

## LIST OF TABLES

<b>Table No.</b>	<b>Title of the Table</b>	<b>Page No.</b>
2.1	Analysis of the studies conducted in India related to Factor Affecting Mathematics Achievement	38
2.2	Analysis of the studies conducted Abroad related to Factor Affecting Mathematics Achievement	58
3.1	The distribution of Statements with respect to the Components and the Polarity	66
3.2	The Revised draft of Scale to measure Attitude towards Mathematics with distribution of statements with respect to the Components and the Polarity	68
3.3	List of the School with number of Students (phase-I)	71
3.4	Scoring Procedure	72
3.5	The Mean, SD and t-values of thirty six statements	73
3.6	Distribution of the Statements for the Final Format with Polarity	75
3.7	List of the School with number of Students to establish Psychometric Property (Phase-II)	75
3.8	Reliability Statistics (Cronbach's Alpha)	76
3.9	Distribution of the Statements in two halves	77
3.10	KMO and Bartlett's Test	78
3.11	Communalities	79
3.12	Total Variance Explained	80
3.13	Component Matrix	82
3.14	Rotated Component Matrix	83
3.15	Component Transformation Matrix	84
3.16	Mean, Standard deviation, Median, Percentiles, Skewness and Kurtosis of Attitude score of the students for	85

	establishment of Norms	
4.1	Proportional Stratified Sampling Technique	90
4.2	List of the School with number of students for phase: III	90
5.1	Frequency Distribution of Achievement in Mathematics	100
5.2	Mean Median, Standard Deviation, Skewness and Kurtosis of Achievement in Mathematics	102
5.3	Mean Median, Standard Deviation, Skewness and Kurtosis of Attitude towards Mathematics on Attitude scale	102
5.4	Mean Median, Standard Deviation, Skewness and Kurtosis of intelligence on Intelligence Scale	103
5.5	Mean Median, Standard Deviation, Skewness and Kurtosis of SES on SES Scale	104
5.6	Mean Median, Standard Deviation, Skewness and Kurtosis of Mathematical Weaknesses on Mathematical Weaknesses Scale	104
5.7	Summary of ANOVA of very low, low, average, high and very high Attitude towards Mathematics	105
5.8	Summary of Tukey Test (Different Categories of Attitude towards Mathematics)	106
5.9	Summary of ANOVA of very superior, superior, average high, average, average low, border line and defective Intelligence	107
5.10	Summary of Tukey Test (Different Categories of Intelligence)	108
5.11	Summary of ANOVA of very high, high, average, low and very low SES	109
5.12	Summary of Tukey Test (Different Categories of SES)	110
5.13	Summary of ANOVA of very high, high, average, low and very low Mathematical Weaknesses	111

5.14	Summary of Tukey Test (Different Categories of Mathematical Weaknesses)	112
5.15	Summary of ANOVA of the interaction effect of factors Intelligence and Attitude towards Mathematics (A X B)	113
5.16	Summary of ANOVA of the interaction effect of factors SES and Attitude towards Mathematics (A X C)	114
5.17	Summary of ANOVA of the interaction effect of factors Attitude towards Mathematics and Mathematical Weaknesses (A X D)	115
5.18	Summary of ANOVA of the interaction effect of factors Intelligence and SES (B X C)	115
5.19	Summary of ANOVA of the interaction effect of factors Intelligence and Mathematical Weaknesses (B X D)	116
5.20	Summary of ANOVA of the interaction effect of factors Mathematical Weaknesses and SES (D X C)	117
5.21	Summary of ANOVA of the interaction effect of factors Attitude towards Mathematics, Intelligence and Mathematical Weaknesses (A X B X D)	118
5.22	Summary of ANOVA of the interaction effect of factors Attitude towards Mathematics, Intelligence and SES (A X B X C)	118
5.23	Summary of ANOVA of the interaction effect of factors Attitude towards Mathematics, Mathematical Weaknesses and SES (A X D X C)	119
5.24	Summary of ANOVA of the interaction effect of factors Intelligence, Mathematical Weaknesses and SES (B X D X C)	120
5.25	Summary of ANOVA of the interaction effect of factors Attitude towards Mathematics, Intelligence, Weaknesses	121

in Mathematics and SES (A X B X D X C)

## **LIST OF FIGURES**

<b>Table No.</b>	<b>Title of the Figure</b>	<b>Page No.</b>
3.1	Scree plot	81
5.1	Frequency Distribution of Mathematics Achievement of Students	101
