First and foremost, I would like to express my special gratitude and many thanks to my advisor Dr. Mrinalini Nair. She has been a tremendous mentor for me and I would like to thank her for introducing me to the topic as well for the support on the way. Her advice for the research as well as my career has been priceless. I am grateful for her invaluable constructive criticism and friendly advice throughout my project work. My sincere gratitude to my guide for sharing truthful and illuminating views on a number of issues apart from the project work and I thank her from the bottom of my heart for teaching me oneness, harmony and helping me in putting pieces together in life. Thank you so much madam for your delicious yummy food and special treats. It is really memorable. Thank you so much for bringing my dream into reality. It is only because of you, I got the opportunity to visit UK. My heart beat will ever thank you for your genuine effort, precious time and for teaching every aspect of life making from impossible to possible attitude.

I am highly thankful to Department of Biotechnology, New Delhi for supporting me with project fellowship and University Grants Commission, New Delhi for awarding Fellowship under RFSMS (Research Fellowship of science for Meritorious Students) Scheme.

*I would like to thank Prof. Timothy Foster, Department of Microbiology, Trinity College, Dublin, Ireland for providing *S. aureus* strain Newman and for his notable suggestions. I would also like to acknowledge Dr. Ian. R. Monk for his generous gift of plasmids and bacterial strains for my study.*

I would also like to thank my committee members Dr. Johannes Manjrekar and Dr. Jayashree Pohnerkar for their suggestions and constant encouragement at the time of hardships. I thank both of them so much for giving their valuable time to listen to all my research problems patiently everytime whenever I had and heartfelt thanks for your fruitful discussions and solving my problems.

Acknowledgement

I would take this opportunity to thank Prof. Gayatri Archana (Head, Dept. of Microbiology), Prof. Bharat Bhushan Chattoo, Prof. Anjana Desai, Prof. Avinash. K. Shah, Dr. Bina Chandani, Prof. Tamishraha Bagchi, Dr. Anuradha Nerurkar, Dr. Devashri Gajjar, Dr. Pranav Vyas, Prof. Sanjay. S. Ingle, Dr. Nandita Baxi, Dr. Ritika and Dr. Pushpinder for their valuable comments and encouragements.

I am very much thankful to Prof. B. Suresh Kumar, Dr. Hetal Roy, Department of Zoology, MSU, Baroda for providing animal house facility and necessary help and support throughout the animal studies.

My sincere thanks to Dr. C. Patel and Dr. Pratush Patankar, Zoological Park incharge, Kamatibaug, Vadodara and Dr. Vaishnavi, Joint commissioner, Food and drug laboratory, Nizampura, Vadodara for providing me rabbit blood.

Furthermore, I would also like to acknowledge with much appreciation Prof. Sarita Gupta, Former Head, Department of Biochemistry who gave me the permission to use confocal microscope and real time PCR machine when needed.

Before thanking my colleagues, I would like to express my admiration first to Ms. Anuja Malgaonkar who was always been a support in good and bad moments when there was no one to answer my queries and for correcting all my research writings right from the day one. Thank you so much for fighting many issues on my behalf. You have always been a great advisor for me that directed to achieve my goal. It's so nice of you, whether I celebrate my birthday or not, you never forgot to make it memorable and thanks for the wonderful birthday gift too. You are always initiator, organiser, planner and executer for most of the lab maintenance, I really admire you. It has been really a great time with her. Thank you Anuja for all.

I am very thankful to co-author Ms. Hasmatbanu Buchad cum my second dissertation student cum lab junior for her tremendous support, positive words and encouragement. Thanks for inculcating positive vibrations in me that really helped me in completing my experiments. Thanks for your prayer hasmat. It means a lot to me.

I express my affectionate thanks to ever smiling and multitalented girl Ms. Niralee Patel for her constant support, motivated speech and encouragement. Many thanks to

Aparna Madam, Nirmal Kumar Mandvekar, for their timely help, advice and administrative assistance. Special thanks to Chiman Bhai and Mukesh Bhai for washing our glass wares timely that helped us to concentrate only on our work and I am also thankful to Ramesh bhai and Girish Bhai too.

I will be grateful forever to Mrs. Aleyamma Thomas for her lovely food with love and affection and for providing glass wares and plastic wares whenever needed. Thanks for her positive encouragement that kept me in peace and confident. My heartfelt thanks to Sheeja Rajan Aunty for listening all my stories and providing wonderful and favourite food whenever I asked for. You really made me comfortable by providing homely and motherly food. I thank both of them for their prayers.

A special gratitude I give to my hostel friends Dr. Rakesh Kumar Manjhi, Imitiaz Khan, Chirag, Rakesh, Pawan Thakur, Dr. Tarun Parangi and Kangkan Sarma for extending the constant support, fun at times and for their special food.

A special thanks to my family. Words cannot express how grateful I am to my mother and father, my brother Murali Kumar and sister-in-law Sujatha, my sister Vigneshwari and brother-in-law Sathya Kumar and beloved sweet kutties Abishek, Poonguzhali, Prathiksha and Prathik for all the love towards me and sacrifices that you made on my behalf. Your prayer for me is what helped me sustain thus far.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

Ultimately, I bow down to "The God"- who blessed me to have all these peoples in my life and for providing me the strength to stand up to all the hurdles I had to go through during this period.

K. Manikandan
