

LIST OF FIGURES

FIGURE 1.1	Nomenclature of Moderate deep beam having different l/D ratio	3
FIGURE 1.2	Different Types of Fibers	6
FIGURE 1.3	SFRC Fibers	9
FIGURE 1.4	Different Types of Steel Fibers	10
FIGURE 1.5	Principle of Fiber Reinforcement	10
FIGURE 1.6	Types of Polypropylene Fibers	11
FIGURE 2.1	Controlling Cover Distance	45
FIGURE 2.2	Schematic Diagram for Cross Section Properties	46
FIGURE 2.3	Shear Crack Displacements Model	49
FIGURE 2.4	Schematics of Fiber Pullout Specimen	54
FIGURE 3.1	Illustrating The Size Effect Discussions By Leonardo Da Vinci In The Early 1500s	61
FIGURE 3.2	Illustrating The Size Effect Discussions By Galileo Galilei In 1638	61
FIGURE 3.3	Title Page of The Famous Book Of Galileo (1638), Which Founded Mechanics Of Materials	61
FIGURE 3.4	Wilkins Air Force Depot in Shelby, Ohio, 1955	71
FIGURE 3.5	Relative Strength (Ultimate Moment/Flexural Moment) Vs. A/D Ratio (Kani 1967)	71
FIGURE 4.1	Details of Beam Size	80
FIGURE 4.2	Load Test Arrangement for Two Point Loading	81
FIGURE 4.3	Different Types of Beams Photographs.	82
FIGURE 4.4	Cement, Sand and Coarse Aggregate	83
FIGURE 4.5	Reinforcement Cutting and Bending Machine	84
FIGURE 4.6	Photograph of Reinforcement	85
FIGURE 4.7	Steel & Polypropylene Fibers	86
FIGURE 4.8	Photograph of Concrete Mix With Fibers	87
FIGURE 4.9	Photographs of Moulds	87
FIGURE 4.10	Mould Before Casting	88
FIGURE 4.11	Loading Arrangement for Beam	88
FIGURE 4.12	Dry Mix Aggregate	96
FIGURE 4.13	Concrete Mixing	96
FIGURE 4.14	Fresh Concrete Poured in Formwork	97
FIGURE 4.15	Curing Tank	97
FIGURE 4.16	Photograph of Universal Testing Machine	98
FIGURE 4.17	Photograph of Lifting Crane	98
FIGURE 4.18	Digital Vernier Gauge	99
FIGURE 8.1	Chart for The Types of Regression Analysis	206
FIGURE 8.2	SPSS 16.0 Results	208
FIGURE 9.1	ANNOVA Result	227

FIGURE 11.1	Crack Pattern of F to J RCC/1P	296
FIGURE 11.2	crack Pattern of F to J PFRC/1P	297
FIGURE 11.3	Crack Pattern of F to J SFRC/1P	298
FIGURE 11.4	Crack Pattern of A2 To E RCC/2P	301
FIGURE 11.5	Crack Pattern of A2 To E PFRC/2P	302
FIGURE 11.6	Crack Pattern of A2 To E SFRC/2P	303
