First and Foremost, I would like to express my sincere gratitude and thanks to my supervisor, **Dr. Sunil Kumar Singh** for having faith in my hard work and accommodating me in his research group. During my stay in his laboratory, his valuable thoughts, freedom given to me and moral support had been helpful in mending me as a researcher. With his enthusiasm, his inspiration and his great efforts to explain things clearly and simply, he helped me to make everything perfect. Throughout my Ph.D. tenure, he provided encouragement, sound advice, good teaching and lots of good ideas. It was a blessing to work under his supervision.

The entire journey was easier and memorable only because of all my friends. I have to mention the support and help provided by **Dr. Shalini Tiwari and her family members**. But I won't say thanks and make their efforts formal. They stood along with me during my good and bad times and became valuable assets of my life.

I appreciate the help of administrative and support staff of Department of Botany, MSU, for their timely help and support.
