

ACKNOWLEDGEMENT

The author wishes to express his deep sense of gratitude to professor N.M. VASHI, under whose guidance and supervision the present investigation was conducted, without his constant inspiration, the author would not have been able to complete this study.

The author takes this opportunity to express his deepest sense of gratitude and sincere thanks to prof. S.S. Merh, FNA, for his encouragement during progress of work.

The author wishes to thank Prof. S.J. Desai, Incharge, Head, Deptt. of Geology for providing facilities during progress of work.

The author also wishes to place on record the encouragement and help rendered during progress of work by Dr. P.K. Patel, Dr. S. Ganapathi, Dr. L.S. Chamyal, and Dr. K.C. Tiwari Department of Geology M.S. University of Baroda.

The author's grateful thanks are due to Dr. K.L.N. Rao, Officer on Special Duty, Shri R.B. Mehrotra, GGM(Expl.), for providing the facilities of RGL, WRBC, Baroda, and Shri. S.N. Talukdar, Member (Expl.) Oil & Natural Gas Commission who were kind enough to permit the author to take up the study. The author is very much indebted to Dr. Jagdish Pandey, Dy. G.M. (Geology), geological Laboratories, KDMIPE; for providing facilities; and Shri A.K. Bhatnagar, Sr. Chemist, for helping in analysing the samples for chemical compositions and SEM Studies.

In the end, the author would like to thank Shri. H. Upadhyay, Dr. D.K. Srivastava, Sr. Geologists, Shri Vikas. J. Pandey, Geologist and other colleagues of Sedimentology Laboratory, ONGC Baroda for their cooperation at various stages of investigation, and Shri D.K. Srivastava, Chief Geologist, WRBC, ONGC Baroda for critical review of the manuscript. The author is very much indebted to Mrs. Rashmi Pandey, for her constant encouragement and inspiration rendered during progress of the work.
