The writing of this dissertation has been one of the toughest part of my curriculum. This thesis has been kept on track and seen through to completion with the support and encouragement of numerous people including my well-wishers, my friends, colleagues and even those who hate me from the bottom of their heart. Penning down this part of acknowledging peoples gives me a chance to express my gratitude to them who directly or indirectly helped me and showed the courage to bear and suffer the every now and then occurring splashes of confusion, queries, problems and things which cannot be expressed in words.

At this moment of accomplishment, first of all I pay homage to *My Grandmother*. I extend my profound respect and heartfelt gratitude to my respected Father Shri. **Pramod B. Pandey** and my Mother Smt. **Aruna P. Pandey** for they are the one who showed me the path in times of darkness weather it may be in sense of motivation, support, financial assistance, and a promise to be with me in all my hardships and decisions, whom I owe everything I am today and for their unwavering faith and confidence in my abilities and in me is what has shaped me to be the person. I owe my thanks (which will always be too small in front of the love and care he gave me starting from the childhood till today) to my brother **Abhishek Pandey** for supporting me in all my decisions specially in opting for Ph.D.

I am extremely indebted to my guide **Prof. Krutika K Sawant** for her valuable advice, constructive criticism and her extensive discussions around my work. The exemplary guidance, given by her time to time shall carry me a long way in the journey of life on which I am about to embark.

I am deeply indebted to **Prof. Rajesh Singh, Dr. Suresh Subramanian and Dr. Aruna Korde** for their unending guidance without any hurdles of schedule, time or day along with all the psychological support he provided in times when I needed them the most. I also want to show my gratitude to **Mr. Krutarth Singh** for his valuable guidance, never ending support and encouragement. I feel immense pleasure to acknowledge my profound, sincere sense of gratitude to **Dr. Kirti Patel, Dr. Sadhna Rajput, Dr. Prashant K Deshmukh, Dr. P. O. Patil, Dr. M. R. Yadav and Dr. A.**
