

ACKNOWLEDGEMENTS

First and foremost, I would like to express my deep gratitude towards my guide, Dr. Rasheedunnisa Begum. Her constant support, advice and encouragement had been immensely valuable for the successful completion of this work. I am particularly thankful to her for the genuine concern she has shown for my academic development. I truly enjoyed my experience working with her.

I sincerely thank the Head of the department Prof. Naresh Kumar and former Head of the department Prof. Tara Mehta for providing all the research facilities.

My sincere thanks are to Dr. Yogesh Marfatia, Department of Skin and VD, SSG hospital; Dr. Salil Acharya, Param Ayurvedic Hospital, Sakarda and Dr. Bela Shah, Civil hospital Ahmedabad for helping us in getting the blood samples of vitiligo patients. I am also grateful to Dr. Srijithesh, Dr. Gagandeep, Dr. Snehal and Dr. Priyanka for helping me in getting control blood samples. I would like to express my deep sense of gratitude to all the vitiligo patients and controls participated in this study.

I would like to express my sincere gratitude to Dr. Acharya and Prof. Naresh Kumar for taking their valuable time for stimulating discussions, invaluable inputs and they have given throughout this study.

I am also grateful to Prof. S.S. Katyare, Prof. S.D. Telang, Dr. Jayashree Pohnerkar, Prof. Sarita Gupta and other faculty members of this department for always being helpful. Special thanks to Dr. Sharad Gupta for helping me to do some hematological experiments.

Special thanks to Prof. Bagchi and Geoby for the help in maintaining the cell line and some immunochemical techniques.

I am really indebted to Vihas who encouraged me to join this department. Thanks for his valuable support and friendship.

I would like to thank my friends whose personal support was essential for the completion of this work. In this regard, sincere thanks to Vikas, Keyur,

and Siddharth for the encouragement, constant support, and fruitful discussions, without them I certainly could not have completed this work. I am very lucky to have friends like you.

Special thanks to former research scholars Prashant, Jignesh, Anil, Subhash, Jyoti, Laxmi, Munjal, Samir, Saiyed, Tina and Sanjay (GRC) for all the help and support they have provided.

My sincere gratitude to my lab mates Jyotika, Hina, Iqbal, Naresh and Mitesh for being always helpful and supportive. It was a pleasure to work with them. I am also grateful to former lab mates Deepali and Bandhana.

I would like to express my special thanks to Hiren for helping me to contact all the dermatologists in Baroda and drawing blood samples from vitiligo patients and controls required for this study.

It has been pleasure to work in this department with the research students who have always helped me. Thanks to Divya, Hemendra, Chirayu, Niraj, Gopit, Maulik, Prakash, Aditi, Pradeep, Jisha, Namita, Dr. Mukta Mohan, Purva, Prasant, Manish and Swapnali.

I am also thankful to MSc dissertation students who worked in this project– Mayur, Sheril, Neelam, Sreejata, Darshana, Mausami, Disha, Haresh, Hiral and Sonalika who have contributed many ways to this study.

I thank my friends Romesh, Tushar, Sushil, Sachin, Murali, Sumant, Nandan, Subbu, Rajesh, Santosh and Vishnu for all their help and support.

I am grateful to UGC and Maharaja Sayajirao University for the financial assistance.

And, the final gratitude goes to my family for their understanding and support.

September, 2007

Shajil. E.M.
