

Acknowledgements

I am deeply grateful to my advisor Professor Surendra Katyare for his guidance, and for his important support throughout this work. His wide knowledge and his logical way of thinking have been of great value for me.

I would like to express my deep and sincere gratitude to Dr. Pushpa Robin. Her understanding, encouraging and personal guidance have provided a great help in submission of my thesis.

It is an honour for me that I belong to the Department of Biochemistry. It has given me a chance to grow up as a good scientist.

I wish to express my warm and sincere thanks to Professor Sarita Gupta, Head of Department of Biochemistry, The M.S University of Baroda, Vadodara and all my teachers Prof. Tara Mehta, Prof. S. D. Telang, Dr. M. D. Jani, Prof. G Nareshkumar, Prof. Rasheedunnissa Begum, Dr. Jayashree Phonerkar and Dr. S Acharya for their moral support and guidance.

Very special thanks to Hiren for being a very supportive labmate who has made available his support in a number of ways. Samir and Munjal for whom I have great regard, and I wish to extend my warmest thanks to Dr. Subhash Katewa and Dr. Jignesh Pandya for their encouragement and valuable advice.

I warmly thank the animal house staff specially Late Mr. Nate and Rameshbhai for providing rats on time and helping me in many ways. My warm thanks are due to all office staff provided me all facilities.

I also wish warm thanks to my all friends specially Aditi, Jisha, Chirayu, Iqbal, Gopit, Diyya, Jyoti, Vihas, Vikas, Keyur, Hemendra.

I owe my very special thanks to my friends Purna and Vijay for running around for me.

My loving thanks to my Parents Mr. Anil Patel and Mrs. Sarita Patel for their immense support for the whole time. I wish my affectionate thanks to my husband Mr. Madhav Muralidhar without his encouragement and understanding it would have been impossible for me to finish this work. I owe my amorous thanks to my daughter Vaishnavi. She has lost a lot due to my thesis work.

Minal A Patel
