Date: 2-12-1985

Sir/Madam,

This is to introduce Mr. Pendaba Behera, who is a Research Scholar at the Centre of Advanced Study in Education in this Faculty. His special interest is in the area of "Continuing Education". Therefore he has chosen this area for further specialization and decided to work for his doctoral thesis on this theme. Under this investigation he intends to study various aspects of the system of Continuing Education at the University stage. For this purpose he further decided to make an intensive study of one university department. Since yours is an oldest department in this area we thought he could select your institution and make a systematic investigation, tracing its origin, the courses offered over the years and the changes that occurred, the receptivity on the part of the university teachers and recipients of these courses. For this purpose he wants to meet you.

I am sure you will appreciate the value of such an investigation and extend us necessary cooperation in this regard. Mr. Behera will contact you personally for this purpose on 9th December 1985. I will appreciate if you kindly provide necessary facilities and also put persons-who-could-help him in the contact of concerned persons who could help him in his work.

Thanking you,

Yours sincerely,

(D.B. Desai)
