क्रियारूपा गुणमयी तस्या बुद्धिरजायत् ।
ज्ञानशक्तिरिति ख्याता क्रियाशक्तिश्च सा स्मृता ॥

From willpower emerged intelligence which is action-prone, endowed with (enormous) qualities, known as the power of knowledge and is also considered as the power of action.

(No. 11760, Mahasubhasitasangraha, Vol VII, Ludwik Sternbach, VVRI, Hoshiarpur, 1999, P. 3309)

Shrimant Maharaja Sayajirao Gaekwad III

The purpose of all education is to fit men to play their parts on the stage of the world with efficiency; and indeed if they have no parts to play, the efficiency with which their education has endowed them is likely to become atrophied..... But in days of change, of social and political enfranchisement, we especially need in our universities to study to build up in our young men a character which will enable them to cultivate restraint in word and deed. For there can be no rights, no privileges no genuine freedom, without corresponding duties, obligations and self-restraint.

(Speeches & Addresses of His Highness Sayaji Rao III, Vol II 1911-1927, Pub. in 1927 from Cambridge, P. 491)

H. H. Sir Pratapsinhrao Gaekwad (29th June 1908 – 19th July 1968)

His Highness Pratapsinhrao Gaekwad was an able administrator, who was properly trained in administration by His Highness Sir Sayajirao Gaekwad - III himself. He was consecrated on 7th February 1939. During his period, the New Constitution was approved in 1940. It was viewed for the welfare of both kingdom and subjects. In 1940, the Shantadevi Trust & the Padmavati Trust for Welfare of T.B. Patients were approved. The M.S. University of Baroda was established in 1949. He said at that time "experts are to be trained from our own people." He also signed the proposal of dissolution of private states.

“Ultimately, Education in its real sense is the pursuit of truth. It is endless journey through knowledge and enlightenment”.

**Professor Parimal H Vyas
Vice-Chancellor
The Maharaja Sayajirao University of Baroda
Vadodara (Gujarat), India**

It gives me immense pleasure to be associated with the 72nd Annual Report Committee as the Convener and share my thoughts as this keeps me updated with the University Functioning.

The academic world has taken a big paradigm shift since the Covid-19 pandemic and it has become a very challenging task for each and everyone in this academic fraternity. The preparation of the Annual report has also seen this shift. It has needed extra hard work and effort from everyone who was involved in making of the same. I feel it would be great to reflect back upon the things and make a difference in the society. It is rightly said that any progress is based on dreams and requires change. With this constant thought in mind, this year, we have put in our best efforts in bringing out this 72nd Annual Report. The Annual Report, this year, highlights some of the prominent research and academic achievements, along with the other major administrative reforms and educational activities carried out during the year 2020-21. The Maharaja Sayajirao University of Baroda has always been in forefront in carrying out various new researches and many other new activities for the betterment of the students of the University. The Maharaja Sayajirao University of Baroda has always taken initiatives in the field of teaching and research and has been in the limelight in the areas of extension and co-curricular activities. The significant academic growth of our University is an indicator of the inherent effectiveness of this great institution and of the excellence of the human resources. The 72nd Annual Report provides an opportunity to reflect on the significance of academic research, educational achievements and effective governance and the contribution that The Maharaja Sayajirao University of Baroda makes the city of Vadodara a knowledge capital.

It is said the "Sincerity and truth are the basis of every virtue". The ability to accept, evaluate, adapt and adopt new ideas is very essential. Keeping this in mind, our University has put in huge efforts to generate ideas among students and teachers during the year. The University has received considerable grants during the year from various agencies for development and research activities. To enhance the teachers' and researchers' potential, various faculties and institutions have organized and conducted regional, national and international online seminars and conferences during the year. A good number of research projects have been approved with generous grants in each case. Many teachers from various faculties have been granted financial assistance for participation in conferences and seminars, abroad. During the year 2020-21, many of our faculties and institutions have done a remarkable job and under the able leadership of Prof. (Dr.) Parimal Vyas, Honourable Vice-Chancellor of our University, and we have made an effort in collecting entire information for Annual Report online (ARMS) again this year. This year, owing to the Coronavirus Pandemic, the university undertook the mammoth task of conducting online examinations for the final year students online. This was a great achievement for the university and it also showed our firm belief in the power of technology and digitalisation. The details about the decisions of Board of Studies and Faculty Boards, The Opinions, Suggestions and Feedback from Alumni, Parents and Students, the awards and felicitation of individual teachers, the PhD information and unique features of every academic institution have also been incorporated in the Annual Report. We have also made very important progress in the area of Alumni Cell with special emphasis on Alumni activities and their online registrations. We also, continuously, keep on organizing intramural and extramural activities through various faculties and departments. National Service Scheme (NSS), NCC, Physical Education and various academic cells and institutions have incessantly worked for the benefit and overall development of the students, throughout the year. .

The students showed their inclination towards research and innovation, which is very well evident from number of doctoral degrees awarded during the year 2019-2020. To promote health and fitness and to encourage sports activities, the university always encourages and supports students' participation. Students of various faculties have participated in state and national level tournaments in various sports disciplines, individually and in teams. Career counselling centres for students have also been developed and all Students' activities have been positively

emphasized by all faculties. The Institute of Leadership and Governance organized various need-based educational programs for the benefit of the students at large. To meet the industrial requirements, the students have also been trained accordingly leading to secure placement with various Government, Private and Multinational Companies.

As the world was transforming into a digital world, The University has introduced several progressive steps towards digitization of administrative processes and other technological advancements. We have efficiently managed students' cycle from admission to obtaining mark sheets in programmes where they have sought admission. An interesting e-Initiative of the university is MSU Examination Portal [MEP] for examination related activities with minimum use of paper. The recruitment of teaching and non-teaching staff is also a completely online process. Online Human Resources Management System (HRMS), which is an effective tool to unify, control and maintain the employee life cycle is also in use. This year, an online mechanism of Performance Appraisal of staff has also been undertaken in digital format to ensure continuous improvement of the staff and greater good of the beneficiaries. The Maharaja Sayajirao University of Baroda has also catered to the needs of all its non-teaching staff as well with many of its development programs for the staff in the academic year 2020-21.

The 72nd Annual report would not be possible without the efforts of many involved in this. In the capacity of the Convenor, I would like to express special thanks to our beloved Hon'ble Vice Chancellor, Prof. Parimal Vyas for his untiring support.

We also appreciate support and efforts of the Senate and Syndicate Members, Deans, Principals, Heads of Institutions, Directors of various Units and Cells, Heads of Departments, Faculty Members for providing information on timely basis.

1 INTRODUCTION

Faculty of Arts, The Maharaja Sayajirao University of Baroda has always been considered a name to reckon with in the academic fraternity. With its roots in The Baroda College, established in 1881 by H. H. Maharaja Sayajirao Gaekwad – III of the erstwhile Baroda State, this faculty is known to be offering the highest quality education to its students.

The Faculty is sanctified by the name of another visionary and philosopher, Sri Aurobindo Ghosh, who had been appointed by Sir Sayajirao to teach English and also as the Vice-Principal of the erstwhile Baroda College.

The idea of establishing a Separate University for Baroda was mooted first as early as 1927 by Sir Sayajirao himself. It came into existence on April 30, 1949, at the time of the merger of the Baroda State with the State of Bombay. Necessary changes were incorporated into the constitution of the Baroda College with a view to establishing separate Faculties in the University. Thus, the Baroda College, one of the oldest Centres of learning in Western India, came to be known as The Faculty of Arts.

The alumni of the erstwhile Baroda College and the present Faculty of Arts included well-known personalities like Acharya Vinoba Bhave, Shri Ranga Avdhuta, Shri Mota, Shri K. M. Munshi, Kakasaheb Kalelkar, Shri Rajendra Shah, Dr. M. N. Srinivas, Dr. B. Subbarao, Dr. I. G. Patel, Dr. V. Y. Kantak, Dr. Suresh Joshi, Dr. Sitanshu Yashashchandra and others.

The founding vision of the Faculty was charted, realized, and furthered by eminent academicians and stalwarts in different disciplines, and it remains committed, through its sustained efforts, to the enhancement of this rich tradition as well as the expectations and demands of the present day changing environment. Among other institutions in the region, the position of the Faculty of Arts is distinguished by the wide variety of disciplines in which it imparts training and knowledge.

The Faculty has always endeavoured to establish a network of intellectuals with a view to contributing to the cause of knowledge and imparting education, responsive to the changes taking place in the field of knowledge and technology, to encourage multi and interdisciplinary research, to introduce and develop courses, bringing them in line with contemporary theoretical developments and also relate them to societal concerns and issues. It also attempts at promoting and developing educational opportunities in tandem with the demands of social justice.

In an endeavour to bring all its Programmes in line with the proposed uniform pattern all over the state and the country, with effect from the Academic Year (2011-2012), the Faculty of Arts introduced a Choice Based Credit System (CBCS), initiated by the National Knowledge Commission, University Grants Commission and the Association of Indian Universities.

Department of French

The Dept. of French has achieved much in terms of academic growth and development since its inception in the 1890s when His Highness Sir Sayajirao Gaekwad appointed Shri Aurobindo Ghose to teach French in the erstwhile Baroda College. Despite severe constraints the Department of French has achieved several milestones: started Self Financed Courses in French in 1996; began French Major Courses and Post Diploma in French in 2006. M.A. in French under the Higher Payment Program (H.P.P) commenced in July 2016. Journals and books have been acquired under the UGC Plan as well as proposals for additional teaching staff has been put forward. Regular organization of activities both cultural & academic are held every year and an UGC sponsored National Conference in French Studies was held in February 2015.

Teaching of French Language, Literature, Linguistics, Translation, Civilisation and Culture are the strong academic points of the Department. Students not only from the city of Vadodara but from all over Gujarat and other parts of India enroll for various French courses. 1	1st National Workshop on "The Construal of Ideal Governance in Greek Thought" organized under the aegis of Prof A H Somjee and Dr. Geeta Somjee Colloq	This workshop introduces the notion of ideal governance primarily as it is thought through in the works of Plato and Aristotle, though we would be taking recourse to the works of other thinkers of the early period	October 03, 2020	Online

of Antiquity as well. The workshop would familiarize the participants with the modes in which questions concerning the concepts of family, community, and religion were thought through, and the ways in which the pursuit of art, rhetoric and philosophy were positioned in relation to the state. The workshop would also introduce the modes in which Plato and Aristotle conceived of, and justified, power, justice, and the individual within the institution of the state. In doing so we would familiarize ourselves with the essential features of the then available governance frameworks like tyranny, oligarchy, aristocracy and democracy. We would also then trace the peculiar aspect of their construal of the political realm where the ethical and the political are intricately interwoven, such that the individual and the state form a theoretical harmonious rather than a stance of interest-opposition. Through the workshop, we would also come to see the difference in the connotative extent of terms such as 'justice', 'democracy' and 'individual' as used within the works of Plato and Aristotle, from the way we understand these terms in present time. Though Plato and Aristotle fundamentally disagree on key themes concerning the nature of the political realm, [the term "governance" is a near-perfect substitute for the term "rule" in their context], both were centrally engaged with the question of ideal governance, in the context of their own time. This concern, for them, primarily translated into questions of a "legitimate ruler" and the basis of such legitimacy to rule". It is this concern of theirs, which we would also be taking as our point-of-return throughout the workshop while we are engaged with various corollary in the workshop.

1 INTRODUCTION

FACULTY OF FINE ARTS

Faculty of Fine Arts was founded in June 1950. For the first time in independent India, a program of study was introduced to offer UG/Diploma, PG/Post-Diploma Courses, and Research facilities. It was envisaged as an integral part of life for the new citizens and resonated with the aspirations of the young country. The emphasis was laid on individuality through knowledge of Indian and Western traditions.

It has since then made a definite mark in the field of Visual Art and remained at the forefront of the art education scenario in the country.

The Faculty has produced world-renowned artists in the course of seven decades of its conception. It has a history of outstanding faculties many of whom are recipients of Padma-Bhusan and Padma Shree Awards apart from being awarded numerous State, National, International Awards and Fellowships. These illustrious art practitioners have nurtured the Faculty to its present eminence.

Art mentoring is envisioned as individual attention to students taking into account their creative needs. Our students who come from diverse cultural and economic backgrounds are encouraged to foster the vital role of art in society, realize their responsibility and ability to bring about a constructive change in the world.

Recognized as the foremost art institute in the country and also globally, many of our students have been and are part of reputed institutes abroad as students of further studies and also as Faculties. Faculties have published significant and path-breaking research papers and books; have been part of significant art exhibitions and have held numerous solo exhibitions too that have played a part in contouring the path of contemporary art and establishing a very strong presence in the art scenario of the country and the world. Their active participation in various National - International Seminars, Workshops, Residency Programmes, and so on has added to the eminence of the Institute as a space that endeavors to question and shift conventional paradigms.

The University Grants Commission has honored the Faculty with prestigious Special Assistance Programmes like D.S.A. and ASIHSS.

Through the dept. libraries, dept. film shows, visiting artists, workshops, studio /gallery/ museum visits, and other innovative programs, the Faculty strives to provide a nurturing atmosphere for young creative minds.

The Faculty has a very good placement track record with students employed in prestigious Institutes, Art Galleries, and Museums, in India as well as in various other countries including the USA, UK, France, Australia, New Zealand, Japan, Korea, and other countries. Most others are successful and well-recognized freelance artists.

Every department enjoys a self-sufficient infrastructure. It also has the only Visual resource center in the area of Fine Arts in the country comprising of over 1,50,000 visuals that are regularly used for teaching and research and were also recognized by UGC as the regional documentation center.

Leading academicians holding teaching positions in most Art History depts. of the country and even abroad are alumni of this dept. and so also leading practitioners such as art critics and curators of prominent art galleries.

The department has over 1,30,000 visuals in the form of transparencies, photographs, reproductions and documents, making it one of the best archives of its kind in the country.

The Department received the honor of being recognized by the UGC for the Special Assistance Program from 1987-2007 consecutively for two terms followed by the ASIHSS (2005-2010) and was recognized as a Regional Documentation Center with a thrust area to document Western Indian art.

Department of Extension and Communication

Department of Extension and Communication was established in the year 1953 with two years undergraduate programme. The department formerly known as Home Science Education and Extension. In 1960, under Ford foundation project, Masters' Programme was introduced with specialisation in Extension and Communication. Since then, the department is preparing students in formal teaching at school and college level as well as in communication in rural and urban non-formal education programmes.

The rapid proliferation and progress of tele-communications and media technologies in recent years and their socio-cultural impact have brought about profound changes in almost every sphere of human activity, and education is no exception. This led to the changes in the academic structure of the department.

As a result, the curriculum in the department has been revised so as to make it more relevant to the today's information society. Now, it focuses on two major components "Extension" and "Communication". Thus, the nomenclature of the department is changed to Extension and Communication.

The department offers courses that include experience and training in the theories and practices of the modern communication process with special reference to Extension. The courses are designed to develop in students the communication skills to lay a foundation for development of a superior teacher personality, as well as development practitioners.

The courses are offered to initiate the students into conceptualizing and developing various communication methods and materials for formal and non-formal educational set-ups. The focus on extension programmes-planning, implementation and evaluation, make the students eligible for employment in community development programmes with government and non-government organisations.

Which We Belong. When We Talk On Gender And Caste Together It Will Create A Question Or Problem Always.

Whenever Gender And Caste Are Talked Together The Most Common Question Is What Are The Set Sex Role And How Are Sex Role Defined By Caste, And What Is Women. We Define Women Just Opposite To The Man. Women'S Are Devalued As Per Their Roles And Social Value.

Women Are Attached To The Activities Of Lower Order Of Existence, Example: Reproduction. The Pattern Which Defines Women'S Are Coming From The Caste System In A Hindu Society. Caste Brings Social Order In The Society Which Also Promoted By Louis Dumont In His Book Homo Hierarchicus. He Also Said That The System Of Caste Is Based On The Purity And Pollution And It Is Just A Belief. Gender Subjectivity Is How It Is Engraved In Caste, Caste Has Provided A Legitimacy Of Domination By Man.

Dr. Ambedkar Stated Caste Differently From Dumont He Said That Caste Is A System Of Graded Inequality. In Our Culture The Gender Is Rooted In Religious Practices, And It Is Much Engraved In Our History. Women Are The Agents Of Patriarchy And Work As The Reproduction Agent For The Family. How Upper Caste And Lower Caste Women Are Breaking The Myth Of Louis Dumont By Not Following The Hierarchy Pattern Of Caste. Caste And Gender Together Have A Control On How An Individual Should Behave And Organize Themselves In Public. Over 95% Of Women Worker In Informal Sector Belongs To Lower Order Of The Society. Women Is The Gateway To Caste System As They Give The Birth To The Child. Caste Is Supported By Vernacular Texts And Oral Traditions And Have Created A Positive Image Of Women Through It. At Last Caste As An Invisible Prop Of Operation Should Be The New Definition Of Caste.

8. Faculty of Journalism and Communication

1 INTRODUCTION

The Faculty of Journalism and Communication (FJC) was set up in the M.S. University of Baroda vide Syndicate Resolution Number S.R.2 (4) dated 28.08.1993. It initially offered a one-year post-graduate Bachelors in Journalism and Communication Programme (BCJ), which five years later, in 1997, was replaced by a four-semester Masters in Communication Studies programme. The nomenclature of this course has been recently changed to Masters of Journalism and Mass Communication (MJMC). FJC offers a comprehensive curriculum that encapsulates a range of relevant subject areas and related practical work. One of the key ongoing features of the programme is that during the proceeds of the course, students get ample opportunity for exposure and hands-on training in the field. For instance, students report on the beats and publish the newsletters through daily reportage of varied local events like industrial exhibitions, university Youth Festival, conferences, etc. Their print media lab journal "Itivritt" is also published each year. Similar work is done for Radio and Television too, and many programmes and films have been produced over the years. Such an interface helps student build their confidence and capability to be effective practicing journalists in the future. The New Media component has also been integrated into the theory and practical aspects of the curriculum. The Faculty has fully integrated the Ph.D. Programme. There are five scholars currently registered out of which one scholar is an international student, from Afghanistan. The Bachelor's Programme (BJMC) which was launched in 2017-18 has successfully completed its two cycles of programme.

Currently building an army of freelancers and paralegals from Asia and Africa to disrupt the 300 billion US legal industry. 2020, Institute of Leadership & Governance, Faculty of Law and Constitution by Constitution for Common Person organized the Lecture-II of the Online Lecture Series of Constitution by Constitution for Common Person on मानव अधिकार और हमारा संधविान. The same was organized on zoom platform which was also streamed on Facebook live on TheMSUBaroda, ILG, Faculty of Law, DPLG pages. On November 26, 2020, Lecture-I was organized on the topic of संधविान दिवस का महत्व of the same lecture series.

Prof. (Dr.) Bhavna Mehta, OSD (Dean), Faculty of Law, The Maharaja Sayajirao University of Baroda and Convener of the Lecture-II of the Online Lecture Series greeted all dignitaries, participants and the organizing team for the International Human Rights Day as a foundation to Humanity. Adv. Rekha Aggarwal was the keynote speaker of this public lecture. She is a Sr. Advocate, Hon'ble Supreme Court of India and President, National Consumer Disputes Redressal Commission Bar Association with a professional experience over 33 years. She is also serving as the member of Internal Complaint Committee formed for the protection of Women and is also a trained mediator of the Delhi High Court Mediation and Conciliation Centre.

She started with her speech that the word Right is not just confined to humans, it has the same meaning to all the living creatures, be it animals, plantation, etc. But the surprising thing that is seen is the violence of rights by humans only for the other human. She expressed her feeling of we all should be having gratitude towards our own farmers. She went back the King Ashoka's age and King Akbar's regime which had provisions for Human Rights. She quoted some of the

basic Fundamental Rights such as Right to Live, Right to Liberty, Right to Equality, Right to Dignity, etc. with examples under The Protection of Human Rights Act, 1993. It was prevalence of inequality which was one of the cause of giving ignition to the Freedom Movement in India, she quoted. Then she came to Shri Motilal Nehru Committee Report which defined the Human Rights and Duties covering 19 Fundamental Rights. Then she came to the part-III of our Indian Constitution which is also known as the Magna Carta. She explained that the word Fundamental is a unique word which does not have any other meaning. After this, she quoted some landmark judgements from over a period of time which ascertained whether the Fundamental Rights are binding on the Constitution of India or not. Human Rights and Law, like water are not stable, they are dynamic and they keep amended from time to time enriching in their scope.

One and half year since the pandemic came to India and hit in very bad manner till now people were so evolved and get habituated to this COVID Pandemic. vaccination and social distancing. She added to Keep social distancing physically and not by hearts.

In India the largest population belongs to the youth so the role of the youth is so mandatory in this COVID Pandemic.

Now, HOW CAN THE YOUTH HELP IN THIS PANDEMIC?

Following covid norms will solve 80% of the problems. The youth can help the nation in a great manner and that is by getting vaccinated. Stop spreading the wrong videos and messages about not taking the vaccine through different social media. Encouraging others to take vaccinated. To keep asking people for wearing mask and maintaining social distancing. Helping others in the best way you can but keep your safety at first.

She also told us to stay at the home and not get out unless until we have the important work to do. Have a proper healthy and nutritious diet and avoid sugary and fatty food.

We should get rid of the all the bad and negative thoughts that come to our mind instead think of good and positive thing as what you are thinking has an impact on your health too.

She also told us about so many young students and Members of NGO's that help a lot to our Nurses in the COVID ward. As they were helping and encouraging people wearing PPE kit.

Mr. Parimal Vyas sir lastly thanked IAS Anju Sharma maam and gave us the conclusion that this pandemic situation is been taken cared by doctors and Nurses, though as a youth we could help us a lot by giving very little contribution to our nation that we get Vaccinated and Follow all the rules and regulation.

At last, Umang Modi sir held a Question-answer session where all the participants were given a chance to put forward their doubts and questions. All the students were given a fair chance to interact with the speaker. The event was

Department of Music(Indian Classical/Vocal)

- Year of Faculty Establishment: 1984
- Change in Nomenclature/Status:
- 1886 to 1949 known as “Chhokrao ni Gaayan Shala”
- 1949-1983 known as “Indian Classical Music, Dance & Dramatics”
- 1983-84 become full fledged “Faculty of Performing Arts”

The Vocal music department is the oldest and largest in India.

The department was started as “Gayanshala” way back in 1886, led by Prof. MawlaBux under the patronage of Shrimant Maharaja SayajiraoGaekwad III. This was a historic move in the field of Institutionalized Music education in the history of India. Further it was led by Ut.Murtuza Khan till 1899 and then by a Russian jewMr.Fredlis. He was also the manager of the state band. The music school was later on expanded in other parts of the princely Baroda state. Some of the renowned musicians later on joined on the staff of the college were, Ut.TasadduqHussain Khan, Aftab e Mousiqui Ut.FaiyazHussain Khan 'Rangeele', Ut. Atta Hussain 'Ratanpiya', Ut.NissarHussain Khan of Rampur gharana and Gayanacharya Pt. Madhusudan Joshi.

The renowned Musicologist Pt. V. N. Bhatkhande was invited to restructure music education and evolved graded system for the first time.

In 1916, the department hosted historic first Music conference of United India led by Pt. Bhatkhande and patronized by ShrimantSayajiraoGaekwad III, in which 400 stalwarts attended from all over India and neighbouring countries. Ever since the revolution in Music education took place. A set of text books as written and prescribed by Pt. Bhatkhande was introduced under the Principal ship of ShriHirjibhai Doctor since 1928.

The degree course in Music was introduced in the department of music since 1950. Four more disciplines viz. Vocal, Tabla, Sitar, Violin and Dilruba were introduced in the department. The institute was called as “The college of Indian classical music, Dance & Dramatics”. The institution was awarded the status of a separate faculty from 26/3/84, and was named as Faculty of Performing Arts.

Department of Indian Classical Music Vocal has 10 teaching staff and two accompanists, highest in India. The average strength of students in the department is 500 plus.

The department has enrolment of students across the states of India and abroad.

16. Faculty of Technology and Engineering

Department of Metallurgical and Materials Engineering

The Department offers UG, PG and Ph.D level programmes in the major field of Metallurgical & Materials Engineering. Besides the regular undergraduate programme, there are three M.E. Programme, namely M.E. (Materials Technology) M.E. (Industrial Metallurgy) and M.E. (Welding Technology). M.E. (Weld. Tech.) is a programme which is sponsored by Larsen & Toubro and other companies like voestalpine Bohler Welding India Pvt. Ltd.

The department is also engaged in interdisciplinary programme M.Sc. (Materials Science) (Nanotechnology) jointly with Applied Physics Department of Faculty of Tech. & Engineering. The department is also engaged in interdisciplinary programme on PG. Dip in Corrosion Tech. jointly with Applied Chemistry Department of Faculty of Tech. & Engineering. The Department has active liaison with professional organization like IIM, IIF, IIW, ISNT, etc. and also with the industries located in Gujarat. Eleven students have completed Ph.D and Ten students are working at present on Ph.D Programme in the Department.

Department of Textile Chemistry

The Textile Chemistry Department is the oldest department of The "Kalabhavan" Technical institute which was started in the year 1890, by his Highness Late Maharaja Sayajirao Gaekwad III of Baroda, in the Faculty of Tech. & Engg. That time Textile Chemistry was popularly known as 'Rangshala', where artisan courses were conducted in Bleaching, Dyeing, Printing, Sizing etc. The first Head of the department was Prof. T. K. Gajjar when Kalabhavan was established in 1890.

In the late Nineteenth Century, Diploma in Textile Chemistry (Three years) Course was started; about hundred students were admitted and passed out from the department.

After independence, the year 1949, The Maharaja Sayajirao University of Baroda was established and department of Textile Chemistry was also commenced with the establishment of Faculty of Technology & Engineering. Since then, the department has kept moving from diploma courses to Ph.D. courses. The department presently offers following courses. The thrust areas of the Department are Eco-friendly textile wet processing, Nano-Technology in textile processing, Natural dye applications, Chemical modification of textile fibres for improved performance etc.

20 C. Computer Centre

INTRODUCTION

The Computer Centre was established at The Maharaja Sayajirao University of Baroda in the year 1979. Computer Centre became a central facility with the assistance from the University Grant Commission (UGC), New Delhi and installation of IBM/360 system was made initially. During early years research students and teachers were using the University Computer Centre for research data processing work. Further on, Computer Centre had started to undertake job works for different industries like Oil & Natural Gas Corporation (ONGC), Gujarat Electricity Board (GEB), and Indian Petrochemicals Corporation Limited (IPCL) etc. In 1999, the activities of the Computer Centre underwent a major reorganization with the establishment of a branch in the University Office premises for the purpose of administrative convenience, which was meant to take care of the automation of various university operations of Exams, Accounts and Administration. The original premises at the D. N. Hall embarked upon a major developmental agenda involving the establishment of network facilities, providing internet connectivity, deployment of web-based services and training of manpower and as facilitator for international academic interactions. In September 1999, a central facility for internet surfing SURFLAND was started at Computer Centre. During the past 25 years, with the development in technology, the Computer Centre had upgraded hardware and software from the grants received from the UGC and different Five Year Plan grants from the state government and other government funding agencies. Recently, The Computer Centre had widened its scope of activities and started to computerized university applications like Examination Result Processing System, Payroll System, and Provident Fund Accounting System and many more for smooth and digitized administration and functioning of the University.

The Computer Centre has been the hub of the computer related activities of the University since its inception. The Computer Centre has been managing and administrating entire network of the University using both wired and wireless connections and makes sure that campus is connected 24 by 7 for its students, staff and all other stake holders.

યુનિવર્સિટી દ્વારા આ સ્કીમના ભાગરૂપે અરજી કરનારા વિદ્યાર્થીઓને તેમણે ભરેલી ફી પાછી આપવામાં આવી છે. સ્કીમનું સંચાલન કરતા સ્ટુડન્ટ વેલફેર ડિપાર્ટમેન્ટના પ્રો. રામચંદ્ર પંડ્યાનું કહેવું છે કે, ૬૨ વર્ષે ૩૦૦૦ કોરોનાના કારણે ક્રિટિકલ ઈન્ટરવ્યુ નહીં લેવાય

વડોદરા, ગુરુવાર સ્કોલરશિપ સ્કીમના ભાગરૂપે સામાન્ય રીતે વિદ્યાર્થીઓની અરજીની ચકાસણી કરવામાં આવે છે અને એ પછી જે વિદ્યાર્થીઓની અરજીઓ મંજૂર થઈ હોય તેમને ક્રિટિકલ ઈન્ટરવ્યુ માટે પણ બોલાવવામાં આવે છે. જોકે કોરોનાના કારણે આ વખતે ક્રિટિકલ ઈન્ટરવ્યુ નહીં યોજવામાં આવે અને અરજીઓની ચકાસણી બદલ સ્કોલરશિપની ૨૬મ સીધી તેમના બેંક એકાઉન્ટમાં જમા કરવામાં આવશે તેમ સૂચન કરેલું છે.

જેટલા વિદ્યાર્થીઓ અરજી કરતા હોય છે અને આ વર્ષે પણ નોંધપાત્ર સંખ્યામાં વિદ્યાર્થીઓએ અરજી કરી છે. પાસ કરીને અરજી કરવાની સમય મર્યાદા વધારવામાં આવ્યા બાદ છેલ્લા પાંચ દિવસમાં જ ૧૩૨૫ વિદ્યાર્થીઓએ અરજી કરી હતી.

અરજીઓની ચકાસણી પણ શરૂ કરી દેવામાં આવી છે. ચકાસણી માટે જે તે કેક્ટરીઓના વિદ્યાર્થીઓની અરજી જે તે કેક્ટરીના ડીપ્ટને મોકલવામાં આવી છે. તેઓ આ અરજીઓના આધારે વિદ્યાર્થીઓની ચકાસણી શરૂ કરશે. આ વર્ષે કોરોનાથી જે વિદ્યાર્થીઓના માતા અથવા પિતા ખુબ પામ્યા હોય અથવા તે માતા-પિતા એમ બંનેના મોત થયા હોય તેવા વિદ્યાર્થીઓને પણ સહાય આપવાનું નક્કી કરાયું છે. હાલર પેમેન્ટમાં અભ્યાસ કરતા વિદ્યાર્થીઓને આ વર્ષે તેમની ફીના મહત્તમ ૨૫ ટકાની જગ્યાએ ૧૫ ટકા ફીની ૨૬મ પરત કરવામાં આવશે.

૩૧ જુલાઈ સુધીમાં વિદ્યાર્થીઓને તેમની ફી પાછી આપવામાં આવશે અને વર્તમાન શૈક્ષણિક વર્ષ માટે સ્કોલરશિપ સ્કીમ હેઠળ અરજીઓ મંગાવવાની કાર્યવાહી ૧૫ ઓગસ્ટથી શરૂ કરી દેવામાં આવશે.

એમ.એસ.યુનિ.માં શૈક્ષણિક વર્ષ પુરુ થઈ ગયું પછી ૨૦૨૦-૨૧ની સ્કોલરશિપ સ્કીમનો વિદ્યાર્થીઓને લાભ આપવામાં આવશે

વડોદરા, ગુરુવાર
એમ.એસ.યુનિવર્સિટીના સત્તાધીશોએ ૨૦૨૦-૨૧ના શૈક્ષણિક વર્ષ માટે વિદ્યાર્થીઓને હવે સ્કોલરશિપ આપવા માટે જાહેરાત કરી છે. આનુ વર્ષ પૂરું થઈ ગયા બાદ ૨૦૨૦-૨૧ના વર્ષના વિદ્યાર્થીઓએ યુનિવર્સિટીની સ્કોલરશિપ સ્કીમ હેઠળ સ્કોલરશિપ મેળવવા માટે પાંચ જુલાઈથી પંદર જુલાઈની વચ્ચે અરજી કરી શકશે.

૨૧ના વર્ષના વિદ્યાર્થીઓએ યુનિવર્સિટીની સ્કોલરશિપ સ્કીમ હેઠળ સ્કોલરશિપ મેળવવા માટે પાંચ જુલાઈથી પંદર જુલાઈની વચ્ચે અરજી કરી શકશે.

વિદ્યાર્થીઓ તા.૫ જુલાઈથી ઓનલાઈન અરજી કરી શકશે: કોરોનાના કારણે ક્રિટિકલ વેરિકેશન શક્ય નહીં હોવાથી સ્કોલરશિપ આપવામાં વિલંબ

યુનિવર્સિટી દ્વારા ૨૦૧૪થી સ્કોલરશિપ સ્કીમના ભાગરૂપે જરૂરિયાતમંદ વિદ્યાર્થીઓને તેમણે ભરેલી ફી પાછી આપવામાં આવે છે. આર્થિક રીતે નબળા વિદ્યાર્થીઓ માટેની આ યોજનામાં અવકાશની વાઈફ માર્ગદર્શિકા ૩૫ લાખ રૂપિયા રાખવામાં આવી છે. કેલેબ્રેટીવ છે કે, છેલ્લા ત્રણ વર્ષથી દર વર્ષે ૧૦૦૦ ઉપરાંત વિદ્યાર્થીઓ આ સ્કીમનો લાભ લઈ રહ્યા છે.

ડિપાર્ટમેન્ટ ઓફ સ્ટુડન્ટ વેલફેર દ્વારા આ સ્કોલરશિપ સ્કીમનું સંચાલન કરવામાં આવે છે. ૨૦૧૪માં સ્કોલરશિપ સ્કીમ શરૂ થયા બાદ પહેલી વખત એટલું ઘટ રહ્યું છે કે, શૈક્ષણિક વર્ષ પૂરું થઈ ગયા બાદ એ વર્ષના વિદ્યાર્થીઓને સ્કોલરશિપ મળશે.

જોકે આ માટે યુનિવર્સિટી સત્તાધીશોએ એવું કારણ આપ્યું છે કે, સ્કોલરશિપના ભાગરૂપે ક્રિટિકલ વેરિકેશન અને ઈન્ટરવ્યુ જરૂરી બને વિદ્યાર્થીઓ આ સ્કીમનો લાભ લઈ રહ્યા છે.

કોરોનાના કારણે ૨૦૨૦-૨૧ના વર્ષમાં આ સ્કીમનો અમલ કરવો શક્ય નહોતો જમ્યો. હવે કોરોનાનું જોર ઓછું થયું છે ત્યારે ૨૦૨૦-૨૧ના વર્ષ માટે પણ વિદ્યાર્થીઓને લાભ આપવાનો નિર્ણય વાઈસ ચાન્સેલર પ્રો. પરમલ વ્યાસ દ્વારા કરવામાં આવ્યો છે. જેથી કોરોના મહામારોમાં આર્થિક રીતે નબળા વિદ્યાર્થીઓને મદદ કરી શકાય.

સ્કોલરશિપ માટે યુનિવર્સિટીની સત્તાવાર વેબસાઈટ પર ઓનલાઈન અરજી કરવાની રહેશે. અરજી કરનાર વિદ્યાર્થીઓનું રાષ્ટ્રીયકૃત બેન્કમાં એકાઉન્ટ હોવું જરૂરી છે. અરજીની સાથે અવકાશની સરકારી અધિકારી દ્વારા પ્રમાણિત કરાયેલો દાખલો પણ જરૂરી છે.

કોરોનામાં માતા-પિતા ગુમાવનારાને લાભ અપાશે

યુનિવર્સિટી સત્તાધીશોએ આ વખતે સ્કોલરશિપ આપવામાં એક નવી જોડવાઈ પણ ઉમેરી છે. જે પ્રમાણે કોરોનાના કારણે માતા-પિતા ગુમાવનારા વિદ્યાર્થીઓ પણ સ્કોલરશિપ માટે અરજી કરી શકશે અને આ માટે તેમણે જરૂરી ઉંચ સર્ટિફિકેટ એટલે જરૂરિયાત રહેશે. તેમને અવકાશની મર્યાદાનો નિયમ લાગુ નહીં પડે.

Incentivization of Research at MSU

The administration of MSU recommended few measures to promote & encourage research work & research output by staff members of the university. Under this initiative a proposal of RCC was approved & implemented in this period. Data was collected from staff members regarding their research publications & patents from the calendar year 2020. The data is compiled & submitted for the approval to the authority. Under this head grant of Rs. 3,56,362/- was sanctioned to foot the bills for analysis of the research samples of research students & staff members carried out from outside Government approved institutions/ Sophisticated instrumentation facilities. This scheme was highly appreciated & support was sought & given to about 44 applicants in the tune of Rs. 2,68,041/- . The details of this distribution is given below.

1. Krantikari Andolan na Apratim Sanrakshak- Maharaja Sayajirao Gaekwad-III

This is a Gujarati version of the book which was published in Hindi. An executive summary of this book is given here.

Maharaja Sayajirao Gaekwad III was one such person who fearlessly helped the freedom fighters a lot, in the freedom struggle after 1857. He also supported the National Congress Movements in spite of all the problems impediments created for him. He use to give importance to Nation & freedom movement and in his whole reign he contributed in revolutionary freedom movements of our country. After the failed War of Independence of 1857, the British Raj took over the administration of the Company Raj in India.

The declaration issued by Queen Victoria in this regard was intended to reduce the widespread anger and discontent among the people of India by making enticing announcements but nothing happened. The struggle for independence continued in spite of the oppressive power of the British. The struggle of the people of India, mainly under the leadership of the revolutionaries and the All India Congress,

continued till the country became independent. Maharaja Sayajirao Gaekwad III is one of the great men who contributed to this war of independence.

Being a native king, the British created many obstacles in his way. But fearlessly he assisted in the activities of the revolutionaries and in the movements of the National Congress, it is very enlightening and memorable chapter in the history of our freedom struggle. He valued the nation and independence and this spirit was at the root of everything he did during his reign.

The Rulers of Baroda by F.A.H. Elliot

Mr. F.A.H. Elliot was appointed as the Headmaster to young Maharaja Sayajirao's school on 10th December 1875. Previously he was a Civil Service employee and the Director of Education in the state of Barar (Maharashtra). Maharaja Fatsamrao Gaekwad in his biography of his great-grandfather Maharaja Sayajirao writes, "He had now recommended to Sayajirao a father figure, someone he would look up to, respect and above all confide in".

In 1881, when Maharaja Sayajirao III was invested with full powers, the school was discontinued but Maharaja requested the government to permit his tutor to remain in Baroda. He served for 15 more years in different capacities as tutor of Barodians, department, Guide, Translator and Friend to Maharaja Sayajirao on his tours to England and also as a Political Officer.

Mr. Elliot was a tall, handsome gentleman of winning manners, with a peculiar liveliness in his eye and an easy smile on his beaming face. He was tactful in management of man and affairs, and always maintaining a study and observation, he moulded the mind of the young Maharaja and groomed him as an able Civil Servant of the state. He has meticulously written two noteworthy publications namely "Baroda Gazetteer" and "The Rulers of Baroda". He breathed his last on 26th March, 1910 in England.

Shri Sayaji Pratishthan
The Maharaja Sayajirao University of Baroda

To this little history the name has been given as "The Rulers of Baroda." It deals with the political careers of those men and classes who have exercised authority over the people of a large portion of Gujarat. Now, more than a century and a half: namely, the Gaekwad Rajas, their relations, their ministers, the military nobles, the money-lenders, the farmers of revenue, and the sacerdotal or clerky classes. It says something, too, of the Peshwas, the British Residents, their Native Agents and others who at one time or another have shared in the authority of the Gaekwads and the Maratha party that followed them. Little or nothing has been said of the physical aspect of Gujarat, or its people, their customs and manners, or of the cities and holy places.

The book has been written with the double view of serving as a slight work of reference for public servants, and of affording information to young men who are about to pass from school or college into public life. It's chiefly that the latter may not be puzzled or bored with too minute details that certain lists of accounts of

expenses and receipts, and other matters, have been placed among notes to which the curious only need to turn. In the same way, short biographies of some prominent men, doubtful or conjectural facts, and occasional dissertations; have been relegated to small print at the end of the chapter.

The chief reasons for writing the book are very simple. It seems a pity that there should be no consecutive account of the main events in the history of so important a State as that of Baroda. The nearest approach to such an account is Colonel Wallace's "Gaekwad and his relations with the British Government", and there will 'probably appear before long a "Baroda Gazetteer." But neither work is likely to be within the reach of the persons for whom this book is principally designed. Again, however faulty the attempt here made may be, the present moment seems to be a fit one for its undertaking, for old things are now rapidly making way for new, and a record of the former should be plainly given before their memory becomes dimmed.

The main sources from which information has been derived are English: Tod's Rajasthan, Forbes' Ras Mala, Major Watson's contribution to the Gazetteer of Gujarat, Grant Duff's History of the Marathas, Forbes' Oriental Memoirs, Major Wallace's History; and a large number of records in the Baroda Residency, a pile of Blue Books, and two or three MS. Precis of Histories, with some dozen other works, have been drawn upon. If Mr. Baine's portion of the Gujarat Gazetteer had appeared early enough, it would have been laid under contribution to supplement some omissions. Nor has it been thought necessary to acknowledge the use made at Standard or Government works, as this book does not pretend to possess any literary merit. It is true that advantage has also been taken of the few obtainable Maratha MSS, and of some Records in the State Daftar, while the opinions on certain points of some native gentlemen have been collected: but for the most part the sources from which information has been derived are English. If someday a native of the country were to compile a History of the State from, say, Maratha Records regarded from a Maratha point of view, the result would be more valuable than the one now obtained. As the ground gone over is in many parts, new important facts may have been omitted and inaccuracies have been suffered to creep in. Should any reader kindly take notice of such shortcomings and point them out to the author, he will contribute to the improvement of the next edition. There are portions of the history which require elucidation or amplification, and they require it because materials have been wanting to the writer. The history of the Girasias, of the slow conquest of the tributary States not included in Kathiawad, of the Brahmans of Gujarat and of the Deccan and Konkan, and of many other matters, has been slurred over.

Apart from the two publications, it is to bring to record that the work is in progress for the following publications:

1. Sayajirao Gaekwad - A Multidimensional Personality
2. Arya Samaj and Sayajirao Gaekwad
3. Proceedings of the National Seminar conducted in 2020 on Maharaja Sayajirao Gaekwad-III titled 'Sanskrit Bhasha aur sahitya ke vikas mein Maharaja Sayajirao III ka yogdan'.

“SANSKRIT LANGUAGE”

Dr. Yogesh Oza Ji, the keynote speaker of this Online Public Lecture started his speech reciting a Sanskrit Shloka. He explained this shloka in by giving the importance in three folds: Mother, River and Mother Language. Adding to this, he said that the Grand Mother of our Mother Language, be it Gujarati, Marathi, Telgu, is SANSKRIT. And it therefore, it goes without saying that our respect for our Grand Mother Language should be beyond our Mother Language. He felt proud of Shri Sayaji Pratisthan, The Maharaja Sayajirao University of Baroda which is making constant efforts to revive the existence of the mother language, Sanskrit.

Adding to this, Dr. Yogesh Oza Ji said that the word Sanskrit has its meaning in well-polished, decorated form of language put in an aggregable manner and is the combination of four letters: **सं+स+कृ+त** in which the letter **स** signifies that there is a kind of shining present in the word Sanskrit itself because of which it has become so much enriched in itself. The base of all the languages lies in the Sanskrit language itself. He briefed the work done by Prof. V. K. Rajwade, who laid emphasis on the letter “S” being the letter representing Sun and its connection with Fire. Dr. Oza Ji stated that the “Bhartiya Sanskriti” is based on three major pillars:

- 1) River
- 2) Tree
- 3) Cow

He mentioned that the life of His Highness Maharaja Sayajirao Gaekwad III can be resembled to a Tree as seen from his work.

After explaining the deep meaning of the name Sayaji, Dr. Oza Ji added that not only his name but his surname Gaekwad also has a deep meaning by associated with a Cow. He then came to statutory logos (i.e. in the modern age) which contains the Sanskrit Language, for eg. Indian Navy, Indian Airforce, Post & Telegraph service, LIC, Indian Police, Schools and Universities, etc.

He said that His Highness Maharaja Sayajirao Gaekwad III always laid emphasis on one should always understanding the Sanskrit language in a deep sense. Dr. Yogesh Oza Ji then came on how visionary Maharaja started his journey at Vadodara a young age of just 12 years when he was known as Gopal and then how he became the Maharaja of Vadodara. Maharaja strongly believed that Education is for Debate and not for raising any Dispute. The Principle which Maharaja followed was: बहुजन सुखाय, बहुजन हिताय Which had a similarity with a latin word "Omnibus". Maharaja had a strong wish for a common man to own Sanskrit Language. Dr. Oza Ji then quoted & then elaborated on the saying of Swami Vivekananda Ji: मूर्ख देवो भव, दरिद्र देवो भव

Maharaja brought the educated Pandits in Vadodara and had made common man to benefit from their knowledge, Dr. Oza Ji added. Maharaja had made sincere efforts for Vadodara to have similar Pandits as were seen in Kashi and because of which, Baroda Sanskrit Mahavidhyalaya came into existence. Not only this, Maharaja also concentrated on those people who were serving for job at one or the other place and wanted to study Sanskrit Literature. He then elaborated on the by Baroda Sanskrit Mahavidhyalaya which offered all the four Vedas and the curriculum of which was of 12 long years. Further he added the adorable activities done by Sanskrit Mahavidhyalaya past so many years.

Dr. Oza Ji then elaborated on the work of Maharaja on the श्रावण मास दक्षिणा परीक्षा programme in which even semester course was equivalent to a three year Degree course! In spite of this, there were scholars especially from the Southern India who were coming to Vadodara and were taking up both the examination, Semester and Annual and were also getting monetary award alongwith the Degree by Maharaja. He further added that it is through the revival of Sanskrit Language, the original culture of our Nation can be well protected. March 05, 1915 was a day of Sanskrit Conference when Maharaja stated two things:

- 1) Even though Sanskrit Language not taken indifferently, the efforts for owing the Language are falling short.
- 2) The only medium to reach the Indian historical literature is Sanskrit Language only.

"SANSKRIT LITERATURE"

It was in 1884, when His Highness Maharaja Sayajirao Gaekwad III called a Scholar and a Govt. Employee, named Ramchandra and employed him by paying him more compensation than that Govt. could offer to him and it was through Ramchandra, Maharaja took contribution for Sanskrit Literature by releasing a Daily Newspaper "Vadodara Vatsal".

Maharaja was very kindhearted and a visionary ruler.....Dr. Yogesh Oza Ji explained this through an interaction between Shri Arvindo Ji and Maharaja. Maharaja took the challenge of sleeplessness as an opportunity by appointing a reader especially during night hours and thus to help him in his literary works. It was an age of 55,

when Maharaja realized that it is the Sanskrit Literature which needs to be understood deeply, Dr. Oza Ji added.

Maharaja took sincere efforts to publicize the literature through its translation works and publication of the books with an objective to reach to the society at large. Maharaja used to bring the best literature from abroad during his touring abroad and used to place them at the Vadodara Central Library. He also contributed to a rich collection of Jain Manuscripts from Jaisalmer and Patan. Dr. Yogesh Oza Ji further briefed the footprints of His Highness Maharaja Sayajirao Gaekwad III like the institution of Gaekwad Oriental Series again in 1915 (which got affiliated with The Maharaja Sayajirao University of Baroda in 1949), etc. He added that the word oriental was also coined from the word Prachya, i.e. Poorva (East) Direction.

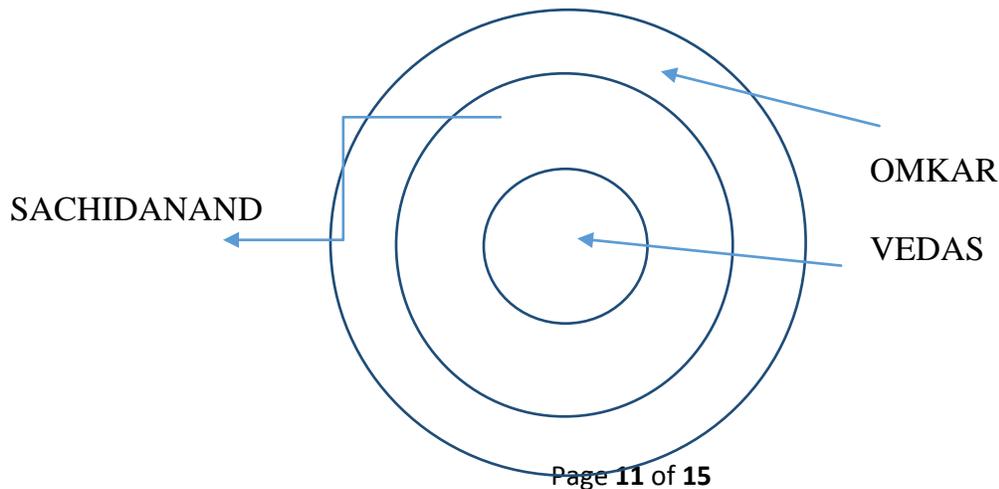

Further, he briefed that the Oriental Institute was divided into some sections with following valuables:

- 1) MANUSCRIPTS (> 30 k)
- 2) PAPER MANUSCRIPTS (> 27 k)
- 3) PAM LEAVES (> 3 K)
- 4) BACH MANUSCRIPTS (One)
- 5) METAL MANUSCRIPTS (Four)
- 6) ILLUSTRATED MANUSC.(127)
- 7) RAMAN CHINTAMANI

Maharaja used to get the translation work from the interest earned from ` 2,00,000/- at that time, he added. Translation work was done in five methods:

- 1) Word to word translation
- 2) Commenting and translation
- 3) Brief translation
- 4) Intention translation
- 5) Mediation translation

Further, Dr. Oza Sir briefed the rich heritage of the Dept. of Sanskrit, Pali and Prakrit of the Faculty of Arts, The Maharaja Sayajirao University of Baroda. On the concluding lines, Dr. Oza Sir quoted the lines of Adi Sankracharya:

Activity Description:-

At the outset, Adv. Tushar Vyas introduced Dr. Bhagyesh Jha (retd. IAS). Both of them cited certain shlokas from Shrimad Bhagwat Geeta ji. Dr. Bhagyesh Jha gave a brief about the silent preface of the book entitled “Vishad ej Vardaan” which was launched on June 23, 2020 on the holy presence of Dandi Swami Maharaj.

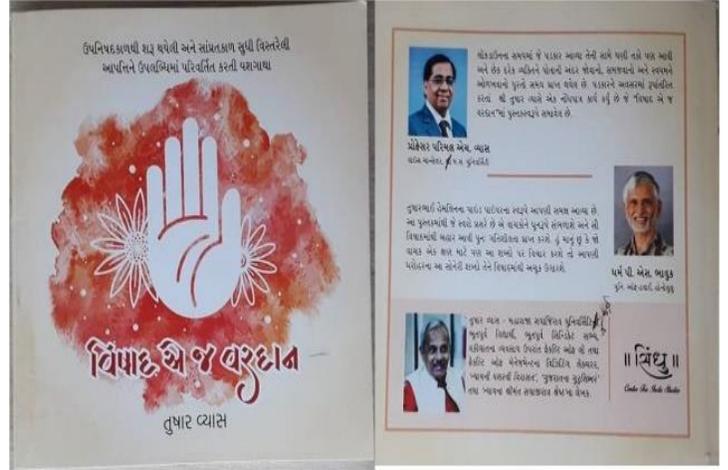

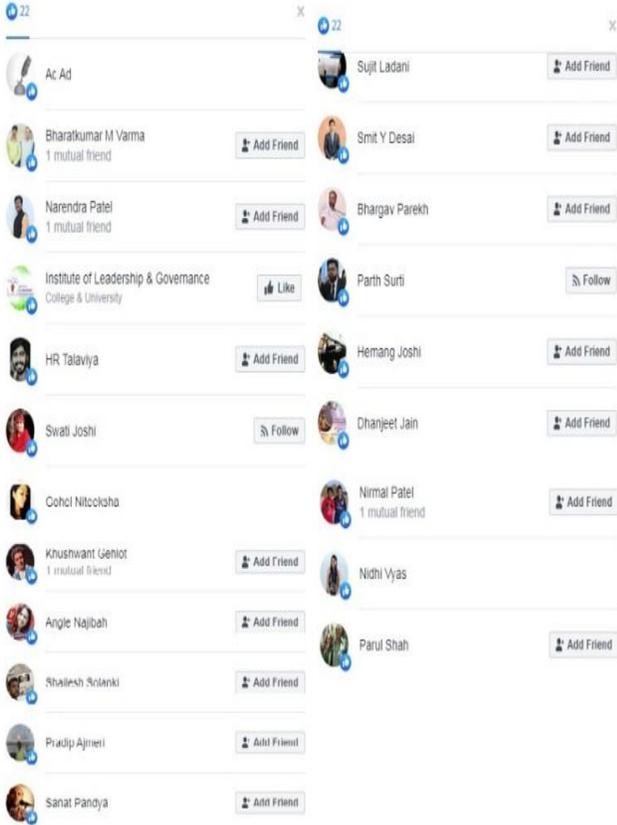

He started his talk on “Crisis” quoting the examples of Nachiketa, Mandotari, Arjun in Mahabharat and very nicely explained how they could overcome the crisis without having any kind complaint for it and also stated that what we see as a crisis is nothing before what they all faced. He stated that crisis to be “**Blast of the Moment**” which can give a U-turn in one’s life. He described this pandemic as the outcome of scream of the bats for which we humans are responsible. He further stated that this pandemic is not for the first time by comparing two characters “Chinese Scientist” & “Valmiki”. Valmiki gave a birth to a literature just on the scream of bird while the “Chinese Scientist” committed this offence to feed humans! Dr. Bhagyesh Jha strongly advocated that all humans are a part of nest, even that Chinese Scientist should have concern for an ordinary person in Sant Rampur now undergoing breathlessness. Regarding the fear, he compared our fear coming out of infections with Arjun who actually was struggling with “Meekness” (feeling of belongingness). He gave many such authentic quotations.

Adv. Tushar Vyas compared two boons, one for Hiranya Kashyap and the other for Prahalad. He gave some classic examples of good donors who felt humiliate for their own selves that they cannot cater to the needs of the done. The session was not just confined to traditional characters, even recent freedom struggle was covered. Even today, Gandhi i’s Ashram has been a focal point for even foreign tourists. During the above interaction, a good thought was layout for authoring a new book entitled: “Vishad ma thi Vishudhi”. He ended his note highly appreciating Sindhu, Centre for Indic Studies under the aegis of Institute of Leadership and Governance. Adv. Tushar Vyas expressed his gratitude by stating his feeling of being in a lecture at the Faculty of Arts.

એમ.એસ.યુનિ.માં રાષ્ટ્રીય સ્તરની કોન્ફરન્સનું આયોજન ચાણક્ય અને સરદાર પટેલે બંનેએ અખંડ ભારત માટે પોતાના પદનો ત્યાગ કરેલો

વડોદરા, શનિવાર

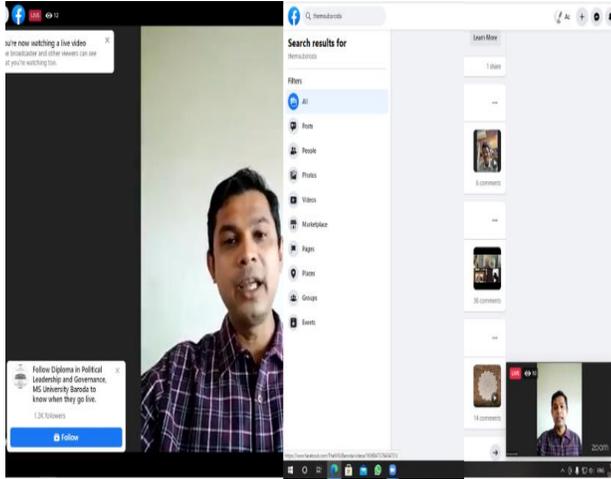

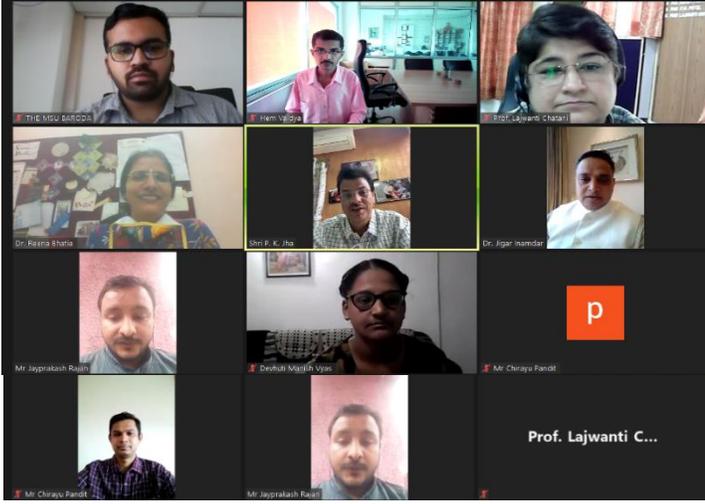

એમ.એસ.યુનિ.ની ફેકલ્ટી ઓફ આર્ટ્સ અને ઈન્સ્ટિટ્યુટ ઓફ લીડરશિપ એન્ડ ગવર્નન્સ દ્વારા રાષ્ટ્રીય સ્તરની કોન્ફરન્સ યુવા સંવાદનું આયોજન કરાયું હતું.

આજથી ૨૩૦૦ વર્ષ પહેલા ચાણક્યએ કૌટિલ્યમાં અખંડ ભારતની વાત લખેલી હતી

ચાણક્ય અને સરદાર વલ્લભભાઈ પટેલ વિશે યુવાનોએ ચર્ચા દરમિયાન કહ્યું કે ચાણક્ય અને સરદાર પટેલ ભારતીય રાજનીતિ અને પરંપરાના પ્રતિનિધિ હતા. દેશ પર આંતરિક અને બાહ્ય આક્રમણો થયા, આંતરિક ઝઘડાઓ થતા ત્યારે બંનેએ પોતાની આવડતથી દેશની એકતા જાળવી રાખી હતી. ચંદ્રગુપ્ત મૌર્યનું સામ્રાજ્ય સ્થિર થયું ત્યારે ચાણક્યએ અર્માત્યને સમજાવી પોતાની તરફ કર્યો હતો.

આજથી ૨૩૦૦ વર્ષ પહેલા ચાણક્યએ કૌટિલ્યમાં અખંડ ભારતની વાતનો ઉલ્લેખ કર્યો હતો. કૌટિલ્યના ૯માં ભાગમાં તેમણે લખ્યું છે કે સમુદ્રથી હિમાલય સુધી ફેલાયેલા આ વિશાળ ક્ષેત્રનું એક જ સામ્રાજ્ય હોવું જોઈએ. કોન્ફરન્સમાં સરકારી ક્ષેત્રે ફરજ બજાવતા પ્રો.પ્રભાતકુમાર ઝાએ કહ્યું કે યુવાનો વિશે વાત કરતા કહ્યું કે યુવાનો હંમેશા વિચારે છે કે પહેલા ધર્મ કે રાષ્ટ્ર પણ આ બંને પહેલા માનવતા હોવી જરૂરી છે. કોઈ દેશનો વિનાશ કરવો હોય તો પરમાણુ કે અણુબોમ્બની જરૂર નથી તે દેશના આધારસ્તંભ એવા યુવાનો કે શિક્ષણને ભાંગી નાંખશો તો તે દેશની હાલત આપોઆપ દયનીય બની જશે.

ત્યારબાદ પોતાનામાં આવડત હોવા છતાં ચાણક્યે તેમનું પદ અર્માત્યને આપ્યું હતું. તેવી જ રીતે સરદાર પટેલે પણ અખંડ ભારત માટે નહરુ માટે વડાપ્રધાનના પદનો ત્યાગ કર્યો હતો.

On addressing to the question of what are the key features of our Constitution which differentiates it with other Constitutions, Adv. J. As an answer to what makes our Constitution a special one, Adv. J. Sai Deepak Ji answered that one should first accept that we have not been influenced by the European ideologies. Infact, the source or the inspiration for our Constitution is भारतीय by nature. Activity Description:-The event was started by Jayant Agrawal followed with the University Song. Dr. Reena Bhatia maim gave the opening remark and welcomed the Guest Speaker. She gave a wonderful speech by highlighting on the topic and enriched the atmosphere. She then gave an introduction of the key note speaker and about the topic. SHRI VINOD KUMAR MALL SIR who is the former Gujarat cadre IPS officer of rank of DGP, government of Gujarat.

Shri. Vinod Mall sir started his speech by telling us about his village, school and college life and life in their home town. Sir thought us how root causing negativity could be controlled and the minds of people be shaped for spreading the message of peace and empathy. He finally came out with the idea of 'Budh Se Kabir Tak', a yatra or journey that led him to travel through the various parts of country spreading the message of peace and brotherhood through young talented

members. He told us how India is a dynamically developing nation and the various cultures and religions prevalent during the Ashoka's time. He very well explained us What Sana than actually means? i.e. myth chirkaliksarkalikjeevan. He then shared his experiences about how he got the idea of this yatra of budh se Kabir tak and how this yatra was related to him. He also told us about his achievements briefly and how he was able to achieve them.

He gave an emphasis on the path followed by Gandhiji which attracts the students towards the secularism and towards the Indian culture. Following on the paths of Gandhiji he too believed that our secularism is sarvdhansambhav .

He explained us the preamble and its meaning. He told us about he principles of esteemed personalities and invoking the teachings of our great icons such as Buddha, Kabir, Mahavir, Gorakhnath and Gandhi. He also told the students that how our cultural and historical roots are embedded with peace and brotherhood and by attaching to our roots we can develop peace and fraternity among individuals.

He in his speech mentioned about Santa by some static old entity of cultures and elders. India is not Indian culture, Indian religions are not that even the Hindu religion Islam in India has evolved. Today Islam in India is not what Islam came about 1300 years back, it has evolved even Christianity has evolved. There is a tradition of influencing each other and get influenced by others and learn from each other, make some corrections, make some changes, learn from others and move on that is basically India. So when we talk about Sanata it's ever evolving, ever changing, ever correcting ever more beautiful, you know, formation of our culture and religion. He talked about my experiences and not much about his successes. His experiences have been to explore, explore himself and explore this society. He comes from Uttar Pradesh, a place called Bora port which is eastern part of Uttar Pradesh about 16-1700 kilometers from here. And lived there in a small village which is 40 kilometers south of Bora port city and lived there for about 16-17 years did my 12th from intermediate college in the rural area.

His village was 50 kilometers away from there in a district called Mau where he didn't live for a long time but has very sharp memories of that place in his mind because it was very unique. It was a socially and political where education was a much respected value in the society. There was a very decent intermediate college called Shahid , 1942 quit India movement, there were people who sacrificed themselves in fighting is the British at a place and that is why there is a Shaheed stump martyrs Memorial there and the intermediate college located at that base is called Shahid inter college, so to pay tribute to the maltais during the 19, late 1942 quit India movement. But the first Member of Parliament was one Mr. Jacques Kundera, who would opinion it Communist Party of India and he was a MP for almost five terms. And my local MLA was one vision there Gupta who was a socialist for a long time. He basically meant to say that the process of evolution and that the society has changed the social political values have changed and like all other places this place has also undergone a revolution. He the talks about a scholarly person of his college where he written a large number of books, including one called Olga Ganga, which talks about history of India in a very beautiful historical and also creative, creative manner. And one thing he distinctly remember about his school was that there was a lot of place for extracurricular activities in terms of playing games or interacting with the people at social

level interacting with all sections of the society, they used to play both with boys, girls have different you know, sections of society, communities, caste, etc. these kinds of people who were highly educated people very, very respected in that area, and therefore the education was very, very important value in the society

He later told us that at that point of time that Nehru's vision of India was unfolding. He had a vision of a society based on scientific temper, rationality sign, when when he says scientific debate does not necessarily mean science, but what he meant was that rationality was important region was important. He himself was a great historian, his books, discovery of India and glimpses of world history are a beautiful piece and they have inspired him a lot.

So, the language was our typical Hindustani language, which was prevalent in that area, a beautiful example of composite culture and when we are talking about Indian culture, India, we have to take into account this composite ness of our society

He told us about the history how in people of India, how will it end they are and how do they react to if something goes wrong after doing 12, I did my intermediate from that place. He says he did reasonably well though didn't give outshining but reasonably well and got ambition in love with the new city. Because he was from village, he didn't know about the system and all that. So the only thing he knew was that Alga good industry, he went there, that was positive urgency and took admission in Allahabad. And that was a place where that was the first city where he lived it. He told us when you buy a shift from a village to city, it offers, you know, its own challenges. So, first challenge is that the medium changes in the medium to English medium in the New City. And that's a bit of struggle a few months. And then we used to speak in Woodbury in our villages. Now, we had to come to terms with Hello, hi, etc., that was another thing, which was a sort of created some kind of stress. That is why there is the importance to vernaculars in India, and we have to think about the importance of binoculars.

So that was another big opportunity for him and influenced his life to a large extent. There were books of all the subjects but he was particularly interested in literature, history and philosophy apart from science and engineering.

In the literature, he remember that in the first year itself, he studied and read many books. Again, that was a time when he read Nehru after first year, he read discovery of India and the glimpses of the world history. And once you read discovery of India, you realize that Nehru had a very deep understanding of Indian heritage. A lot of people misunderstood and a lot of people even say that he was very westernized, he would say that he had exposure to best, but at the heart of his personality, he was deeply Indian and he has deep understanding of Indian cultural heritage and philosophy, he acknowledged was detailed about India. And you know, sometimes in 1945, somebody asked Gandhi, why you have made Nehru, Nehru, your, your hair, your, you know, your next person in your interesting in your moment. And Gandhi replied, Gandhi didn't get the region but he said one thing and which sticks to my mind, and he said that, I never lose my hair, because he understands India in the best manner than anybody is at that point of time. That was given by the Gandhi. And I was recently reading a book by Dr. Porsche tamagawa book called Bharat Mata Khan Khan have heard at moto and in that he when he was talking about why he

formed the nonaligned movement in early 60s, he says, and that's very important and that is why I say that you have understood India very, very deeply. He said that India is such a special country that it cannot align with United States, because India's culture and heritage is 1000s of years old. America doesn't have a history, diet history or culture diet old and we cannot really align and say he said about Russia. And he said therefore, India needs to have special position in the world political order, and that is why you said that India has to lead the nonaligned movement of all the struggling nations of the world who are struggling for the freedom who had recently achieved freedom and who could identify themselves with their own identities of you know, cultural and philosophical and political identities. When he proceeded further, during his engineering days, he devoted some time to music learning, he learned Indian classical music or learned raagas there was one professor Shula Bhattacharjee, who was my guru and learned classical music, not much, but three years of classical music I learned and that was a big gain of my stay at that place, during further. His first posting was SCP in 1990.

There was a continuous question in his mind that India with such a diverse culture and a composite culture, why we are fighting by fighting why this violence, can we find a solution to this referring to our culture and history, The violence against women was something very, very disturbing about medicine, although it was a very prosperous district, industry and economically, but this aspect was something which always disturbs me and I couldn't reconcile the development, the economy and industrial development with this gender discrimination and the gender violence in musclehead that I'm talking about 1996 now, I assume and I believe that situation certainly improved, but this was a problem and sometimes also felt that the economic development was also users was also used to consolidate the caste identities, normally people understand that when economic development takes place the cost it and it is get diluted and people merge, you know, that totally happens it has happened many places. In India, we have a very strong tradition of rationality also rationality has been very strong.

If you realize that very strongly, and if you have love for the God, you will reach God, you don't need to go to pundits, or you don't need to go to the books. And that that is how he is rejected, karma can't and he had the conviction to reject the fundamentalism in the society. We all know how he criticized the Hindu fundamentalist and the Muslim fundamentalist at that point, that that point of time, where, you know, to criticize he could sighs even though some of the rulers had that, you know, that point. So that conviction gave him the courage and all these values are ultimately they come down into our Constitution, if you read the preamble of the Constitution, this equality, liberty, second reason, all these they come from the Indian tradition, and that is why when you talk about Buddha soccabet, that basically you are talking about the values enshrined in our Constitution. And that is why this book check that the concept would say, Kavita Kaka has, it came to my mind and this concept was initiated in form of the socio cultural moment, because it talks about the history of India cultural history or religions of the India, and ultimately it culminates into our Constitution. And the last person who was most identified with the Indian tradition was Gandhi. Many people surprised why Gandhi was so popular, I mean, the Gandhi commanded such a respect with a large number of people, which is unparalleled anywhere in the world. The Britishers never could imagine that a person of such a weak, frail

body could come up could command the respect of millions and millions of the people. But Gandhi could command the respect because because he understood the Indian tradition

Why I'm talking of this today is because our society today is deeply polarized on caste lines and communal lines, if you go to the social media, if you see how polarized opinions we have, we don't talk to each other, it is absolutely binary look, for instance, we take on any issue, where it is, we should have nationalism, that is of religion, issue of cow you should have this issue of that even our vegetables will have you know only two conditions India is not like that India is a rainbow India is a continuous change of colors, which has evolved during 1000s of years. And whether you take Buddha weathered, Mojave, Shankaracharya, kabhi, Gandhi, all of them, they basically belong to this tradition. And this tradition, ultimately, our Constitution is like this because we have a history like this, many people say the political scientists say that, you know, India's constitution was picked up from many other constitution.

People say that Indian Constitution has been taken from other countries, but I would say that Indian Constitution has picked up from our tradition and history. Our, you know, our struggles have been included in the Constitution, our secularism and not the secularism the West. Our secularism is seldom somehow, which Gandhi imbibed in his life. He, you know, you all know that salamati Ashram, people used to read Bible people used to read Gita and people used to read Done. And, you know, Gandhi's, I remember one of his quotations which is there in the film Gandhi, he in during the Novato, he writes, he meets a mob who are very agitated communal mob, and he, you know, they're very stated and Gandhi said, that I am a Hindu, I am Muslim, I am sick, I am a Jew, and you are all you know, like that you are all you know, belong to that multiplicity of religions and all Indians including myself, I am a Hindu, I am a Muslim, I am a sick I'm a Christian, I'm a Jew, I have a Patsy, we have a little bit of a booth, I imagine, I have a little bit of everything in my tradition is very difficult to say that I'm a pure and there's nothing like you're Hindu, I'm in Hindu tradition is so much diverse that this nothing like a pure or a monolithic description. Soboot sectorbeltech was such an experience which HE started three, about three, four years back, and this was basically to invoke the icon sabudanakabhi, to appreciate the rich culture and heritage of India to take pride in that unless we take pride in that, and we should be the most important that we should know the diversity of Indian tradition. Otherwise, we'll fall prey to narrow social political movements, and we will be exploited.

Later Jigar Inamdar sir joined the session and also enlightened us with a few more words about the speaker.

At last, Umang Modi sir held a Question-answer session where all the participants were given a chance to put forward their doubts and questions. All the students were given a fair chance to interact with the speaker. The event was attended by 100 participants on the online meeting app, Zoom and viewed by over 550 people on universities official Facebook page.

China-India Economic Decoupling

China's Take

- Opening up Indian Economy or forming a new trans-Himalaya economic growth zone under the belt and road Initiative is a long term objective for China.
- Indian market, a blue ocean for Chinese capital and technology and thus decoupling detrimental to the long-term interests of Chinese companies' going out strategy.
- if geo-economics fail, it will be only geo-politics governing China-India relations
- A combination of US technology, Japanese capital and Indian labour under the Indo-Pacific Strategy a threat to China

- **Activity Description** – In the discussion Mr. Sinha started off by introducing Dr. Sengupta and gave an introduction to the topic as well. Dr. Sengupta concentrated on the nature of government expenditure, the nature of this particular economy and where exactly are we headed. He compared Jammu and Kashmir with Himachal Pradesh to give a more solid presentation. Dr. Sengupta talked about sustainability of government finances which is money spent by the state in long run enables the creation of a sustainable productive economy.

The question of change after the dissolution of Article 370 was asked to Dr. Sengupta, he answered “Article 370 told you among other things how to apply the Constitution to the state of Jammu and Kashmir. Today using that article you have applied the full constitution to the state of Jammu and Kashmir. So, what has happened is Article 370 in a sense has been sealed, it has not been diluted. It has found its full expression and let us not talk about diluting of article 370, nothing of that sort has happened. The logical conclusion of an article has been met. Read the article for heaven sake.

Dr. Sengupta as well as audience. His presentation and talk, was filled with good and heavy

facts which enriched everyone with amazing data and knowledge. Questions were asked and answered, there was maximum engagement from the audience which made the discussion even more intriguing.

- **Activity Description** – The paper has considered that NEP 2020 identifies several strands of problems and institutional challenges in the higher education ecosystem in India, there is a common theme that covers all these problems and challenges and has recognized the systemic rigidity which prevails in both the intellectual and the administrative spheres and one can further categories them under three broad heads. This paper focuses on the first two challenges and their ramifications for India’s overall ability to produce skills. But the rigidities are inter-connected, and one feeds into the other. It further argues that administrators of India's formal educational institutions adopt an “Open Source” strategy in consonance with NEP 2020. It briefly describes India’s Higher Educations System; the magnitude of India’s problem through a discussion on the emerging demand for skills and the skill gap in the economy; focuses on the program design needed to inculcate new skills and competencies in students to make them more employable; and lastly, discusses the underlying changes needed to support this program design in terms of curriculum development, pedagogical systems, faculty and infrastructure.

AMIT DHOLAKIA

Post 1990s

- The course and functions of the state and public administration has changed since early 1990s with the adoption of liberal policies and programs aimed at more integration with the global world. The process of liberalization, privatization, and globalization (LPG) has set a new agenda for public administration in the country with the gradual shedding of many commercial activities by the government.
- The state, formerly an interventionist, producer, regulator, and seller, is now called upon to be a facilitator, promoter, and partner; the emergence of powerful technological solutions (e.g., computers and information technology) and increasing expectations from governments to “perform” are the realities of the current-day administration. The process of governance bundled together the political, social, and economic aspects, including formal and informal actors in decision making.
- Under the present government, the expectations are certainly sky high. Is civil service capable of delivering?

Inclusiveness (Contd)

- In India constitution provided for the reservation for Scheduled Castes and Tribes, a policy which has been continued even after its initial period.
- There has been further extension of inclusiveness by providing for OBCs in the services at Centre and the states.
- In many states, reservation for women has also been attempted successfully.
- Further to remove elitisms from the services vernacular languages have been allowed not only in written but also in the interviews.
- All these augur well to mobilize the potential of all sections of society.

REGIONAL CONNECTIVITY AND INDIA'S NEIGHBORHOOD FIRST POLICY

Sambandh as Strategy: Regional Connectivity and India's Neighbourhood First Policy

Dr. Constantino Xavier
Fellow

Riya Sinha
Research Associate

17 September 2021

Drivers of Connectivity

Geostrategic response to China

- In 2018, Chinese trade in the region peaked at US\$1.5 trillion, 5 x India's
- Except Bhutan, all of India's other neighbours joined the Belt and Road Initiative (BRI)
- First China-Nepal joint military exercise
- Chinese investments in Dhaka Stock Exchange

Economic Growth

- South Asia remains the fastest growing region in the world, average 9%
- India's border states spearheading outreach (CM visits to Bangladesh, Myanmar)
- Nepal, Myanmar, Bangladesh, Sri Lanka: all positioning themselves as Indian entry/exit hubs with other regions

Cultural Vision

- In 2017, PM Modi travelled to Sri Lanka to attend the Buddhist Vesak celebrations
- The Indian Council for Cultural Relations (ICCR) pursued a proactive public diplomacy focused on shared values
- BJP focus on connectivity is shaped by a quest for cultural reunion in the region

6

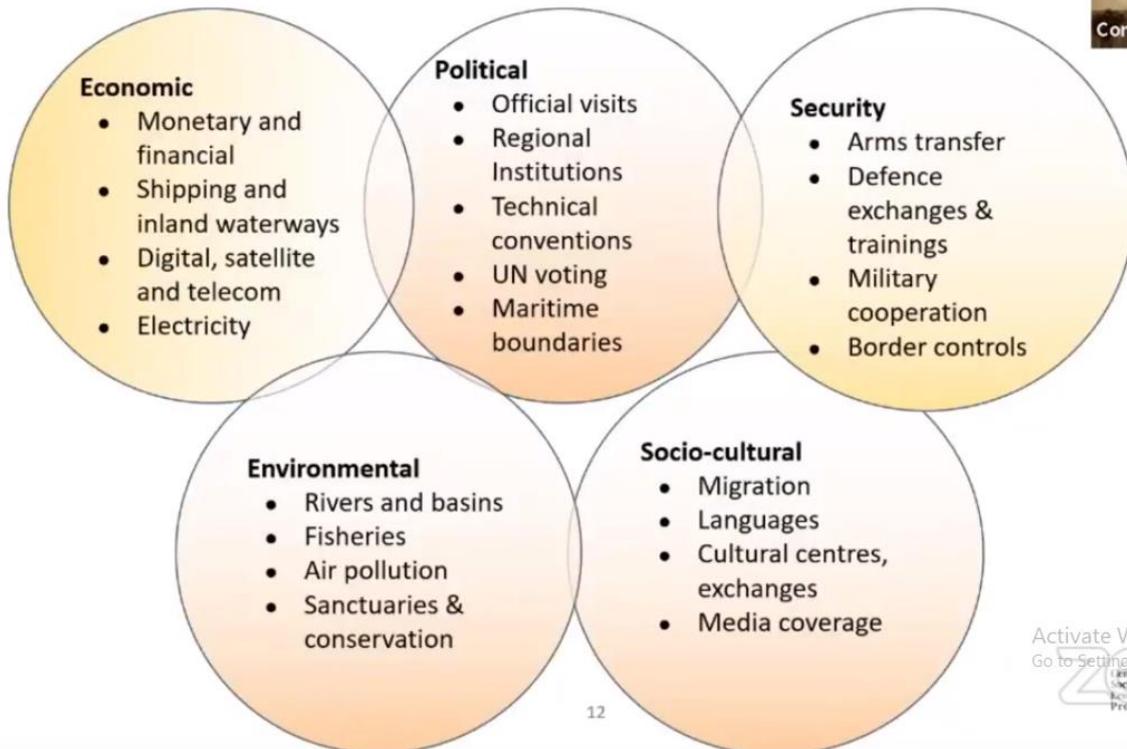

- However, the **Neighbourhood First** policy is a vict success: while more than ever is being done, there is an increasing demand and competition in the neighbourhood.
- There is a need for
 - quality data,
 - inputs from different Indian government branches (both at the centre and the states),
 - engagement from the private sector, different domestic constituencies, and
 - constructive engagement with the neighbouring countries.

Activity Description – The book explores the idea of the Right to Water, in the larger context; its significance is not limited to India, but is global. The strength of the book lies specifically in three areas i.e., in the discourse of right to water, water discourses in India and empirical commitment of this book has expanded its significance that focuses on the idea of Right ot Water and argues to ensure it through national water policies as the part of the execution of water justice. The book intends to investigate the theoretical understandings and implications of the Right to Water and explore the status of the Right to Water in India, particularly concerning constitutional provisions, legal frameworks and judicial interpretations. The focus of the book is extremely relevant for water governance, as it conceptualizes the idea of the Right to Water in the context of the policy framework.

Annual Progress Report 2020-21

A. RESEARCH PROJECTS: The important findings of the projects which were completed during the year 2020-21 are as follows:

1. Concurrent Monitoring to Assess Field Level Implementation of CPHC Through Ayushman Bharat HWCs in 5 Districts of Gujarat

Following the directive of the MoHFW, New Delhi, the present study was carried out in five districts of the state of Gujarat viz. Vadodara, Rajkot, Banaskantha, Sabarkantha and Kheda.

From each of the selected districts 5 health facilities identified as H&WCs i.e. SCs/PHCs/UPHCs were covered under the study.

The tools used for the data collection were the uniform schedules/checklists including the annexure provided by the MoHFW, New Delhi. The types of checklists included: 1) designed for the State/District level, 2) developed for the facility level and 3) designed for the beneficiaries of the services provided at the H&WCs. Apart from these schedules the guideline for conducting focus group discussion at community level, provided by the Ministry, was used to assess the reach of the programme at the community level.

It is commendable that in Gujarat out of the total facilities proposed as health and wellness centres during the year 2018-19, 97.6 percent were made functional.

In the year 2019-20, out of the total number proposed for the year, as on October 2019, the number of H&WCs proposed at PHC and UPHC level were made operational in all districts except Sabarkantha.

The operationalisation of HWCs at SC level was not yet complete as on the reference period in all the study districts although in Banaskantha it was nearing completion.

In Gujarat as well as in most of the study districts, the two NCDs viz. hypertension and diabetes appear to be more prevalent as compared to oral, breast and cervical cancer.

The availability of HR at SC level was good in all the study districts. However, at PHC level, the doctors were not available at all of the visited centres in Rajkot, Kheda and Banaskantha. The availability of other essentialities needs to be strengthened in all the districts.

The study found that the internal coordination and support at all levels of service providers was commendable.

The overall perception of community about the functioning of H&WCs under AYUSHMAN BHARAT Programme was found to be fairly good. Thus to conclude, branding of H&WCs, people's awareness about the Centres and community satisfaction about service provision at the centres indicate fairly good reach of the programme. However strengthening human resource at H&WCs, IT support and telecommunication services are the major issues highlighted by this study in order to make these centres fully functional as envisaged under the AYUSHMAN BHARAT Programme.

2. Rapid Assessment of Impact of Covid-19 Outbreak on Essential Health Services in 7 Districts of Gujarat

Following the directives of MoHFW, New Delhi as well as in view of the increasing transmissions of corona virus in Gujarat, the present study was undertaken with the objectives to assess: i) district wise scenario of the impact of COVID-19 outbreak on the essential health services; ii) severity of impact of the COVID-19 outbreak on the essential health services; and iii) overall impact on the essential health services using a composite index.

The selection of the districts was done based on the total number of infected cases. Thus, 7 districts, 2 each from the highest, moderate and lowest number of cases as on the date of selection as well as the headquarter district were selected. These districts were Ahmedabad, Botad, Mahisagar, Valsad, Surat, Narmada and Vadodara.

The study tool i.e the Google form, focused on all the non-covid essential services enlisted in the WHO guideline. The following findings emerged:

- It was encouraging to find that even in the wake of COVID -19 outbreak not much adverse impact was observed on the different health services. The most highly affected service was that of child immunization. On the other hand hardly any impact was seen on the distribution of 100 IFA tablets and calcium dose to the pregnant women.
- The essential health services were impacted mainly due to lack of demand from the people under the COVID -19 outbreak situation.
- Looking to the district wise impact on Broad categories of health services as measured through composite index, the analysis showed that child health services were the most affected whereas PNC and newborn care services were the least affected services in the State as well as in all the study districts except in Narmada. In Narmada district, the results differed only for the most affected service which was found to be that of family planning.

3.A Brief Report on HMIS Data Quality Issues, Gujarat, 2019-20

PRC, Baroda undertook an assessment of HMIS portal data by analyzing the data validation issues and outliers for the 33 districts of the state of Gujarat for the year 2019-20. The underlying objective was to highlight the areas that need to be addressed for improving the data quality under HMIS. The data quality was assessed by:

- 1) Finding out the total number of errors at district and at the state level;
- 2) Studying the frequency of errors at the district level and thereby examining the poor performing districts

Following issues were highlighted:

State level issues:

Number of Data Quality Issues:

- A total of 97 data quality issues were shown on the HMIS portal for **Gujarat**. These include:
 - a) A total of 48 (50%) validation errors;
 - b) In all 47 (48 %) outliers;
 - c) The remaining 2 (2%) were both i.e. validation errors as well as outliers

A month wise analysis showed that the highest number of issues was noted in February (13%), 2020 followed by October & December, 2019 and January 2020 (10% each). On the other hand, the lowest number of issues was observed in June (4%), 2019.

As regards different types of issues, validation errors were the highest in December, 2019 and lowest in September. In case of the outliers while February showed the highest number, it was nil in June, 2019.

District level issues:

Number of Validation Errors:

The total number of validation errors in the districts of Rajkot and Patan exceeded 100 and were 97 in Bharuch for the year 2019-20. As against this, Tapi district showed just 1 validation error and Morbi recorded 9 errors during this time period.

Type of Validation Errors:

The violation of validation rule that “Child immunisation - BCG<=Live Birth - Male+Live Birth – Female” was found to be occurring in as high as 18 out of 33 districts of Gujarat. In fact in 11 districts this error was shown as occurring in all the 12 months in the reference year, 2019-20. Furthermore, Rajkot, which is relatively poor performing district, recorded 4 different types of errors, each of them occurring for 11 months

in the year. These were “Number of PW given 180 Iron Folic Acid (IFA) tablets \leq Total number of pregnant women registered for ANC”; “Number of PW given 360 Calcium tablets \leq Total number of pregnant women registered for ANC”; “Child immunization - BCG \leq Live Birth - Male+Live Birth - Female”; “Child immunization - OPV-0 (Birth Dose) \leq Live Birth - Male+Live Birth - Female”.

Thus the above analysis has highlighted that the validation errors on the HMIS portal for the districts of Gujarat should be looked into for improving the data quality. Certain districts viz. Rajkot, Patan and Bharuch need more attention.

4. A Study on Induced Abortion in Gujarat: An Analysis Based on NFHS-4 (2015-16) Data

Background: Despite the Medical Termination of Pregnancy Act (1971) unsafe abortions continue to be one of the important causes of maternal mortality and morbidity in the country. In India, the information on various aspects related to abortion has been enquired about in the different surveys including the different rounds of the National Family Health Survey. Considering the significance of the issue of abortion, it would be pertinent and of interest to look in to the incidence of and factors associated with the induced abortion in the state of Gujarat. The present study is an attempt in that direction.

Objectives: The objectives were to study the level of induced abortion in the state of Gujarat, to examine the possible factors associated with induced abortion and to understand the post abortion complications and treatment seeking behaviour for the same.

Data and Methodology: The study was carried out based on the NFHS-4 (2015-16) data using SPSS software. In order to test the association between complications from abortion and background characteristics one sample Chi-square test statistics was applied.

Results: The all India figures show some rise in the level of induced abortions over time. There was some rise in the level of induced abortion in Gujarat over a period of time. However there was hardly any increase in the level as reported in the fourth round of the survey in 2015-16. As regards the background characteristics or possible factors responsible for induced abortion, there was a marginal difference between the number of induced abortion seekers from the urban and rural areas. The preference for induced abortion seems to be higher among the literate as compared to the illiterate women. Furthermore, more than half of the women were young. A large majority of the women were Hindus. The highest percentage of the abortion seekers belonged to OBC category. More than half the percentage of the abortion seekers was from richer or richest economic class which indicates higher preference for abortion among higher economic class women. Looking to the education

of the husband/partner of these women, as observed in case of the women themselves, the husband/partner of these women too were literate as majority had completed secondary or higher level of education.

Regarding the place of abortion, the preference for private sector was clearly seen as the majority of women had gone to private sector health facilities. A cause of concern was the fact that for one-fifth of the women abortion was done at home and was self induced, probably without any medical supervision.

Out of the total number of women who had undergone induced abortion one-fourth of the women had suffered complications from the same. This needs attention of the programmers. On the other hand it was a positive finding that majority of the women who had faced complications had sought treatment for the same. However the health problems of the remaining women reportedly did not receive treatment, which is a cause of concern.

A large number of the women had complications despite having undergone abortions at private health facilities which indicates poor health service delivery. Similarly for majority of women the person who performed abortion was “doctor” despite which they suffered problem.

The association between complications from abortion and background characteristics of the women with complications was calculated by applying One sample Chi-square statistics. According to which rural or urban residential background does not seem to be playing any role. On the other hand, rest of the factors are found to be influencing the complications.

The present study attempted to understand the reason for seeking abortion in an indirect manner which indicated that USG was done by the women with less number of children on an average, probably for sex selection purpose; the other group went for abortion, without going for USG, probably to limit the family size. The possibility of medically advised abortion can be true for both the groups. However no conclusive statement can be derived at and further research on the issue can highlight interesting results.

Conclusion: The present study has shown that a large number of women had suffered complications from abortion despite seeking abortion at private health facilities and being performed by doctor. This calls for attention of the programmers to strengthen post abortion care at private health facilities. Requisite training for the service providers is also essential to improve health delivery services in the state.

5. Dynamics of COVID-19 and Socio-Economic and Demographic vulnerability of the districts of Gujarat: A Spatial Analysis

Background: The spread of the pandemic COVID-19 has posed a great public health challenge globally. In India, Gujarat is one of the worst states in terms of number of deaths wherein all the districts have been already affected by the spread of the disease. There is a need for a focused district level plan to reduce the number of deaths and spread of the disease.

Objectives: The study attempts to examine: spatial variations in positivity rate (PR) and case fatality rate (CFR) during lockdown and post lockdown periods and their relationship, if any, with the overall vulnerability level across the districts of Gujarat.

Methodology: Study has utilized NFHS-4, Census and govt. COVID-19 data. We have computed a composite index of vulnerability at district level using 2 broad indicators (socio-economic and demographic) consisting of 6 variables. Socio-economic variable includes: % of SC/ST population, % of Poor Households, Education Level. Demographic variable includes: % of Elderly population, % of urbanization and population density. We used a percentile ranking method to compute overall vulnerability and presented results spatially with PR and CFR in districts of Gujarat.

Results: Out of 33 districts 48 % of districts showed high CFR(>3%) during lockdown which reduced to 15% districts in post-lockdown whereas high PR (>6.5%) has increased from 10% to 30% districts in the same duration. 13 districts (Ahmedabad, Surat, Navsari, Vadodara, Chhota-Udaipur, Tapi, Panchmahal, Dahod, Valsad, Botad, Narmada, Mahisagar, Bharuch) were with high overall vulnerability (index value >0.60), among which 10 districts had Medium-high PR (>3.15%) and 3 had medium-high CFR (>1.5%).

Conclusion: CFR reduced but PR increased across the districts. Vulnerability index helps to identify the backward districts with low PR & CFR. This in turn helps health planners to frame policies to check the spread of COVID-19 pandemic in the districts of Gujarat.

6. Role and Influence of Media Under COVID-19 Outbreak

Background: The year 2020 has witnessed the spread of the dreaded pandemic COVID -19 worldwide. Considering the importance of information, education and communication about the disease and its related aspects, the public health experts have made use of various media sources to reach out to the masses. It is of utmost importance to

examine the fruitfulness of the different sources of media in communicating the essential information to the masses. The study was carried out to understand the role of media under the outbreak of COVID -19.

Objectives: The study attempts to: assess the knowledge of the people as regards various aspects related to COVID-19; ii) examine the attitude towards reliability of various means of media and iii) assess the practices and behaviour change as affected by the media messages.

Methodology: Study was conducted using the Google form. The study tool was sent to different people through WhatsApp. The responses were received from across and outside the country. Survey was undertaken in August, 2020. The schedule covered background information i.e. gender, marital status, type of family, current place of residence, education and occupation of respondents. Information on knowledge and practices as also attitude towards reliability of mass media was obtained. The data was analyzed with the help of SPSS software.

Results: The mass media, in particular the electronic media, has played crucial role in transmitting knowledge to the people regarding COVID-19. However only 27% of the respondents mentioned that COVID-19 is a disease caused by Corona indicating that the knowledge transmitted is not accurate. As regards reliability of different media sources for obtaining information about number of cases (spread/recovery/deaths), about preventive measures and about the test/treatment options for the disease, electronic media was found to be considered the most reliable. Media has played an important role in affecting the practices/behaviour change of the people.

Conclusion: The role and influence of media is commendable as far as bringing about behaviour change among the people is concerned however accuracy of information about COVID-19 was found to be lacking.

7. Assessment of Impact of Covid-19 Outbreak on Essential Services At Public Health Facilities

In the present study in order to assess the impact of Covid-19 outbreak on essential health services HMIS data for the three districts viz. Ahmedabad, Surat and Vadodara, were used. These three districts account for almost 63% of covid-19 reported positive cases in Gujarat till August 2020. Comparison of HMIS service indicators data of March to August for three consecutive years i.e. 2018-19, 2019-20 and 2020-21 was used for the study.

This study attempts to investigate the extent to which the routine services provided by public health facilities have been impacted by the increased burden of COVID-19 on the existing health infrastructure.

To construct the composite Index (CI) of essential health services, initially values of each data items which are sub parts of the respective major indicators have been converted into the scale of 0 to 1 where 0 has been treated as the lowest data value and 1 as the highest data value. Having done the scaling for each data item an average of all the relative data has been calculated to create the composite index for all the major indicators.

The major findings of the study given bellow:

In Ahmedabad district out of the total 12 listed health services, the average CI was found to be more than 0.50 in 6 services, 7 services and 6 services in the year 2018, 2019 and 2020 respectively.

In case of Surat, out of the total 12 listed services, the average CI was found to be more than 0.50 in 5 services, 7 services and 8 services in the year 2018, 2019 and 2020 respectively.

On the other hand, in Vadodara 3, 5 and 7 services showed more than 0.50 average CI in the year 2018, 2019 and 2020 respectively.

Results showed that out of total 12 essential health services significant difference was found in 4 health services. Out of these services three services viz. Delivery, C-section and PNC were negatively impacted and Family planning was found to be positively impacted. However, remaining 8 services have not been affected significantly in district of Ahmedabad.

In case of Surat 9 health services found to be having significant difference. Out of these 9 services, 6 services viz. Pregnancy outcome & details of new-born, PNC, Family Planning, Child Immunization, NVBDCP, Laboratory Testing were negatively impacted and C-Section deliveries, RTI/STI Cases and Patient Services were found to be positively impacted. However, the remaining 3 services have not been affected significantly in district of Surat.

In Vadodara significant difference has been found in 4 health services all of which were found to be negatively impacted. These services were Deliveries, PNC, Child Immunization and Laboratory Testing. Remaining 8 services have not been affected significantly.

Another important finding of the study was that certain services were found to be negatively impacted in one district and the same service was found to be positively impacted in another study district. Thus interestingly in Ahemdabad, C-section services were negatively impacted whereas in Surat these services were positively impacted; similarly FP services were negatively impacted in Surat and positively impacted in

Ahemdabad. This finding therefore suggests that one cannot generalize about the impacted services due to Covid-19 outbreak, for all the districts. Furthermore since the present study is based on HMIS data, it represents the observed impact of the pandemic only for public health services.

Finally the present study highlighted that despite high variations in the number of Covid- cases in the reference period, in all the study districts, the trend of overall health services was found to very much consistent. This reflects commendable efforts of public health service providers during the pandemic period.

8. Prevalence of Tuberculosis and the Health Seeking Behaviour in Gujarat: An Analysis Based on NFHS-4 (2015-16) Data

The total number of TB cases in the country still remains a public health issue in India. Taking into consideration the magnitude of the disease burden, the Government of India has announced its plan to eliminate TB by 2025. In view of the prevalence of this disease in the State of Gujarat it would be pertinent and of interest to look in to the various aspects associated with the prevalence of TB in Gujarat. The study used data from the National Family Health Survey (NFHS-4, 2015-16).

The prevalence of Tuberculosis in Gujarat among all age group is 208 per 100000 population and males are suffering more from TB as compared to females (Boum et al. 2014; Horton et al. 2016). When the age increases the prevalence of TB also increases. As compared to urban, rural population suffered more from TB. From the social groups SC represents high prevalence whereas other categories of caste represent low prevalence of TB in Gujarat. Higher education qualification helps to reduce the TB prevalence whereas illiteracy increases the prevalence of TB. Poor household suffered more TB as compared to middle and reach people. Prevalence of TB is high among Smoker as compared to non-smoker (Rani et al. 2003; Jee et al., 2009). Households using unclean cooking fuel increase the prevalence of TB as compared to households using clean cooking fuel. The present study revealed that, with an increase in age, the risk of having TB significantly increases (Horsburgh, 2013). Males have higher risk of contracting TB as compare to females (Boum et al. 2014; Horton et al. 2016). A higher level of education reduces the risk of TB (Restrepo, 2018). Another finding of the study represents that households in the rich quintile have reduced risk of TB. The treatment seeking behaviour for TB was found to be good in Gujarat with majority having sought the treatment from a public health facility. The study highlighted fairly good knowledge and positive attitude towards TB among men and women in Gujarat.

India is experiencing a continuous rise in the prevalence of TB, and disease has not declined at the expected rate. The state of Gujarat represents similar results. The present study provides useful

information on prevalence of TB with associate risk factors. The main finding is that men in Gujarat is more vulnerable to having TB. This needs urgent attention of the health programmers. The study suggests that more resources need to be allocated for managing this disease which is also a co-morbidity found with other morbid conditions. Similarly, poor families or Scheduled caste population, higher age groups, household using unclean cooking fuel and the smokers are more vulnerable to having TB. Hence the policy makers can reduce the risk of TB by focusing attention on these groups along with improving literacy level in Gujarat.

9. Non Communicable Diseases in Gujarat: Prevalence and Treatment Seeking Behaviour

The rising rates of non communicable diseases (NCDs) in the country continue to pose one of the major public health challenges for the health programmers. The present study was carried out with the objectives to : study the prevalence of non communicable diseases in Gujarat; examine the treatment seeking behavior for NCDs and understand the gender differences, if any, in the prevalence of NCDs as well as treatment seeking behavior. The study was undertaken with the help of NFHS-4 (2015-16) data files. Under NFHS-4 the information on NCDs and treatment seeking for the same was gathered from the women in the age group 15-49 years and men aged 15-54 years. These data was studied and analysed using SPSS software to attain the above objectives. Bivariate analysis and Chi-square test were carried out using SPSS software.

The results showed that out of all the five morbidities the prevalence (per one lakh) of asthma is the highest in the State i.e. 1318 followed by that of diabetes (1153). On the other hand the least prevalent NCD in the State is Cancer (100).

The prevalence of diabetes and heart disease is more among the males as compared to the females in Gujarat. On the other hand Asthama, thyroid and cancer show higher prevalence among the women. The results of the Chi-square test supported the findings of bivariate analysis that gender plays significant role in case of diabetes (p value:.011) and thyroid disorder (p value-.000).

It was encouraging to find that treatment seeking behaviour of the women with NCDs was good in Gujarat. The percentage of women seeking treatment was lowest for asthma and highest for cancer.

As suggested by both types of analysis i.e. bivariate analysis and Chi-square test, among women- age was found to be significant role player in prevalence of all morbidities except cancer; place of residence was significant contributor in diabetes and thyroid; level of education- was significant for asthma and heart disease; marital status- was significant

for all morbidities except cancer; religion was significant in case of diabetes and heart disease; caste was a significant factor for diabetes and thyroid; economic class category- showed significance for diabetes, asthma and thyroid. In case of Cancer only caste is found to be significant by chi-square test. This suggests that other factors have no significant role to play in occurrence of this disease.

Looking to prevalence among men Chi-square test results showed that age, marital status, caste and wealth index were significant factors for occurrence of diabetes; age, schooling and marital status were significant for asthma; age and type of residence were significant contributors for thyroid; age, type of residence, schooling and marital status were playing significant role for heart disease. In case of cancer none of the factors were found to be significant.

Treatment seeking was fairly good among men. It was the lowest for asthma and highest for heart disease among men. The age and type of residence were found to be playing significant role in treatment seeking for diabetes; marital status and wealth index category were significant role players in going for treatment of asthma; marital status had significant role in health seeking for heart disease.

On the whole treatment seeking behaviour among females was better as compared to males. However it is important to note that as regards the treatment sought for NCDs gender had no significant role to play.

Thus in order to check the rising burden of NCDs in the State of Gujarat the health programmers need to focus on the different target groups that are highlighted by the present study.

10. Prevalence of Anaemia among Children and its Associate Risk factors in districts of India: A geospatial analysis

Prevalence of anaemia among children has been a major health problem in developing countries. It is one of the major causes of concern for the health programmers in India. In India the prevalence of anaemia among under five children has been reduced by only 11 % from 2005-06 to 2015-16. In view of the gradual decline of this morbid condition among children we need a study to identify the high prevalence area and the factors which may help to reduce the risk of anaemia in India. The overall aim of the study is to examine the distribution of anaemia and contextual risk factors among 5-59 months' children.

In India around 58.65% of children less than 5 years are living with anaemia in 2015-16, and girl's child are suffering more from anaemia as compared to male child. The prevalence is highest in the Union territories Dadra & Nagar Haveli and Daman & Diu. The reason for this is not clear, but it might be due to an improper diet, childhood illness such as diarrhoea, worm infestations or lack of appropriate iron

supplementation. On the other hand, Meghalaya (19.63%), Maharashtra (23.69%) show low level of anaemia among 6-59 months of children.

The present study reveals a remarkable geographical variation in the risk of childhood anaemia in the districts of India. The study finds that the prevalence of anaemia is the highest in central, south-west, and Northern and eastern part of India. Around 321 districts are having more than the national level of anaemia dieses [Figure: 1]. The present study also finds the medium to high level of clustering of anaemia in the districts with 0.63 Moran's Index, which means auto-correlation exists between neighbourhood districts in India. Total 110 districts have been identified as a hot-spot area from Madhya Pradesh, Gujarat, Uttar Pradesh, Bihar, Jharkhand and Jammu & Kashmir and 105 districts shows < 0.05% level of significance [Figure:2]. Among socio economic variable children from Muslim are more likely and Christian are less likely to anaemia. Among the social groups OBC and Others caste group are at a lesser risk as compared to SC/ST caste group. Children from northern parts of India are in the higher risk category as compared to other regions. Among the maternal characteristics increase of mother's age and education reduce the risk of childhood anaemia whereas, anaemic mother and who didn't take full ANC increase the risk of anaemia. In the child characteristics children in the age group 12-23 months are in the higher risk as compared to other age groups. Underweight children and increasing birth order increase the risk of childhood anaemia. Through the Bivariate Moran's I value, it was found that spatial autocorrelation was highest with children anaemia and Mother Anaemia, followed by Underweight, Illiterate mother, childhood diarrhoea, and poor household.

The present study does not only contribute in providing remarkable geographical variations in anaemia in India but also examines the contextual factors affecting its occurrence. Based on these findings, the study recommends the public health programmes to target hot spot districts with the high prevalence of anaemia and the risk for the same can be reduce by increasing mother education with full ANC and reducing mother anaemia including reducing underweight status of children.

“Joy of Giving” At Zonal Observation Home

Owing to the COVID outbreak and subsequent lockdowns, this year has been utterly challenging for all the segments of the society. Particularly for the underprivileged sections of the society or for those you rely heavily on external aid, the year came as a hard blow. The stringent lockdown and physical distancing norms had made it difficult for them to get the much needed external aid. So was the case with the inmates of Zonal Observation Home for Girls, Vadodara. Though most of their basic requirements are taken care of by the government, the much essential human interaction that facilitates rehabilitation of the inmates of the observation home, was largely unavailable this year. Hence, on **November 8 2020**, some of the volunteers from NSS, The Maharaja Sayajirao University of Baroda decided to gift new clothes, drawing books and crayons to the inmates of the Zonal Observation Home for girls, Vadodara and spent quality time with them. Webinar on “Importance of Voting”

On January 23, 2021, N.S.S, The Maharaja Sayajirao University of Baroda had organized a webinar on “Importance of Voting”, with an aim of bringing about awareness among university youth about their voting rights. Dr. Sudhir Joshi, DAO Vadodara, SVEEP Co-ordinator, Vadodara was the keynote speaker of the webinar. He further mentioned, as a democratic country, India is built on the foundations of election. Voting is a constitutional right that all Indian citizens are privileged to have. One vote can play an important part in making the change. If a citizen is unhappy with the current government, he/she can vote for a better one. Every vote counts; though it seems like an endless sea of people are there to vote, every vote counts. When the national attitude changes from thinking “my vote doesn’t make a difference” to “my vote is my voice” then the numbers will increase and a multitude of people coming ahead to cast their vote will make the difference. The responsibility lies on every individual citizen of India.

The Oriental Institute is a post-graduate teaching and research Institute right from its very inception. His Highness Sir Sayajirao Gaekwad III of Baroda conceived the idea in 1893 and felt the need for establishing the Oriental Institute which can collect and preserve the ancient treasure of rare Manuscripts and books. He founded the Institute in 1927 and invited scholars to edit these ancient works based upon Manuscripts under the Gaekwad's Oriental Series. For educating the common persons, he also started by donating Rs. 2 lacs, the Translation Branch, in which important works were translated and published under different Mala Series in vernaculars. After the establishment of the M.S. University in 1949, the Oriental Institute became the constituent part of the University. The publications under the Gaekwad's Oriental Series and the other Mala Series are still being published. The Oriental Institute has huge treasure of rare, important, illustrated manuscripts (30,299) and Printed books (1,00,000) which includes many rare old editions. 26. The Maharaja Sayajirao University Union

The Maharaja Sayajirao University Union is a statutory corporate body of the students and teachers to promote academics, social interaction, sports and cultural interests amongst the students of The Maharaja Sayajirao University of Baroda.

The Maharaja Sayajirao University Union has constantly organized events such as elocution, debates, cultural evenings, concerts, literary, arts and sports events as a part of the Youth Festival with a specific theme every year to maintain active interaction between the students of the University, providing them opportunities for holistic development.

The unprecedented contingencies that we as a world were experiencing since December 2019 and especially as Indians since March 2020, because of COVID-19 had also challenged the higher education institutions to rethink not just their curricular structure but also the extra-curricular activities in absence of the students on campus, due to imposition of stringent restrictions on travel, social interactions and access to public spaces, so as to contain the virus.

Thus, in absence of a student's executive committee for the given year, the President then floated the idea of volunteering. 230 students of the University registered online as volunteers through Google form to work towards the listed objectives of the union as per the university handbook. About 100 volunteers could manage to come offline to plan, promote, organize and document student-centered programs/initiatives at the Union.

The University Handbook [UNDER SECTIONS 4 (19) (c) AND 24 (1) (xi)] has the provision of a Union. The ordinance 59 stated as below served as directions to turn this crisis into opportunity by doing the same things in a newer way, or all together doing newer things. The listed union objectives were revisited and made functional during the times of pandemic.

Name of the Union

O. 58 The Union shall be called "The Maharaja Sayajirao University Union".

Aims and Objects

O. 59 The aims and objects of the Union shall be:—

- (i) To hold debates so as to enable students to learn the art of debating,
- (ii) To arrange public lectures so as to stimulate interest in cultural and public affairs,
- (iii) To promote social intercourse amongst the students of the Union by developing the Union as a club for the students,
- (iv) To further the academic and social interest of students generally by maintaining a library, a reading-room, a writing-room, a games-room and a refreshment-room,
- (v) To maintain a co-operative store and a co-operative bank,
- (vi) To develop a sense of social service

Although the Union have altogether six objectives but only the first three objectives could be worked on in this calendar year 2021 while objective 4, 5 and 6 had mainly offline based activities and hence could not be made functional, due to restrictions of travel for COVID 19 and almost all volunteers residing beyond city limits.

The Union Advisory Committee (as per O.66) for the year of 2020-21 consisted of the following:

1. The Patron: Prof. (Dr.) Parimal Vyas
2. The President: Dr. Reena Bhatia
3. The Treasurer: Mr. Praful Gohel

The following post of the officers of the Executive Committee of the Union remained vacant since no elections could be held due to restrictions of the COVID-19 Pandemic.

1. The Vice-President: Vacant
2. The General Secretary: Vacant

The student volunteers to fulfill the first three objectives of the Union had organized a plethora of events in a span of 9 months i.e. during the period March-December 2021 reaching out to the students through online and offline platforms fetching a participation of more than 4000 students giving opportunities to at least 35 students to coordinate these events. A calendar of events organized is given in Table-1. Also, it is worth knowing that the events were witnessed by many renowned guests from the field of environment, entertainment, education, public administration, sports, spirituality, law, social services, management and many more, invited from both within and outside the university. The students got an opportunity to listen and interact with these prominent figures through online or offline modes as per the permissions granted and protocols followed for the COVID-19 pandemic. A list of Speakers/Guests, Jury members and Winners of the various events is listed in Table-2, 3 and 4 respectively, each distinct to the nature of its objective.

Following are the major highlights and achievements of the Maharaja Sayajirao University Union as an integral and indispensable central facility of the University.

1. Digital identities of the Union was established on January 12, 2021 on different social platforms along with institutional email id created as follows. Regular posts on all platforms were simultaneously posted throughout the year. These were Commemorative, Informative, Promotional, Greetings, and Event Coverage posts totalling up to 125 with the aim to constantly engage and reach out to students through the commonly used media platforms.

2. Pandemic gave an opportunity to revisit the objectives of the Union which were framed during its foundation years in 1949 to be fulfilled with a newer perspective and structure. Volunteering served as a good option to help students identify their strengths and overcome their weakness by losing self in the service of their fellow students. Building the Road Map 2021 for the Union activities was effected along with team building exercises in February. Each member was given the opportunity to do a SWOT analysis of self to help them gauge their present skills and develop new skills thus contributing to their best of abilities and exploring the possibilities of becoming the best version of self just by giving one's times, efforts, and skills.
3. A structure of one Team Leader and two Communication Leaders (Verbal and Written) to lead each objective along with one or more co-ordinators for each event organized by the respective objective gave the students opportunities for experiential learning which included several skills and virtues but not limited to, ability to work with people with different management styles, building leadership qualities, confidence building, time management, communication skills – Oral / Written, professionalism, respecting diversity, understanding work ethics, learning new skills, managing public relations, being flexible, planning and organization, problem solving, documentation, report writing, meeting deadlines, constructing feedback mechanisms etc.

MSUના યુનિયન દ્વારા ઓનલાઇન શિક્ષણકાળમાં વિદ્યાર્થીઓમાં રહેલી ક્રિએટિવિટી અને તેમના વિચારોને યોગ્ય મંચ મળે તે હેતુસર બુલંદ સિરિઝ અંતર્ગત તા.૨૩ અને ૨૪ એપ્રિલના રોજ બે દિવસની પ્રથમ વર્ચ્યુઅલ ડિબેટ કોમ્પિટિશન ક્રમ ગ્રુપ ડિસ્કશનનું આયોજન કરવામાં આવ્યું હતું.

જે વિશે માહિતી આપતા યુનિયનના પ્રેસિડેન્ટ ડો.રીના ભાટિયાએ જણાવ્યું હતું કે, હાલ છેલ્લાં એક વર્ષથી શિક્ષણનું માધ્યમ બદલાઈને ઓનલાઇન થઈ ગયું છે. તેવામાં વિદ્યાર્થીઓને ક્રિએટિવિટી અને વિચારોને યોગ્ય મંચ મળી રહે તે ખૂબ જરૂરી છે. અમે આ ડિબેટ અને ગ્રુપ ડિસ્કશન કોમ્પિટિશનમાં કરન્ટ ટોપિક્સ જેવાં કે, વર્ચ્યુઅલ લર્નિંગ થકી શું આપણે શિક્ષણને આકાર આપવામાં સફળ રહીશું, વેબ સિરિઝ અને મૂવીઝની યુથ પર શું અસરો થઈ છે?, વધતાં જતાં સાયબર ક્રાઈમને કેવી રીતે રોકી શકાય?, સીબીએસઈની પરીક્ષાઓ કેન્સલ થતાં વિદ્યાર્થીઓ પર તેની કેવી સાયકોલોજીકલી અસરો થશે?, કોવિડની ઈન્ડિયાના

ઈગ હતી અને જ્યુરી મેમ્બરે નોંધ્યું હતું કે તેમની વચ્ચે પસંદગી કરવી ખરેખર મુશ્કેલ હતી. પરંતુ અંતે, ઘણા પરિમાણો પર સહભાગીઓને ધ્યાનમાં લેતા, ચર્ચાના દરેક વિભાગમાંથી 3 સહભાગીઓ પસંદ કરવામાં આવ્યા હતા. વિષય તરફ ભોલવાના વિભાગના વિજેતાઓ અમ્મ જયસ્વાલ, ક્રીશિક પાટગીરી, અને વિષયની વિરુદ્ધ માં કેવલ યોગકિયા સંદીપિકા પનામાર તિવારી અભિષેક અને સુકૃતિ કેસર વિજેતા થયા હતા.

महाराजा सयाजीराव विश्वविद्यालय गीत

अमे वडोदराना विद्यापीठनां सपनां सारवनारा
अमे ज्योत जलावी सृष्टि नवली सहसा सर्जनहारा.

अमे गगनकुसुम कर धरनारा
अमे मगन मगन थई फरनारा
