

ACKNOWLEDGEMENT

It is my privilege and great opportunity to transcribe my sincerest gratitude to my guide and mentor, Dr. R. Balaraman, Professor of Pharmacology, Pharmacy Department, M. S. University of Baroda for his valuable help, continued interest, guidance and encouragement, precious attention, co-operation, great patients and kind advice during the progress and completion of my thesis.

I would offer my sincere thanks to Dr. A. N. Misra, head, Pharmacy Department and the entire staff of Pharmacy Department for their co-operation and support during my work. I am also thankful to M. S. University of Baroda, for providing me University Research Scholarship during my work.

I feel great pleasure and honour to express my respectful regards to Dr. M. R. Yadav who has provided newly synthesized compounds for the present study, I am thankful to Cherrian chemicals for providing me herbal drugs samples and also thankful to SPARC Baroda for providing gift samples of some standard drugs. I am grateful to Dr. Savithri Shivakumar, BioArc Research Solution, Baroda for their help.

My special thanks to Rishit Zalawadia, Chintan Gandhi and Niraj Bhatt for their valuable help and supports in completion of this project. I also want to extend my thanks to my co-worker Jayesh, Chitrang, Vipin, Sunil Bothara, and Leena. I could not have attained the stage as on today with out the blessings and support of my parents and family members. My special thanks goes to my wife Dinusha and dear daughter Diva for standing by my side and inspiring me through out my work.

Finally, I thank almighty God for his favours showered on me.

Arvind N Parmar
