

ACKNOWLEDGEMENT

First and foremost I would like to thank ‘**Pooj Nimal Sai**’ and ‘**Pooj Nirmal Sai**’ who gave me the power to believe in my passion and persue my dreams. I could never have done this without the faith I have in you, the Almighty.

I express deep gratitude towards my Guide **Prof. (Dr.) R. A. Sengupta** for introducing me to this topic and for his invaluable guidance in making this research possible. It has been an enriching experience to work under his guidance. His valuable suggestions always inspired me to strive hard to achieve the best within the system. I thank him for the critical analysis of my work. His remarks were of great help in shaping and refining my work. I greatly appreciate his scientific writing skills and would like to thank him to support me.

I would like to especially thank **Prof. (Dr.) Bina R. Sengupta** (Head of the Chemical Engineering Department) for her affection. Madam is always a source of inspiration for me. I am greatly indebted to her for always being approachable and helping me to overcome obstacles.

I am also thankful to all the staff members of Chemical Engineering Department for helping me in completion of my research work. I would like to especially thank **Mr. Himanshu P. Kohli** and **Mr. Kamalesh Gupta** for proofreading and formatting my thesis.

I am deeply grateful to my colleagues and friends **Dr. Piyush Vanzara, Dr. Mathur Bhakhar, Ms. Ujvala Christian, Ms. Svati Patel** and **Mr. Mahal Patel** for their help, co-operation and support during my Ph.D. work.
