

## ACKNOWLEDGEMENTS

It is a matter of great privilege and pleasure to record my profound gratitude and indebtedness to Professor A. R. Mehta, Head, Department of Botany, M. S. University of Baroda, for making the present research endeavour possible. His guidance and criticism enriched the quality of scientific and methodological components.

Grateful acknowledgement is also made to Dr. P. N. Bhatt, Reader in Dept. of Botany. His critical evaluations and expertise has helped me in many ways. My sincere thanks are also due to Dr. Sukh Dev for kindly providing the authentic samples of Guggulsterones. My husband, a constant source of encouragement, patiently waited to this stage deserves my deepest gratitude. My sincere appreciation also goes to all my colleagues and friends for their valuable assistance and help rendered from time to time during the course of investigations.

I take this opportunity to thank Mr. R.P.Dindorkar and Mr. Jade for their assistance in photography and Mr. P.S. Bhoite for his devoted typing of the manuscript.

Grateful acknowledgements are extended to Department of Science and Technology, New Delhi for awarding fellowship.
