

### ACKNOWLEDGEMENTS

It gives me a great pleasure to record my deep sense of gratitude to Dr. J.C.George, Professor and Head of the Department of Zoology, M.S.University of Baroda, for the suggestion of the problem and for constant guidance and encouragement, without which this work would not have been completed. I am indebted to the University Grants Commission for awarding me a Research Scholarship, for a period of 15 months, during the tenure of which the initial part of the work was carried out. It is a pleasure to record my gratitude to Dr. A.R.Gopal Iyengar, Director, Biology Division, Atomic Energy Establishment, India, for making laboratory facilities available to conduct the autoradiographic studies and to Dr. K.K.Nair of the same laboratory for valuable assistance and advice. Finally I should like to thank all my colleagues in the Department, who have helped me in various ways in the preparation of the thesis.
