I would like to take this opportunity to offer my heartfelt thanks to a number of people without whose help and support, this thesis would never have been possible. In the first place I would like to express my deepest gratitude to my esteemed Supervisor, **Dr. Ambikanandan Misra**, Professor of Pharmaceutics, for his supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, he provided me unflinching encouragement and support in various ways. His truly scientific intuition has made him as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a student, a researcher and a scientist. I am indebted to him more than he knows.

I take special privilege to thank my co-guide **Dr. T. Bagachi**, Professor and Head, Department of Biotechnology, The M S University of Baroda, for his help and encouragement during my research work.

I express my sincere thanks to **Prof. M. R. Yadav**, Head, Pharmacy Department, and Prof. (Mrs.) S. J. Rajput, Prof. (Mrs.) Rajani Giridhar, Coordinator, G.H. Patel Pharmacy Building, Pharmacy Department, for having provided me with the necessary laboratory facilities and congenial ambience. I owe my deepest gratitude to Prof. R. S. R. Murthy, Prof. S. H. Mishra, Prof. K. K. Sawant, Prof. R. Balraman, Dr. Rajashree Mashru, Dr. Hetal Thakkar, Mrs. Hemal Tandel, Dr. P. Nagar, Mr. S.P. Rathod for their valuable suggestions and help whenever sought for.

I am thankful to **Dr. Amulya Panda** for allowing me to carry out cell line studies at National Institute of Immunology (NII), New Delhi. I am also thankful to my colleagues, especially Mr. Anish C.K., Mr. Prasad, Mr. Dinesh and Ms. Soma, at NII for their help in carrying out these studies.

Gift samples of Docetaxel Trihydrate and Etoposide by Intas Pharmaceuticals Ltd. Ahmedabad are duly acknowledged. I am also thankful to Dr. Karen Voudson, Beatson Institute of Cancer Research, Glasgow, UK, and Dr. Rajkumar Bannerjee, IICT, Hyderabad, for providing gift samples of plasmid DNA. SPARC, Tandelja, Vadodara is also acknowledged for help rendering in carrying out cryoTEM studies.

I take this opportunity to express my thanks to colleagues at Science Faculty, M.S. University of Baroda, Mr. Sandeep, Mr. Akhilesh, Ms. Parul, Mr. Nidheesh, Mr. Mrunal, and Mr. Mayur for their generous help during my project.

I take this opportunity to express my thanks to non-teaching staff members at Pharmacy department, Kalabhavan and Pharmacy department, G. H. Patel Building for their kind cooperation.

I would also like to extend my appreciation to my colleagues and friends, especially Vijay Sir, Yogesh Sir, Ashutosh Sir, Prudhvi Sir, Hamsraj Sir, Smita Mam, Neha Mam, Kamal Sir, Florence Mam, Sachin Sir, Sham Sir, Sanjay Sir for their advice and their willingness to share their bright thoughts with me, which were very fruitful for shaping up my ideas and research.

I take great pleasure in thanking my dear friends Deepti, Rohit, Sandeep T., Jinesh, Veena, Vinoth, Jigar, Sandip, Kailash, Mukesh U., Kiran, Mukesh K., Vijay, Gitanjali, Himanshu, Raju, Manisha, Deepa, Mohan, Girish, Manjappa, Yogesh, Prashant N., Prashant M., Vishal, Anand, Dhaval, Abhishek and all others, whose name I might be missing, for their support and encouragement, the moment with whom cannot be forgotten.

I take this opportunity to sincerely thank the Council for Scientific and Industrial Research (CSIR), New Delhi for the financial support in term of senior research fellowship during this course.

Finally, I deeply thank my family for their never-ending love and support throughout the years and their encouragement and confidence in me.

Last but not least, I thank almighty for his unlimited favors showered upon me.
