QUESTIONNAIRE FOR APOSTOLIC CARMEL GOALS AND
OBJECTIVES OF EDUCATION

Dear Sister,

A part of my Ph.D. study in Education involves an analysis of our A.C. Organizational goals of education. Since we do not have sufficient documentation relating to this I am trying to collect the perceptions of a few sisters in the congregation who have experience in the educational field and have been in close contact with our Educational Institutions.

I would be grateful if you could kindly write briefly our A.C. Objectives (aims and goals) of Education during the periods mentioned below, from your observation, experience etc.

1870 - 1947

1947 - 1964

1964 - 1975

1975 - 1987

A.C. Characteristics of Education at present

Kindly send one copy of the completed form to me.
Thank you for your help and co-operation.
