

List of Publications

- "Structural and functional alterations in mitochondrial membrane in picrotoxin-induced epileptic rat brain"; **Acharya MM** and Katyare SS, Experimental Neurology (2005), **192**, 79-88.
- "Picrotoxin-induced convulsions alters rat brain microsomal membrane structural properties"; **Acharya MM** and Katyare SS, Neuroscience letters (2006) **394(1)**, 9-12.
- "An improved micro-method for tyrosine estimation"; **Acharya MM** and Katyare SS, Z. Naturforsch. (2004) **59c** (11/12), 897-900.
- "Picrotoxin-induced convulsions and lysosomal function in the rat brain"; **Acharya MM et al**; Ind.J.Clin.Biochem. (2005), **20(1)**, 56-60.
- "Effects of antiepileptic drug treatment on lysosomal function and lysosomal membrane integrity in epileptic rat brain and liver"
Acharya MM et al. Annals of Neurosciences (2004) **12**, 25-34.
- "Effect of repeated intraperitoneal exposure to picrotoxin on rat liver lysosomal function"; **Acharya MM et al**; Ind. J. Exptl. Biol. (2004) **42**, 808-811.
- "Treatment with antiepileptic drugs alters the lysosomal functions and lysosomal membrane integrity in rat brain and liver"; Khamesra SH, **Acharya MM**, Katyare SS; Annals of Neurosciences (2002) **9**, 5-9.
