

Acknowledgements

The work on this thesis has been an inspiring often exciting sometimes challenging but always interesting experience. It has been made possible by many other people who have supported me.

In first place I would like to express my sincere appreciation and gratitude to my guide, **Dr. (Mrs.) Rajani Giridhar**, Professor of Pharmaceutical Chemistry for his invaluable guidance and suggestions throughout the course of the project. Her systematic approach, tremendous enthusiasm and convivial criticism have been of great help and inspiration.

I also thank **Dr. M. R. Yadav**, Head & Professor of Pharmaceutical Chemistry for sharing his vast knowledge in medicinal chemistry and for his never ending support, valuable suggestions and encouragement during the entire course of work.

I am extremely thankful to **Mr. Viral Dhaduk and Mr. Pradip Mali** for their contribution in this work.

Thanks to all my colleagues of the Pharmaceutical Chemistry laboratory **Dr. Palash Pal, Mr. Riyaj Tamboli, Dr. Vishal Zambre, Dr. Vijay Pawar, Dr. Prashant Naik, Mr. Premlal Mehar, Dr. Dhaval Prajapati, Dr. Amit Verma, Dr. Prafulla Sabale, Dr. Yogish, Dr. Mukesh Kumar and Mr. Navneet Prajapati** for sharing my good as well as bad times, encouraging me and helping me in all possible ways. I would also like to thank **Mr. Mahesh Shidore, Mr. Neetesh Agrawal, Mr. Mayank Sharma and Mr. Mahesh Barmade** for their support.

I wish to place on record my sincere thanks to **Prof. Li Jia**, National Center for Drug Screening, State Key Laboratory of Drug Research, Shanghai Institute of Materia Medica, Shanghai, P. R. China and **Mr. Hardik Gandhi** for carrying out biological studies of the synthesized compounds and **Dr. Prashant Murumkar and Mr. Ashish Kanhed** for helping me in docking studies.

Collective and individual acknowledgments are also due to my Ph.D colleagues whose presence somehow perpetually refreshed, helpful and memorable during this work. Many thanks go in particular to **Dr. M. K. Mohan Maruga Raja, Dr. Jigar Lalani and Dr. Koiramba Singh**.

I express my sincere thanks to *Binit Patel* and all supporting staff of the Pharmacy Department, for their co-operation and support during this study.

I am very grateful to *Dr. A. L Prasad* and *Vasanthakumar Ganga Ramu*, Omgene Life sciences Pvt. Ltd., Vadodara for encouraging me during thesis writing.

I wish to convey my thanks to *ICMR, New Delhi* for the award of Senior Research Fellow Fellowship and financial assistance to carry out this project.

Today what I am, is all due to my most beloved and reverent person, my father *Shri Vijaykumar N. Mantri* and my mother *Smt. Shobha V. Mantri* who has paved my way to this destiny, blessed, cared and encouraged me with moral support. I am immensely pleased in expressing my deepest sense of gratitude and regards to my wife *Mrs. Sarika Mantri* who supported me in all ways to reach my destination.

Above All I Thank ALMIGHTY GOD For Giving Me Courage And Strength Through Out The Life.

Lastly, I confess to all my well-wishers, whose name I may have missed in these pages and I express my sincere thanks to all those who were instrumental both directly and indirectly in completing my thesis work successfully.

Anand V. Mantri
