CHAPTER I – INTRODUCTION		1-37
1	Introduction	1
1.1	School Organizations: Quality assurance	2
1.2	Quality of school education	6
1.3	Role of government bodies in maintaining quality of school education	8
1.4	Structure of Secondary Education	10
1.5	Role of Secondary Education and Secondary School Organizations	11
1.6	Role of Government Bodies to Strengthen Secondary Education and Secondary School Organizations	13
1.7	Scenario of Secondary Education in Gujarat	17
1.8	Scenario of secondary education in Vadodara	17
1.9	Issues and Challenges in Secondary School organization	21
1.10	Issues in Secondary Education in India	22
1.11	Healthy Organizations	23
1.12	Unhealthy Organizations or Sick Organizations	24

1.13	Sick Secondary School	27
1.14	Rationale of the study	34
1.15	Research questions	35
1.16	Statement of the study	36
1.17	Objectives of the study	36
1.18	Delimitation of the study and definition of operational terms	36
1.20	Organization of Thesis	37
1.21	Chapterization of Thesis	39
CHAPTER II – REVIEW OF RELATED LITRATURE		40- 86
2.1	Introduction	41
2.2	Literature on Sick schools and teachers perspective	43
2.2.1	Critical Observations	44
2.3	Literature on Sick schools and student’s motivation, aptitude and study habits.	45
2.3.1	Critical Observations	48
2.4	Literature on Sick schools and parental background-their Economic status and educational qualifications	49
2.4.1	Critical Observations	54
2.5	Literature on Sick School and Management Practices	55
2.5.1	Critical Observation	63
2.6	Literature on Sick school and Strategies on Revitalizing Sick Schools	65
2.6.1	Critical Observation	74
2.7	Literature base for Sick Secondary Schools from National Policy perspective	75
2.7.1	Critical Observation	79

2.8	Discussion	80
2.9	Implication of the Study	83
CHAPTER III – PLAN & PROCEDURE OF THE STUDY		87-119
3.0	Introduction	88
3.1	Case Study Methods	88
3.1.1	Procedure of the Study	89
3.2	Stage I: Procedure to identify the sick secondary schools	89
3.2.1	Listing the schools with weak performance at SSC Board examination	90
3.2.2	Identifying Sick Secondary Schools	90
3.2.3	Selecting the Sick Secondary Schools for the case study	90
3.2.4	Finalization of the schools for conducting case study	92
3.3	Stage II: Case Studies of Sick Secondary Schools	94
3.3.1	Gaining Access to the School	94
3.3.2	Data Needed For the Study	96
3.3.3	Sources of Data	99
3.3.4	Tools For Data Collection	99
3.3.4.1	Unstructured Interviews	99
3.3.4.2	Observations	103
3.3.4.3	Questionnaire	105
3.3.4.4	Document Analysis (Study of official school documents)	106
3.3.5	Process of Data Collection	107
3.3.6	Data Collection And Recording	114
3.3.7	Validity of Data	114
3.3.8	Data Analysis	114

3.3.9	Data Reduction	116
3.3.10	Data Display	116
3.4	Stage III: Suggestions to Transform Sick Secondary Schools into Healthy Secondary Schools	116
3.4.1	Format of Presentation of Case	117
3.4.2	Ethics	119
CHAPTER IV – ANALYSIS & INTERPRATION OF DATA		120-355
CASE 1		120
4.1.1	Introduction	121
4.1.2	Vision and Mission of the school	122
4.1.3	History of the school	123
4.1.4	School Profile	129
4.1.4.1	Student	129
4.1.4.1.2	Teacher	132
4.1.4.1.3	Infrastructure	136
4.1.4.1.4	Curriculum Organization and Teaching Learning Process	138
4.1.4.1.4.1	Pedagogical Practices	139
4.1.4.1.4.2	Syllabus Coverage	141
4.1.4.1.4.3	Co-curricular Activities	143
4.1.5	Tracing the path of perpetuation of sickness in the school	143
4.1.5.1	Data Presentation	144
4.1.6	Triangulation of Data	161
4.1.6.1	Flourishing Times of the school	161
4.1.6.2	Process of Development of Sickness in the School	164
4.1.6.3	Perpetuation of Sickness in the School	166

4.1.7	Measures to revive Sick Secondary School	172
CASE – II		174
4.2.1	Introduction	174
4.2.2	Vision and Mission of the school	174
4.2.3	History of the School	175
4.2.4	School Profile	182
4.2.4.1	Student	183
4.2.4.2	Teacher	185
4.2.4.3	Infrastructure	189
4.2.4.4	Curriculum Organization and Teaching Learning Process	191
4.2.4.4.1	Pedagogical Practices	191
4.2.4.1.4.2	Co-curricular Activities	194
4.2.5	Tracing the Path of Perpetuation of Sickness in the School	194
4.2.5.1	Data Presentation	195
4.2.6	Triangulation of Data	209
4.2.6.1	Flourishing Times of the School	209
4.2.6.2	Process of Development of Sickness in the School	210
4.2.6.3	Perpetuation of Sickness in the School	213
4.2.7	Measures to Revive Sick Secondary School	218
CASE – III		220
4.3.1	Introduction	221
4.3.2	Vision and Mission of the school	221
4.3.3	History of the school	222
4.3.4	School Profile	227

4.3.4.1	Student	227
4.3.4.1.2	Teacher	229
4.3.4.1.3	Infrastructure	232
4.3.4.4	Curriculum Organization and Teaching learning process	234
4.3.4.1.4.1	Pedagogical Practices	234
4.3.4.1.4.2	Co-curricular Activities	237
4.3.5	Tracing the Path of Perpetuation of Sickness in the School	237
4.3.5.1	Data Presentation	238
4.3.6	Triangulation of Data	251
4.3.6.1	Flourishing Times of the School	252
4.3.6.2	Process of Development of Sickness in the School	253
4.3.6.3	Perpetuation of Sickness in the School	256
4.3.7	Measures to Revive Sick Secondary School	259
CASE IV		263
4.4.1	Introduction	263
4.4.2	Vision and Mission of the school	263
4.4.3	History of the schools	263
4.4.4	School Profile	269
4.4.4.1	Student	269
4.4.4.1.2	Teacher	272
4.4.4.1.3	Infrastructure	276
4.4.4.4	Curriculum Organization and Teaching learning process	279
4.4.4.4.1	Pedagogical Practices	279
4.4.4.4.2	Co-curricular Activities in The School	282

4.4.5	Tracing the Path of Perpetuation of Sickness in the school	283
4.4.5.1	Data Presentation	284
4.4.6	Triangulation of Data	297
4.4.6.1	Flourishing times of the School	297
4.4.6.2	Process of development of Sickness in the School	299
4.4.6.3	Perpetuation of Sickness in the school	302
4.4.7	Measures to Revive Sick Secondary School	304
CASE – V		309
4.5.1	Introduction	309
4.5.2	Vision and Mission of the school	309
4.5.3	History of the School	309
4.5.4	School Profile	314
4.5.4.1	Student	314
4.5.4.1.2	Teacher	317
4.5.4.1.3	Infrastructure	320
4.5.4.4	Curriculum Organization and Teaching learning process	322
4.5.4.4.1	Pedagogical Practices	322
4.5.4.4.2	Co-curricular Activities	327
4.5.5	Tracing the Path of Perpetuation of Sickness in the School	327
4.5.5.1	Data Presentation	328
4.5.6	Triangulation of Data	338
4.5.6.1	Flourishing times of the school	338
4.5.6.2	Process of development of sickness in the school	339
4.5.6.3	Perpetuation of sickness in the school	341

4.5.7	Measures to Revive sick secondary school	345
4.6	Discussion	347
4.6.1	Development of Sickness in organization	347
4.6.2	Perpetuation of Sickness in the organization	349
4.6.3	Measures for School Improvement	353
CHAPTER V - FINDINGS AND IMPLICATIONS OF THE STUDY		356-370
5.1	Introduction	357
5.2	Findings of School –A	358
5.2.1	A) Process of development of Sickness in school-A	358
5.2.2	B) Suggestions for Reviving School-A	359
5.3	Findings of School –B	363
5.3.1	A) Process of development of Sickness in school-B	361
5.3.2	B) Suggestions for Reviving School-B	362
5.4	Findings of School – C	363
5.4.1	A) Process of development of Sickness in school-C	363
5.4.2	B) Suggestions for Reviving School-C	365
5.5	Findings of School –D	366
5.5.1	A) Process of development of Sickness in school-D	366
5.5.2	B) Suggestions for Reviving School-D	367
5.6	Findings of School –E	369
5.6.1	A) Process of development of Sickness in school-E	369
5.6.2	B) Suggestions for Reviving School-E	370
5.7	Implications of the Study	372

5.8	Recommendations for Policy Makers	373
5.9	Suggestions For Further Studies	374
5.10	Conclusion	374
