

Acknowledgements

While working for this thesis, I came across to a number people without their contribution it would be a difficult task to achieve this important milestone of my life. Now it is a time to convey my gratitude to all of them in my humble acknowledgement.

I take this opportunity to express my humble reverence to my research supervisors **Prof. Shailesh R Shah** and **Dr. Mukul R Jain** for their inspiring guidance and constant motivation which helped me to understand better and remain optimistic during the course of my study.

I thank **Prof. Ashutosh V Bedekar**, Offg.. Head, Department of Chemistry, M.S. University of Baroda for his support.

I am very thankful to **Prof. Neelima Kulakarni** and **Prof. Anjali Patel**, and **Prof. S. R. Shah** Former Heads, Department of Chemistry, The M.S. University of Baroda for their support.

I am grateful to **Dr. Ranjit Desai**, **Dr. Rajiv Sharma** and **Dr. Sanjay kumar** for their continuous support during this work.

I would like to convey my special gratitude to **Dr. Harikishore Pingali** with whom I have been working since last 15 years. Without his guidance, motivation and hearty support this work would have not been completed. He also helped a lot while preparation of manuscript for publication and while writing this thesis.

I am also grateful to **Dr. Pankaj Makadia** and **Dr. Pandurang Zaware** for their untiring and continued support in every aspect throughout this work.

I would like to thanks my lab mates Mr. Baban Thube, Mr. Darshit Patel, Mr. Prashant Deshmukh and Mr. Kiran Shah for their support in this work.

I am also thankful to Mr. Jigar Gajjar and analytical department, Zydus Research Centre for proving spectral data to characterize the compounds.

I am extremely thankful to Hoshang Patel and Dr. Debdutta Bandyopadhyay for in-vitro biological evaluation of the compounds. I am also thankful to Dr. Suresh Giri and Akshayaya Rath for conducting animal experiments.

I am also grateful to Dr. Rajesh Sundar, Dr. Jitendra Patel for toxicity studies and Mr. Prashant Delvadia, Dr. Harilal Patel for conducting Pharmacokinetic studies.

I am extremely thankful to Mr. Jeevankumar Jamili for his moral support and help in molecular modeling studies.

I would like to express my sincere thanks to Dr. Kaushik Banerjee for his generous support and encouragement throughout this work.

I would like take this opportunity to thank my friends and colleagues, Dr. Gautam Patel, Dr. Jigar Desai, Mr. Mubeen Shaikh, Mr. Santosh Sassane, Dr. Nandini Panchal, Mr. Darshan mahasay, Mr. Bhushan Dave and Dr. Reena Soni for their help and encouragement during this work.

I would like to express my deep sense of gratitude to **Shri. Pankaj Patel**, Chairman and **Dr. Sharvil P Patel**, Managing director, Zydus Cadila, for allowing me to conduct this work at Zydus Research Centre and for providing the infrastructure and necessary facilities. I would like to extend my heartfelt thanks to the H.R. Department of ZRC for timely help and support.

Finally, no words can express the feelings towards my parents and family members, who have contributed and sacrificed a lot to reach me at this stage and will always remain a sole source of inspiration in my life.

Suresh Pola
