

## LIST OF FIGURES

FIGURE No.		PAGE
3.1	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Seeing Problems (SP)	112
3.2	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Unusual Uses Fluency (UF)	114
3.3	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Unusual Uses Flexibility (UX)	116
3.4	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Unusual Uses Originality (UO)	118
3.5	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Unusual Uses Creativity (UC)	120
3.6	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Consequences Fluency (CF)	122
3.7	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Consequences Originality (CO)	124
3.8	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Consequences Creativity (CC)	126
3.9	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Creativity Total (CY)	128
3.10	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Figural Fluency (FF)	130
3.11	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Figural Flexibility (FX)	132
3.12	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Figural Originality (FO)	134

(List of Figures continued)

FIGURE No.		PAGE
3.13	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Figural Elaboration (FE)	136
3.14	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Figural Creativity (FC)	138
3.15	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Verbal Fluency (VF)	140
3.16	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Verbal Flexibility (VX)	142
3.17	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Verbal Originality (VO)	144
3.18	Smoothed overlapping percentage frequency polygons of Indian students and Thai students for Verbal Creativity (VC)	146
