

Acknowledgements

First and foremost, I thank the Almighty to whom I owe my very existence, for providing me this opportunity and granting me the capability to proceed successfully. I am grateful for His provision of joys, challenges and grace for growth that have been bestowed upon me during this research work, and indeed, throughout my life.

In the first place I would like to express my deepest gratitude to my esteemed mentor, **Dr. Hetal P Thakkar** for her supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, she provided me unflinching encouragement and support in various ways. Her truly scientific intuition has made her as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a student, a researcher and a scientist. I am indebted to her more than she knows.

I express my sincere gratitude to **Prof. A. N. Misra**, Former Dean, Faculty of Technology & Engineering; **Prof. M. R. Yadav**, Former Dean, faculty of Pharmacy; **Prof. S. J. Rajput**, Former Dean, faculty of Pharmacy; **Prof. Krutika K. Sawant**, Dean, Faculty of Pharmacy and Head, Pharmacy Department for providing me the support and encouragement to perform my research work comfortably. I also express my gratitude to **Dr. Bina Shah**, for providing me the opportunity to be associated with this esteemed organization.

My sincere thanks go to Sun Pharma Advanced Research Centre, Vadodara for providing the gift samples of Paclitaxel and Carboplatin. I would also like to thank Lipoid GmbH, Germany for providing gift samples of lipids for my research work. I am sincerely thankful to the University Grants Commission (UGC), New Delhi for providing Research Fellowship under UGC Major Research Project granted to my guide which helped me to carry out the research work without any financial constraint.

I also express my special thanks to **Dr. Rakesh Kumar Sharma**, Vice – Chancellor, SIMATS, Chennai and **Dr. Amit Tyagi**, Scientist, Combat Science Department, Institute of Nuclear Medicine and Allied Sciences (INMAS), DRDO, Ministry of Defense, New Delhi, India for supporting necessary facilities and help to carry out Gamma Scintigraphy studies. I would like to thank **Ms Ankur Kaul**, **Riteshbhai**, **Mr. Harish Rawat**, **Swarnabha Sarkar**, **Himanshu** and **Pankaj** for their co-operation and help during the in vivo studies.

I also express my gratitude to **Dr. S.S. Gandhi**, Animal Vaccine Institute, Gandhinagar and **Dr Rajendra Patil**, Flair Labs, Surat for providing me the animals for in vivo studies. My thanks also goes to my experimental animals, because of them I could achieve my goal.

I take this opportunity to thank **Dr. Naveen Patel**, Head of Veterinary, Polyclinic, Vadodara for providing me the necessary facility to carry out my in vivo study. A special thanks goes to **Dr. Tejas Shukla** and **Dr. Vijay Patel** Veterinary Polyclinic, for their untiring help and support in my in vivo studies. It would not have been possible

without their support and guidance. I thank from bottom of my heart for their co-operation.

I am really thankful to **Dr. Sandip Patel**, Sardarkrushinagar Dantiwada Agricultural University, Banaskantha, Gujarat for providing me all necessary support and facility to carry out my histopathology studies. I would like to acknowledge **Dr. Sarita Gupta**, Head, Dr. Vikram Sarabhai Institute of Cell and Molecular Biology, The M. S. University of Baroda for providing FACS facility for my cell line studies. I would also like to thank **Dr Imran Vohra**, for his help in my Ex Vivo studies. I am really thankful to **Dr Neetesh Agrawal, Dr. Mohit Mahajan, Dr. Priya Shah, Dr. Seema Saroj** for their help in my IR, DSC and Cell line studies. I wish to express my heartiest thanks to **Dr. Jatin Machhi, Prachi Karia** and **Hardik Savsani** for their help provided during in vivo experiments.

I would like to acknowledge my senior research colleagues and friends **Dr. Praveen Kumar, Dr. Arpita Patel, Dr. Rahul Dhande, and Dr. Jagruti Desai** for their technical support in the laboratory over my present research work.

No thanks would be enough to appreciate the support by my friends and colleagues to make my work hassle free and enjoyable. My heartfelt thanks to **Brijesh, Ravi, Parv, Mitali, Kinjal, Dhaval, Abhijit, Ritu** and all those whose names I might be missing.

It takes great pleasure to thank my seniors **Dr. Piyush Mundada, Dr. Veenu Mundada, Dr. Chintan Vora, Dr. Riddhish Patadia, Dr. Hardik Gandhi** for their constructive suggestions, moral support and creating a pleasant atmosphere in hard moments.

My thanks towards the non-teaching staff members at Shri G. H. Patel Pharmacy Building and Kalabhavan for their kind co-operation. Special thanks to **Mrs. Vaishali Patel, Mrs. Heena Verma, Chandrakantbhai** for their constant help during all this time.

I would like to pay high regards to my **Mummy-Papa** for their unconditional support, both financially and emotionally throughout my life. My better half, **Divya** and the little angel in my life, **Drashta** deserve special mention. The love, patience and understanding shown by them during the research period are immeasurable. Words are short to express my deep sense of gratitude towards **Didi-Jijaji, Kayan, Sonu, Ashish, Keyur, Dipesh, Tanay** for their endless love, prayers, continual support and encouragement throughout these years.

Finally, I am using this opportunity to express my gratitude to everyone who supported me throughout the course of my Ph.D. I am thankful for their aspiring guidance, invaluable constructive criticism and friendly advice during the project work.

I wish to dedicate this dissertation to **Almighty, Guide, Family and Friends**.

Chintankumar Patel
