CHAPTER I : FRAGMENTATION OF HOMOALLYLIC ALCOHOLS	1-119
Section I : Cleavage of hydroxyspiro [bicyclo-(2,2,1)heptane-2,1'-cyclopropane] derivatives	1-74
Abstract	1
Introduction	2
Present work	13
Experimental	32
References	70
Section II : Some applications of fragmentation of homoallylic alcohols	75-119
Abstract	75
Introduction	76
Present work	78
Experimental	88
References	118
CHAPTER II : RADICAL ADDITION OF PHOSPHONATES TO OLEFINS. CHARACTERISATION AND SOME REACTIONS OF THE ADDUCTS	120-169
Abstract	120
Introduction	121
Present work	126
Experimental	141
References	167

	page
CHAPTER III : ACID CATALYSED CYCLISATION OF ACYCLIC MONOTERPENES	170-200
Abstract	170
Introduction	171
Present work	180
Experimental	186
References	198
CHAPTER IV : CHROMIC ACID OXIDATION OF OXIRANES	201-228
Abstract	201
Introduction	202
Present work	203
Discussion	211
Experimental	219
References	226
ACKNOWLEDGEMENT	229
