

## ACKNOWLEDGEMENTS

Research is creating new knowledge.

(Neil Armstrong)

First of all, I am very grateful to the ALMIGHTY GOD without his graces and blessings this study would not have been possible.

My deep sense of gratitude and thanks goes first to my esteemed guide **Prof. (Mrs.) Sadhana. J. Rajput**. Her dedication and keen interest above all her overwhelming attitude to help her students had been mainly responsible for completing my work.

Immeasurable appreciation and deepest gratitude for the help and support are extended to the following persons who in one way or another have contributed in making this study possible.

Sir Sayajirao Gaekwad, the founder of the Sayajirao University of Baroda, for establishing such a wonderful and multidisciplinary education foundation and the vice-chancellor Dr. Parimal Vyas for providing excellent research facilities. The coordinators during my tenure for their constant support and for providing the best instrument and other research facilities. To my teachers Dr. Krutika Sawant, Dr. Nagar, Dr. Kirti Patel, Dr. Hetal Thakkar, Dr. Prashant Murumkar, Mr. Navneet Prajapati, Mrs. Hemal Tandel, Mr. Bhavik Chauhan, Dr. Rajashree Mashru, for their worthy support and help.

I would also like to take this opportunity to acknowledge Centurian laboratories Pvt. Ltd, Vadodara, Ami lifesciences Pvt. Ltd, Sun pharmaceuticals pvt.ltd, Helathcare pharmaceuticals pvt.ltd, Mil laboratories pvt. Ltd, Cadila pharmaceuticals pvt. Ltd for providing gift samples for this research work. I would also like to thank Prof. P.K Jha, Professor, Physics department, Faculty of science, The Maharaja Sayajirao University of Baroda for permission to carry out Raman spectroscopic analysis and to Mr.Som Narayan, PhD research scholar, Physics department, Faculty of science, The Maharaja Sayajirao University of Baroda for helping in conducting the analysis of samples by Raman spectroscopy. I would also like to thank Dr. Vaishali Patel, Joint Commissioner, Drug Analysis, Food and Drug laboratory, Vadodara for permitting for NIR analysis of samples and to Dr. Dhaval Shah, Senior analyst, Food and Drug laboratory, Vadodara for helping in conducting NIR analysis of samples.

To my seniors, friends and colleagues, Abhishek Pathak, Reshma Jain, Prachi Bhamre, Madhuri Baghel, Mohit Mahajan, Charu Pandya and Priya Shah. I am extremely thankful to my friends Seema Saroj and Pragati Vanavi, whose words of encouragement and support made my research pathway simpler. I also express my heartiest thanks to Mrs. Vaishali, Mr. Chandrakant, Mr. Bharat, Mrs. Bhoomi, Miss. Jalpa, Mr. Binit and all other non-teaching staff for their help and support.

I also thank conveyers of The M.S University Scholarship, for providing financial assistance for the research work.

Above ground I am indebted to my family whose value to me only grows with age and time. I deeply thank my mother, father, mother-in-law for their never ending love and support. Finally I am grateful to my husband Anuj for his love, patience and endless support until the completion of my PhD dissertation. It is a genuine pleasure to express my love and thanks to my daughter Anaisha, whose cooperation and sacrifice made my PhD work possible.

At last I am thankful to all who have helped me directly or indirectly in completing my PhD work, which I could not mention one by one.

Date: 20/7/19

Place: Vadodara.
