Scattering and Rheological Studies.
J. Phys. Chem. B (Submitted)

These papers have been referred to as Chapters II A, II B, III, IV A, IV B, V, VI and VII respectively. Chapter III does not represent Paper III in its whole entirely, as some part has not been included from it in thesis, because this work is in collaboration with Prof Palepu, St. Francis Xavier University, Canada. Chapter IV B also does not represent Paper V in its whole entirety, as some data has not been included from it in thesis, because that is the work of my colleague Mr. S. R. Patil. Chapter V included Paper VI and VII, as Paper VII is the part of proceeding. All the chapters are in accordance with the format of the respective journals, where they are either published or accepted for publication.
