

# LIST OF FIGURES

## CHAPTER 1 - INTRODUCTION

1.1	Sub familial Classification of Orchidaceae	11
-----	--	----

## CHAPTER 2 – DIVERSITY AND DISTRIBUTION

2.1	Detailed map of Gujarat	34
2.2	Distribution of Orchids in Gujarat	48
2.3	Orchid diversity in various Biogeographical zones of Gujarat	48
2.4	Distribution of <i>Acampe praemorsa</i> in Gujarat	51
2.5	Distribution of <i>Aerides maculosa</i> in Gujarat	53
2.6	Distribution of <i>Aerides ringens</i> in Gujarat	55
2.7	Distribution of <i>Crepidium mackinnonii</i> in Gujarat	56
2.8	Distribution of <i>Dendrobium barbatulum</i> in Gujarat	58
2.9	Distribution of <i>Dendrobium microbulbon</i> in Gujarat	60
2.10	Distribution of <i>Dendrobium ovatum</i> in Gujarat	61
2.11	Distribution of <i>Dendrobium peguanum</i> in Gujarat	63
2.12	Distribution of <i>Eulophia herbacea</i> in Gujarat	64
2.13	Distribution of <i>Eulophia ochreatea</i> in Gujarat	66
2.14	Distribution of <i>Geodorum laxiflorum</i> in Gujarat	67
2.15	Distribution of <i>Habenaria furcifera</i> in Gujarat	69
2.16	Distribution of <i>Habenaria gibsonii</i> in Gujarat	71
2.17	Distribution of <i>Habenaria grandifloriformis</i> in Gujarat	72

2.18	Distribution of <i>Habenaria longicorniculata</i> in Gujarat	74
2.19	Distribution of <i>Habenaria marginata</i> in Gujarat	76
2.20	Distribution of <i>Habenaria plantaginea</i> in Gujarat	77
2.21	Distribution of <i>Habenaria rariflora</i> in Gujarat	79
2.22	Distribution of <i>Nervilia concolor</i> in Gujarat	81
2.23	Distribution of <i>Nervilia plicata</i> in Gujarat	83
2.24	Distribution of <i>Oberonia falconeri</i> in Gujarat	84
2.25	Distribution of <i>Oberonia mucronata</i> in Gujarat	86
2.26	Distribution of <i>Peristylus constrictus</i> in Gujarat	88
2.27	Distribution of <i>Peristylus lawii</i> in Gujarat	89
2.28	Distribution of <i>Peristylus plantagineus</i> in Gujarat	91
2.29	Distribution of <i>Peristylus stocksii</i> in Gujarat	92
2.30	Distribution of <i>Rhynchostylis retusa</i> in Gujarat	94
2.31	Distribution of <i>Vanda tessellata</i> in Gujarat	96
2.32	Distribution of <i>Vanda testacea</i> in Gujarat	98
2.33	Distribution of <i>Zeuxine strateumatica</i> in Gujarat	99
2.34	Status representation of Orchids	119

### **CHAPTER 3 – DNA BARCODING**

3.1	PCR amplification using rbcL Primer	153
3.2	PCR amplification using matK Primer	153
3.3	PCR amplification using ITS Primer	153
3.4	Estimates of Evolutionary Divergence between rbcL Sequences	155

3.5	Best substitution Model for rbcL	156
3.6	Maximum likelihood tree of 32 plant species based on rbcL sequences.	157
3.7	Estimates of Evolutionary Divergence between matK Sequences	158
3.8	Best substitution Model for matK	159
3.9	Maximum likelihood tree of 27 plant species based on matK sequences.	160
3.10	Estimation of Evolutionary Divergence between ITS Sequences	161
3.11	Best substitution Model for ITS locus	162
3.12	Maximum likelihood tree of 30 plant species based on ITS sequences.	163
3.13	Percentage Species resolution for single locus and multiple locus	164
3.14	ML tree for <i>Dendrobium</i> rbcL+matK	165
3.15	ML tree for <i>Dendrobium</i> rbcL+ITS	165
3.16	ML tree for <i>Dendrobium</i> matK+ITS	165
3.17	ML tree for <i>Dendrobium</i> rbcL+matK+ITS	165
3.18	ML tree for <i>Habenaria</i> rbcL+matK	166
3.19	ML tree for <i>Habenaria</i> rbcL+ITS	166
3.20	ML tree for <i>Habenaria</i> matK+ITS	166
3.21	ML tree for <i>Habenaria</i> rbcL+matK+ITS	167

#### **CHAPTER 4 - ANATOMY**

4.1	T.S of <i>Acampe</i> and <i>Rhynchosstylis</i> leaf.	185
4.2	T.S. of <i>Aerides</i> leaf.	187

4.3	T.S. of <i>Crepidium</i> leaf.	188
4.4	T.S. of <i>Dendrobium</i> leaf.	190
4.5	T.S. of <i>Eulophia</i> and <i>Geodorum</i> leaf	192
4.6	T.S. of <i>Nervilia</i> leaf.	193
4.7	T.S. of <i>Oberonia</i> leaf.	195
4.8	T.S. of <i>Vanda</i> leaf.	196
4.9	T.S. of <i>Habenaria</i> leaf	198
4.10	T.S. of <i>Peristylus</i> leaf.	200

## CHAPTER 5 - PHYTOCHEMISTRY

5.1	HPTLC plate photo of fingerprint profiling (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	239
5.2	HPTLC plate photo of Alkaloidal group (a) at 254 nm (b) 366 nm (c) 580 nm (d) 580 nm after derivatization	241
5.3	HPTLC plate photo of Glycosides group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	242
5.4	HPTLC plate photo of Saponin group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	245
5.5	HPTLC plate photo of Steroid group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	247
5.6	HPTLC plate photo of Sterols group (a) 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	249
5.7	HPTLC plate photo of Flavonoid group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	252

5.8	HPTLC plate photo of Terpenoid group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	254
5.9	HPTLC plate of Essential Oil group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	256
5.10	HPTLC plate photo of Tannin group (a) 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	258
5.11	HPTLC plate photo of Phenolic group (a) at 254 nm (b) 366 nm (c) 366 nm after derivatization (d) 580 nm (e) 580 nm after derivatization	260
5.12	HPTLC plate photo of Phenolic group after derivatization (a) at 254 nm (b) 366 nm (c) 580 nm	264
