

ACKNOWLEDGEMENTS

First of all, I would like to express my big thank you to ALMIGHTY GOD, with his blessings only it has been possible to carry out this study.

I also share my thanks to Honorable Sir Sayajirao Gaekwad, the founder of The Maharaja Sayajirao University of Baroda for establishment of such a grand university which functions in almost every realm of education for the society.

I would like to express my deepest gratitude to my esteemed Research Guide, Prof. (Mrs.) Sadhana J. Rajput, Former-Dean, Faculty of Pharmacy, The M S University of Baroda, for her supervision, advice and guidance throughout my research work as well as giving me freedom to explore my ideas and research work which has been resulted in extraordinary experiences throughout the work. I consider myself very fortunate that she taught me critical scientific thinking and excellent editing of manuscript and thesis.

I also would like to express my gratitude to my esteemed research Co-guide, Dr. Arivozhi Mohan, Former-AVP, Sun Pharmaceuticals industries Ltd., who considered my proposal and presented it for higher management for approval to conduct research work in association with M.S. University of Baroda. Due to his constant inspiration, motivation and support, I have been constantly involved in conducting my research work with dedication.

I express my deep sense of gratitude towards our Vice-Chancellor Dr. Parimal Vyas and Prof. (Dr.) Vijay Kumar Srivastava for providing excellent facilities and giving constant encouragement for research work.

I am deeply thankful to Management of Sun Pharmaceutical Industries Ltd, Vadodara, Gujarat, India for the permission to pursue the research work with all type of research facilities without which this would not have been possible to achieve.

I am greatly indebted to Dr. T. Rajamannar, Former R&D head, Sun Pharmaceutical Industries

Ltd, Vadodara, Gujarat for considering and approving my application to carry out research work in collaboration with M.S. University of Baroda.

I am also very much thankful to late Mr. Dayaram Dhamala, Former-Head, HR, Sun Pharmaceutical Industries Ltd, Vadodara, Gujarat for helping me to accomplish all HR and management formalities.

I share my sincere thanks to Prof. (Mrs. Krutika Sawant), Dean and HOD of Faculty of Pharmacy for her constant support and encouragement in my research work.

I also share my thanks to respected faculties (Dr. R.C. Mashru, Dr. Kirti Patel, Dr. Hemal Tandel, Dr. Hetal Thakkar, Mr. Bhavik Chauhan, Dr. Prashant Murumkar, Dr. Navnit Prajapati) and non-teaching staff of faculty of pharmacy for supporting me throughout the research work.

I would like to express my deep gratitude Mr. Dhruvil Vyas, Analytical development department, Sun Pharmaceuticals Industries Ltd., for their huge support in terms of sharing technical knowledge for development of analytical methods using HPLC and LC-MS.

I also express my heartiest thanks to Prof. M. R. Yadav, Former-Dean, Faculty of Pharmacy, M.S. University of Baroda, who specially taught me the detailed structure elucidation theories of unknown compounds using LC-MS, NMR and IR spectroscopy.

I express my thanks to my colleagues in The M.S. University of Baroda, Madhuri Baghel, Charu Pandya, Pragati Makadia, Seema Saroj, Priya Shah, Mansi Sathe, Harsh Shah, Parva Jani, Rahul Barot, Pravin Patil whose words of encouragement and support made my research pathway simpler.

I express my sincere gratitude to my colleagues in Sun Pharmaceuticals Industries Ltd. Vadodara, Mr. Denish Maradiya, Mr. Suresh Chhuchhar, Mr. Harsh Shah, Mr. Arunkumar Yadav, Mr. Krunal Pandya, Mr. Jayesh Bhanderi, Mr. Chirag Patel, Jigar Joshi and Mr. Hiren Shah for sharing technical insights whenever needed during my research work.

Above all, I am very much grateful to my mother, my father and all my family members for their constant support and blessings.

Finally, I must thank one and all who cooperated with me directly or indirectly during the pursuance of the research work
