

LIST OF TABLES

Table 1: Geographical locations of the forest biomass sample plots (yellow box) in KNP....	32
Table 2: Geographical locations of the forest biomass sample plots (yellow box) in BNP....	32
Table 3: Geographical locations of the forest biomass sample plots (yellow box) in MNP...	32
Table 4: Details of the instruments mounted on the Agro-Meteorological Station (AMS)....	36
Table 5: Satellite data used in this study to derive LULC and deciduous forest NPP in KNP, BNP and MNP	38
Table 6: Descriptive statistics of different sample plots in KNP (Values are mean and standard deviation of five years observations).....	46
Table 7: AGB for different sample plots in KNP for the period 2010-2014.....	47
Table 8: Field based NPP of different sample plots in KNP for the period 2011-2014.....	49
Table 9: Distribution of forest types in Kanha National Park.....	56
Table 10: Classification accuracy assessment report for KNP.	57
Table 11: CASA simulated deciduous forest NPP for different sample plots in KNP for the period 2011-2014.....	59
Table 12: Descriptive statistics of different sample plots in BNP.	61
Table 13: AGB for different sample plots in BNP for the period 2010-2014.....	62
Table 14: Field based NPP for different sample plots in BNP for the period 2011-2014.....	63
Table 15: Distribution of forest types in Bandhavgad National Park.	69
Table 16: Classification accuracy assessment report of BNP.....	69
Table 17: CASA simulated deciduous forest NPP for different sample plots in BNP for the period 2011-2014.....	72
Table 18: Descriptive statistics of different sample plots in MNP.	73
Table 19: AGB for different sample plots in MNP for the period 2010-2014.....	74
Table 20: Field based NPP for different sample plots in MNP for the period 2011-2014.....	76
Table 21: Distribution of forest types in MNP.....	77
Table 22: Classification accuracy assessment report for MNP.....	81
Table 23: CASA simulated deciduous forest NPP for different sample plots in MNP for the period 2011-2014.....	84
