

LIST OF PLATES

SR. NO.	TITLE	PAGE NO.
1.	Vertical Lift-Up Hinge Mechanism	26
2.	Bed Lift-up Hinge Mechanism	27
3.	Different channels used in drawers	27
4.	Size of drawer and size of cabinet	28
5.	Wall bed fitting mechanism	28
6.	Hydraulic-based dining table fitting	29
7.	Plan of proposed utility storage with pull-out bench and shoe rack	79
8.	Front elevation of proposed utility storage with pull-out bench and shoe rack	80
9.	Sections of proposed utility storage with pull-out bench and shoe rack	81
10.	3D view of proposed Utility storage with shoe rack and pull-out seating bench	82
11.	3D view of proposed Utility storage with shoe rack and pull-out seating bench (Plywood and Veneer finish) (open)	83
12.	3D view of proposed utility storage with shoe rack (Plywood and Veneer finish) (closed)	84
13.	Plan of proposed three-seater sofa with shoe rack and utility storage	86
14.	Back elevation of proposed three-seater sofa with shoe rack and utility storage	87
15.	Section b-b' of proposed three-seater sofa with shoe rack and utility storage	88

16.	Front elevation of proposed three-seater sofa with shoe rack and utility storage	89
17.	Section detail (a-a') of proposed three-seater sofa with shoe rack and utility storage	90
18.	Side elevation of proposed three-seater sofa with shoe rack and utility storage	91
19.	Front elevation of of proposed three-seater sofa with shoe rack and utility storage (with hand rest detail)	92
20.	3D view of proposed three-seater sofa with shoe rack and utility storage (Polyurethane polish)/ Nitro Cellulose (NC) Lacquer) (with shoe rack un hand rest)	93
21.	3D view of proposed three-seater sofa with shoe rack and utility storage (Plywood and Veneer) (with shoe rack and hand rest)	94
22.	3D view of proposed three-seater sofa with shoe rack and utility storage (Plywood and Veneer)	95
23.	3D view of proposed three-seater sofa with shoe rack and utility storage (Plywood and Veneer)	96
24.	Plan view of proposed three-seater sofa cum bed with a foldable four-seater dining	100
25.	Plan view (with open shutter) of proposed three-seater sofa cum bed with a foldable four-seater dining	101
26.	Plan view (extended) of proposed three-seater sofa cum bed with a foldable four-seater dining	102
27.	Side elevation and section detail of proposed three-seater sofa cum bed with a foldable four-seater dining	103
28.	Side elevation of proposed extended bed for three-seater sofa cum bed with a foldable four-seater dining	104
29.	Chair detail of proposed chair for foldable four-seater dining	105
30.	3D view of proposed Three-seater sofa cum bed with a foldable four-seater Dining (when used as a sofa)	106

31.	3D view of proposed Three-seater sofa cum bed with a foldable four-seater dining (while using dining)	107
32.	3D view of proposed Three-seater sofa cum bed with a foldable four-seater dining (while using as a bed)	108
33.	Plan view of proposed portable pre-preparation center with extendable dining table, chairs, and storage	112
34.	Side elevation and section of proposed portable pre-preparation center with extendable dining table, chairs, and storage	113
35.	Chair detail for proposed portable pre-preparation center with extendable dining table, chairs, and storage	114
36.	3D view of proposed Portable pre-preparation centre with extendable dining table, chairs, and storage (ledge to open as a dining)	115
37.	3D view of proposed Portable pre-preparation centre with extendable dining table, chairs, and storage (extended dining)	116
38.	3D view of proposed Portable pre-preparation centre with extendable dining table, chairs, and storage (Pre-preparation counter)	117
39.	Plan view of proposed study unit with dressing and storage	119
40.	Front elevation for proposed study unit with dressing and storage	120
41.	Front elevation (of open) proposed study unit with dressing and storage	121
42.	3D view of proposed Study unit with dressing and storage (with dressing and openable seat)	122
43.	3D view of proposed Study unit with dressing and storage (with dressing and seat for seating)	123
44.	3D view of proposed Study unit with dressing and storage(with seat inside)	124
45.	3D view of proposed Study unit with dressing and storage	125

	(openable ledge used as workstation)	
46.	Plan view of proposed wardrobe with slide-out iron board and study area and chair	128
47.	Front elevation of proposed wardrobe with slide-out iron board and study area and chair	129
48.	Section with slide out iron board and chair detail of proposed wardrobe with slide-out iron board and study area and chair	130
49.	3D view of proposed Wardrobe with slide-out iron board and study area and chair (openable ledge and pull-out chairs)	131
50.	3D view of proposed Wardrobe with slide-out iron board and study area and chair (as a wardrobe and mirror for dressing)	132
51.	3D view of proposed Wardrobe with slide-out iron board and study area and chair (storage drawer and storage bins underneath the chair)	133
52.	3D view of proposed Wardrobe with slide-out iron board and study area and chair (slide-out iron board)	134
53.	Plan view of proposed extendable bed, storage and folding seating (single bed)	138
54.	Plan view of proposed extendable bed, storage and folding seating (extended bed)	139
55.	Sectional detail of proposed extendable bed, storage and folding seating	140
56.	Folding seating detail of proposed extendable bed, storage and folding seating	141
57.	Side elevation of proposed extendable bed, storage and folding seating	142
58.	3D view of proposed Extendable Bed, storage, and folding seating (Slide out bed)	143
59.	3D view of proposed Extendable Bed, storage, and folding seating (Foldable seating)	144
60.	3D view of proposed Extendable Bed, storage, and folding seating (openable storage bed)	145

61.	Plan view of proposed folding office and dressing	148
62.	Internal detail of proposed folding office and dressing	149
63.	Back and side elevation of proposed folding office and dressing	150
64.	3D view of proposed Folding office and Dressing (Open)	151
65.	3D view of proposed Folding office and Dressing (closed)	152
66.	Plan view of proposed center table, storage drawer, chair and bed	155
67.	Front elevation of proposed center table, storage drawer, chair and bed	156
68.	Side and sectional elevation of proposed center table, storage drawer, chair and bed	157
69.	3D view of proposed Centre table, storage drawer, chair, and bed	158
70.	3D view of proposed Centre table, storage drawer, chair, and bed	159
71.	Intervention Program conducted by the researcher	162
72.	Researcher explaining the benefits of multipurpose furniture during Intervention Program	163
73.	Researcher explaining the design of furniture	164
74.	Feedback session during the Intervention Program	164
