

Acknowledgment

This thesis would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extended their valuable assistance in the preparation and completion of this study.

Almighty bless me with a godfather in my life, **Prof. A. V. Ramachandran**, former Dean, Faculty of Science and Head, Department of Zoology, The M.S. University of Baroda. I will call him "**Guru³**", he not only provided me knowledge for being a good researcher, but enlightened me with spiritual knowledge and finer aspects of life. His energy, enthusiasm and thirst towards research always inspired me to push myself hard towards research and be an idea researcher as per his definition. I feel myself unfortunate for not being his direct student, but was lucky enough to work under the guidance of his replica/student.

My utmost gratitude goes to my research guide, **Dr. Ranjitsinh V. Devkar**, Lecturer, Department of Zoology, for his continuous support, patience, motivation, enthusiasm, and understanding throughout my Ph.D study. He never let me fill a gap between a research student and guiding teacher. His attitude of setting up higher and higher goals for me really helped me in excelling my technical expertise. His encouragement towards publishing research articles, made me learn to write research articles and even review articles that really helped me in completing my thesis without much efforts and labor.

I wish to acknowledge **Dr. Geeta Padate**, Head Department of Zoology, The M.S. University of Baroda for providing necessary facilities and encouragement for my research work. Her excellent administration skills really help me in completing my cell culture work at a great pace.

I am great full to **University Grant Commission, New Delhi, India** for providing financial assistant in form of Research Fellowship in Science for Meritorious student (**RFSMS**) from Feb 2008 to March 2011. Also, I wish to acknowledge financial assistant of from Council of Scientific and Industrial Research in the form of Senior Research Fellowship (**CSIR-SRF**) from April 2011.

Almighty bless me to meet **Ms. Menaka C. Thounaojam**, my research partner in this life. Her support throughout my research career doesn't deserve even a formal thanks but I can say that, without her endless support this thesis couldn't have taken a shape. Her calmness to handle thing around me complemented my aggression towards research and resulted in a good research output. I wish to thank, **Mrs. Meena Devi**, (Menaka's mom), for providing my research materials whenever required that, made my work easy and fast.

Sincere thanks are extended to **Dr. Ansarullah** for his help during my initial days of research and being a constant source of inspiration throughout my Ph.D tenure.

I am also thankful to **Dr. Hemchandra Singh**, D.M.College, Imphal and **Dr. T.B.Singh**, Oriental College, Imphal for providing me all the necessary information on my plant.

I extend my special thanks to **Prof. C. G. Joshi**, **Prof. D. N. Rank**, **Dr. Umed Ramani**, and the research staff of Anand Agricultural University, Anand, Gujarat for their guidance and help during my real time PCR work.

I give my sincere thanks to **Dr. K. S. Rajput**, Department of Botany, **Dr. Parsanna**, Department of Chemistry, **Dr. Hemandra Vekaria**, Department of Biochemistry, for providing necessary chemicals and instrumental help.

I am also indepted to **Prof. Sarita Gupta**, Head Department of Biochemistry, The M.S.University of Baroda, **Sun Pharmaceutical Research Centre**, Vadodara and **Zydus Research centre** for providing experimental rats and mice as and when required.

Special Gratitude goes to **Dr. Biren Thakkar**, Scientist, Zydus Research centre, **Dr. Virendrasinh Zala**, Scientist, Sun Pharmaceutical Research Centre (SPARC), Vadodara and **Dr. Deven Dandekar**, Director, Toxicology Division, Xenomatrix, USA for the all the help and encouragement.

I wish to express my sincere appreciation to all the teachers in the Department, especially **Dr.P.C. Mankodgi**, **Dr. Sunita Salunke**, **Dr. Prakash Pillai** and **Dr. Bhavna Barucha** for their valuable suggestions throughout my research.

I am deeply thankful to my seniors **Dr. Raktim Mukherjee**, **Dr. Niraj Joshi**, **Dr. Sudip Banerjee**, and **Dr. Prem Kumar Singh** for their kind cooperation and all the pain they took to establish cell culture facility in the department.

Special thanks are due to **Mr. Jayanth Sankhari** for providing technical help, **Mr. Mahendra Jain**, Department of Pharmacy, the M.S. University of Baroda for phytochemical analysis work and **Mr. Tribhuwan Bind**, AIRF, Delhi for providing technical help during flow cytometry analysis.

I am grateful to the **non teaching staff**, especially **Mr. Sangeet, Mr. Sailesh and Mr. Parmar** in the departments of Zoology for their help in many different ways. Special thanks are due to **Mr. Shripad Mane** for attending animal house that improved the quality of this study.

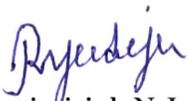

I wish to thank lab mates, **Dr. Darshee, Mr. Dipak, Ms. Swati, Mr. Jaymesh, Ms. Kiran, Ms. Chandani, Ms. Nirjara, Ms. Sandhya and Mrs. Bhavya** for allowing me to use instrumentation whenever required that really help me in completing my work on time and smoothly.

I consider myself lucky enough to meet my close friends **Mr. Samir Vekaria** and **Dr. Ayaz Rangrez**, who provided me necessary help, moral support and encouragement from early days of my post graduation till completion of my thesis.

I also thank my juniors, **Ankit, Kapil, Manjur and Ronak** for being friendly and helpful as and when needed.

Lastly, and most importantly, I would like to express special appreciation to my parents, **Mr. Navalsinh K. Jadeja** and **Mrs. Hansaba N. Jadeja**, for their kind patients, help and encouragement throughout my research journey. A special thanks to my dear younger brother, **Mr. Prayagrajsinh N. Jadeja** for being a source of constant inspiration to do well in my personal life and research.

“In memory of my Dear Nanaji (Govindsinh T. Zala), whom I love and miss dearly. I wish he could have seen my thesis and Ph.D degree”

Mr. Ravirajsinh N Jadeja
