

***DEDICATED TO MY  
PARENTS***

# ACKNOWLEDGEMENTS

As well said:

Human potential is the same for all. If you have will power, then you can change anything.

- The Dalai Lama

Above words hold a great message in this beautiful journey. Above all, I would like to thank almighty God for the beautiful life endowed on me and to always show me a better path during the journey of life. I pray for his warm blessings and have utmost trust on him that he will take care of my loved ones. My subsequent acknowledgement is to my Parents, no lesser than God. Sometimes, I wonder whether is there any way to express my feeling that I have and that I would like to share to them, about reciprocating to the immense efforts and wisdom provided to me till date, I bet, I won't be able to make up. They have always been there for my support. My mother sharing and caring me in her best possible way, no matter the situation, no matter the time, I always know she's there for me and always understands me before I could express myself in any worst circumstances. My father, a noble man, and a very hard decision maker, but I always know, shares the same affection as of mom and believes in me. He has great wisdom and foresight with clear cut eye opening views and sometimes with very harsh words but always logical, impactful with straight forward policy and meaning. My brother Dr. Kavita (Assistant Professor, SVKM's BNCP, Vile Parle (W), Mumbai), engrossed in his job, still finds time to call me up and share the experience he had been through his PhD time at ICT. He is very soft spoken and looks simple but having all "Chanakya niti" which makes him unique and inspirational to everyone. My family members Praful uncle, Surekha aunty, Mr. Ritesh Patel, Hiralbhabhi, Trushnabhabhi, Ekta & Kishor kumar, Arpita, Abhishek, Pinky, Chaku, Kusum foi and my grandmother Dahiba, calling me up often to know my state in research, moments I share with them wholeheartedly.

My utmost and sincere thanks and regards to my supervisor, Prof. Ambikanandan Misra, Professor in Pharmaceutics, Faculty of Pharmacy, The Maharaja Sayajirao University of Baroda first of all for giving me an opportunity to get enrolled under his esteemed guidance for pursuing my doctorate. During this long tenure of four years, which now seems have passed in a moment, I am honored to spent countless moments

under his valued guidance. Germany study trips were special moment with him. Those critical suggestions for moving the project forward, those follow ups, those wise words, those crucial decisions and many unsaid aspects of his diverse knowledge and personality that one longs for. He is a true mentor and supreme leader. His constant encouragement, and appreciation kept me motivated throughout and helped me immensely in completing this research.

I have been endowed company with some of the coolest person with down to earth attitude, person with immense knowledge, person with keen research astute and having an optimistic approach to accomplish all of the toughest task that have been assigned to them. I would like to mention Dr. Rohan Lalani (Manager-I Peptide formulation, SunPharma, Vadodara), with whom I have had not just moments but much more than I could define since my post graduation time at LMCP, Ahmedabad. Our weirdest laughs and silly discussions in any situation, our rapport is just amazing. His presence always made me calm and relaxed. No matter how far he will be in future, still never changes with time. I would also like to mention commendable efforts and perfection taken by rising star of our group Mr. Denish Bardoliwala. He is not only my colleague but also like younger brother and trouble shooter of lab work as well as other stuffs and we shared all success and failures of experiments in healthy working atmosphere. I am also very much thankful to Ms. Akanksha Patel and Ms. Aishwarya Nagarseth (MPH students) since their joining this work as team. Their presence made my lab work in continuous manner with ease. They were known to me as students at MPC since 2013 and are extra ordinary talents in pharma field. Mrs. Ankita U Patel (Manager, Technical training, Sunpharma, Halol, Vadodara), so much to learn from her, is my inspiration and motivation as colleague, friend cum sister since our bonding at Maliba college. She has always treats me like her younger brother and guides myself. She has a pure and perfect vision to undertake any formidable challenge or research and complete it with ease in an organized manner. She is always keen to help others. Mr. Praful Dedhiya (Assistant Prof MPC), Man of excellence, silent, smart and diligent in every aspect of research. He is the solution of any problem and always responded very fast to solve my lab queries and thesis writing. Mrs. Avadhuta Patel and Mrs. UrviWaghela Panwar, calm and organized in each and every situation. They have been a true friend, helping me out in my tough situation and a friend and colleague to share my feelings of joy and grief. I am

thankful to Dr. Hinal Patel, Dr. Priyanka Bhatt, Dr. Imran Vhora, Dr. Sushil Patil for their support and help in framing design my my work. We used to discuss many aspects of my project and her advise was very helpful for understanding aspects related to gene and siRNA. I also mention Mr. Ankit javia who always supported in his best way. My special acknowledgement goes to Dr. Bhavin Vyas (Associate Professor, MPC), Dr. AkshayKoli (Senior Manager, Ideal cure Pvt Ltd, Mumbai) who have been always instrumental in framing crucial decisions since beginning of my pharmacy career. I am also thankful to Prof D. R. Shan (Provost, UTU, Bardoli) and Prof S.A. Shah (Director, MPC) who played very crucial role in framing my career and always supported me to uplift my career a notch above. I express my sincere thanks to Dr. Manisha Lalan (Assistant Prof, BITS) Dr. Deepa Patel (Assistant Prof, Parul University) and Dr. Abhay Dharamsi (Dean, Faculty of Pharmacy, Parul University) for providing me platform and allow to share my views on my area of work in their campus.

I am grateful to University grant commission (UGC), India for their initiatives infunding and fellowships for research students and for awarding me UGS-NF-OBC Fellowship. My special acknowledgement to department of science and technology (DST) and german academic exchange service (DAAD) for approval and funding of joint collaborative project between The Maharaja Sayajirao university of Baroda and Prof Paola Luciani, Friedrich schiller university of Jena, Germany.

I would like to extend my thanks to Prof. Krutika Sawant, Prof. Sadhana Rajpoot, Dr. Hetal Thakkar, Dr. Hemal Tandel who have always been keen in professional excellence of the students of the department. I would like to personally thank my departmental colleague Lalji, Parva, Brijesh, Parth, Pravin, Darshana, Ritu, Mitali for their support and brief chats I had with them at G. H. Patel Pharmacy Building. I personally extend my thanks to Mahesh Barmade, Rahul Gughe sir, Atul sir of chemistry department.

I am thankful to Prof. Sarita Gupta, Co-ordinator, Dr. Vikram Sarabhai Science Center, M. S. University of Baroda for her support to carry out Ultracentrifugation, Mass Spectrometry and cell line studies i.e. fluorescent microscopy and FACS. I would thank Komal Madam, Pooja Madam Dr. Akhilesh, Dr. Tushar Shah, for their continued guidance and practical support on the cell line studies. I would like to acknowledge Sun Pharma Advanced Research Center,

Vadodara for supporting on Cryo-TEM. I thank Dr. Sachin Naik, Mr. Saikat Ghosh and Dr. S. Bhoumick for their support for the TEM analysis of the developed formulations. I am thankful to Dr. Babulal and Mr. Jayesh bhai for carrying out AFM and SEM analysis at CSMCRI, Bhavnagar. I also acknowledge ERDA, Vadodara for providing powder XRD facility.

I also thank Sophisticated Analytical Instrumentation Facility, University Institute of Pharmaceutical Sciences, Punjab University for support in carrying out Proton NMR studies, SEM analysis of some compounds. I also thank Dr. Ashish Ganguly, Institute of microbial technology, CSIR, Chandigarh for their valuable support in SAXS analysis.

This acknowledgement would be incomplete if I do not appreciate the efforts of master's students of 2016-19 batch from MSU, Vadodara and bachelor students of 2012-2015 from Maliba college, Bardoli and who with their various queries have given me the opportunity to learn those theoretical and practical aspects that were beyond the scope of my research work and have extended my outreach in understanding the subject widely. I am blessed with few extra ordinary talents as students cum friend; Jinkal Viradia (CAN), Debolina Mazumdar (AUS) and Priti Patel who always contributed as team.

I am indebted to Vaishali Madam, Bharat bhai, Jalpa madam, Bhumi madam for their assistance in all administrative aspects. I owe a special thanks to all office and laboratory staff Chandrakant bhai, Chandrakant, Nagin bhai, Jagdish bhai, Pravin bhai and Pramod bhai of the department of pharmacy, M.S. University of Baroda, for their constant help. I am indebted to Jignesh Prajapati and Kiran bhai for his constant support in maintenance of labs and equipment.

Last but not the least, I express my gratitude towards my close friends who always motivated me throughout this journey; Atul, Dr. Mihir, Dr. Harsh, Para, Janki Desai, Hemant, Kalpesh. I express my gratitude and apologize to everybody whose contribution I could not mention.

With best regards and utmost gratitude,

**Mr. Vivek N. Patel**
