## A C K N O W L E D G E M E N T S

It is with great pleasure to note that the author acknowledges his deep sense of gratitude to Dr. A.M. Talati for suggesting the problem and stimulating interest in the work, and for encouragement and guidance through the various phases of the work.

He also takes this opportunity to express his sense of gratefulness to Prof. Suresh Sethna, Head, Chemistry Department, for his encouragement and continued interest in the work.

His thanks are due to Dr. S.S. Lele, Reader in Analytical Chemistry (Micro) for the Micro Analysis of the samples.

His thanks are due to Prof. R.D. Patel, Chemistry Department, Sardar Patel University, Vallabh Vidyanagar for providing facilities for thermal studies (D.T.A. and T.G.A.) presented herein and to Prof. Narsinhan, Chemistry Department, I.I.T., Kanpur for the infra-red spectra.

His thanks are due to S.I.R.C., Gujarat Government, Ahmedabad for Research Assistantship to work on the research project "Coordination Polymers".

Finally the author thanks all the fellow workers and the members of the staff for their kind cooperation from time to time.

R.N. Kapadia.
