

ACKNOWLEDGEMENT

*“The thing always happens that you really believe in,
and the belief in a thing makes it happen”*

Any good work can be done successfully by sheer hard work and self belief. This self belief comes from this faith that there must be a divine force that always controls our deeds and gives the best opportunities possible, he is the God. I will always be grateful to him for his blessing throughout my life and for providing me enough power and courage to overcome all the obstacles in my life.

I feel honoured to express my deep sense of respect for my mentor Prof. (Dr.) S. H. Mishra for constant help, invaluable guidance, suggestions, critical comments & constructive criticism extended to me during every stage of research, since July, 2008. I thank him for devoting enormous efforts and time to help me in research activities.

I am grateful to Prof. (Dr.) M.R. Yadav, Head Pharmacy Department and Prof. (Dr.) S. J. Rajput, Coordinator, G. H. Patel Pharmacy Building, The Maharaja Sayajirao University of Baroda, Vadodara for providing necessary facilities for this work.

My sincere thanks to Prof. (Dr.) Krutika K. Sawant for her moral support and help during the course of research work.

I am sincerely thankful to Dr. (Mrs.) Susy Albert, Associate Professor, Botany Department, The M.S. University of Baroda, Vadodara, Gujarat, for authentication of plant materials and for her help in anatomical studies of the plant material.

I am especially thankful to Dr. R.V. Devkar, Zoology Department, for all those timely help, guidance and inspiration he provided throughout the course of in vitro cell line studies, whenever I need.

My thanks are due to Vaibhav Analytical laboratory, Ahmedabad, for elemental analysis of the plant materials; Chemistry Department, The M. S. University of Baroda for NMR and MASS studies;

NCCS, Pune for providing cell lines and IIT-Mumbai for providing the facility of CHNSO analysis. I would specially like to thank Mr. Rajdeep, Torrent Pharmaceuticals, Ahmedabad for his help in interpretation of Mass, NMR spectra and structural elucidation.

During the course of study I feel myself extremely lucky to get all necessary help and encouragements from my friends and researchers from Zoology department Raviraj Singh Jadeja, Meneka C Thounaojam, Deepak K Patel and Swati N Desai.

A work can never be done successfully alone without the help and co-operation of colleagues and friends. I feel myself extremely lucky to get all necessary help and encouragements from Mr. Neeraj Sethiya, Mr. Ashish Trivedi and Mr. Mohan Maruga Raja, Mr. Hardik patel, Mr. Prem Kumar, Mr. Palashi Pal, Mr. Vijay Pawar, Mr. Yogesh , Mr. Prashant Naik, Ms. Deepa Patel, Mr. Manjappa throughout the research work,

I am pleased to thank Dr. Anand Bafna and Dr. Mayur Patel for inspiring and supporting me all along this research work,

I also like to thank all our non-teaching staffs for their help and Co-operation during my project work,

Last but not the least, I would like to thank my family members Mr. Roshan Lal Jain, Mrs. Saroj Jain, Mrs. Vinita Jain, Mr. Vineesh Jain, Mr. Surendra Jain, Mrs. Gunjan Jain, Mrs. Lakshmi Kapadia, Mr. Ankit Kapadia and Mrs. Rakhee Jain.

My sincere and heartfelt thanks to all of them, who might have contributed somehow in my life but I failed to recognize them. I honestly express regret, but know that my thanks goes out to you as well.

Mahendra Jain
