

ACKNOWLEDGEMENTS

I wish to express my wholehearted gratitude to my research supervisors **Dr. Shailesh R. Shah** and **Dr. Mukul R. Jain** for their guidance, suggestions and perceptive criticism while carrying out the present work.

I owe tremendous debt to **Shri. Pankaj R. Patel**, CMD, Zydus Cadila for his constant encouragement and for providing the infrastructure and necessary facilities.

It is my privilege to thank **Dr. B. V. Kamath**, Head, Department of Chemistry, M.S. University of Baroda for his support.

My special thanks to lab-friends Pankaj Makadia, Pandurang Zaware, Amitgiri Goswami, Pravin Patil, Sujay Basu, Suresh Pola, Baban Thube, Darshit Patel, and Atul Godha for their cheerful co-operation and the help in every aspect through out this work.

The work would have not completed without the help provided by the analytical group. My sincere thanks to Jigar Gajjar, Nainish Trivedi and Jignesh Chauhan for recording the NMR, IR, Mass and HPLC spectra.

I am extremely thankful to Dr. Ashish Goel, Megha Patel, Dinesh Suthar, Maanan Shah and Dr. Priyanka Priyadarshini for *in vitro* biological evaluation of the compounds.

I am also thankful to Dr. Suresh Giri for conducting animal experiments and to Mr. Harilal Patel for conducting Pharmacokinetic studies.

I am extremely thankful to Jeevankumar Jamili for his help in molecular modeling studies.
