

LIST OF FIGURES

FIGURE NO.	TITLE	PAGE NO.
1.	Landmarks on Human Body for Measurements.	92
2.	Standing Height Measurements.	94
3.	Sitting Height Measurements.	98
4.	Map of Dharwad City.	101
5.	Anthropometer Rod.	105
6.	Wooden Adjustable Shelf.	109
7.	Adjustable Table.	113
8.	Effect of Outliers in Regression Analysis.	131
9.	Percentile Values of Standing Heights.	144
10.	Percentile Values of Circumference Measurements.	145
11.	Percentile Distribution of Maximum Vertical Two Handed Reaches at Various Standing Distances.	148
12.	Comparison of Maximum Vertical one Hand With Two Handed Reach Standing 15 cm Away from Wall.	149
13.	A Comparison Between Downward One Hand Reach and Lower Shelf Height Reach With Reference to Stature.	158
14.	Top Shelf Height Reach With and Without Obstacle With Reference to Stature.	160
15.	Percentile Distribution of Horizontal Two Handed Reaches at Different Elbow Heights.	168
16.	Normal Horizontal Reach and Angles of Elbow bend for 5th Percentile Women at Various Work Surface Levels.	169

		PAGE No.
17.	Normal Horizontal Reach and Angles of Elbow bend for 50th Percentile Women at Various Work Surface Levels.	170
18.	Normal Horizontal Reach and Angles of Elbow bend for 95th Percentile Women at Various Work Surface Levels.	171
19.	Angle between Upper and Forearm for Normal Horizontal Reach on the Surface at Various Levels.	172
20.	Percentage Reduction in Reach According to the Platform Height for Various Percentile Groups.	173
21.	Suggested Design Kitchen Layout	222
