

LIST OF ABBREVIATIONS

ASHA:	American Speech Language Hearing Association
CQAs:	Critical Quality Attributes
CRPFR:	Controlled release powder for reconstitution
CRODT:	Controlled release orally disintegrating tablet
DS:	Design Space
DoE:	Design of Experiment
EMA:	European Medicines Agency
CCF:	Face centred central composite design
FMEA:	Failure Mode Effect Analysis
ICH:	International Conference on Harmonization
LCM:	Life Cycle Management
MS:	Metoprolol succinate
MH:	Metformin Hydrochloride
MUPS:	Multiple Unit Particulate System
MUDFs:	Multiple unit dosage forms
ODT:	Orally disintegrating tablet
PSD:	Particle Size Distribution
PLC:	Product Life Cycle
QbD:	Quality by design
QTPP:	Quality Target Product Profile
QRM:	Quality Risk Management
DSC:	Differential Scanning Calorimetry
FBP:	Fluid Bed Processor
CR:	Controlled release
HPC:	Hydroxy Propyl Cellulose EXF
EC:	Ethyl cellulose
IPA:	Iso Propyl Alcohol

PVP:	Polyvinyl Pyrrolidone
PAR:	Proven Acceptance Range
λ_{\max} :	Wavelength maxima
FTIR:	Fourier Transform Infrared spectroscopy
IPQC:	In process quality control tests
SEM:	Scanning Electron Microscopy
Cmax:	Peak plasma concentration
AUC:	Area under the plasma concentration versus time curve
Tmax:	Peak plasma concentration
